6:00PM
Zoom

We would like to respectfully acknowledge that our University and our Students’ Union are located on Treaty 6 Territory. We are grateful to be on Cree, Dene, Saulteaux, Métis, Blackfoot, and Nakota Sioux territory; specifically the ancestral space of the Papaschase Cree. These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students’ Union we honour the nation-to-nation treaty relationship. We aspire for our learning, research, teaching, and governance to acknowledge and work towards the decolonization of Indigenous knowledges and traditions.

Re: President 2020/21 Report #11

Dear Council,

My role as President is incredibly challenging in these times. There seems to be always something to do, and with the large issues we are dealing with, this time in history poses a major junction in the future of post secondary education in Alberta, and specifically the function and wellbeing of the University of Alberta, and the student experience. The System Wide - Alberta 2030 Review, University of Alberta for Tomorrow, Academic Restructuring of once in a century scale, Administrative Restructuring with millions of dollars of savings, historic budget cuts, and dealing with COVID-19 with hundreds of new problems to find solutions to.

It is certainly not easy being in this position nor is it easy being in any student leadership position at this time. I want to take this time to say thank you to everyone who is serving their constituents in such incredible ways whether you are an Executive, a Students’ Union Councillor, a Faculty Association Executive, Leader within a student group, Residence Association, or any other work you’re doing - thank you. Largely students may never see the work that you do behind the scenes, but know that it is for a larger cause, a purpose beyond what you may understand right now. Students need you, and I appreciate what you do.

My office hours are by appointment, and I am happy to meet in person safely on campus if you are comfortable. Email me at president@uasu.ca and I would love to buy you a coffee from Daily Grind!

Yours Sincerely,

Joel Agarwal  
University of Alberta Students’ Union President
Dear Council,

It’s been a busy time since we’ve last met! Below you’ll find a snapshot of what I’ve been up too, but I’m also trying something new! I’ll be going in depth on a specific project I’ve been working on. If you like this format better or not, let me know so I can make sure my reports are as useful for you as possible!

**Snapshot**

**Introduction to new GFC Secretary:** I met with Kate Peters the new GFC Secretary for an introductory meeting. This was a lot of fun and we had a great conversation about how to better orient new student representatives to GFC in a timely manner.

**Cosa:** I presented at COSA with VP Kidd and President Agarwal. Check out the deep dive section for more information!

**Microcredential Chat:** Had a great conversation with Dayna from the LEAD centre about adding Microcredentials to ASLS and SLW for this year

**URI Advisory Committee:** I had the orientation meeting for the URI advisory committee. This was a fun one! I look forward to supporting undergraduate research through this wonderful initiative

**GFC Executive:** The first GFC Executive meeting of the semester was held in preparation for GFC this month. It was President Flanagan’s first GFC Exec while in the role of president and I am looking forward to working with him more over the year!

**Meeting with the Digital Resource Librarian:** I had my regular monthly meeting with Michelle Brailey, the UofA Digital Resource Librarian. These are always fantastic meetings. Keep an eye out for her Lunch and Learn talk for the Be Booksmart Fair!

**Meeting with the Registrar’s Office:** The UASU Exec met with the RO and discussed their new draft report on student financial aid, Scheduling exams in an online setting in ways that are fair to students, and how to improve online infrastructure at the University.

**CLEAHTFotIotCopSLA (CLE-AT-FOT-IOT-COP-SLAW):** The CLE Ad Hoc Taskforce for the Implementation of the Code of Practice for Student Learning Analytics met for the second time. This is a very interesting committee that has the opportunity to make very positive changes in how the university supports students
GFC Programs Committee: The GFC Programs Committee met for the first time! Of note on the agenda was a discussion about the Duolingo English Test (DET) and the direct entity into the BCom program at the Alberta School of Business.

Be Book Smart Fair: The three lunch and learn sessions for the Be Book Smart Fair are planned and ready to go! They will cover the topics of, “Open Education Advocacy in Alberta and internationally,” “How to talk to your professor about Open Education,” and “what services are available on campus already to help you access educational materials!” I’m VERY excited for these!

Project Deep Dive: Protections and recourse for students on Work Integrated Learning and Experiential Learning Terms.
Over the past few months I’ve been working closely with VP Kidd on an ongoing project in order to better protect students on WIL and Experiential learning projects / terms. To date we have done the preliminary research on current policies at the UofA, did an environmental analysis looking at policies from other U15 institutions, and had a policy paper drafted to take though early consultation on various GFC committees. We most recently presented this paper at the Council on Student Affairs, and received very positive feedback from students, academic staff, and central administrators (including members at the Vice-Provost Level). Currently the presentation is on the agendas for the Program Support Team (an administrative committee made of Associate Deans across the University,) The Committee on the Learning Environment, and the new Joint Advisory Committee on Sexual Violence. After this round of early consultation we will then work to draft functional policy changes and bring them to GFC for implementation. This is a very important project for your UASU Executive, as currently there is a very clear gap in UAPPOL policy which every year is leaving students who experience discrimination, harassment, or sexual violence on Work Integrated Learning or Experiential Learning opportunities with no help, protections, or recourse. This is unacceptable and needs to be changed, and I will not halt this effort until it does.

Remember, never hesitate to reach out to me if you have any questions, comments, or concerns.

David Draper

University of Alberta Students’ Union Vice President Academic
Hello council!

I hope your first weeks of classes have been going well and you are adjusting to online classes.

