MINUTES (PC-2018-18)

2018-18/1 INTRODUCTION

2018-18/1a Call to Order
RAITZ: Called the meeting to order at 5:10pm

2018-18/1b Approval of Agenda
BILAK/MOGALE MOVED to approve the agenda
6/0/0 - CARRIED
2018-18/1c  Approval of Minutes
BHTNAGAR/BILAK MOVED to approve the minutes of PC-2018-18-M.
5/0/1 - CARRIED

2018-18/1d  Chair’s Business

BILAK: Inquired into whether the Committee can begin to author new policies.

RAITZ: Responded that the Committee must first complete the review of all policies requiring renewal. Considered creating an Active Transportation Policy in future.

2018-18/2  QUESTION/DISCUSSION PERIOD

2018-18/2a  Health and Wellness

LEY: Expressed concern that the Health and Wellness Policy expired a year ago without renewal. Expressed concern at the Policy lacks important aspects relating to student wellness, mental health and advocacy. Proposed that the Policy specifically address access to therapy.

RAITZ: Suggested that the Committee of last term renewed the Policy on February 27 but that the website fails to reflect this.

BOURGEOIS: Identified that the incoming Vice-President Student Life, Jared Larsen, has already flagged this Policy for review.

BILAK: Clarified that the Committee of last term rendered minor changes to the Policy while renewing it.

LEY: Expressed concern at the Students’ Union website constantly being outdated.

RAITZ: Determined to mention this issue in his transitional report.

2018-18/3  COMMITTEE BUSINESS

2018-18/3a  BHTNAGAR/LEY MOVED to approve the First Reading of the Assessment and Grading Policy

BHTNAGAR: Established that she updated the Policy but work remains to be completed. Determined to flag the Policy for further review by the incoming Vice-President Academic. Noted that she consulted some vice-provosts. Expressed concern that the Policy’s Resolutions are not phrased in the standard form.

LEY: Inquired into whether Bhatnagar’s additional proposed changes, not now reflected in the Policy, would be in the spirit of the Policy passed today.
BHNAGAR: Responded in the affirmative.

RAITZ: Noted that the Committee need not have an especially broad and lengthy engagement process in relation to this Policy.

6/0/0 - CARRIED

**2018-18/3a MOGALE MOVED** to approve the First Reading of the Equity, Diversity, and Inclusivity Policy.

MOGALE: Requested that the Committee provide commentary on the Resolutions of the finalised Policy.

LEY: Inquired into if Resolution 20 relates to ensuring that students and students with learning disabilities have sufficient time to complete examinations.

MOGALE: Responded in the affirmative.

LEY: Inquired into whether Resolution 20 proposes that students with learning disabilities should not need to undergo a special registration process in order to receive examination accommodations.

MOGALE: Responded in the affirmative.

BOURGOIS: Clarified that there is a movement to pursue principles of universal design in examinations. Noted that students expressed concern at the difficulty of attaining exam accommodations approval. Identified that the solution from the Student Success Center is to make all exams accommodating to all students. Outlined that this movement intends to support students with disabilities but also students who may, for example, experience a traumatic breakup directly prior to an examination.

LEY: Noted that some professors design their exams to be time-sensitive. Emphasised that there needs to be a strong justification for this very large change. Expressed concern that giving standard students without learning disabilities double the time on their exams gives them an advantage compared to students with learning disabilities.

RAITZ: Noted that increasing the amount of time in which a student is allowed to complete an examination does not generally result in an increase in the students’ examination mark.

BILAK: Identified that, in his campaign, students felt that students who want extra time on their exams should receive it.

RAITZ: Expressed concern that Resolutions 25 and 7, both of which relate to fraternities and sororities, are highly similar.
**RAITZ MOVED** to remove Resolution 25.
Friendly - CARRIED

RAITZ: Considered that Resolution 22, related to the posting of lecture material online, could be expanded.

BOURGEIOIS: Identified that this Resolution arises out of concerns raised by students who cannot attend class. Noted that, in particular, Muslim students in prayer cannot attend class.

MOGALE: Noted that the Resolution can outline that the provision is designed to accommodate for religious, cultural, or social commitments.

BOURGEIOIS: Proposed adding a fact recognising that some students may not be able to attend class due to personal, religious, or familial commitments.

RAITZ: Proposed that Resolution 11 refer generally to persons underrepresented in student governance in order to remain relevant despite any changes in which groups are not represented in student governance. Noted that there can be an ongoing assessment of which groups are not present.

