10. DISCUSSION AND INFORMATION ITEMS

a) Budget Principles 2013-2014

CHEEMA is consulting with the Executive Committee on the Budget Principles and will bring a motion at the next BFC meeting. The deadline for this motion is February 15th.

The committee discussed major sections of the document, with a strong focus on the SU’s business units.

The concept for a relocation/redevelopment of Juicy and Cram Dunk was discussed. This presents an opportunity to reduce costs and improve the business plan. Timelines depend on the renovation.

A member raised a question about the food court lease cycle. Food court tenants are on synchronized five year leases that end this summer. The SU will conduct a request for proposals later this month to select the next batch of tenants this year.

The committee had a detailed discussion about the relative importance of service provision and revenue generation in SU businesses. There was discussion on whether a tradeoff exists between the two, and whether high quality service provision begets high revenue.

Members made various suggestions to improve RATT’s ability to facilitate the campus culture. These included food and drink specials and ideas to develop the bar’s personality. One member suggested that improvements to décor shouldn’t be the first priority.

b) SUB Renovations

CHEEMA noted that he would present to Students’ Council on the SUB renovations this week. The presentation will include information on the upcoming costs. BFC will receive a motion following the presentation.