**WOW Events: Angela Davis and Concert Series**
Both of our virtual events were last week and they went really well! Obviously Week of Welcome events are looking different this year. These events are really important for engaging the student body and creating a virtual campus community. We will be looking at how we can continue this effort throughout the year. We will be hosting another speakers’ series event in January.

**Trivia Night, Movie Nights and Comedy Night**
Our trivia nights and movie nights are back this year. Our trivia nights will be held virtually and in person at Deweys. September 22’s theme is Bob’s Burgers and September 29’s is Seth Rogan. Movie Nights are in person and are still free but need to be booked ahead of time using eventbright. We will also be hosting an in person comedy night on Thursday September 24th at 6:00pm. The performers are: Alex Fortin, Katie Westman, Dale Ward, Ryan Short, Cian Beatty and headliner Sterling Scott. For covid purposes, we will only have 100 tickets available. Book tickets online at eventbrite for $11.30. Make sure to follow UASUEvents on Facebook and Instagram for more information on all the events.

**COSA**
VP Draper, President Agarwal and I all attended the last Council on Student Affairs, the GFC committee, meeting. VP Draper presented about the changes to the Experiential Learning Policy that we are pushing for. Specifically, for more protections for students experiencing incidents of sexual violence. We will be doing more consultation at other committees in the coming weeks. We received a primarily positive response and I am eager to make change.

**EDI Update**

Katie Kidd, Vice President Student Life
2-900 SUB | 780 492 4241 | vp.studentlife@su.ualberta.ca
Last Thursday I attended the EDI Scoping Group Committee. This is a committee that meets to discuss the University’s EDI efforts. A lot of the conversation was about EDI during covid and how the University can help the burdens of covid not to fall just on minority populations. It was an interesting time to hear from various members of the University about their concerns. I do hope that the leaders will seriously consider some of the concerns brought forwards. EDIT will be meeting in two weeks, I have created a proposed timeline for the fall semester and a proposed consultation pathways. Campus Policing Policy created guidelines for our survey, our research department will be creating the questions before going back to the committee for approval. Applications are open to sit on The Landing's board. Applications can be found on their instagram and close October 13th. Note that one council member sits on the board (I will bring this to council after the byelection).

Residence
I have had quite a few meetings with Residence over the past few days. We have been working on how to incentivize good covid behaviour. While forming resident relationships is important, it is vital that residents are still following good covid behaviour to prevent outbreaks. CORA will be meeting next week where we will begin to discuss the residence improvement funds and professional development sessions.

Meetings with Greek Life
Over the past few days, I have had quite a few meetings with various current and former members of the greek community. I can’t talk about some of the initiatives yet, but we are taking these situations seriously and are working to address them.

HWS Leadership Meeting
VP Krahn and I attended a meeting of the Dean of Students’ Health and Wellness Services Leadership. We were there along with Robyn Patches from Studentcare and Dr. Elizabeth Cawley, the director of national mental health strategy from Studentcare. We were discussing how to properly pair EmpowerMe with the current mental health supports available on campus. This will help stop students falling between the cracks and not getting the help they need. We will be meeting a few more times throughout the year to continue this communication. I am also hoping to arrange a presentation to council about this program, however, this is still preliminary.

Book Club with Myself Update:
Okay so I am getting better again. I read “Beach Read” by Emily Henry. It was only cheesy some of the time and I overall liked it a lot! 3/5 I do have quite a few books on loan from the library so we will see what I make it through for the next meeting.
Feel free to message me if you want to meet up to discuss anything! I always appreciate getting the opportunity to meet with you all. I’m always free to listen!

Cheers,

Katie Kidd

Dear Council,

Hello again! I hope you are all feeling healthy and well, and that your classes are off to a great start. I am enjoying my Native Studies course. As promised, here is something I learned. I learned about the Nehiyawak creation story, some versions of which can span hours, days, or even a whole year! My very poor summary is that, essentially, it is about how the Sky Woman digs a hole in her island in the sky so big that she falls through, down toward the sea. She is caught up by the geese, and then animals dive into the water to find earth from the ocean floor, which is put on the back of a turtle. The turtle then grows and grows, and becomes home for the Sky Woman and her children. And this is why the land we call “Canada” is called “Turtle Island” by some Indigenous peoples! I know this story is not mine to tell from experience, but I hope you found it interesting.

**Executive Retreat**

The executives “retreated” to one of our SUB basement rooms last week to discuss academic restructuring, and its many effects that it will have on the Students’ Union and our governance structures. President Agarwal will have more updates for Council on our thoughts around this.

**Myer Horowitz Theatre Planning**

It has been my privilege to attend planning meetings for the Myer Horowitz Theatre renovation. The group that regularly meets consists of myself, Marc (our General Manager), Erin (our Building Planner), several other SU staff, University staff (such as University Architect Ben Louie), and architects at Arc Studios.

We have spent the last two meetings going over the renovation proposals from three years ago, updating them to meet students’ evolving needs. We have also compiled a list of deficiencies of the space that we will seek to address, and a list of ways to make the theatre (and the building in general) far more accessible than it is.

As always, if you have any questions about the contents of this report, or simply want to talk, please feel free to reach out! Stay safe and healthy.

All the best,

**Alana Krahn**

Re: Vice President External 2020/21 Report 09/22/20

Dear Council,

I hope you have all been getting accustomed to your online classes and still finding ways to enjoy community and student life online. I have been having a pretty good time in my history course this semester, and am grateful for all the effort many of our instructors have put into adapting their materials for our new environment. It has also been a productive few weeks at work, and I am glad to be taking a vacation soon— I will be away from September 26th to October 4th. In that time please contact President Agarwal if you have urgent questions about external advocacy.