LEY: Expressed concern at mandating the Students’ Union to create a new leadership programme.

BOURGEIOIS: Supported Raitz.

**RAITZ MOVED** that Resolution 11 read “The Students’ Union shall continue to advocate for sustained support and funding of programs that promote the involvement of members of the communities who are underrepresented in student governance as indicated by ongoing research focused on equity, diversity, and inclusivity”
Friendly - CARRIED

BOURGEIOIS: Determined to review the TRC Policy at the next meeting of ARRC.

Emphasised that there remain two meetings within which to pass the Assessment and Grading, Enquiry, Diversity, and Inclusivity, and Reconciliation Policies. RAITZ: Requested that the first-reading-ready Policy be presented at the next meeting of the Committee.

2018-18/3 COMMITTEE BUSINESS

2018-18/3a LEY/BROWN MOVED to approve Second Reading of the Food Policy.
RAITZ: Noted that the Second Reading focused on peppering in some details and facts.

LEY: Established that he added three citations related to the Facts which provide informational and reference material. Expressed concern that 20% of those facing foods insecurity have gone into debt, deferred paying bills, or sold personal items to pay for food. Noted that he used sound, scientific studies and evidence in the citations. Identified Fact 8 as a substantial change to recognise that the University has a plan to address the variety, price, nutrition content, and cultural linkage of its Campus vendors. Confirmed that no change occurred within the Resolutions. Accepted two grammatical corrections from Brown and Raitz.

MOGALE: Inquired into the definition of ‘food outlet’.

1) The following words are defined to help inform the policy:

A. Equity: the recognition and respect of equality of opportunity. Equitable treatment involves acknowledging and respecting diversity and actively addressing the barriers that prevent equal inclusion, opportunity, and recognition due to ongoing and historical oppressions and power dynamics.

B. Diversity: the existence of differences among individuals and groups based on, but not limited to, gender identity, gender expression, age, race, ethnic or national origin, religion, sexuality, sexual orientation, ability, language, size, marital status, or social class.

C. Marginalization: the exclusion and relegation of certain individuals and groups to positions of lesser value, power, and access to opportunity within society.

D. Disadvantage: a circumstance or situation that puts an individual or group in an inferior or less favourable position compared to others, resulting in compromised access to resources or opportunities.

E. Discrimination: the differential treatment of an individual or group, typically to their disadvantage, on the basis of their perceived status or characteristics.

F. Harassment: any behaviour, act, comment, or display that demeans, and or causes personal, psychological, or social harm to an individual or group, including acts of intimidation or threat.

G. Oppression: the exercising of power over a marginalized group by a dominant group through domination and exploitation resulting from historically and culturally constructed ideas of superiority and inferiority. Oppression is a systemic phenomenon that can manifest in individual or
institutional actions, whereby marginalized groups are subjected to political, economic, cultural, or social injustices.

H. Privilege: the unearned advantages extended to a dominant group. These may include cultural, economic, political, social, and institutional rights maintained by systems of oppression--at the expense of marginalized groups. These advantages are actively reproduced through the normalization of the dominant group.

I. Intersectionality: the recognition that individuals may experience interconnected systems of oppression differently, in varying configurations and degrees of intensity, due to their membership in multiple identity groups.

9) Students face barriers to obtaining non-binary living conditions in housing and residence.
10) International students and students from ethnic minorities face barriers to obtaining housing and residence accommodations.

11) Discrimination and harassment may take the form of:
   A. Barriers that prevent students living with disabilities from participating in programs and activities;
   B. Remarks, including jokes or innuendos, that are based on racist, sexist, ableist, homophobic, or transphobic sentiments;
   C. Promotional materials, events, or performances that use stereotypes based on any and all grounds protected under the Alberta Human Rights Act;
   D. Offensive comments and/or actions that demean, humiliate or threaten an individual or group;

   F. Sexual harassment, including remarks, jokes or innuendoes about a person’s body, attire, age, marital status, gender, sexuality, sexual orientation, perceived sexual orientation or perceived gender identity.

12) Historical and ongoing processes of oppression disadvantage and harm historically marginalized groups of people.

13) According to the Student Success Centre, more students are presenting with a disability than ever before.

14) It is increasingly common for students to present with multiple disabilities.

15) The most common disability a student presents with is a psychiatric condition including, but not limited to, diagnosed mental illness and Autism Spectrum Disorder.

16) There is more accessibility funding available per-student in K-12 than in post-secondary.

17) Currently, students need to take a minimum one dollar student loan to be eligible for accessibility funding.
