Re: ISSS Faculty Association Membership Fee Creation Proposal

Dear Speaker Tighe:

On behalf of the Interdepartmental Science Students' Society, please accept the attached document as the Creation Proposal for the ISSS Faculty Association Membership Fee (hereafter known as ‘Your Five-Dollar Science Community Investment’, abbreviated as SCI 5), to be presented at the December 4, 2012 meeting of the Students’ Union Students’ Council.

Sincerely,

[Signature]

Stephen Chin
President 2012-2013
The Interdepartmental Science Students’ Society
I. Purpose

The Interdepartmental Science Students’ Society is an inclusive and transparent science faculty association existing to offer useful services, to connect its diverse membership, and to advocate so that Science students may enjoy an enriching and valuable undergraduate experience.

The SCI 5 will allow the Interdepartmental Science Students’ Society to fulfill better its mandate. The purpose of this proposal is to offer undergraduate Science students the opportunity to pay a membership fee for improved events, services, advocacy, and support for Departmental and Program Associations.

II. Definitions

- The Interdepartmental Science Students’ Society (ISSS, pronounced ‘ice’) is the Faculty Association for the Faculty of Science at the University of Alberta.
- Your Five-Dollar Science Community Investment (SCI 5) is the money received from a $5.00 student levy applied to all full-time on-campus and part-time on-campus undergraduate Science students at the University of Alberta.
- The Council of Science Student Associations (COSSA) is a body of the ISSS currently comprised of 23 science student groups, including Departmental Associations and Program Associations.

III. Referendum Question

Do you support the creation of Your Five-Dollar Science Community Investment (SCI 5) for the Interdepartmental Science Students’ Society to allocate to the listed initiatives, subject to the following provisions? For a more detailed breakdown of the allocations, please visit www.sci5.ca.

1. The value in the SCI 5 lies in the following allocations:
   a. 25% towards granting and support of science student groups (eg. Departmental Associations)
   b. 20% towards science-specific events (eg. Graduation Banquet)
   c. 20% towards academic representation and advocacy (eg. Professional Development Grants)
   d. 20% towards services for science students (eg. Resources such as microwaves)
   e. 15% towards project development (eg. Science scholarships)

2. The per-semester fee would be assessed in each term to on-campus undergraduate students enrolled in the Faculty of Science in at least one course for credit, subject to the following conditions:
a. The SCI 5 shall be a $5.00 per-semester fee to be levied in the Fall and Winter terms;
b. Students in a work term as part of the Faculty of Science’s Industrial Internship Program, off-campus students, Visiting Students, and Special Students are exempt from the SCI 5;
c. Upon request, undergraduate science students would be able to use the reimbursement mechanism outlined in the ISSS Procedures Manual to receive a refund; and
d. The SCI 5 will be collected beginning in the Fall Term 2013, and will cease collection in Winter Term 2017.

3. After a four-year collection period, the ISSS has the option to renew the SCI 5 through another referendum.

IV. Amount

Each full-time on-campus student and part-time on-campus student enrolled in the Faculty of Science shall pay $5.00 per term. Students in a work term as part of the Faculty of Science’s Industrial Internship Program, off-campus students, Visiting Students and Special Students are exempt from the SCI 5. The SCI 5 shall only be levied in the Fall Term and Winter Term.

V. Lifetime

The SCI 5 will be collected starting in Fall Term 2013, and will cease after collection in Winter Term 2017. In extenuating circumstances, such as the cessation of the ISSS as a Faculty Association, a successful opposing referendum, and/or a clear misuse of funds as determined by the Students’ Union and/or the ISSS, collection of the SCI 5 will cease immediately.

VI. Reimbursement Mechanism

The SCI 5 may be refunded upon individual student request. Refunds will be given to students who have completed the attached Reimbursement Form, which will be available in the ISSS office; or to those who have filled out the Online Reimbursement Form, which will be available on [www.isss.ca](http://www.isss.ca). All reimbursement forms must be accompanied by a Registration Verification or an Enrollment Verification document, which can be obtained free of charge through a request online via BearTracks or in person via the Office of the Registrar. Refunds will only be made in the semester that the student is currently enrolled, and will not be made after the withdrawal (Grade of W) deadline, as defined by the University of Alberta Academic Schedule. Refunds may only be disbursed with the signed approval of two Executive members on the ISSS with financial signing authority.

