**2018-05/2 QUESTION/DISCUSSION PERIOD**

**2018-05/2a Equity, Diversity, and Inclusivity Policy**

BOURGEIOS: Established that the University of McGill is assisting in drafting the Policy. Noted that the Policy will take longer than anticipated to finalise. Identified August 13 as the deadline for a draft Policy with consultation extending into Fall. Noted that finalisation is subject to the results of the consultation.

MOGALE: Noted that there is a plan to create a subcommittee especially for developing the Policy.

BOURGEIOS: Considered that a subcommittee will allow the Policy to receive the attention it requires. Noted that the collaboration between staff and councillors will be beneficial.

LARSEN: Identified that the subcommittee will likely emerge as an ad-hoc committee. Noted that consultations in Fall will enjoy the presence of stakeholders on Campus.

BOURGEIOS: Noted that the McGill Policy is very broad and encompassing. Supported their use of definitions. Noted that the Universities of Dalhousie and Toronto also act as resources for the Policy.

LARSEN: Likened the McGill Policy to an authoritative government report (white paper).

BROWN: Noted that the Policy is relatively large when compared with existing
political policies. Considered that an ad-hoc committee will provide sufficient support.

BOURGOIS: Determined to inquire with McGill on issues relating to the scope of their consultation, their involvement of and experience with university administration, the manner in which they authored the report, their experience with a definitions, facts, and resolutions structure, their willingness to share elements of their policy, and their willingness to review a draft of the Policy.

BILAK: Inquired into the existence of a University of Alberta EDI Policy.

BHATNAGAR: Responded that the University is developing an EDI policy at present.

LARSEN: Noted that, by comparison, McGill developed their EDI policy in three years. Expressed a willingness to review the state of diversity on Council itself.

MOGALE: Considered that, at least in this term, there is an increased diversity in Council. Noted that there may be change in future terms.

LARSEN: Supported increased diversity on Council.

2018-05/2b  Truth and Reconciliation Policy (Reconciliation Policy)

PALMER: Established that Sunday and ARRC rejected the Policy and suggested a comprehensive redraft, including renaming the Policy. Determined to set-up a joint Policy and ARRC meeting. Noted that Sunday provided literature on statistics specific to Aboriginal students and the Truth and Reconciliation Commission of Canada: Calls to Action. Expressed concern over deviating from established University and Students’ Council language for land recognition.

BOURGOIS: Noted that the Policy need not necessarily avoid uncomfortable language.

MOGALE: Suggested Policy permit ARRC to draft the language for the land acknowledgement.

BOURGOIS: Inquired into whether community consultation occurred for the Students’ Union reconciliation statement, which occurs at the top of the agenda paper.

LARSEN: Responded that they did complete a consultation.

BOURGOIS: Supported utilising the existing reconciliation statement.

LARSEN: Expressed concern over redeveloping the whole of the Policy.
MOGALE: Noted that the Policy was rejected in large part due to the rushed appearance of its language and construction.

LARSEN: Confirmed that the Policy’s underlying ideas and values, as in the Calls to Action, are not being considered for redevelopment.

PALMER: Identified that the Policy remains to address issues such as intergenerational trauma, Aboriginal admissions pathways, funding opportunities, and employment.

BHNATNAGAR: Advised tabling discussion until the joint Policy and ARRC meeting.

BILAK: Inquired into whether members have general concerns at present.

BHNATNAGAR: Identified that the Policy must receive correction to reflect the fact that political policies no longer use framing language of “Whereas” and “Be it Resolved”.

LARSEN: Noted that the term “shall” can be used.

2018-05/3  COMMITTEE BUSINESS

2018-05/3a  BROWN/BHNATNAGAR MOVED to approve the First Principles of the Non-Partisan Political Policy.

See PC-2018-05.03.

PALMER: Inquired into whether there are concerns about the ordering of provisions.

LARSEN: Noted that there are a number of sources that still require determination. Noted they the Department of Research can provide Palmer assistance in locating sources. Determined to follow-up with a draft by next meeting. Determined to compare the Policy with similar Council of Alberta University Students policy.
BOURGEOIS: Advised that Research also strengthen the Policy’s phrasing and language to a standard compatible with other political politics.

LEY: Identified that Fact 10 includes the characters “xx” as a placeholder for information that is not yet added.

PALMER: Noted that there is a comment attached to the Fact on the Google document but Ley cannot access it on mobile.

MOGALE: Identified that suggestions from meetings prior, including the plan to remove the term “grandfathering” in Resolution 9(a)(b), have not been incorporated.

1 Facts

1) Students deserve equitable treatment regardless of their cultural background, gender identity, and/or biological sex.

   Comment 1: Race? Other forms of marginalization?
   Response: Substitute above identities with: Gender identity, gender expression, ethnic or national origin, race, religion, sexuality, sexual orientation, ability, language, size, or social class, age, and gender.

