ORDER PAPER (SC 2011-13)

2011-13/1 SPEAKER’S BUSINESS

2011-13/1a Announcements – The next meeting of Students’ Council will take place on Tuesday, November 8th, 2011

2011-13/2 PRESENTATIONS

2011-13/2a Physical Activity and Wellness Centre (PAW) - presented by Kyle Braithwaite. Sponsored by Rory Tighe, President.

Abstract:

The PAW Centre is a new physical activity and wellness facility that includes several program components including a fitness centre, climbing wall, enclosed concourse c/w commercial space, community/teaching kitchen, multipurpose rooms, locker room renovations, squash courts, Steadward Centre, and academic space. The project is a partnership that includes the several stakeholders including the Students Union (SU), Graduate Student Association (GSA), Faculty of Physical Education and Recreation (FPER), and the Steadward Centre.

The project is currently in Design Development and construction is anticipated to commence in the spring of 2012 with an anticipated 30 month construction schedule.

2011-13/2b Safewalk Presentation - Presented by Evan Worman, Associate Director. Sponsored by Councillor Kelly.

Abstract:

I will discuss Safewalk’s mission, our history, and client/volunteer numbers. We are currently implementing an assessment to answer the question “Is Safewalk fulfilling its role to meet the needs of the campus community?”, we will be asking many groups on campus for input. We are continually updating our service to keep pace with technology and infrastructure, such as new radios or planning for upcoming LRT changes. Two concerns are volunteer consistency; students are working to cover costs rather than volunteering. We also do not have a consistent number of clients.

2011-13/2c SU Financial Statements 2010-11 - Presented by Councillor Nicol, Audit Committee Chair. Sponsored by Councillor Nicol, Audit Committee Chair.
Abstract:
The Students’ Union financial statements are prepared by management and audited by an external auditor (KPMG). The Audit Committee liaises with management and the external auditor to determine whether it will recommend approval of the financial statements to Students’ Council. This presentation will principally discuss the feedback provided by the external auditor and management on which basis Audit Committee recommends that the financial statements be approved.

Abstract:
Ever wondered what happens to the DFU that students give to The Gateway? Editor-in-Chief Alex Eldridge and Gateway legend Lucas Wagner are here to answer just that question. Alex and Lucas will give you a rundown on what The Gateway does and who makes up the newspaper, as well as a rundown of where our revenues come from and what we spend our money on. They’ll also discuss the Gateway Student Journalism Society (GSJS) and the role of the Society in operating The Gateway.

2011-13/5 QUESTION PERIOD

2011-13/5a Councillor Fehr to the VPSL: An article appeared in the October 17th MetroNews stating “students at some universities on the Prairies are pushing for gender-neutral washrooms for transgender people who don’t feel comfortable having to choose between bathrooms for men or women.” Recognizing that this idea presents challenges of its own, has this option been considered for SUB? Is this a a option that the proposed LGBTQ Center might explore?

**Sustainability Assessment**

We are very close to finishing the Sustainability Assessment. The Assessment itself is done and we are working on an executive summary to make it easier to read and an implementation plan. I have been working with the Senior Management team to see what they think is the best way to move forward on some of the recommendations. I have also been talking with the Office of Sustainability about how we can best assess and track our sustainability in the long term. I am hoping to have all of this done and published to you sometime in November.

**Executive Retreat**

The Executive had a half-day retreat on Friday, October 14. We generally used the time to do in depth on what everyone was working on and to make sure that we were all on track for completing our goals. We also had a chance to discuss some of the major projects that we are working on and to think strategically about our next 6 months. We spent a while talking about communication and engagement and I am very hopeful that we will see some major progress on those two fronts in the later part of our terms.

**Meeting with Councilors**

I have now met with every councilor except those who were elected in the by-election. I am currently working on a summary of what I learned from the meetings and will present that to you all as soon as it is finished. I also had a chance to talk with some councilors at Fall Retreat, which was great thanks to CAC, about communication and engagement. I am currently thinking up on some ways in which we can work together on these fronts and have some pretty lofty goals as to what we can accomplish.