DIE BOARD RULING 2012-06

HEARING DETAILS:

Style of Cause: Kelly (GSJS) re: Bylaw 3000

Hearing Date: November 27th, 2012

Hearing Number: Ruling #06 2012/2013

DIE Board Panel Members: Cian Hackett, Associate Chief Tribune, Chair
Giselle General, Associate Chief Tribune
Roy Ho, Tribune

Appearing for the Applicant: Brent Kelly, Undergraduate Board of Governors Representative

Witness: Ryan Bromsgrove, Editor-in-Chief and Publisher of The Gateway

BACKGROUND:

Mr. Kelly provided a letter to the DIE Board from Mr. Ryan Bromsgrove, Editor-in-Chief and Publisher of The Gateway, asking the Board to interpret Students’ Union Bylaw 3000, section 7(9)(a). The Gateway Student Journalism Society (GSJS) wished to know whether allowing undergraduate students to opt-out of Class C and D fees via email satisfies the requirement to implement an unconditional online opt-out. If it does not satisfy this requirement, the GSJS wished to know if the establishment of a server to process opt-outs would be the only method of satisfying Students’ Union Bylaw.

During the hearing, Mr. Bromsgrove asked what mechanisms would or would not be considered an online opt-out. He also asked the panel to consider which organization would be responsible for the administration of the opt-out mechanism of Class C and D fees.

Mr. Kelly also asked whether opt-outs would have to be exclusively online in order to satisfy the aforementioned section of Students’ Union Bylaw. He also asked the panel to consider how much of the process much be online.

ISSUES:

[1] What does “online” mean to satisfy the requirement for an opt-out?
[2] How much of the opt-out process must be online for it to satisfy Bylaw 3000, section 7(9)(a)?

[3] If there must be an online opt-out, can there also exist a physical opt-out process?

[4] Which organization would administer the opt-out process – the Students’ Union, the organization levying the fee, or another body?

RELEVANT BYLAWS:

[5] From Bylaw 3000, section 7(9):

(9) Class C Fees and Class D Fees shall

(a) implement an unconditional online opt-out for the total amount of the fee;

DECISION:

[7] The Panel rules that an opt-out can only be considered as “online” if the submission occurs via an online mechanism, such as by email or an online submission form. The Panel also determined that an online opt-out option must be able to be completed fully online. As long as a fully online option is available, the administrative body may also elect to allow parts of the process to be completed offline, but the submission must be done online.

[8] The precise mechanism(s) of an online opt-out should be determined by the organization that administers the receipt of the requests to opt-out. As long as the mechanisms satisfy Bylaw 3000, section 7(9)(a), a student will only be able to opt-out by such a mechanism.

[9] The Panel finds Bylaw 3000 section 7(9) to be silent on who is responsible for administering the opt-out process. The Panel encourages the Students’ Union to consider whether or not it would like to define this in its bylaws.

[10] The Panel finds that it is outside the scope of the DIE Board to determine who should be responsible to administer the opt-out process, as this goes beyond the Board’s power to interpret Students’ Union Bylaw.

Re: Report of the Vice President Academic

Hello Council,

Below is a report for my activities over the past two weeks.

I. Council of Faculty Associations Working Groups

The Member Services, Finance and Administration, and Advocacy Working Groups of COFA all met in the past two weeks. Major items of business included discussing collaborative events, reducing stereotypes of faculties via a marketing campaign, financial reporting forms, financial training, the definition of the word “audit”, progress of the FATF, the University budget, program and curriculum redevelopment supports, and a recommendation for a “value of students in governance” political policy.

II. General Faculties Council

General Faculties Council met on November 26. There were no major items of business, but the President did report on initiatives like TUC, the Renaissance Committee, the Visioning Committee, and Our Case for Support. A number of student representatives voiced their concerns over the Dean of Students’ response to questions regarding the unexpected changes made to Lister Hall this summer, but some representatives were restricted from asking their questions by staff from University Governance. I have received a number of complaints from student members of GFC who felt that students were unfairly treated at this meeting, and intend to follow up.

III. Evaluation of Teaching

A Committee on the Learning Environment working group on teaching evaluation met earlier this month. I’m hopeful that we can have a productive discussion on the purpose of USRIs, the exact questions that are being asked, and appropriate response rates for use by Deans and Chairs.

IV. SU Survey

The SU has developed a set of 50 questions that it will be asking students in the coming weeks, focusing on SU operations. I worked with a number of SU staff to prepare this, and encourage you and your peers to participate once you’re emailed a link next week.
V. Miscellaneous

I attended meetings of the Open Access Subcommittee of APC, the University Governance Stakeholders Group as well as the Text-matching Software Working Group. I attended CLRC on the VPSL’s behalf. I attended the ISSS Open House, and the Canadian Military’s Soldier for a Day program. The second ARG meeting included an excellent discussion on Assessment and Grading. Finally, I’ve developed a preliminary draft of the terms of reference for an International Students’ Council.

