3. At “Make Your Mondays Pop” we handed out popcorn to students in the Student Forum from 1pm to 4pm on November 19th, 2012.

4. On November 20th, 2012 two Executive members attended Soup Supper and talked with various students (primarily those living off campus) about the fee referendum. We will continue attending soup supper to discuss the fee referendum for the time leading up to elections.

5. Also, the ASA presented the fee referendum at the ASA AGM (Annual General Meeting) on November 21st, 2012. There were 90+ students present. There were no questions directly related to paying the fee; however, there were some questions regarding how the money is being spent.

Reports
President – Carlo Martin
- Augustana expects to hit 1200 students but we have a problem with student retention. However, building projects continue. The Performing Arts Centre is going ahead and Founder’s Hall is going to be renovated to allow for a new staircase and elevator. The next project is the Science Building and then residence buildings.
- The ASA has been working closely with the Dean’s office and we will be reaching out to students to find out what makes you want to stay here and what you need in the campus.
- All of the student representatives are working for you. We serve on many committees and give a student voice to the administration.

VP Academic – Naomi Finseth
- I chair the APC and this year my committee is working lots of the fee referendum.
- When you enroll at Augustana, you pay an ASA membership fee of $65 per term.
- During the March elections you will be asked to reaffirm payment of the fee when you vote.
- We want your input so that we are providing services you need.
- The ASA fee is only one of the non-instructional fees that you pay. Some of the other fees you pay are Student Services, Athletics, etc.
- We hope to be transparent about our fees and we want to be accountable to you. And you may not realize how the other fees you pay are being spent.

VP Communications – Kelsie Sutherland
- We have done many awareness activities this year already.
• I serve on Faculty Council.
• You may have seen some Wellness Week flyers on your seats. It will be all next week.
• We are having cooking classes on Monday. If you sign up, you will get your $5 deposit back.
• We will be having massages, yoga, Booster Juice, fresh fruit, etc.

VP Student Life – Nathan Sereda
• I work to put on events on campus and work with clubs.
• Winter Formal is February 2\textsuperscript{nd} and the theme will be James Bond if you want to start thinking of dress-up ideas.
• I am working with clubs to be more proactive – hosting events and educational sessions.
• We have been working on advertising for club events, good posters, etc.
• Friday is Buy Nothing Day and Earthwise is doing some stuff for that.

VP Finance – Nana Owusu Asante-Apeatu
• I will be talking about our operating budget and our audited financial statements from last year. Copies of both documents were circulated to the members.
• I chair the Budget and Revenue Committee and our mandate is to ensure the organization is on a sound financial footing.
• Most of our revenue comes from student fees so that makes up the bulk of our operating budget. We have 1006 students this year.
• The SU gives us a transfer payment annually and we use this money to offset the ED salary. The SU recognizes that they cannot offer front-line services so they give us this money so that our office and staff can do that.
• The Investment Fund gets a financial contribution every year and this money will be used for a future student centre.
• The Audited Statements are presented for your information. We have an audit done each year to ensure there are checks and balances for our organization.
• The SEF (money we get from the Dean of Students at north campus) this year is going to Wellness Week and After U. We are also providing club awards this year during the Leadership Reception.

Councilor at Large – Rume Dedekuma
• I will start by encouraging you to talk to us, offer suggestions, or if you have any problems.
• We are here to represent you.
• I am on Budget and Revenue Committee. We think of ways to provide support to students – grants, awards, club funds, etc.
• We will be doing a hypnotist show next semester so look out for that.
• If Wellness Week goes good, we will look to expand that. We might do activities once per month – stress relieving activities like dodgeball, zumba, etc.

When done your pizza, please compost your plates and glasses – don’t throw in the garbage.

**Off Campus Representative – Vickie Michaud**
• I wanted to have a recycling program for off campus students.
• We are offering cooking classes on Monday thru Start from Scratch.
• The City of Camrose offers a good recycling program. If you live off campus, you pay a fee in your utilities.
• We have a lack of study space right now but there are plans in place to increase study space with the future building plans.
• I am on the Activities Committee and we have been doing lots this year. We did pumpkin carving and pumpkin smash. The pumpkins were composted after the event.