University VP External Relations Search Committee

To reduce executive compensation, the University has consolidated the executive positions of VP Advancement (which managed fundraising) and VP University Relations into one position, called the VP External Relations (VPER). The VPER will handle all government and community relations, branding and marketing, and overseeing fundraising. As you might remember, I was appointed by Council to be our representative on this search committee. The committee has now met twice and will continue to meet throughout September and October as we choose our candidate. You can check out the job posting here:  
https://www.eluta.ca/spl/vice-president-external-relations-9ed7c67acba21ea8d70fca2089b7d4c5

Annual Advocacy Tour Planning

As the Legislature and House of Commons are finally on recess for a few weeks, Robbie Nelson, our External Advocacy Advisor, and I have been planning a series of meetings with as many local MLAs and MPs as possible in the next month. To start, next week, we are meeting with MLAs Thomas Dang (Edmonton-South), Rakhi Pancholi (Edmonton-Whitemud) and Jon Carson (Edmonton-West Henday). We plan to discuss the CAUS priorities for the year, including improving student financial aid and granting, an effective student role in governance, sustainable funding for institutions, sexual violence prevention and response, and rationalized mental health funding. We are continuing to schedule meetings with MLAs and MPs from all parties from across metro Edmonton.

Alberta 2030 Review: What’s Happening?
As you will remember from my presentation in August on the Alberta 2030 post-secondary review, the Alberta government is currently doing a review of the whole Alberta post-secondary system— including how funding is allocated, what programs institutions offer, how institutions are governed, etc. The review is now about half complete. I have so far gone to three meetings of the Guiding Coalition, the discussion panel of 17 stakeholders that advises the consultants. The Minister has said that there will be 6-8 town halls in the next two months along with opening surveys for public engagement. Of course when that happens, we will make sure you know and do everything we can to get students out to those events in numbers.

**Alberta Student Umbrella Groups Agreement**
I have signed an agreement as CAUS Chair with the Alberta Graduate Provincial Advocacy Council (abGPAC) and the Alberta Students’ Executive Council (ASEC), which represent graduate students and colleges and polytechnics respectively. The agreement commits to holding regular update meetings and sharing information about our projects and proposals. This is a very big improvement in our relationship with other student groups around the province, which is a big deal— at the end of the day we share most of the same concerns and being divided has not served us well in the past.

**Ministerial Response to Campus Sexual Violence**
Last week I organized a meeting between staff from the Minister’s office and the umbrella group chairs to discuss ways the Minister could respond to campus sexual violence on campus while we are waiting on a window for legislation. Particularly, we are asking for the recommendations of the CAUS white paper on campus sexual violence ([https://www.caus.net/s/CAUS-Sexual-Violence-on-Campus-2020-v3-PRINT-no-crops.pdf](https://www.caus.net/s/CAUS-Sexual-Violence-on-Campus-2020-v3-PRINT-no-crops.pdf)) that do not require new funding to be implemented by order of the Minister.

Enjoy your September as the air starts to get chilly and the river valley looks at its most beautiful— this is always my favourite season and I hope you all have a good fall.

Sincerely,

University of Alberta Students’ Union Vice President External

AGARWAL MOVES to recognize the International Students’ Association (ISA) as a Student Representative Association under Bylaw 8100.

Abstract
The University of Alberta International Students’ Association (UAISA, referred to as ISA) is submitting its proposal to become a Student Representative Association (SRA) as per UASU Bylaw 8100. The ISA has also attached its legislatures, i.e. constitution and bylaws for the council’s reference and ISA will give a presentation to the council to support its proposal to become an SRA.
University of Alberta
International Students’ Association (UAISA)

Submission to the University of Alberta
Students’ Union (UASU) for
Student Representative Association (SRA) status.
Message from the President

Greetings!

I would like to thank the members of the UASU Students’ Council for reviewing the University of Alberta International Students’ Association (hereinafter, “ISA”) application for Student Representative Association (SRA) status. On behalf of our undergrad council, I invite you to review our request for the status of Student Representative Association as per UASU Bylaw 8100.

The ISA was formed in 2013 as an initiative by UASU VP Student Life and councillors to create an international student advocating body at UAlberta to better support the needs of a vast and diverse international students’ community. The UASU decided to host a town hall in Telus Center, Since then, the ISA has actively advocated for international students and played an important role in the implementation of fixed tuition fees for international students, residence crises, Fall U-Pass, etc. At the very formation of the ISA, the main motive was to make it an SRA. However, years passed and our voices to make ISA representative of all undergraduate international students waved but the ISA always went above and beyond the normal call of duty. We have been working to build a strong community at our university and have been active in standing by the Students’ Union whenever called upon to support the UASU led protests whether its 2020 Board of Governors meeting or 2014 SU Protest march to legislature. The ISA has always acted in the capacity of a Student Representative Association and stood true to its membership by amplifying their voice by hosting numerous SU Election Forums to bring our issues on the table and make UASU more active on international students’ issues.

Today after 7 years of ISA’s formation, we the international students ask the Students’ Council to delegate its representing authority over international undergraduate students to the ISA. Thank you all for your time and consideration in reading this submission. If you have any questions, we are here to answer them.

