University of Alberta Students’ Union

POLICY COMMITTEE

Monday, August 14, 2017
6:30 PM
SUB 6-06

We would like to acknowledge that our University and our Students’ Union are located on Treaty 6 Territory. We are grateful to be on Dene, Cree, Saulteaux, Métis, Blackfoot, and Nakota Sioux territory; specifically the ancestral space of the Papaschase Cree. These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students’ Union we honour the nation-to-nation treaty relationship. We aspire for our learning, research, teaching, and governance to acknowledge continuing colonial violence and respect Indigenous knowledges and traditions.

2017-06/2 QUESTION/DISCUSSION PERIOD

2017-06/2a Engagement Framework Policy Proposal from Councillor Howell

HOWELL
Asked if an improvement of engagement policy and the framework can brought about along the lines of the City of Edmonton engagement policy; Mentioned that the City has 4 by 5 process and has set examples of different things, which include how they engage and that, she thinks, is important and brought it up;

BROPHY
Said that how engagement is about how to be more comfortable to do the work

SCOTT
Mentioned that he is not sure about the City of Edmonton, but the current structure of political policy is about discover governance

HOWELL
Said that it is about how the university does engagement; but it is about having a binding policy and a guideline;

HOWIE
Said that anything binding is like a law that someone has to do; the way they structure their procedure is like having goals, which will help understand not only what but why something is done; and that's akin to having likes based on goals and SU values;

SCOTT
Said that for any GFC items that come forward it is binding, and it could determine the strategic plans of SU and about who it would impact if the consultation is done; and it is more like consultation for international students, and then they can ask if did impact and expect and a yes or no answer;

HOWIE
Said that they can probably track it and then make it an information item

BROPHY
Mentioned that the more binding something is, the clearer it is; and not every step has to be relevant in a multi-step process like that, and there might be a loosely binding requirement and then have in-depth guide to make it work;

HOWIE
Said that she sees if you are like bringing a motion forward, and it is like empowering every single councillor, and like most things for most people; she likes initiatives, and is in favor of having more tools for councillors to be engaged because that way more consultations can be done;

HOWELL
Said that she sees that kind of system put by DG, and she feels that if it is not mandated it will not be done because no one would consult if they don’t have to;

HOWIE
Said that she wonders if it is for every issue or only for some, because ideally there is someone in her faculty who will be touched by her issues

SCOTT
Said that in case of bylaw change, they can take ownership for those particular ones, but there won't be responsibility for every single councillor;

HOWIE
Argued that every councillor is voting on that issue and every single person in that room is for a larger group of issues; and at the end of the day they don't make the decision but the council makes the decision; therefore she is for consultation of the masses;

SCOTT
Said that he for consultations for both, one path is outside the scope of the faculty, and the other path will be gathering of information on certain issues;

HOWIE
Acknowledged that lack of information has been the issue;
Said that she has posted it on Facebook page and already got response from 650 people; it is really tough as there is a limit as to what we can they do as individuals and she is only generalizing; and therefore she thinks it is councillor driven;

SUNDAY
Mentioned that he likes the bulletin board idea;

HOWIE
Said that it is very different from faculty to faculty; it revises, recreates and decides; and she doesn’t know what questions to ask; and is for making it requirement for every councillor;

CHOI
Mentioned that it is impossible to make it mandatory because it varies so much from councillor to councillor and from faculty to faculty;

JACK
Mentioned that today students deal with a lot of information, and it is not easy to differentiate between important to unimportant information;

SCOTT
Said that she thinks it should be a multi-pronged approach; part of it should be cultural shift; their policies are broad and are principles based; and that they need a guide like City of Edmonton, templates and frameworks;
Questioned if they are actually not doing consultations then what are the accountabilities:

HOWELL
Said that she agrees that it is a gradual process; and if they sign for mandatory policies, there can be a lot of backlash; and so they can sign up people who they don't represent;

HOWIE
Said that they can make commitments to each other, and also to constituents; it is there and doable as a process and, as starting point, political policy seems to be a great starting place;

(Councillors Scott, Brophy and Choi agree to work on it)

HOWIE
Added that if they create a fact document, for which they can get help from SU, then all of can contribute and work on it;

SUNDAY
Mentioned that there is statement that doesn't says anything about Students’ Council;

HOWIE
Sai that as councillors they can’t break political policy; she will talk with DG, and if also anything, including any word, has to be changed, then it will be changed;

JACK
Asked if he wants certain courses, then does it have to be through policy committee;

HOWIE
Replied that it has to be a presentation to Students’ Council.

HOWIE
Said that she talk to Rebecca and to Chair of Bylaw Committee; Bylaw is doing review this year and she is the person doing it; if it has to be changed, she will change it; it doesn't have be to be bylaw but it should be general document that students can see and easily understand; and she will have more information in the next meeting;

2017-06/3

COMMITTEE BUSINESS

2017-06/3a

Student Financial Assistance Policy Renewal - First Principles

HOWIE
Said that changes in the policy were editorial as well as additions; they have to do it the right way; she has checked with VP Larsen; it will be an agenda item, and if they will all agree then they will be brought back; she made changes but hasn't made them easily detectable; and the language is now a bit stronger to reflect the actual resolutions;
Mentioned that in 2b and c, VP Larsen said that it is actually what they are doing;

SUNDAY
Asked if the first fact have to be changed; and said that if education is not for the public good; it can be, but not always;

HOWIE
Replied that education must be viewed as a public good;

PIASECKI
Questioned if it can about public service;

HOWIE
Said that it was VP Larsen's input; and she doesn't know how high-level advocacy works but VP Larsen does;

SUNDAY
Said that they can see through it as public good like in East Germany;

SCOTT
Expressed agreement with Councillor Sunday;

HOWIE
Said that she would agree as well but can't do anything now;

Motion:
SCOTT/SUNDAY move to table the Agenda Item 3a in the next meeting
7/0/0, CARRIED

2017-06/3b
Deferred Maintenance Policy Renewal

HOWIE
Said that they will talk about Student Financials in the next meeting;

SCOTT
Questioned if they as a committee look at it;

HOWIE
Said that she is just adding comments, and likely have it ready before Thursday, prior to the next meeting;

SCOTT
Mentioned that Robyn has been looking at student finance and been advocating for it; there are some language changes under Resolution 1.1; there is a change and they added one point for Deferred Financial Liability; and there is no long term plans for deferred maintenance;
Added that faculties of dentistry and pharmacy are building a bus loop, and province gave university some funding to fix buildings, on a project specific project funding; however, if things like water pumps are not working then they are deferred maintenance problems; all of the things cannot be fixed in a one-time funding but require long-term funding;

HOWIE
Said that it is something that they all are advocating to the province;

SCOTT
Said that they did not specifically talk about inflation, and that will be incorporated into the long term funding model;

HOWIE
Said that all their polices are CPI and API and so no there is no need to talk about inflation

*Motion:*
SCOTT/BROPHY move to present facts of Deferred Maintenance Policy Renewal to council
7/0/0, CARRIED

HOWIE
Said that they can't have a meeting on Fall Reading Week and so it has to be the Thursday before that week; and they can do Straw Poll for either September 11th or 25th;
Meeting date was agreed upon as September 11th, time at 5 pm, and location of meetings is SUB 6-06 as always;

*Motion:*
HOWIE/CHOI move to have the next meeting on August 14th
7/0/0, CARRIED