• I do a lot of odds and ends stuff – help out with events, taking pictures, etc.
• I sit on the Agenda and Priorities Committee. We have been discussing student retention and trying to get the word out on the fee referendum.
• I have helped out with Make Your Mondays Pop which we have every Monday in the office. It is a chance for you to come by the office and talk to us.

**International Student Representative – Susie Nguyen**
• Well the semester is almost over.
• My job on APC is to work on the student building proposal. We are looking at a building for the future when the student population is larger, and we would need to get space allocated soon so that the Administration has it in their long term plans.

• During the first two weeks back to school in January we will be doing some welcome back events such as sledding, skating with the Dean, Ice Sculpting.

Second Year – Natasha Gacek
• I am on the Awareness Committee.
• My major project this semester has been Movember. We are selling t-shirts.
• I wanted to make sure we get involved with the community and have them come out to our events so I have talked to CAM-FM quite a bit.

• Get Twitter...now!
• I organized Tricks for Eats where we went out and got food from the community for the Food Bank. We had a good turnout of volunteers.

• I am on the Budget and Revenue Committee as well.
• We have a goal to broaden our relationship with Camrose businesses. You may have noticed some of the discounts that we currently have. We are also working on a grocery store and maybe a taxi company.
**Question Period**

*Is the money that we pay $65 per semester, does that go directly to the students?*

- Because we are part of the U of A, the money goes to the SU and then they transfer it to us.

*To clarify, do you use the money for the benefit of students?*

- Yes, our budget is based on providing services, events, representation, etc. to the student body.
- We have larger administrative costs because our ED’s salary but her presence/work directly and indirectly benefits the students.

*With the Bailey event, $3000 from the ASA budget is going as a donation to the Bailey Theatre. Is that a viable use of funds?*

- Rixt Scholten responds that she will be approaching other Camrose businesses to get sponsorship for this. The cost is for the band, 10 Second Epic.
- In the past, we have done many fundraising events for various Camrose initiatives. For example, last year we did a fund raising concert for The Camrose Open Door which exists to help at-risk youth in the community. The organization’s outreach does benefit students as we have closer relations with the community of Camrose.

*You spend a lot on conferences and retreats. How can you justify this when we have to pay for First and Last Class Bash? Why are you spending more on yourselves than you are on students?*

- The Conference/Retreat line is a projected budget line. We never spend that much and each year we move money from there to fund other activities and initiatives.
- The actual cost for the retreat that we went to in September was less than $2,000. It is important for our team to do a retreat because many of us do not know each other to begin with and it helps to build leadership skills so that we can work as a team and serve you better.
- We project amounts because we are not supposed to make a profit on a yearly basis. However, if we know that we will not spend all the money in this category, it is funneled to other projects throughout the year.

*Why don’t you spend more on scholarships then?*

- We have increased grants, awards, and scholarships by $3-4,000 this year from last year.

*Do you have a sustainability plan this year? Tamara Zembel had mentioned it last year.*

- We are trying to use less paper in the office, paperless agendas. We re-use decorations and other stuff. We did promise you a sustainability program so we will work on that.
- Sustainability will also be going into the building plans for the future.

*There is a mandatory fee for Athletics. What does the ASA do for Fine Arts? I see you are supporting the Bailey Theatre but what else?*

- The Performing Arts Centre is being built and when it is built, the current Theatre Centre will be taken down.

*Why support the Bailey Theatre when the Fine Arts budget is being cut?*
• Unfortunately, we are not aware that the budget cuts are having adverse effects on students. If there are issues, please come and talk with us or come to our meetings.
• We can talk to Keith Harder on your behalf. We do not hear about Arts issues so it is good that you brought it up. Maybe we can talk to the Bailey Theatre about getting a better rate for Arts programs. Brittany Lehman would like to help you out.
• If there are programs and budget cuts, we want to know how they impact you so that we can talk to the administration on your behalf. It is our job to bring your concerns to the administration.

Please come out to the Moustache Dance tomorrow at 7:00 p.m. here.