Best Regards,
Chanpreet Singh
President of the UAIISA 2020-2021
Introduction

University of Alberta International Students’ Association (ISA) was formed in 2013 after the increased students demand to have an international student advocating body at the University of Alberta. Board of Governors at University of Alberta made an unannounced decision to increase the tuition fee of international students, Councillor Zhaoyi and Zujie of UASU Students’ Council, hosted a public meeting to discuss this further and sent letters to all regional student groups to further spread out the news. As a result, 100+ students showed up on a sit in protest in the Board of Governors Meeting at UofA. UASU realized the importance of an international students’ advocating body and decided to host a town hall in Telus center. 2013-2014 Vice President Student Life of UASU, William Lau took this project and sent out letters to all regional groups to attend the town hall and suggest an organizational structure for an international student advocating body (namely, ISA) to cater the diverse international students community at UofA. Various student groups executives proposed numerous models and after an extensive discussion, ISA was formed with a council and an executive committee consisting of an UASU exec with an aim to become an SRA in following years.

ISA played an active part in representing international students’ interests and officially advocated to have a predictable tuition fee for international students to better plan the total cost of their tuition fee over the period of their degree at UofA. ISA conducted a campus wide survey and to better support this idea with data and with the help of UASU, today in 2020 this new fee model is implemented. ISA also has been always active in hosting Students’ Union Election Forums from time to time to raise our issues and hold future/current executives accountable for their actions. Unfortunately, in 2018, ISA after an unfavourable termination of its operations, revived in January 2020 and ever since then the ISA has been working tirelessly to represent the interests of international students at the UofA. ISA have always stood true to its membership and it was also proven recently when City excluded international students from the Ride Transit Program, the ISA worked with the UASU, and International Student Services (ISS) and reached out directly to the City and ETS to express our concerns. Our teamwork lead to the inclusion of international students into the ride transit program.

The ISA strongly favours student involvement and, in an effort to strengthen the membership engagement, the ISA has open Councils known as the ISA’s Graduate Council and ISA’s Undergraduate Council, collectively known as the International Students’ Council (ISC). The ISA’s Undergrad Council consist of 20 elected members and 15+ delegates. However, the Council extends to more than just its 35 councillors as any international student is empowered to attend and speak in these Council meetings. This right to attend and speak in the Council meetings of the ISA provides an essential opportunity to every international student to raise their voice to apprise their desires to the university. The ISA’s Undergrad Council also comprises of delegates...
from six major faculty associations i.e., Engineering(ESS), Arts(OASIS), Science(ISSS), Business(BSA), Pharmacy(APSA), and Nursing(NUA), delegates from two UofA campus associations i.e., Augustana Campus(ASA) and Campus Saint-Jean (AUFSJ), delegates from five regional groups i.e., CSSA, INDSA, PSA, BSA and NSA along with an official representative from the Students’ Union (SU). These delegates further strengthen student involvement by bringing international students' concerns from their respective associations of varied backgrounds at the UofA. Thus, the ISA’s Council’s with its composition is a council to raise international students' issues in our University. Consequently, this Council in all right spirits gives ISA the legitimacy to truly demonstrate the voice of all international students.

Reason for this Submission

As an organization by international students, for international students, the ISA believes that it’s in position to better represent international students than the Students’ Union. Although we acknowledge that UASU have done best in its ability to represent internationals students but at the same time ISA believe that only international students can best understand the needs of our diverse community and even as of today a majority of students don’t see themselves represented by the leadership of UASU with majority of the elected candidates having no actual policy that they want to implement and support the international students. ISA has a vast elected council with an apt representation from various sections of international students and a board, it is for this reason that we ask Students’ Council to see fit to exclusively delegate its representative authority over all undergraduate international students to the undergraduate council of ISA as given under Post-Secondary Learning Act.

The student body at the University of Alberta comprises more than 9,000+ international students (23% of the student body) and safeguarding the interests and concerns of this major section of the student body is exceedingly crucial. The ISA acknowledges this necessity and pulls out all the stops to advocate for the international students’ community at the UofA.

The ISA believes in taking quick actions for international students in times of need. The ISA swiftly reacted to the changing situation in our university as COVID-19 was declared a pandemic and worked towards the interests of students by reaching out to the Dean of every faculty to change the grading policies to CR/NCR. The ISA also raised the concerns of international students living in University Residence amid the pandemic by reaching out to Andrew Sharman, the Vice-President of Facilities and Operations and Katherine Huising, the Associate Vice-President of Ancillary Services. Consequently, the Residence Services respectfully acknowledged our concerns and provided free relocation assistance to students who switched to other residential units. ISA
reached our to Edmonton Mayor and City Councillors after international students were excluded from ride transit program and held a direct meeting with ETS to advocate for our membership and safeguard their interests as a result, ISA was able to convince the ETS to allow international students’ also to apply for ride transit program.

The ISA is not asking to take over complete membership of international students; rather, we are asking to be recognized as a Student Representative Association in order to achieve some semblance of recognition from external actors and organizations. The SRA status will enable ISA to directly advocate to the University of Alberta International (UAI) and hold them accountable to work for the betterment of international students and consider ISA is the representative of international students. Although not yet recognized as an official representative association, the ISA currently operates on a level unlike that of a student group, with 50+ directors/coordinators in seven departments of ISA and we continues to work vigorously for international students beyond just a normal 8am-5pm schedule and addresses the concerns and queries of international students one-on-one by operating on a 48-hour strict response and action policy. The ISA works with a positive attitude to learn about efficient modules that can be utilized for advocating for a major portion of the student body.
Bylaw 8100 of the UASU

According to Students’ Union, bylaw 8100,

“Student Representative Association” shall refer to any association of undergraduate students that represents a definable and enumerable constituency, to which Students’ Council exclusively delegates its representative authority;

Furthermore, as per Section 4 (Roles and Mandate) of bylaw 8100,

“The mandate of an Association is to act on behalf of and for its constituency. The Association is to conduct itself in a manner that is transparent, open, democratic, credible, accountable, and fiscally prudent. The roles of an Association are to:

1. Act as the official representative of its membership on student issues;
2. Provide services which are beneficial to its membership; and
3. Foster student engagement and a sense of community within its constituency.”

