Overview
Below is a visual representation of three surveys that were conducted on the UASU Perks platform at the end of the Fall 2020 semester. For the first survey there were 625 responses. For the second survey there were 657 responses, and for the last survey there were 702 responses.

- The first survey was taken to see which faculty and year the respondents were in.
- The second survey was conducted to see how students currently feel about the COVID safety precautions.
- The third survey was to see why students attend post secondary, more specifically the University of Alberta.

Perks Survey 1

Question 1

![Pie Chart](image.png)
Perks Survey 2

Question 1: How many times per week were you on campus?

- Most students who have responded do not come to campus at all.
Question 2: When you are on campus, do you feel like the COVID-proofing precautions are sufficient?

- Most students are neutral, most likely due to the fact majority are not on campus.
- “A little” and “Very Much So” are have the most responses after neutral.

Question 3: Do you think there are any measures that the University or your UASU can take to help make campus feel safer?
- Most people said they did not have any suggestions.
- Some common suggestions:
  - More sanitizer around SUB
  - Enforce social distancing.
  - Enforce cleaning and sanitizing when leaving the building
  - Enforce wearing masks.
Perks Survey 3