Re: ISSS Faculty Association Membership Fee Creation Proposal

Dear Speaker Tighe:

On behalf of the Interdepartmental Science Students’ Society, please accept the attached document as the Creation Proposal for the ISSS Faculty Association Membership Fee (hereafter known as ‘Your Five-Dollar Science Community Investment’, abbreviated as SCI 5), to be presented at the December 4, 2012 meeting of the Students’ Union Students’ Council.

Sincerely,

[Signature]

Stephen Chin
President 2012-2013
The Interdepartmental Science Students’ Society
I. Purpose

The Interdepartmental Science Students’ Society is an inclusive and transparent science faculty association existing to offer useful services, to connect its diverse membership, and to advocate so that Science students may enjoy an enriching and valuable undergraduate experience.

The SCI 5 will allow the Interdepartmental Science Students’ Society to fulfill better its mandate. The purpose of this proposal is to offer undergraduate Science students the opportunity to pay a membership fee for improved events, services, advocacy, and support for Departmental and Program Associations.

II. Definitions

- The Interdepartmental Science Students’ Society (ISSS, pronounced ‘ice’) is the Faculty Association for the Faculty of Science at the University of Alberta.
- Your Five-Dollar Science Community Investment (SCI 5) is the money received from a $5.00 student levy applied to all full-time on-campus and part-time on-campus undergraduate Science students at the University of Alberta.
- The Council of Science Student Associations (COSSA) is a body of the ISSS currently comprised of 23 science student groups, including Departmental Associations and Program Associations.

III. Referendum Question

Do you support the creation of Your Five-Dollar Science Community Investment (SCI 5) for the Interdepartmental Science Students’ Society to allocate to the listed initiatives, subject to the following provisions? For a more detailed breakdown of the allocations, please visit www.sci5.ca.

1. The value in the SCI 5 lies in the following allocations:
   a. 25% towards granting and support of science student groups (eg. Departmental Associations)
   b. 20% towards science-specific events (eg. Graduation Banquet)
   c. 20% towards academic representation and advocacy (eg. Professional Development Grants)
   d. 20% towards services for science students (eg. Resources such as microwaves)
   e. 15% towards project development (eg. Science scholarships)

2. The per-semester fee would be assessed in each term to on-campus undergraduate students enrolled in the Faculty of Science in at least one course for credit, subject to the following conditions:
a. The SCI 5 shall be a $5.00 per-semester fee to be levied in the Fall and Winter terms;
b. Students in a work term as part of the Faculty of Science’s Industrial Internship Program, off-campus students, Visiting Students, and Special Students are exempt from the SCI 5;
c. Upon request, undergraduate science students would be able to use the reimbursement mechanism outlined in the ISSS Procedures Manual to receive a refund; and
d. The SCI 5 will be collected beginning in the Fall Term 2013, and will cease collection in Winter Term 2017.

3. After a four-year collection period, the ISSS has the option to renew the SCI 5 through another referendum.

IV. Amount

Each full-time on-campus student and part-time on-campus student enrolled in the Faculty of Science shall pay $5.00 per term. Students in a work term as part of the Faculty of Science’s Industrial Internship Program, off-campus students, Visiting Students and Special Students are exempt from the SCI 5. The SCI 5 shall only be levied in the Fall Term and Winter Term.

V. Lifetime

The SCI 5 will be collected starting in Fall Term 2013, and will cease after collection in Winter Term 2017. In extenuating circumstances, such as the cessation of the ISSS as a Faculty Association, a successful opposing referendum, and/or a clear misuse of funds as determined by the Students’ Union and/or the ISSS, collection of the SCI 5 will cease immediately.

VI. Reimbursement Mechanism

The SCI 5 may be refunded upon individual student request. Refunds will be given to students who have completed the attached Reimbursement Form, which will be available in the ISSS office; or to those who have filled out the Online Reimbursement Form, which will be available on www.isss.ca. All reimbursement forms must be accompanied by a Registration Verification or an Enrollment Verification document, which can be obtained free of charge through a request online via BearTracks or in person via the Office of the Registrar. Refunds will only be made in the semester that the student is currently enrolled, and will not be made after the withdrawal (Grade of W) deadline, as defined by the University of Alberta Academic Schedule. Refunds may only be disbursed with the signed approval of two Executive members on the ISSS with financial signing authority.