Lastly, As per Section 8 (Recognition),

“Students’ Council may choose to delegate its representative authority to any student association that wishes to advocate for its membership to the University or Students’ Union, provided that:

1. The student association represents a definable and enumerable constituency.
2. The student association has legislation and procedures that are compliant with Students’ Union bylaw respecting Student Representative Associations and Student Groups; and
3. The student association is registered and recognized by the Students’ Union as a student group.”
We will explain in more detail on how ISA meets all the requirements and qualifies for the recognition.

Roles and Mandate

**Act as the official representative of its membership on student issues.**

ISA has always acted in a representative capacity for all international students at the University of Alberta. ISA has been active in filling all available student positions at various committees in Students’ Union, university governance and advisory committees at various departments to make sure that international students’ interests are safeguarded, and issues are raised. ISA has a permanent seat on the Council on Student Affairs (COSA) to raise international students’ issues.

However, under the Post-Secondary Learning Act, the Students’ Union has the exclusive, legislative authority over the administration of student affairs at the University. Thus, in order to better meet the needs of the students. The Students’ Union created a framework for the creation of SRAs via bylaw. According to Discover Governance, “they [SRAs] are important because they understand and can advocate for the more specialized needs of smaller sections of campus.” For ISA, we are currently already filling the role of one and our Council in all right spirits gives ISA the legitimacy to truly demonstrate the voice of all international students.

**Provide services which are beneficial to its membership**

In the current COVID-19 situation, all ISA’s public engagement activities have been suspended due to safety considerations, but various ISA departments have been active in their operations.

Our Student Life Department has conducted various online engagement activities and we are active in organizing virtual games, meet and greets, Q/A sessions, etc. Our Communications Department, is active in creating resource guides for international students such as financial resources guide, plagiarism guide, discrimination informative guide, welcome booklet etc. Our Internal Department is working with University of Alberta International (UAI) to welcome new international students in Sep and working on creating online platforms for new students to connect with their fellow classmates and stay connected to the campus community even while doing remote studies. The ISA Finance department is working with our sponsors to create more deals which benefit our community by saving money and supporting students financially.
Our External Department has been active in working with Residence Services to make sure that international students are provided necessary support needed by them. Our Academic department has been active in making sure that students know the campus involvement opportunities. ISA with its mission to connect the entire international students’ community is working on a 48 hours strict response and action policy.

**Foster student engagement and a sense of community within its constituency.**

ISA works closely with International Student Services (ISS) to host the welcome activities on campus for all new international students. We together work on events that help students to connect within their community and ISA provide suggestions/recommendations on ISS services for international students. Apart from that, ISA also works closely with Students’ Union Executives and Graduate Students’ Association to timely raise student issues and together work on solving the problems. ISA hosted an SU Election Forum in CAB earlier this year to make sure that voices of international students are not suppressed and our issues are not ignored, the forum turned out to be a huge success and a great turnout of students. Student Engagement is the top priority of ISA and actively look into new ways to keep students engaged and at the same time help in their personality and social well being.

**Recognition**

**The student association represents a definable and enumerable constituency.**

The International Students’ Association (ISA) by its creation has been formed to advocate for all the undergraduate international students at University of Alberta. Thus, our organization is made to better represent undergraduate international students upon demand by the international students to SU for the formation of ISA in 2013. Thus, ISA is formed as a result of a student movement on this campus against the injustice faced by the international students at the time of policy creation and fee increases. ISA have always stood true to its membership and timely represented them in University governance structures such as Council on Student Affairs (COSA) and in various other committees/meetings etc. Thus, ISA from the day of its formation to today is committed to represent a definable and enumerable constituency: that is the undergraduate international students.
The student association has legislation and procedures that are compliant with Students’ Union bylaw respecting Student Representative Associations and Student Groups; and

As per Students’ Unions Bylaw 8100 and 8200, ISA is in compliance with current regulations. Attached to this submission are the legislatures of ISA. Our Constitution and Bylaws form our legislatures.

The student association is registered and recognized by the Students’ Union as a student group.

ISA is a registered group with Student Group Services and is recognized by the Students’ Union as a student group.

Conclusion

The ISA would like to thank the UASU Students Council for reviewing our submission. Moreover, we would also like to thank Akanksha Bhatnagar, Joel Agarwal, and David Draper for their support in preparing this submission.

Our President Chanpreet Singh and Vice President External Gurbani Baweja will be present in the council to provide any further information necessary to insure the substantiation of this proposal. We look forward to working with Students’ Union on various challenges faced by international students’ and stay committed to working toward strengthening our organizations' collaboration by sitting in cross committees and holding regular meetings to address the student needs.

Constitution of the University of Alberta International Students’ Association (UAISA)
Preamble

The University of Alberta International Students’ Association (UAISA) is an organization that aims to present a united voice and advocate for the entire international student community, while enhancing communications, sparking collaboration, and building relationships between Regional Students’ Associations. The ISA will also serve as a support system and advocate for all international students at the University of Alberta and offer them a friendly environment that embraces diversity.

