4. ANNOUNCEMENTS

5. REVIEW OF ACTION ITEMS

6. OLD BUSINESS  Councillor Mentorship Program

   i.  Appendix 4 updates (see attached excerpt of the current Standing Orders)

   FERGUSON so we can just keep this as a heading, mentor responsibilities to 8. For lack of the better word, what is the goal of this? 
   LUIMES some sort of debrief after?
   LIANG that’s a good idea, so people just can’t get mentorship on their resume.
   LUIMES a lot of it falls under the mentor’s responsibility to make the debrief happen, especially if the mentor is responsible for finding proxies.
   LIANG just to rehash the implementation thing, if we can have that clause in there, what good would it cause? Would we need something more?
   FERGUSON I would make a change to bylaw 100, anyone who disagrees can come talk to us about it. It’s difficult when we have 4 operating policies.

   FERGUSON moves to alter Appendix 4: Councillor Mentorship Program in the following ways:
1. Rename the heading "Advertising" to "Administration".
2. Under it, insert a new point 4. to read: "4. The Council Administration Committee shall be responsible for the implementation of this program."
3. Underneath the new point 4. under the same heading will be point 5. regarding advertising, and remain as written
4. The rest of the Appendix will be renumbered as appropriate.
5. Under point 8., add subpoint (v) to read: "(v) debrief the mentee at a future time to discuss their experience."
Seconded by LUIMES.

Vote on Motion 6/0/1
CARRIED.

   ii.  Creation of apolitical promotional material

   FERGUSON Amanda is comfortable with going over our stuff. She also indicated that marketing this year is pretty busy. We have one more meeting before clubs fair, so if we have a deadline it would have to be at the August 16 meeting.
   CSORBA you mean talking about principles right now?
YAMAGISHI enters 5:27pm

LUIMES directs the committee chair to bring promotional ideas and materials (text) to the next meeting.
Seconded by FERGUSON.

Vote on Motion 7/0/1

BELLINGER enters 5:30 pm

Campus Saint-Jean Hosted Council Meeting

i. Logistical considerations and planning

FERGUSON so I sent some emails, the administration hasn’t gotten back to me yet, October would be best.
LIANG maybe early October because of midterms.
CSORBA called Saint-Jean today, left a message, I basically said September, 22nd or October 14th.
FERGUSON as for getting there we’ll just use our u-pass, I’ll arrange something with Jerry if we should get food there. Any other logistical considerations?
CSORBA the booking costs? I can probably ask about that.
BELLINGER see if the students are actually interested at Saint-Jean?

Tabling at Clubs Fair

FERGUSON Kevin will get back to me on this.

7. NEW BUSINESS Council group on Bears Den

i. Minor question of responsibility re: event posting (wherein the CAC Chair will ask permission from the Committee to post Council Meetings as events on Bears Den)

FERGUSON VP ISKANDAR set up a Bears Den group, a new platform to get students involved in student groups.
CSORBA who has admin power on Bearsden?
FERGUSON myself and ISKANDAR.
LUIMES I think as CAC chair you have some level of trust.

Proxy pool

JOHNSON it’s a very good thing to look into, it’s very tough to get proxies.
LUIMES it’s better to have someone there even if it’s not an actual councilor. I think it is something we should look into, just to help each other out. For all faculties I think it would be nice to have someone to go to. Also another question is how are we going to get this going? We’re already having troubles finding individual proxies, based on my experience. If we can’t find one person to proxy, how are we going to get a pool?

CSORBA I’d rather keep it informal. So I suggest that we don’t include it in Standing Orders.

BELLINGER I disagree. If we have it formal we can keep this continuing over the years.

LIANG I agree with the planning ahead but I also agree with CSORBA. It could be viewed as a legitimate avenue to slack in your councilor duties.

LUIMES I agree with the informal maybe it should be set up on a Facebook page just because the list could change every year or even every semester.

CSORBA there’s also the complexities with the names, you can’t have names in Standing Orders.

FERGUSON personally I disagree with the proxy pool. How do you fill the pool? It would be costly. Second, this may be extreme but it could be corrupt, whoever is in control of this would be dictating it. If anyone wants to take it up go for it, as for Standing Orders I don’t know if it should happen. For example, if we had the Faculty of Partying there would be types of parties I guess the super partiers, casual partiers and formal partiers. You also have different communities and people to approach. You have to have 10 people to sign for your nomination. It’s not fair for me to dictate, but it seems like it’s a measure that shouldn’t be used.

8. DISCUSSION AND INFORMATION ITEMS

LUIMES I think it should be informal, some people already have been doing a good proxy job.

FERGUSON addresses the CAC Committee to decide what to do with the discussion of the proxy pool.

BELLINGER I think it should be new business.

LUIMES I don’t think so.

FERGUSON we only need one person to appoint it to new business to validate it. So new business it is.