3.4.1 Precise allocations of money collected from a Faculty Association Membership Fee must be defined in the creation referendum defined in §3.1.1. The entirety of the anticipated fee must be allocated.

3.4.2 Allocations must be included in the annual base budget governed by §12.2.

3.4.3 Every reasonable attempt must be made to complete the initiatives described within the allocated budgets.

3.4.4 Money collected from a Faculty Association Membership Fee cannot be reallocated, unless through the process in §3.5. This includes increases to budgeted Faculty Association Membership Fee allocations and allocations to undefined projects.

3.5 Surplus Management

3.5.1 Any allocated amount remaining after completion of an initiative will be put in an account reserved for improvements to current projects or new initiatives.

3.5.2 Funds may only be drawn from the account after review of a detailed proposal by the Finance Committee and final approval by Council.

3.5.3 Surplus funds may be allocated in years outside the years of their collection.

3.6 Financial Reporting

3.6.1 If a Faculty Association Membership Fee has been collected during the fiscal year, the following must be appended to the ISSS’s annual financial statements and made publicly available:

3.6.1.1 A comparison of Faculty Association Membership Fee allocations with actual expenses, and

3.6.1.2 An appendix with evidence of compliance with Students’ Union Bylaw 8200.

3.7 Changes to §3, Membership Fees

3.7.1 Procedures governing Faculty Association Membership Fees, as outlined in §3, may only be changed by joint resolution of Council and the Students’ Union, as governed by Students’ Union Bylaw 8200.

15.4.6 Within one (1) month of completing the activity in an initiatives grant or receiving the money in a resource grant, the COSSA Member will be required to submit to the VPC a report. This report shall outline:

15.4.6.1 The costs associated with the item(s) or event, including receipts or invoices that were not available at the time the application was filled out,

SCI 5 Consultation Summary

This document outlines feedback generated from consultation with Members regarding SCI 5. Each section is summarized to give the general idea of the feedback received. The majority of students consulted were in favour of the SCI 5, and the majority of the feedback was more on procedures or amounts allocated rather than a removal or addition of any specific allocation. Below please find highlights on questions that were asked, suggestions for allocations, suggestions on how to better the campaign compared to 2011-2012, and opinions on the amount of the fee. The majority of proposed allocations did not bring up much opposition – a lot of the questions and suggestions are things that the ISSS either had not yet conveyed to students before they had asked the question, or are things that the ISSS has changed to reflect student concerns, as you will note by referencing the SCI 5 Creation Proposal.

Semi-Annual General Meeting – September 24, 2012 (37 students)

1. What improvements do you want seen in a FAMF campaign this year? What kind of marketing/consulting strategies would you like to see the ISSS adopt?
   - Presenting benefits
   - Staple info about the FAMF onto coupons/tickets or something
   - Posters aren’t very effective
   - Compare the price of the FAMF to a coffee
   - Compare the ISSS FAMF with the BSA/Augustana/Nursing
     - Compare to other fees of other Fas ➔ pictures, graphs, visuals
   - Posters that emphasize specific projects rather than going into gritty details.
   - Most people felt that they didn’t use the ISSS’s services.
   - More verbal marketing – explain opt-out options, there are those who would ultimately benefit.
   - Provide events similar to the BSA/ESS
   - Market to graduating students – won’t have to pay the fee.
   - People didn’t know what the FAMF was for
   - Emphasize big benefits for everyone
   - We’re not rich
   - Improve our services
   - Misconceptions have to be cleared up
   - Ice sculpture
   - Make the campaign more simple
   - Break the campaign down and target more specific things
   - Inform the students more about the breakdown.
   - Focus less on the aesthetics and more on the details.
   - Talk to science groups
   - How the fee can “change a students’ life”
   - Word of mouth, need more people involved with the ISSS
• Advertising throughout the year
• Make it seem not new
• Why do we believe in the FAMF?
• Less is more
• Events that give value
• Average students

2. Do you agree with the ISSS levying a $5.00 fee? Explain why or why not.
   • For the benefit of all science students
   • Problems – getting into the nitpicky details – shouldn't do this unless they ask for it.
   • There will be pressure on Exec’s in the upcoming years.
   • $5.00 seems reasonable compared to tuition.
   • No, it should be $3.00 per semester
   • Agree, but we need to know what it’s for.
   • Should lower the amount - $3.00 - $4.00, still a lot of money
   • For some it’s not about the money, it’s about the principle.
   • Yes, depends on how you do it
   • No – could be more
   • Yes, improving services/accessibility