The ISA should be able to represent international students in an inclusive, equity, and efficient manner. We acknowledge the inherent difficulties in representing a diverse and varied international student community comprising of both graduate and undergraduate members. However, this legislature along with bylaws aims to set out a structure in which such differences can be mediated for effective representation.

The executive handles the everyday operations of the association, and the council oversees the rules of the association, sets the direction for the executive, and holds the executive accountable to student interests

ISA will make a united front for all international students by uniting all international students and creating a platform for them to discuss challenges faced by international students and address issues with a collective effort. The ISA’s Councils are top decision-making bodies and in all right spirits give ISA the legitimacy to represent the diverse international students’ community at University of Alberta.

(iii) Amendments to the Constitution may be proposed at Council meetings by members of the council;
(iv) The proposed change will be discussed and voted on by the council;
(v) The proposal may be accepted the substantive majority of all council members with 75% quorum; and,
(vi) Both council and board need to agree on the amendment to pass the legislative amendment.
(vii) An amendment to split ISA or change the composition of the board shall be considered invalid and no force.
   a) Such amendment shall lead to immediate dissolving/relieving the council/council member proposing the amendment.
(viii) No affiliated party external to ISA such as UASU, GSA, DoS, ISS or SGS can interfere in the amendment of ISA’s constitution.
   a) External parties can only interfere to implement the ISA Constitution in case it is violated by the councils or board.
Article 9. Dissolution

This article refers to the dissolution process for the ISA, including a description of the cases when the ISA shall be dissolved.

Section 9.01 Call to Dissolution

a) The ISA shall be dissolved according to the dissolution process outlined in this article, if no interest is shown to continue the ISA’s activities. A lack of interest shall be assumed if either of the following conditions are met:
   a. the C.R.O. does not receive any nominations during the nomination period for the executive elections;
   b. the ISA membership falls below 10 members.

Section 9.02 Dissolution Process

(i) The C.R.O shall inform the councils about the lack of interest in executive positions by ISA members, councillors get a chance to nominate themselves for the positions and take the position without any elections. In case of multiple nominations for a single position, elections are held;
(ii) If the council fails to fill the executive positions, then the UAI is informed about the situation and an email is sent to all international students by the UAI to seek candidates interested in filling positions without elections. The C.R.O, Chancellors and the last president shall conduct interviews and assign the positions;
(iii) The SU/GSA Executives are informed about the situation by the C.R.O and are given the right to fill vacant positions in ISA by any means as per the jurisdiction of the SU/GSA Executives. A duty of filling the positions is given to the SU/GSA Executives and the ISA constitution is bypassed until a new ISA Board is appointed by the SU/GSA Executives;
(iv) If the ISA Board positions are still completely vacant, then Section 9.03 of Article 9 is implemented by the C.R.O or the President.

Section 9.03 Dissolution

(i) All corresponding authorities and the members, in general, shall be, informed about the dissolution of the ISA;
(ii) The VP Finance shall conduct an audit on the ISA’s assets and certify that all liabilities are cleared;
(iii) The VP Finance shall ensure that the ISA’s funds are held in trust by the University of Alberta Students’ Union;
(iv) If the funds cannot be held in trust by any of these organizations, they should be donated to a registered charity chosen by the executive committee;
(v) The VP Finance shall make sure that the ISA’s bank account is closed;
(vi) In case of unavailability of the VP Finance or any executive, the SU/GSA shall enact Article 9, by acting as the VP Finance.

2020/2021 Executive Goals

The University of Alberta Students’ Union (UASU) is a student-directed non-profit organization that represents the 32,000 undergraduate students at the University of Alberta. Each year, the Executive team sets the goals that direct the operations of this $14 million organization.

The COVID-19 environment has challenged the student body on all fronts. In these uncertain and unprecedented times of change, the UASU strives to be a predictable and dependable institution, but one that is flexible to the ever-changing world. The UASU will work to ensure that student leadership reflects the diversity and needs of the student body, and that our values keep students at the core of what we do.

This document outlines our goals for 2020/21 as the UASU Executive team.

1. Empower Students to Lead
   - Continue to make governance accessible
   - Inform, expand, and support students’ rights
   - Stand up for residents’ rights

2. Secure a Strong Future for Students
   - Enhance UASU’s environmental and financial responsibility
   - Advocate for a future that puts students at the forefront of university and government decisions
   - Create a new culture to end campus sexual violence

3. Break Down Barriers
   - Affordable and stable student financial support
   - Ensuring accessibility for everyone

4. Ensure A High-Quality University Experience
   - Facilitating 21st century educational practices and materials
   - Building a University of Alberta that centres around student needs
   - Indigenize campus and fight against the historical suppression of traditional learning and knowledge

5. Build a Better Campus Community
   - Ensure that student health and wellness are prioritized
   - Support the diversity of students on campus
   - Strengthen the campus community
2020/2021 Executive Goals

The University of Alberta Students’ Union (UASU) is a student-directed non-profit organization that represents the 32,000 undergraduate students at the University of Alberta. Each year, the Executive team sets the goals that direct the operations of this $14 million organization.

The COVID-19 environment has challenged the student body on all fronts. In these uncertain and unprecedented times of change, the UASU strives to be a predictable and dependable institution, but one that is flexible to the ever-changing world. The UASU will work to ensure that student leadership reflects the diversity and needs of the student body, and that our values keep students at the core of what we do.

This document outlines our goals for 2020/21 as the UASU Executive team.

1. **Empower Students to Lead**

   During substantial changes at the University of Alberta, it is crucial that administrators and the government hear students’ voices. Governance must be accessible to ensure it is representative of the student population. To best represent the student heartbeat, we must strengthen the student movement.