**Budget Advisory Committee**

The Vice President (Academic), Vice President (External), Director of Research & Political Affairs and I have been using the Budget Advisory Committee to discuss Mandatory Non-Instructional Fees and the Installment Fee. We are making progress on both fronts but I am really not sure where the discussions will end up. The conversation on MNIFs will likely come to a ‘pinnacle’ in the next month and it will be clear either way what direction we need to take with our advocacy. I have also found out a lot about the Installment Fee over the last month and am meeting in a week with the Vice President (Finance & Administration) of the University to discuss the issue further.
PAW Centre

The President of the Graduate Students’ Association and I have been meeting with the University’s Administration regularly over the last month to discuss the PAW Centre. I think we are very close to a final agreement and I very much look forward to bringing it to council soon.

If you have any further questions, suggestions, or concerns, please do not hesitate to follow-up with me, either in person at SUB 2-900, by phone at 780-492-4236, or by email at president@su.ualberta.ca.

The following motions passed at the last ERC meeting on October 19th:

**BELLINGER/NICOL** moved to recommend to student council to revert back to the instant runoff voting system for student council, GFC, and executive election. 4/0/0

**NICOL/FERGUSON** moved to recommend to student council to allow campaigning on voting days for the executive and council, GFC elections, as well as for referendums and plebiscites in first reading based on the following principles:
1) No campaign activity shall take place within 6 meters of polling stations.
2) No campaign materials shall be permitted within 6 meters of a polling station. 4/0/0

**FERGUSON/ISKANDAR** moved to direct bylaw committee to remove all reference to the word “slate” in Bylaw 2000. 4/0/0

**FERGUSON/NICOL** moved that when the number of valid nomination packages received for a race in a faculty is less than the number of open seats available in that race the CRO shall extend the deadline for up to 2 days. 4/0/0

The ERC has also discussed a draft of Bylaw 2X00 series if it is split. We hope to make recommendations to council in November if we decide to follow this avenue.

The ERC is mandated by bylaw 100 to present to Students’ Council a Report by the last meeting in November “detailing their findings and recommendations”. As a note, many of the recommendations that the ERC will be presenting in this report has already been passed presented to council through presentation or changes in legislation.

VPA Council Report
Date: October 20 2011

Dear Council,

The last two weeks have literally been all over the place, but still very productive. From October 8-13, I was in Pittsburgh (along with VP Yamagishi) at the Association for the Advancement of Sustainability in Higher Education (AASHE) conference. From October 14-16, I was in Saint Paul for a 100 k ultramarathon, and finally, I am back in Edmonton for awhile. With Sustainability Awareness Week (SAW) in full swing, it comes as little surprise that this report revolves around academic sustainability. Additionally, I have been chipping away at the Undergraduate Research Symposium, while also balancing university governance commitments and preparing academic-related questions for the upcoming SU Survey.

AASHE CONFERENCE

The five or so days spent in Pittsburgh were very beneficial, and I return to Edmonton with an increased passion for sustainability. In particular, I now have a clear vision for how students should advocate for “academic sustainability,” which is essentially the integration of more sustainability-related content in existing university courses. I think that we should certainly integrate sustainability into the student attributes project that we are currently leading on campus. As per SU operating policy, I will have a comprehensive AASHE conference report (it is currently at 4.5 pages, double spaced) ready for Council within two weeks.

SUSTAINABILITY AND STUDENT ATTRIBUTES

On October 19 from 4-5pm in the SUB Alumni Room, I hosted an event entitled “Sustainability and Student Attributes,” where three panelists – Ian Moore, Dr. Genevieve Gauthier and Dr. Susan Barker – led a discussion based on two questions. The first was “What qualities or attributes are characteristic of a ‘sustainable’ person?” The second question was, “What steps can the university take to cultivate a ‘sustainable’ person?” Overall, about a dozen people were in attendance, and I think that the discussion flowed well.

SU SURVEY

I’ve been working with the Department of Research and Political Affairs (DRPA) to create about five questions about academic materials, to be included in the upcoming student survey. Additionally, around two written questions about student attributes and another two questions about undergraduate research will be included in the student survey.