3. What sorts of things would you like to see in a membership fee proposal? Any other comments?
   • Spirit building events
   • More furniture/desk space/study areas
     - Infrastructure – student space (ESS)
   • Tutoring services
   • Scholarship fund
   • Improve events such as IAN
   • Science Identification Item (Engineers have bandanas)
   • Pie on Pi day.
   • Large Scale events
   • Affordable fresh food
   • Free food
   • Hire professionals
   • Paid training
   • Increase COSSA granting
   • New Office
     - Accessible
     - Separate working office
   • More services, especially at cost printing
• Eliminate science stereotypes
• Focus on new projects – more apparent, such as services that are more useful/relevant to science students
• Assist + improve existing services
• Improve school spirit
• Special things that make us Science – Crazy events
• Science student space

9 out of 18 COSSA groups; 5 out of 7 SU Science Councillors; and 5 out of 7 GFC Science Councillors – mid-November

• Handbook is good for new students, but otherwise the cost-benefit ratio is low. The handbook has never been very useful, but if is truly valuable, such as compared to the engineering handbook, we will see some potential. The physical construct of previous handbook has been pretty mediocre.
• Microwaves are a great investment.
• Locks for lockers are a good way to manage the ISSS’s locker rentals
• Printer - how will sales be transacted? There’s a printer in the labs below the office, and a printer in Bio Sci, but having a more accessible printer in front of the ISSS office would be beneficial.
• Survival kit - Would rather see pens, candy, water bottles than stress balls.
• Spend more on getting really high profile speakers than stress balls.
• PD Grants - offer summer studentships for research/internships rather than individual grants.
• Leadership Conference – not sure how science students will react to this
• Like the idea of spending more on SAGMs to improve attendance/appearance.
• COSSA granting is a great idea, but also consider having all of the money in a grant pool rather than automatic funding?
• Scholarships and PD grants are good as science doesn’t typically have as many scholarships or grants as other faculties
• Very supportive of the idea of a science-specific handbook as the Engineering handbook seems very catered to students in the Faculty of Engineering
• The leadership conference is a good idea as there’s nothing really like it on campus other than the SGS Leadership Summit that student leaders in science almost unanimously agreed was too general for their groups
• All COSSA groups with the exception of UACS are very much in favour of a science-wide graduation
• Scholarships: would like to see more money spent on this, with scholarships dedicated to things other than academics.
• Missing: money spent on events with big science demos, student space in CCIS (study furniture, more tables), at cost food sales out of the ISSS office, career fairs
• All COSSA groups consulted were in favour of distributing information to their listservs and were all in favour of supporting the SCI 5
• COSSA was in favour of the automatic funding and the increase in the potential funding pool
Let’s Talk SCI 5 – November 23, 2012 (25 students)

- How do they decide where to take money away from in the event that many students opt out?
- Do not think that opting out is a good idea
- Concern that not enough student groups showed up to the Town Hall represent themselves – only UACS, PSA, and were there
- UACS not aware of events held by the ISSS
- First year swag bag potentially not that useful
- Instructor Appreciation Night is a worthwhile investment to build a good relationship with the Faculty of Science
- Student Investment Fund needs to be more defined – can’t just be a big savings account
- Computing science students often have labs that conflict with ISSS events
- Computing science students already have lockers, microwaves, and printing – can the ISSS provide UACS with other value in its allocations?
- Leadership conference is a great idea
- UACS very much supports the idea of SCI 5 for science students in general, but they do not see as much benefit to them as other Departments
- The opt out mechanism should be advertised during the campaign
- What’s the criteria for scholarships and professional development grants?
- Would like to see that FROST is subsidized for more students if many students end up signing up for it
- UACS combines their professor recognition with their graduation, so it would be hard to separate that in order to plan a science-wide graduation
Hey Everyone!