   Continue to make governance accessible
   • Ensure students consistently fill seats on GFC by building awareness and changing students’ perceptions of governance roles
   • Engage students in all levels of university and student governance by empowering student advocates
   • Create an Equity, Diversity, and Inclusion Task Force to identify structural barriers preventing students from participating fully in governance, and take steps to reduce them

   Inform, expand, and support students’ rights
   • Leverage the Charter of Students Rights to initiate a comprehensive review of university policy with an eye to procedural fairness and natural justice
   • Create a student advocate position to support students in navigating complex university structures

   Stand up for residents’ rights
   • Push for the residence experience to become affordable and accessible
   • Advocate for affordable and quality meal plans through student feedback
   • Work with the Council of Residence Associations (CoRA) to create an advocacy plan

2. **Secure a Strong Future for Students**

   Our operations and advocacy need to prioritize long-term student issues. The supports and rights which students today enjoy were passed on from previous generations, and we have a responsibility to leave them better than we found them for the students of tomorrow.

   Enhance UASU’s environmental and financial responsibility
   • Reduce and divert waste in SUB and set the groundwork for our goal of carbon neutrality by 2050
   • Empower students to create a more sustainable campus
   • Diversify UASU revenue through strategic business initiatives and fundraising

   Advocate for a future that puts students at the forefront of university and government decisions
   • Advocate for a fair, transparent, and predictable model for institutional funding
   • Address the infrastructure debt left to students in our advocacy

   Create a new culture to end campus sexual violence
   • Hold the provincial government accountable for implementing the recommendations from the CAUS White Paper on Campus Sexual Violence
   • Update the University’s experiential learning and campus sexual violence policy suites to add robust protections for students
   • Advocate that the University hire a dedicated Sexual Violence Prevention Coordinator
   • Educate the campus community on consent, including intimate partner violence
3. **Break Down Barriers**

Universities are for everyone, and all students deserve to access post-secondary education without barriers to accessibility or affordability. Too many obstacles still prevent students from engaging equitably in campus life and academics. Students deserve supports that help overcome those obstacles.

**Affordable and stable student financial support**
- Continue advocacy for needs-based, up-front provincial grants
- Support more needs-based scholarships and bursaries from the University
- Call on the provincial government to lower tuition increases
- Advocate for sustained student employment funding
- Push for fair and flexible student loan repayment terms

**Ensuring accessibility for everyone**
- Lobby the government and the University for better supports for students who parent, such as improved child care
- Address period poverty by acquiring sustainable funding for free menstrual products
- Advocate for a ban on weekend midterms
- Add information on academic accommodations to orientation

4. **Ensure A High-Quality University Experience**

Students come to the University of Alberta expecting a world-class institution with cutting-edge education. The quality of the experience encompasses academic, vocational, and student life experiences. In the face of unprecedented institutional threats, students still deserve a high-quality experience built for the 21st century.

**Facilitating 21st century educational practices and materials**
- Advocate for the expansion of work integrated learning (WIL) and experiential learning opportunities.
- Support the implementation of Open Educational Resources (OERs) both at a provincial government and institutional level
- Push for more user-friendly online resources for an improved student experience
- Advocate for student-friendly pedagogy for an online environment
- Call for a total cap on the cost of academic materials

**Building a University of Alberta that centres around student needs**
- Work to achieve an outcome for the Alberta 2030 Post-Secondary Education review that ensures the University of Alberta can continue to deliver research-intensive, world-class academic programming.
- Ensure the University recognizes and hears student voices during academic and administrative restructuring programs

**Indigenize campus and fight against the historical suppression of traditional learning and knowledge**
- Push for the incorporation of Indigenous content in class materials
- Prioritize Indigenous advocacy as part of the Council of Alberta University Students (CAUS)
- Ensure the completion and analysis of the Aboriginal Academic Success survey
- Advocate for dedicated Indigenous academic advisors to bolster Indigenous student academic success
- Continue progress on the ARRC recommendations
- Incorporate Aboriginal programming into Week of Welcome
5. **Build a Better Campus Community**

Students need a thriving intellectual campus community that is also safe and diverse. COVID-19 has disrupted the lives of many students and we must be resilient in adapting to the challenges we face, while rebuilding and strengthening the Students’ Union.

Ensure that student health and wellness are prioritized

- Offer additional mental health supports online and reduce barriers to access for counselling through EmpowerMe
- Advocate to the provincial government for predictable multi-year funding for mental health
- Work in accordance with the provincial health guidelines and University safety measures to ensure safe operation of the Students’ Union Building
- Push the University to expand online mental health supports
- Shift the UASU’s existing wellness supports to an accessible online format
- Plan for the creation of new mental wellness spaces in SUB
- Push for the creation of a UAlberta 101 course encompassing mental wellness, academic supports, and personal finance help

Support the diversity of students on campus

- Support the Equity, Diversity, and Inclusion Task Force in identifying and addressing barriers to students’ involvement with the UASU
- Collaborate with international students to identify the challenges which they face
- Ensure UASU mental health supports reflect the diversity of campus

Strengthen the campus community

- Continue to build strong connections between all University of Alberta campuses
- Provide institutional support for student groups

---

The University of Alberta Students’ Union (UASU) is the official body that represents all undergraduates, and advocates on their behalf at the university and all levels of government. The UASU is a proactive organization that is run by students for students: we operate a variety of businesses designed to appeal to students, and provide access to a wide range of student-centric services. We also operate - and own - the Students’ Union Building, and manage a budget of more than $14 million, with more than 200 staff.