UNDERGRADUATE RESEARCH SYMPOSIUM

With a little under one month left before the inaugural undergraduate research symposium takes place, there is a lot to do, but the URS Team and I are slowly chipping away at the preparation. We’re setting
up a day of interviewing students and faculty, along with the U of A multimedia team. Moreover, student abstract applications are rolling in, I’m confirming physical space with CCIS and the Telus Centre, collecting sponsorship funds, establishing a URS Adjudication Committee of faculty and students, creating a “master schedule” and responding to many e-mails from students and faculty looking to know more about the symposium.

BLOG POST

I recently wrote a blog post entitled “Making mental and physical health a lifestyle.” The entry concerns some of the initiatives that I am working on regarding mental health, or things that I plan to initiate once the undergraduate research symposium finishes up. Some of the things that I am doing (i.e. walking or running meetings) are a bit unorthodox, but working outside of what is deemed “normal” is not a bad thing.

RUNNING FOR VPA

If you are thinking about running for VPA, please do not hesitate to contact me. I’m more than happy to sit down with you at any point to answer any questions that you have about the position. The more questions, the better!

CONCLUSION

As per usual, if you ever have questions about the Students’ Union, the VPA portfolio or anything else related to student engagement, send me an e-mail at vp.academic@su.ualberta.ca or give me a call at 780.492.4236. I’m always open to constructive criticism or listening to whatever suggestions you have for improving the student experience.

In solidarity,

Re: VPX report to Council

Lobby Meeting Linda Duncan

On Tuesday October 11th we met with MP for Edmonton-Strathcona, Linda Duncan whose riding includes the U of A.

Linda agreed with all of our asks here, and referred us to MP Charlie Angus. She told us that Charlie is the NDP’s official critic to Bill C-11 and would help us with the issue. She said that Charlie is currently trying to get Parliament to open consultation again for copyright. She also mentioned that if we wanted to affect any real change, we will need to get our constituents sending the Ministers in charge of C-11 letters regarding C-11. Linda was very receptive of allowing parallel importation. She wants us to help her write a private member’s bill regarding this. I also gave her the New Zealand report that shows that Parallel importation does not affect domestic publishers. Her main concern regarding increasing Tri-Council funding for Undergraduate Research was that she does not like Government to interfere with what the Tri Agency. However, she strongly supported increasing funding for SSHRC CIHR undergrad research. She was also very receptive of our ask for the Canada Student Grant Program, especially for removing the cap from PSSSP (Post Secondary Student Support Program, a program that aims to increase participation rates among Aboriginal Students). Linda is the Aboriginal & Northern Development critic for the NDP. She was really interested in the numbers that are included regarding PSSSP in CASA pre-budget Submission. As for international students she agreed that the $150 fee to work off campus is unreasonable.

Lobby Meeting Peter Goldring

On Friday October 14th we had a meeting with MP for Edmonton-East Peter Goldring. We discussed all of the asks mentioned above, and help Mr. Goldring become more aware regarding student issues on campus. He asked us to discus our asks regarding copyright with the Ministers involved. He also agreed that the $150 fee to work off-campus was unreasonable for international students, and suggested the $50 would be a more reasonable thing for us to ask for.

NDP Federal Candidates for party Leadership

On Saturday October 15th I met with three of the Federal NDP candidates for party leadership: Brian Topp, Nathan Cullen, and Paul Dewar. They were all great meetings; I received great feedback on what the UASU and CASA are asking from the government. I also gave them all a copy of CASA’s pre-budget submission. I hope that this will be an important step for UASU to establish strong relationships with the new Leader of the Official Opposition.
Mandatory Non-Instructional Fees

The Budget Advisory Committee (BAC) has met again on Monday October 17th, to discuss tuition and Non-Instructional Fees. We are currently in the midst of discussing what an approval process for MNIFs could look like. I will keep council updated once an agreement can be reached. Our stance so far has been that a referendum of the student body is the best method to ensure that students are consulted regarding MNIF.