I hope you all enjoyed your time off and are ready to get back to work for the winter semester. There was still a lot of work to be done after our last council meeting before I left to have some time off. Overall, I had a very restful and enjoyable break, meaning that I had a ton of work to do when I came back into the office. I also took part in the Manager’s Retreat yesterday, where all the different units had a chance to update one another on what their successes had been in the last term and what direction they would be headed in this term. It is always important to know what is going on in the other units and for people to draw energy and ideas from one another, so the retreat overall was great! If anyone has any questions about my report or about the motions submitted on the recommendation of the Bylaw Committee for the bills in second reading, please let me know.

**Programming**

**Campus Musical**
The musical is now steadily moving forward. Rehearsal space is being booked, registration with the theatre company has been submitted, and the show is slowly starting to come together. We are hoping to have the license purchased by next week so that we can start to market the event and start to receive sponsorship for the event. The Director, Choreographer, and I met with one of the SU Technicians to talk about the show and discuss whether our vision for the show could be achieved. Overall, the meeting was very positive, although there was a ton of technical jargon being thrown around which at times went right over my head. I’m getting more and more excited for this project with each passing day.

**Antifreeze**
Antifreeze is moving ahead (yay!) as we got enough students to put teams together! This upcoming week should be a little busy and I encourage all of you to come out to some of the events, even if you won’t be participating. Antifreeze events have always been hilarious to watch in my experience, and this year shouldn’t be any different.

**SU Christmas Party for Kids**
The Kids Christmas Party was awesome as always! I dropped in a few times to help with the children who had come to SUB and to help serve pizza. A sincere thank you to all the volunteers who came out and put their time and effort into this program. We couldn’t have done it without any of you.
Visiting Lectureship on Human Rights
I met with representatives from different groups on campus to talk about which speaker we would like to bring in this year. There was a good group of candidates in front of the panel. I am unsure if the speaker has accepted to come and talk at the UofA so I won’t release any names until the speaker is finalized, but I will say that I am very excited for this program and I look forward to attending the lecture later this term.

As you can see with the motion on the Late Additions, we will be having Bylaw Committee build a referendum question based on a few principles. I put this motion on the Late Additions as an Information Item to council at the last meeting.

Gender Based Violence Prevention Project
Although many student may have been at home studying on December 6th, Melanie from GBVPP and representatives from APIRG setup a memorial outside of ETLC to mark the deadly shooting of 24 women resulting in the 14 deaths. I was particularly moved by their display and I am looking forward to the recommendations that come from this project, so that the SU can minimize or eliminate gender-based violence from our campus.

Student Engagement Granting
I sat in on another granting session, where we talked about a higher than usual number of applicants. There may be some changes in how some students may be able to apply for this grant; so for those interested, keep an eye out.

Pet Therapy
The SU worked with the Office of the Dean of Students to bring Puppy Therapy to SUB. We are hoping to make this somewhat more regular in the coming semester so that students can enjoy pet therapy session throughout the term and not solely at exam time.

Health and Dental Plan
The PotSU and I met briefly with Kristin Foster from ihaveaplan.ca to talk about the current contract and changes we would like to see. The contract is up quite soon, so Kristin was looking for some ideas on how they could make improvements to their existing contract. The renewal process overall will be something that the next VPSL will tackle.

Advocacy

Municipal Property Taxes
The VPX, the PotSU, and I met with the Director of Ancillary Services and the VP Facilities and Operations to discuss the MOU drafted by the SU. The feedback was positive overall, but there are a few areas in we would like to push on, including the
reporting structure and what the funds could be used for. We will keep council updated as this MOU continues to evolve.

ASC SOS
I attended an ASC SOS meeting on behalf of the VPA. The main topics of discussion were a new certificate coming out the Faculty of Arts and University of Alberta International as well as a potential discrepancy in language requirements for new and transfer students. Overall, it was a very interesting meeting and I hope that I get to attend more meetings like this in the future.