Sincerely,

Dustin Chelen

Re: Report to Council Committee (for December 4th, 2012 Meeting)

Hello Council! Here’s a brief summary of what I’ve been up to.

I. CAUS and CAPP Meeting in Calgary
On November 16th, the Council of Alberta University Students (CAUS) had its meeting at the University of Calgary. Some of the interesting things we discussed were what our thoughts on open education materials (e.g. free textbooks), university salaries, and developing a mandatory non-instructional fee framework with the other student provincial advocacy groups. Additionally, we updated some policies, dedicated $4000 to the conference that we are planning in February, and decided to hire an intern for the conference. ([APPLY IF YOU HAVEN’T: http://joinscip.ca/internship-details/?id=393#.ULgsp2Ywiis](http://joinscip.ca/internship-details/?id=393#.ULgsp2Ywiis)).

One of the more interesting parts of the day was when Raph (Chair of CAUS and the U of C SU’s VP External), Duncan (Executive Director of CAUS), and I met with the President of the Canadian Association of Petroleum Producers (CAPP). Why? Well, for starters, Deputy Premier Lukaszuk suggested that we meet with him and find areas of collaboration. And we did. We chatted on how CAPP is developing a workforce strategy and raised some of our concerns with Alberta’s PSE system as a whole. We ended off the meeting in stating that we’d be more than happy to participate in CAPP’s workforce strategy that it’s proposing to the provincial and federal government since we want to ensure that student concerns (of accessibility and affordability, for instance) are at the forefront of this report.

*Interesting fact:* Duncan heralds the President of CAPP as quite possibly the third strongest/most influential man in Canada. So as you can imagine, we’re pretty stoked that our meeting with him went great.

II. CASA Advocacy Week in Ottawa
From November 18th to the 23rd, Colten and I were in Ottawa for the Canadian Alliance of Student Association’s (CASA) Advocacy Week. This can be divided into two parts:

1. **Lobbying:** Went excellent. I had multiple meetings with MPs from all parties and civil servants in-charge of the Canada Student Loan and Grant Program. They all went amazing and a lot of the CASA’s Advocacy Priorities were really liked. Highlight? Having a lengthy meeting with Elizabeth May (Leader of the Green Party) and taking a sweet Gangham Styled picture with her (I’ve attached it to the bottom of my report for your viewing pleasure). Here’s a brief synopsis of the things we advocated on:
   a. **Fixing Financial Assistance for Canada’s Students:**
      i. **Better Funded Grants** – Increase low- and middle-income grants by 25% (a $164 million increase in the Canada Student Grant Program)
      ii. **In-Study Income Exemption** – Reform the Canada Student Loan System (CSLP) so that students aren’t penalized for receiving an income that’s more than $100/week
iii. Exempting One Vehicle – Reform the CSLP so that student aren’t penalized for owning a vehicle worth more than $5,000

b. Improving the Impact of Research:
   i. Open Access – Make all research projects that receive tri-council agency funding (e.g. NSERC) open to the public for free
   ii. Protecting Student Intellectual Property – Influence universities to protect the intellectual property rights of undergraduate and graduate students who do research
   iii. The Student Voice in Canadian Research – Give undergraduate and graduate students seats at the governing tables of the federal government’s tri-council funding agencies

c. Ensuring adequate funding for the Post-Secondary Student Support Program – Eliminate the 2% cap on the PSSSP for Aboriginal students

d. Enhancing Permanent Residency Opportunities to Attract and Retrain International Talent – Increase the number of permanent residents accepted each year in Canada for international students and have a fast-track to permanent residency program for non-PhD international students

2. Plenary: The last day in Ottawa was reserved for CASA’s Plenary. We passed a couple of policies, but the most contentious issue was repealing CASA’s F05 Policy – Transferring the federal government’s education tax credits to the Canada Student Grant Program. There is a plethora of history behind this policy and how CASA’s members have felt about it over the years, but unfortunately it was repealed despite myself and other members fighting hard against the motion. It was an extremely tiring, lengthy, and (at times) demoralizing process. But alas, that is democracy. If you want to know more about this issue, simply ask me.