CAUS Pre-Budget Submission

Since the last Council meeting, the Council of Alberta University Students has published its Pre-Budget Submission. I encourage you all to look at it as it is a great read: http://www.caus.net/docs/11-09_Budget.pdf

The summary of the report asks are:

- Set more ambitious targets and develop additional measures in the business plan.
- Establish an arms-length agency to develop research on our post-secondary system.
- Increase non-repayable student financial aid through upfront grants.
- Reduce the debt of successful graduates by 50% of the provincial portion of their loan.
- Increase operating funds to institutions over three years.

Canadian Council On Learning

On Wednesday October 19th I attended a great lecture by President and CEO of Canadian Council on Learning (CCL), Paul Cappon, regarding CCL’s last report: “What is the Future of Learning in Canada”. The report outlines positive developments in PSE; high expenditures; strong participation rates; quality educators; and an educated immigrant population. However, there are trends which CCL calls “troubling”: losing ground in innovation and R&D; dilemma in male human capital; immigrant skills not meeting labour-market needs; no national quality-assurance system; fundamental data and information gaps on PSE; and no national PSE strategy. CCL notes Canada is unique among developed countries for not having a national strategy on PSE, one which the council recommends should possess the following elements: clearly stated objectives; measures to assess achievement of objectives; and a systematic goal of cohesion and coherence among all facets. If you are interested in the report, I encourage you all to read it at: http://www.ccl-cca.ca/pdfs/CEOCorner/2010-10-11WhatistheFutureofLearninginCanada.pdf

Senate Chancellor Selection Committee

I attended two meetings for the Chancellor Selection Committee since the last council meeting. The wheels are in motion when it comes to committee progress. Unfortunately I cannot report to you much of what goes on in those meetings, as they are confidential. What I can talk about is the process of Chancellor Selection Committee:

- Developing the 2012 Chancellor Attributes (October->December)
- Advertisement (January->February)
Office of the Vice President (External)

- Interviews (March)
- Senate vote on Chancellor (April)

It is important for Council to know that I will be spending significant amounts of time to this committee during the next month (there are so far 4 meeting scheduled each 90 minutes). They also involve a great deal of preparation, however I believe it is time well spent since the new Chancellor will take a major role in deciding the University’s next President once President Indira finishes her term.

Augustana Campus Visit

Rory, Andy and I visited the Augustana campus on Thursday October 13th. The visit was very productive. We talked about implementing GOTV on Augustana Campus, as well as the possibility of getting buses to drive Augustana students to main campus during the break the record dodgeball campaign.

Re: Report to Council

---

Hello Council,

Below are the highlights since my last report.

**Capital Project Planning**

Subsequent to the initial set of consultations, DIALOG assembled the feedback received and produced some preliminary images for the Steering Committee’s review – mostly samples of comparable facilities to inspire our discussions with schematic ideas as well. Based on the committee’s feedback, we have met with project management to discuss next steps. We expect more concepts from our architects next week, which will allow us to move into the workshop phase.

Our first payment to DIALOG comes to $4,418. This includes programming fees, tax and expenses.

**PAW Centre**

The PAW Centre project goes to FDC next week for design development approval. Please pay close attention to the presentation at Council and provide any feedback you might have either to the presenters or to me directly.

**GAC**

GAC met on Wednesday, October 19. We continued were we left off with the Standing Orders update, ultimately approving some editorial and administrative changes. The committee received an update on the July and September student group granting sessions, as well as the last WUSC SRP Board meeting.

**BFC**

We met Thursday, October 20 and had a good discussion about business units. In particular, we reviewed the budgets for SUBmart, SUBtitles and SUBprint – suffice to say, the meeting was SUBlime. We continue with discussion of other departments as the semester progresses.

**Academic Standards Committee**

I attended the Academic Standards Committee meeting this morning on behalf of the Vice President (Academic), who was unable to make it. One item of interest was the Academic Integrity Task Force Report, presented to Council earlier this year. There was also discussion regarding the deferred examination fee – a particularly contentious topic for many.