Athletics
The VPOF and I have been working on an MOU to be signed by the SU and Athletics with regards to the Golden Bears and Pandas Legacy Fund. We are nearing completion, with only a few minor changes still to make. We will keep council posted on the MOU when it is finalized.
I also attended a Interuniversity Athletics Committee meeting, where coaches and staff from the Department of Athletics talked about a procedure to upgrade Campus Rec Clubs to Varsity Programs but also probationary status for Varsity Teams. Finally, be sure to check out the New Years Classic this weekend among other athletic events (http://www.bears.ualberta.ca/en/Teams/PandasVolleyball/~media/Athletics/PandasVolleyball/NewYearsClassic/2013NewYearsClassicPVBSked.pdf). The UofA has invited a few teams from CanWest and a team from Japan to come participate in the tournament. For the schedule of events for the upcoming weeks, check http://www.bears.ualberta.ca/Schedules.aspx.

Meeting with Norma Rodenburg
I met briefly with Norma Rodenburg from the Office of the Dean of Students to discuss changes to the Code of Student Behaviour, specifically relating to Student Groups. Most of the changes are quite positive, but we still have a few things to work out before moving forward with this. The VPA and I also attended a meeting where this was the main topic and sought to input some feedback into the current proposal.

Other

SUB Renovations Steering Committee
The Steering Committee met once again to discuss the latest design draft from DIALOG. The project really is coming together, and I commend the VPOF, the GM, and several other members of the SU Staff for their tremendous work on this project thus far. I’m looking forward to coming back to SUB in a few years time to see the finished project and the liveliness it brings to SUB.

If you have any other questions, please ask during council, stop by the office in SUB, or send me an email at vp.studentlife@su.ualberta.ca.

Hey Everyone!

My apologies for the delay in sending out my council report. I was busy for the last few days preparing and studying for a final last night. As I’m sure you are all in study mode, I will do my best to keep this report brief. The Executives had a chance to recharge during a retreat on Thursday, where we discussed important issues that will be coming up as well as getting feedback on items like the VPA’s submission to the Bookstore’s Strategic Plan. Finally, please take some time over the course of the next couple of weeks to take care of yourselves. Exam season can be quite stressful, and it’s important to take study breaks, eat right, and do some activities to distress, whether they are physical or just mental breaks. Consider some activities being put on by University Wellness Services through Unwind Your Mind. Finally, good luck on your finals and happy holidays!

**Programming**

**Campus Musical**
The Director, Choreographer, and a selected Vocal Director held auditions and have selected the large majority of the cast. I am working with them to determine the details of rehearsal times and space as well as developing a sponsorship package so that we may bring down the SU’s costs, meaning that ticket prices will also follow suit.

**Campus Cup**
Campus Cup saw over a thousand students come out. In the end, the winning team on the Competitive side was the Monstars, with the Stepdads winning the Recreational Division. Congratulations to both teams and a huge thank you to all who participated. Also, to all of the volunteers and staff who worked countless hours to make this event possible, thank you. It was fantastic. I hope that councilors as well as students at large express their gratitude to you. We have had comments come in from the survey sent to team captains that was generally very positive.

As you can see with the motion on the Late Additions, we will be having Bylaw Committee build a referendum question based on a few principles. I put this motion on the Late Additions as an Information Item to council for a vote hopefully to occur at our first council meeting in January.

CSD
On a sad note, Tannis Pearson, the current CSD Manager, is leaving to pursue another position. Last week, the selection committee interviewed individuals and selected Tim Ira to be the new CSD Manager, which also means that the CSD Assistant Manager position will be vacant. Please let student know that they can apply for this position.

Student Group Granting
I sat in on another granting session with members of the committee, where we went through almost 40 applications for grants. We also discussed potential policy changes with respect to certain types of student group activities, which I will discuss in future council reports as policy changes arise.

Advocacy

Mental Health
I met students on the Student Health Committee to discuss upcoming plans for the Health Week planned for Winter Semester. I am very excited to see what the various groups have in store and am looking forward to working with these individuals on Health Week. I am also hoping that following Health Week, we can bring all parties to the table to discuss how best to plan Health Week for the 2013-2014 Academic Year and to bring together all of the different parties who organize mental or physical health related events on campus.

General Faculties Council
I attended a GFC Meeting last week, where a number of different items were discussed at length. The most important part of the meeting, undoubtedly, was Question Period, during which a number of student representatives asked the Dean of Students about the Lister Situation. Unfortunately, the Chair and the GFC Secretary were unwilling to allow students to provide the Dean of Students with important background information on the situation or for comments to be made, which have been allowed at previous meetings. In response however, a number of professors and GFC members were willing to speak with student representatives about what had happened, and many expressed their discontent with the manner in which Question Period was administered at the meeting.

