9. DISCUSSION PERIOD:

a) Holiday Card (EASTHAM)

EASTHAM: We had a discussion about a holiday card last year—to send out a holiday card to our counterparts, people we work with, administration. We came up with an abridged list of people we would send a card. GSA etc. The list should still exist, wondering if we are going to do this again.

Last year we took a lot of silly pictures at the staff party, and we sent an internal e-card to all users to thank them for all the work they’ve done in first semester, wishing them a good break.

DUMOUCHEL: We should ask services to forward it to their volunteers and Students’ Council.

EASTHAM: Design did a really great job at designing the e-card last year.

The executive was generally in favour of the idea.

Action: MATHEWSON to direct the Executive Assistant to find the list and assist with this and follow-up with the Marketing Department.

b) Olympic Torch Running (DEHOD)

DEHOD: I got an email regarding a committee being formed. The Olympic torch will be coming. They will want to know how we can get students involved. I have a U-Pass meeting that conflicts with this meeting tomorrow.

MATHEWSON is available and will attend this meeting.

c) CAUS Press Conference (EASTHAM)

EASTHAM: This is for your information. Been working with Kehoe to secure SUBstage for a media conference on December 14, 2009 (1:30 to 2:30 PM) after my meeting with Doug Horner. It isn’t totally ideal because it could be noisy and at the end of exam time.

FENTIMAN: I’m fine with it if Programming and Venues has no serious concerns.

d) Student Distress Center (DEHOD)

DEHOD: We are discussing what the service is going to look like because of TSN’s termination of the training agreement. The goal is to shift from continuing support to first-line crisis intervention assistance.

Currently, there is a first assessment period and an education component. What we want to add to the service is an outreach component. We need to do a complete overhaul on how we do training. The proposed name is the Peer Support Centre.

EASTHAM: Is there a concern that it might confuse people with Peer Health Services?

FENTIMAN: Could be interesting to bring this up with the DoS and USS to see if there are any opportunities for collaboration with this service.
e) Student Counselling Services (DEHOD/FENTIMAN)

DEHOD/FENTIMAN updated the executive on the Student Counselling Services Fee issue. Reiterated that we are concerned with the information and reasoning that has been presented and will be writing a letter outlining our concerns as per Dean Robinson’s request.