Notes
We would like to respectfully acknowledge that our University and our Students’ Union are located on Treaty 6 Territory. We are grateful to be on Cree, Dene, Saulteaux, Métis, Blackfoot, and Nakota Sioux territory; specifically the ancestral space of the Papaschase Cree. These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students’ Union we honour the nation-to-nation treaty relationship. We aspire for our learning, research, teaching, and governance to acknowledge and work towards the decolonization of Indigenous knowledges and traditions.

2020-10/2 PRESENTATIONS

2020-10/2a AGARWAL/BOSE MOVED TO allow the International Students’ Association (ISA) to present on the proposal to become an SRA as per Bylaw 8100.

See SC-2020-10.10

AGARWAL introduced the motion.

SINGH delivered the presentation.
KONRAD/AGARWAL MOVED TO extend until the end of the presentation, leaving an additional 10 minutes for questions.

CARRIED (Noted abstention from Cllr. Marques)

BOSE commended the efforts of the UAISA.

DHILLON asked for clarification on the concept of the UAISA regarding refugee student inclusion in the structure and advocacy of the UAISA.

SINGH responded with reasoning regarding concerns in being able to properly represent refugee students.

AGARWAL inquired about election procedures for the UAISA Council and the Executives.

SINGH responded by outlining the issues that would be posed if the representative seat allocation would be changed and explained the elections processes further.

LEY inquired about where UAISA finances would be collected from.

DRAPER/BID MOVED TO suspend standing orders to extend until the exhaustion of the speaking list

CARRIED

CARBAJAL shared concerns regarding the UAISA’s position on refugees and asked that the UAISA’s position should be reviewed.

SINGH acknowledged concerns and invited this concern to be brought forward for further discussion with the UAISA.

VILLOSO inquired about whether the UAISA intends to collect fees from students as a long-term goal.

SINGH stated that the idea would be explored further by the UAISA for future terms.

OLIVEIRA echoed concerns regarding refugee students not being incorporated into the UAISA structure and clarified details regarding refugee student status.

SINGH stated that the UAISA would need to discuss these concerns further.

KIDD shared concerns with the exclusion of refugee students and suggested changes that could be implemented in regards to representation and effective governance by the UAISA.
SINGH responded with concerns regarding the concerns that might arise with incorporating refugee student representation into the structure without the appropriate structure to represent them in the best way and suggested ways to move forward.

MARQUES inquired about how representation on UAISA will be theoretically proportioned across faculties, would the UAISA be interested in running a referendum in the upcoming By-Election, and asked about the indirect election procedures of UAISA.

SINGH responded to the questions by explaining that the UAISA will be reflecting on proportions of representation in the coming years, the UAISA would consider running a referendum in the future, and also provided justification behind election procedures.

2020-10/5 OPEN FORUM

VISSCHER to DRAPER: Inquired about university course structure at Canadian universities and how it rushes students in their degree and makes limitations for them.

BUCHANAN made a Point of Information asking for clarification on the question being asked by Visscher.
VISSCHER to KIDD and KRAHN: Inquired about the fee assessment for the athletic and recreation fee and asked about the fee breakdown for Students' Union fees.

VISSCHER to KIDD: Followed up on the athletic fee given that free sessions are available.

2020-10/6

QUESTION PERIOD

KONRAD to KRAHN: Asked for more context on the transit update from ETS.

LEY to KIDD: Gave the floor Kidd to complete her report update.

DHILLON to AGARWAL: Inquired about a response to the tragedy of Flight PS752 and whether it would be possible to encourage the creation of a research bursary.

BOSE: Made a statement asking councillors to reach out to him if they wanted to chat at any time, especially during the stressful start of the semester.

MONTEIRO to AGARWAL: Inquired about a recommendation regarding the creation of smudging policy and whether this policy has already been dealt with.

KIMANI to KIDD: Asked for an update on the EDI Task Force regarding goals and initiatives.

BID: Thanked VP Ley and VP Krahn for their work with the ETS update.

BID to DRAPER: Inquired about whether the online capacity of student learning sites have been improved.

BADESHA to AGARWAL: Inquired about an update on the situation regarding the most recent audit of the Business Students' Association.

DHILLON to AGARWAL: Following up on the previous question, inquired about whether it would be possible to get a more specific research scholarship for the undergraduate community.

(Question period extended by fifteen minutes)

BADESHA to KIDD: Inquired about whether VP Kidd would be willing to come speak with the Audit Committee about why the Business Students Association failed their last audit.

BOSE to MONTEIRO: Inquired about whether he could attend the next meeting to ask questions about certain online lecture policy.

BUCHANAN: Stated that there have been no updates on Google Drive regarding information from the Financial Committee.
DHILLON to KRAHN: Asked for more information regarding the UASU Access Fund.

BID to SPEAKER: Inquired about whether it would be allowed to bring a motion to the floor during the meeting.

KRAHN: Made a statement regarding the Business Students’ Association and their failed audit and the way that the Students’ Union manages finances through relegated associations, such as Student Representative Associations. Spoke to the current prioritization on how student associations need to meet their mandates.

KIDD to BID: Made a statement regarding whether CAC would be willing to move their proposed motion to the next meeting rather than bringing it to this one so that there will be enough time to discuss the motion within General Orders.

FOTANG to KRAHN: Inquired about whether there will be more updates provided to students regarding the formation of a mail collecting system by the UASU for ETS Ride Transit Program applications processing.