**Health and Dental Plan**

The Health and Dental Plan committee met on Wednesday to review the August Claims report and Change-of-Coverage statistics. 36% of students opted out while 61% retained full coverage. The remainder represents students who opted for partial coverage.
Miscellaneous

Other activities that I have focused my attention towards in the last couple weeks include a meeting with the Augustana Students’ Association executive, a quarterly Executive Retreat, Students’ Council Retreat, a GSJS Board meeting, a meeting with the Vice Provost IT and a weekend trip to visit the oil sands.

Should you have any questions, comments or concerns, feel free to get in touch at 780-492-4236 or vp.finance@su.ualberta.ca. If you wish to discuss any topics in depth, I would welcome the opportunity to meet in person.

Cheers,

Update on the Formation of an International Students’ Association

Chakanaka Zinyemba

Arts Councillor

Hello council,

As you are aware, internationalization has been brought up in the goals of the executives on numerous occasions this year. At the beginning of our tenure, I gave a presentation to council on a similar theme.

The purpose of this information item will serve to update council on some of the activity that has been going in this respect.

I had a number of meetings with the VPA and VPSL during the summer and we talked about the idea of forming an international students’ association. We came up with a preliminary list of stakeholders that should be contacted in forming this association. It was decided that the best manner for this committee to function, would be as an organization similar to the Residence Halls Association that has some form of political leverage.

I have since, via e-mail and a number of meetings, have managed to have meetings and various forms of communication with a number of students, primarily international with respect to the formation of an international student’s association and what its composition would be and mandate would be.

From the discussions the following are put forward as preliminary suggestions:

Purpose

1. To foster a sense of community amongst its members
2. To give issues concerning internationalization (international students’ issues, academic issues, education abroad issues etc) a greater voice, particularly in the form of lobbying to the Students’ Council and the University
3. To work with the Students’ Union and UAI International Student’s Services (and other stakeholders) in assisting to deliver and promoting services as required by its member’s such as English Language Conversation groups, leadership skills programs, cultural exchange programs etc

Membership

1. No concrete agreement has been brought forward as to who membership would be open to. However, discussions have indicated to me that membership would foster communication amongst international students (those currently paying the international differential) and local students.
An interesting debate was had concerning the definition of an “international student.” Firstly, students currently members of the Students’ Union, but on a formal exchange program in another country could be considered as international students in that sense. Secondly, many students attain permanent residency status before they come to the University of Alberta, through various immigration programs. These students are “international” in every sense of the word apart from the fact that they do not pay the international differential fee, thus it’s possible that they are not eligible to receive some of the services that UAI, International Students Services in particular have to offer to international students.

2. A few models have been brought forward concerning the leadership of the group.

   Firstly, it has been suggested that the leaders be the executives of the various cultural student groups on campus. This has many problems with it with regards to equal ethnic representation and not all cultural groups would necessarily want to live up the mandate of the association.

   Secondly, that the leadership of the association would be two tiered. Firstly, based on the three objectives stated above, there would be three working committees, who would then have representatives that would sit on an executive committee of some sort.

   Lastly, most have agreed that it would be beneficial if the Vice Presidents’ Student Life and Academic, or their representatives, had seats on the executive.

**Moving Forward**

The formation of such an association is no easy task and it will not be possible to accomplish this task or make considerable progress working as we have been thus far. It is recommended that an action committee (primarily volunteer based) is set up at some point in the near future. This group would be in a much better position to delve into more detail and fine tune future proceedings. Perhaps this committee in its research, may find that something other than an association may be useful, of which the conversation would take another route.

The volunteer based action committee (perhaps as a CSL component for next semester?) , would work, based on the three objectives earlier stated, to meet with stakeholders, conduct research, and put together a structure, constitution and any other material that would enable an international students association to be a pilot project of the Students Union by the end the current academic year.

I have not yet been able to speak with the VPSL and VPA to find out where exactly the formation of such a committee would fall in the organizational structure of the Students’ Union. I imagine it would not be too difficult a task to find a position. I hope that that this will come to fruition in the form of a motion in the near future.
For now, I encourage all councillors to put some thought in to this process, to throw in suggestions, as now is the time to do so and feel free to ask me any questions in council, or via e-mail.

Looking forward to all the valuable input!