   Comment 2: Discussion on terminology around race.
   Committee Suggestion:

2) The University of Alberta is home to a diverse group of students and staff

   Comment: word smith to complete sentence.
   Committee Suggestion:

3) Not all students identify their gender to be within the male-female binary.

4) It is not always necessary for administrations to require students to disclose their gender and/or biological sex outside of medical reasons.

   Comment: idk if this is a fact per se, it is but there is also the reality that this happens all the time
   Committee Input:

5) Students who do not identify within the male-female gender binary are denied access to gendered spaces on campus.

   Comment: Is this still true? Is this still necessary? Does this pertain to washrooms, fraternities, sports teams, or change rooms?
   Committee Suggestion:

6) Transgender students may feel misgendered or unsafe in gendered spaces on campus.

   Comment: Change transgender to non-binary?
Committee Suggestion:

7) Black, Indigenous, People of Color (BIPOC) communities, non-binary students, sexual minorities, students with disability, women, and international students do feel unsafe or unwelcome in spaces on campus.

Committee Input:

8) Existing alternatives to gendered spaces on campus do not have appropriate signage to address their inclusivity.

9) Students face barriers to obtaining non-binary living conditions in housing and residence.

10) International students and students from ethnic minorities face barriers to obtaining housing and residence accommodations.

11) Students may experience compounding barriers and difficulties when...

   Gender identity, gender expression, ethnic or national origin, race, religion, sexuality, sexual orientation, ability, language, size, or social class, age, and gender, do not exist separately from each other but are complexly interwoven. Students may have a different lived experience depending on variations in the aforementioned categories.

12) Oppression is the exercising of power over a marginalized group by a dominant group. Oppression is a systemic phenomenon that can manifest in individual or institutional actions.

   a) Relations of domination and exploitation resulting from historically and culturally constructed ideas of superiority and inferiority. These relations of power result in individuals or groups being systemically subjected to political, economic, cultural, or social injustices.

13) Historical and ongoing processes of oppression disadvantage and harm certain groups of people.

   Comment: Revise ‘certain groups of people’ to be more specific

   Committee Suggestion:

14) Privilege is the unearned advantages extended to a dominant group in the form of cultural, economic, political, social, and institutional rights - at the expense of marginalized groups. These advantages are actively reproduced through the normalization of the dominant group.

   a) An unearned advantage or immunity knowingly or unknowingly held by a group of persons to the disadvantage of others and maintained by systems of oppression.
15) Discrimination and harassment may take the form of:

- Barriers that prevent the members of the Union living with disabilities from participating in student union programming and activities;
- Remarks, including jokes or innuendos, that are based on racist, sexist, ableist, homophobic, or transphobic sentiments;
- Promotional materials, events, or performances that use stereotypes based on any and all grounds protected under the Nova Scotia Human Rights Act;
- Offensive comments and/or actions which demean, humiliate or threaten an individual or group;
- Printed or digital material, displays, and graffiti which demean, humiliate or threaten an individual or group; and
- Sexual harassment, including remarks, jokes or innuendoes about a person’s body, attire, age, marital status, gender, sexuality, sexual orientation, perceived sexual orientation or perceived gender identity.

16) Equity: the recognition and respect of equality of opportunity. Equitable treatment involves acknowledging and respecting diversity and actively addressing the barriers that prevent equal inclusion, opportunity, and recognition due to ongoing and historical oppressions and power dynamics.

17) Diversity: the existence of differences among individuals and groups based on, but not limited to gender identity, gender expression, age, race, ethnic or national origin, religion, sexuality, sexual orientation, ability, language, size, or social class.

18) Marginalization: the exclusion and relegation of certain individuals and groups to positions of lesser value, power, and access to opportunity within society.

19) Disadvantage: a circumstance or situation that puts an individual or group in an inferior or less favourable position compared to others, resulting in compromised access to resources or opportunities.

20) Discrimination: the differential treatment of an individual or group, typically to their disadvantage, on the basis of their perceived status or characteristics.

21) Harassment: any behaviour, act, comment, or display that demeans, and or causes personal, psychological, or social harm to an individual or group, including acts of intimidation or threat.
Intersectionality: the recognition that individuals may experience interconnected systems of oppression differently, in varying configurations and degrees of intensity, due to their membership in multiple identity groups.

Goals:
- Submit to council by early August
- Several Focus Groups

Suggestion: Before this policy goes too far down, can we do a workshop-consultation where we identify the experiences of marginalized students and include them in the FACTS? I am sure there are experiences unique to the UofA that we have not included. I am also sure that we have not been as exhaustive as we could potentially be with the FACTS.

In that same workshop-consultation, we can also get ideas of how we can go about addressing these for a more equitable and inclusive campus, and include these suggestions in the RESOLUTIONS section.

Let’s identify stakeholders, and brainstorm dates and what this event would look like.