III. Wildrose AGM in Edmonton
On November 24th, myself and a couple of other student leaders attended the Wildrose’s AGM in Edmonton. It was an absolute blast getting the chance to familiar myself with the Wildrose’s caucus and members since I haven’t had as many meetings with them as I hoped for. We met over half of the caucus, invited MLAs to the conference that the student organizations are hosting in February, and asked Danielle Smith and the Wildrose’s Post-Secondary Education critic (Gary Bikman) multiple PSE-related questions. Furthermore, we had an impromptu (but quick) lobby meeting with Calgary MP Rob Anders when we ran into him at the AGM.

IV. SPARK: A Symposium on Post-Secondary Education in Alberta
Instead of calling it “The Future of Alberta’s Post-Secondary Education System Conference”, here’s a name that the marketing department proposed. I like it a lot and hopefully the other Steering Committee members (from the Alberta Student Executive Council, Alberta Graduate Council, and CAUS) do too. What’s progress like?

• Alberta Enterprise and Advanced Education – We chatted with the Ministry on a slew of Alberta PSE issues, but we focused primarily on SPARK. They still love the idea but prior to them committing funding to us, they want to see us develop a concrete strategy in us student organization’s engaging with our constituents with the vision drafted at the conference. Besides that, I feel extremely confident that we will be getting a lot of financial support from them.
• U of A – Met with the university’s Acting Provost (Dr. Ferguson-Pell) and he expressed a ton of excitement about the conference as well! Like the Ministry, they still want some more details but
it looks like we’ll also be getting some funds from them.

- Other PSE Institutions and SUs/SAs – Athabasca and the U of C are waiting to see how much the U of A is going to contribute. Grant MacEwan is reviewing a funding proposal from their students’ association. Other student organizations have committed some funds, as well, and I’m hoping that the Students’ Union will be able to chip-in too. Right now, we are floating between $10-12,000 in confirmed funding.

V. Residence Property Taxes
I’ve picked up a lot of progress on this front, lately. First, I presented to Edmonton’s City Council on November 26th on how I’d like to see provincial student organizations and municipalities partner up in tackling this issue of removing property taxes on campus residences. It was very well received from not only City Councillors (like Councillor Ben Henderson who asked me a question) but from those in the audience, as well. Second, a draft memorandum of understanding is nearly done and I’ll approach the University’s Facilities and Operations ASAP in trying to sign an agreement before the New Year. This issue is really picking up steam and optimism.

VI. Elections Act
We win. Boom.

Mad props to all past student advocates who worked hard at this issue (from past VPXs like Farid Iskandar and Beverly Eastham to past Advocacy Directors like Chris Henderson). All advocacy work is dependent on people “standing on the shoulders of giants.” (Ya, I said Saadiq.)

(P.S. We win, yes. BUT, not yet. Why? The Elections Act changes are part of a larger omnibus bill that includes very contentious issues such as election finances. However, at the end of the day, we are BEYOND confident that this will pass in the legislature. Soon.)

VII. WHOP, WHOP
If you have any relevant questions, ideas, or interesting thoughts, don’t hesitate to give me a shout.

Hello Council,

Below are the highlights since my last report.

**SUB Renovations**
The last week and a half has seen a substantial amount of revision to the first draft of our Schematic Design Report. This is the product of close collaboration between the project team, the University and the architects to clarify details, answer questions and add information where necessary. This will be presented to the Steering Committee on Dec. 16. We have had stakeholder-specific meetings with CJSR, the Chaplains, the Dean of Students’ office and the GSJS to discuss space plans and possibilities in certain parts of the building. Now that we have schematic images, we have begun the phase of advertising the project to a broad audience and collecting feedback from students on this first stage of design. There is an ongoing manned tradeshow style booth set up in SUB and an open house taking place December 4th.

**Facilities Development Committee**
There were two items of note at this meeting last Thursday - the Dentistry-Pharmacy Redevelopment Schematic Design report for the building’s shell and core was approved, and a proposed Signage Guidelines and Standards policy was discussed. The Dent-Pharm plans dramatically transform the types of functions the building can serve and enhance its presence on campus. With respect to the proposed signage policy, I provided some feedback to ensure that the Students’ Union can continue to efficiently manage signage in our building. Fun fact: campus is divided into coloured quadrants. This appears on campus maps and will eventually be reflected on exterior signage.

**Miscellaneous**
Other activities in the last two weeks include a daylong executive retreat, playing on the office campus cup team, and academics – I had a test this week and have a final exam this Tuesday. Besides an M-BAC meeting I'll be out of the office on Monday preparing for my final.

Cheers,

Andy Cheema.
