2001-13/6  **PRESENTATION AND DISCUSSION**  

2001-13/6a At this point, the Vice-President Operations and Finance gave a presentation on the agreement between Coke, the University of Alberta and the University of Alberta Students’ Union.
History
-The idea of an exclusivity agreement was attractive to the Coca-Cola company because it gave them the opportunity to gain a loyal customer base.
-The University of Alberta began discussions regarding the agreement in December 1996, and it was brought to Students’ Council for the first time in October 1997, to overwhelming approval.
-The agreement returned to Council in January 1998, and the presentation included the following terms: that prices of Coke products would be fixed for a minimum of three years; that Athletics would receive a “face lift”; and that funding would go to bursaries and scholarships.
-In February 1998, the agreement was sent to plebiscite, and was approved.
-In March 1998, Council ratified the agreement, with the provision that the Students’ Union acts as co-signatory and co-administrator.

Guiding Principles
-That funding would not be derived from price increases;
-That monies would be funneled into scholarships and bursaries;
-That prices of Coke products would be frozen for a minimum of three years;
-That the Students’ Union involvement would be ongoing.

Finally, certain aspects of the Coke agreement cannot be publicly disclosed because they would be damaging to Coke’s competitive ability if they were widely accessible.

At this point, the floor was opened to questions from Council.

Taher: Since the three years elapsed, how much longer are students guaranteed a price freeze on Coke products?
Speer: There is no guarantee currently in place. However, off-campus competition should ensure that prices remain low.
Moore: Is the classified information available to anyone in the Students’ Union?

Speer: The Manager of Facilities and Operations; the General Manager; the President; the Vice-President Operations and Finance; and the Manager of Finance and Administration know these details.

Rypien: Can student groups or clubs bring other products on campus?

Speer: These groups are prohibited from selling outside products on campus.

Jones: Can the classified information be disclosed to Council in camera?

Speer: No.

At this point, Jones recited the items falling under Article XVIII of the Constitution, and was informed that this agreement was irrelevant to Article XVIII.

2001-13/6b

At this point, the directors of APIRG gave a presentation.

APIRG is student-funded and student-directed, and community-minded. It is also independent and non-partisan. There are currently 18 other PIRGs in Canada.

Structure
There is an APIRG board that governs its day-to-day operations. This board supports student-working groups on a case-by-case basis. These working groups are student initiatives presented to the board for consideration and funding. Board members are volunteers, who commit themselves to five to ten hours per week.

Some examples of working groups are food buying co-ops, ecological housing groups, ethical investment groups, and anti-racism groups.

Funding
APIRG is funded by the stipulation of the 2001 referendum, which collects $2.50 per term for full-time students and $1.25 per term for part-time students. This provides the organization with stable funding, as well as independence from other institutions on campus. APIRG is not-for-profit, and therefore qualifies as a charity, and is empowered to do its own fundraising. The APIRG is accountable to the SU and to Council for its financial activities. However, legally, APIRG is responsible for its actions, rather than the SU.
At this point, the floor was opened to questions from Council.

**Salyzyn:** CFS web pages list many PIRGs as their “partners”. How, then, can they be independent and non-partisan?

**Lake:** The APIRG is not meant to have any such connections. Student unions and PIRGs have often successfully collaborated. The University of Alberta is a CASA school, so if there were to be any affiliation, it would be with them, not with CFS.

At this point, a discussion ensued regarding the structure of the APIRG board, and how many Council representatives should be mandatory members. **Samuel** argued that because the SU is liable for the actions of APIRG, and because Council is the natural democratic link to the student body, there should be a generous number of councilors on the board. APIRG countered that board election should be open to all students, not only those who sit on Council, and the time commitment required would, in many cases, be prohibitive. Furthermore, APIRG argued, all meetings of the board are open, and activities and deliberations would be transparent.

**Wanke/Jess** moved that discussion be extended no longer than 20 minutes.

**Carried**

**Wanke:** Would non-students be able to sit on the board?

**Lake:** *Ex-officio* members may be non-students. Only students could propose working groups.

The Executive Committee expressed to APIRG that the SU seeks compromise in this matter: that it wishes APIRG to serve its mandated purpose freely, but that the Executive and Students’ Council must be empowered to fulfill the SU’s responsibility in the execution of said purpose.
APIRG returned that what they seek is independence of action, but that they understand that financial guidelines must be articulated.

**Gomez:** Research groups have been limited in the past by governing bodies, and because APIRG operates in the public interest, some of the issues it examines may affect the SU. There are several hypothetical working groups that could create a conflict of interest with the SU.

**Speer:** The mandate of Council is to represent the needs and interests of students, and any issue that Council does not want pursued would be, by definition, against the interests of students.

Any other concerns or questions should be directed to apirg@yahoo.com.

---

**APPROVAL OF THE MINUTES**

**Melnyk/Hillier** moved that the minutes of the SC2001-12 meeting be approved.

**Salyzyn:** There is a ONECard deposit machine in SUB, not a wired vending machine.

**Carried**

2001-13/9 QUESTION PERIOD
\textbf{Agur}: Why were there Late Additions, and why were there no reports available in the agenda package?

\textbf{Salyzyn}: Because of the recent CART conference.

\textbf{Wanke}: was in Oakville.

\textbf{Samuel}: “I suck.”

\textbf{Speer}: Because of the recent Campus Advantage meeting in Mississauga.

\textbf{Zwack}: “Ditto the President.”

\textbf{Agur}: Will there be more timely reports in future?

\textbf{Samuel}: Every effort will be made.

\textbf{Jones}: Has the idea of “nonstop pop” at RATT and the Power Plant been investigated?

\textbf{Speer}: It is not feasible, unfortunately.

\textbf{Jess}: Is it possible to revisit the structure of the APIRG board after one system has been tried?

\textbf{Harris}: Registration requires bylaws, which means that a fixed system must be in place.

\textbf{Samuel}: This issue will be referred to FAB, where hopefully an amenable conclusion can be reached.

\textbf{Zwack}: Is there a hierarchy of PIRGs? Will this one in particular be answering to any other?

\textbf{Harris}: No, all PIRGs are independent of each other.

\textbf{Rypien}: If the Executive and Council are concerned about financial control of APIRG, could APIRG compose a board whose decisions would be ratified by an SU financial board?

It was agreed that this was an excellent idea, and should be discussed further.

\textbf{Taher}: Will there be enough space for the Chaplains after SUB expansion?

\textbf{Samuel}: There will be ample space for their use, although that space will be moved.

Kotovych: How is The Gateway distributed off-campus?
Alexander: It is distributed down Whyte Avenue by a distributor who circulates other publications in the city.

Sharma: Why will the SU not support SWAG?
Samuel: Because successes are gained for students by meeting Administration and government on their own ground.
Sharma: Activism takes many different forms. Does the Executive condone a tuition freeze?
Samuel: Unfortunately, a tuition freeze would be beneficial only with the cooperation of government, which is not, at the moment, forthcoming.

Samuel/Jones moved that Standing Order #30 regarding adjournment be suspended.

Carried

Jones: Raffle tickets from Engineering have been circulated to members and guests of Council. Numbers will be drawn at the end of the meeting.

2001-13/10
