Dear Finance Committee,

The Executive Compensation Review Committee (ECRC) has completed a set of recommendations for Students’ Council on some additions to the compensation package for the University of Alberta Students’ Union (UASU) Executives. This recommendation aims to reduce the financial barrier of becoming an Executive by ensuring fair compensation.

Methodology and Background

The ECRC formed this recommendation by comparing UASU’s compensation to 35 other Canadian student associations (with particular focus on Alberta), identifying gaps in UASU’s compensation package with reference to this data, and identifying other financial burdens that could hinder a student from being able to hold an executive position. Currently, UASU Executives receive only a salary, with no benefits attached. This is unusual relative to the 35 other schools, as 30 of them receive at least some sort of a benefits package. That being said, UASU Executives have some of the highest salaries. The ECRC has chosen not to recommend any changes to the salary component of the compensation package, but to add the following benefits package:

1) Transportation allowance: Each Executive should receive $100/month for transportation-related costs.

There are many occasions on which Executives must travel around Edmonton or beyond to get to different meetings and events. Thus, we recommend an allowance of $100/month for transportation-related costs. This allowance can be put towards reimbursement of the Upass, covering a monthly transit pass during the summer months, or parking or gas if they live outside of the ETS service area.

2) Cell phone allowance: Each Executive should receive $50/month for cell phone related costs.

As part of the job, Executives are often responsible to make phone calls to different locations, including long distance. Although they do have an office phone, they are
often out of the office for meetings or business travel, often resulting in phone calls made on their cells. That, in addition to the extra data necessary to navigate themselves around new cities for business, is an added yet necessary expense for the job. Thus, the $50/month allowance will subsidize or cover a phone plan they choose. This amount was chosen based on comparing average data and call plans in Alberta.

3) Paid Tuition: The UASU should pay for one class for each Executive in each of the Fall and Winter terms.

It is a requirement that each Executive take at least one class in each of the Fall and Winter terms, which makes sense as the role is to represent students as a student. However, this requirement means an added cost for the job. Our recommendation is that the UASU reimburses each Executive for one course in the Fall and one in the Winter term, once proof of completion is provided (unofficial transcript), for both international or domestic Executives. If “incomplete” is achieved but the Exec still had to pay tuition, this will be dealt with on a case by case basis.

Additionally, this requirement often means that student loans go into repayment as Executives are no longer full-time students. We recommend talking to the Provost to create an exception for Executives that would give them full-time status despite only being enrolled in one class, to avoid the financial burden of having to repay their loans before completing their degree. MacEwan University and the University of Calgary both have similar arrangements.

4) Health and Dental: The Studentcare Health and Dental Plan will be covered by the Students’ Union for each Executive

As with most full-time positions, health and dental insurance should be provided in order to care for the overall wellbeing of employees. Because the UASU runs the Studentcare plan, we recommend Executives be advocates of student coverage by being with this company. Thus, health and dental coverage should be provided, but specifically the Studentcare plan, not other providers.

5) Childcare allowance: Childcare support should be made available on an as-needed basis.

The ECRC feels this is an important way to decrease the financial barrier of running for an Executive position. However, we do not feel that there should be a general allowance for all Executives since the necessity is so rare. Thus, we recommend
creating a specialized fund for childcare in the event that there is an Executive who needs childcare to be subsidized in order to perform adequately.

Implementation & Closing

Our preference is for all of these recommendations to be implemented in whatever way Management sees as most efficient and transparent. A report to Students’ Council detailing the implementation processes should be presented once recommendations are implemented. We look forward to seeing their implementation and the ultimate reduction of the financial barriers that inhibit some individuals from running for Executive positions.

Sincerely,

The ECRC:
Emma Ripka, VP Operations & Finance (Chair, non-voting)
Amlan Bose, Councillor
Stephen Raitz, Councillor
Samantha Tse, Councillor
Tahra Haddouche, Councillor
Michael Mytrunec, Student at Large
Marc Dumouchel, General Manager (non-voting)