Microwaves
I met with Lorraine Huntley from Ancillary Services to discuss opportunities for more microwaves on campus as well as a potential agreement as to who will maintain the current and potentially newly-placed microwaves.
Newton Place Residence Tour
I had a chance to get a quick tour of the Newton Place Residence with Craig Whitton and Dima Utgoff. This has been part of an ongoing series of tours that I have been going on to determine deferred maintenance needs in residences as well as models for the newly built residences to keep deferred maintenance from becoming a significant issue.

Takeaways:
– Meet with me if you are interested in the portfolio or just to chat!

To: Students’ Council 2012-2013

Re: Report of the Vice President Academic

Hello Council,

Happy New Year! Below, you’ll find a report of my activities since the last meeting of Students’ Council. For those of you who took the break to consider running for the position of Vice President Academic of the SU, please don’t hesitate to contact me if you’d like to learn more. I’m intending on hosting a job-shadow day sometime in early February.

I. Evaluation of Teaching

The second meeting of the CLE Subcommittee on USRIs was productive. We added one Department Chair to our membership, and fleshed out our Terms of Reference. The group hopes to develop a plan by the end of June on how to best proceed with the recommendations from a 2009 report on the evaluation of teaching. I’m looking forward to working with the Subcommittee to improve how students can provide feedback to instructors and administrators that enhances and rewards teaching.

II. Collegium VOCALE

The first meeting of the Provost’s Collegium on the Vision for an Outstanding CAmpus Learning Environment took place before the break. We oriented ourselves to the task of visioning 10 years to the future from the student perspective, and drafted a Terms of Reference. I have submitted a document for discussion to the Collegium, and am working with the University’s AVP Digital Strategy to summarize other University of Alberta visioning documents related to the student learning experience.

III. University Governance

Colten and I met with the University Secretary to discuss procedural issues surrounding GFC and its subcommittees. We’re hopeful that student representatives will see agendas and other meeting materials circulated in a more timely manner, so that they can be fully prepared to participate in meetings.
IV. Experiential Learning

The UPIO and I conducted research on experiential learning, and submitted a discussion paper to Policy Committee early this year. Based on the data, I’m excited to work with Policy Committee to develop a new experiential learning policy that we’ll hopefully bring to Council later this semester.

Sincerely,

Dustin Chelen

2012-16/2a Interdepartmental Science Students' Society Faculty Association Membership Fee, Presented by Stephen Chin, ISSS President and Jessica Nguyen, ISSS Director of Membership Fees. Sponsored by Dustin Chelen, Vice-President (Academic).

Under SU Bylaw 8200, Faculty Associations have the ability to collect a Faculty Association Membership Fee from all of their members. This fee is collected by the SU, and disbursed to the FA after successful completion of their financial reporting forms. The presentation will outline the purpose, amount, collection period, refund mechanism, allocation, and financial oversight of the fee. It will also demonstrate that students as well as Departmental and Affiliated Associations have been adequately consulted. Students' Council will have the discretion at the next meeting to determine whether or not this fee should be taken to a Faculty-wide referendum.

Motion: CARRIED

2012-16/2b Fall Reading Week Update, Presented by Colten Yamagishi, President. Sponsored by Colten Yamagishi, President.

Abstract: I will be providing a brief update on the progress that we have made with the Fall Reading Week proposal. After receiving considerable feedback from Dean's Council we have chosen to investigate a new implementation model for the week/program. The model currently imbedded in SU Policy was deemed unsatisfactory by Dean's Council due to accreditation concerns stemming from the loss of two instructional days. The new proposal does not require the loss of instructional days, but in some years, classes will have to begin before Labour Day (though never in August). This proposal also requires an extension of the last day of classes and the commencement school one day earlier. If we choose to pursue this option in Governance we must first amend the Fall Reading Week Policy at Students' Council to reflect the change in principle. This presentation
will provide further background on the current issue and will cover the pros and cons of amending our policy to the new model.
