ANGUS states that, amongst summer courses and responses, what stands out is academic achievements and what they are going to be. He also pointed out that they went to the office of the registrar and looked into the financial aid link but were not able to find anything. Now, they are trying to obtain an official response and will get the committee

RAHMAN asked if BEN ANGUS can post that in the website

WANG questioned the primary motivation behind it. He also asked if it is open to non-U of A students.

ANGUS responded by stating that the goal is to have it for all universities, but right now it is only open to U of A students.

WANG said that the body that Dylan works with is for Canada wide students.

ANGUS responded by stating that he will see what it is and then pass on a
message.

WANG inquired about when they should hope to get done?

ANGUS indicated that it will be in August, when the next meeting will come. He also pointed out that there are 34 people right now.

BURTON questioned if there are any non-U of A students.

ANGUS responded by stating that one student is from NAIT and another one is from the Capilano University.

BURTON started discussing about second principles by stating that Vice President Rahman has put forth some second principles.

RAHMAN responded by stating that accounting for students' academic schedule, changes were not major, and followed from first principles.

BURTON asked if there are any questions from the committee members. He then said that first and last were changed but were not approved. He indicated that they can put this into vote, and asked the committee if anyone is opposed to passing second principles.
