Re: Students’ Council Engagement Task Force (SCET) Recommendations

Dear Students’ Council,

On behalf of the Students’ Council Engagement Task Force (SCET), I am pleased to provide you with the SCET Recommendations Document.

The following document was created with the help of SCET members: Petros Kusmu, Jessica Nguyen, Kelsey Mills, Marina Banister, Dawson Zeng, Lok To, Fabian Gonzalez, and Seamus Wu.

Over the span of six meetings, SCET drafted nine recommendations. These recommendations were consulted with the Students’ Council, SU’s General Manager, and Discover Governance. The draft of the document was also made available to the Faculty Associations’ VPAs.

It is SCET’s hope that the individuals listed in the “Summary of Recommended Steps” section will pursue the outlined recommendations.

Thank you,

Natalia Binczyk

APPENDIX 1 ....................................................................................................................... 16
Introduction

As stated in the Students’ Council Engagement Task Force (SCET) Terms of Reference (Appendix 1), SCET was tasked with examining “ways for Students’ Council to be more engaging”. The scope of SCET’s work included a “review of Students’ Council’s bylaws, standing orders, and its general practices to increase Council’s visibility to the greater student population, mak[ing] Council more inclusive to traditionally underrepresented demographics, and empower[ing] members of Council to better connect with their constituents”.

SCET’s recommendations to Students’ Council (SC) are organized into Problems, Solutions, and Recommended Steps. None of these recommendations are mandatory. The intention behind this document is to identify problem areas and propose solutions, thus enabling SC to enhance its visibility, inclusivity, and connection with students.

Upon reading the document, it will become apparent that many responsibilities associated with most recommendations fall on the Chair of the Council Administration Committee (CAC). It is advised that future CAC Chairs offer Council members the opportunity to lead certain initiatives. This will result in a more engaged Council and a more manageable workload for the CAC Chair.

In order to ensure continuity for the outlined initiatives, it is recommended that Committee Chairs also include these recommendations in their transition documents.
Summary of Recommendations

The document identifies problem areas and recommends solutions in order to improve SC’s visibility, inclusivity, and connection with the students. Recommendations are sectioned as follows:

A. Connecting Councillors with their Electorate
It is recommended that Councillors attend campus-wide events. The Event Calendar will aid Councillors with incorporating the events into their schedules. Class talks will offer quick updates on SC and will allow better recognition of SU representatives by the electorate. It is also recommended that clothing specific to SC be ordered following the elections and Councillor portraits be displayed in a public place such as SUB.

B. Enhancing collaboration between SC and Faculty Associations
It is advised that the VPA encourage FAs to request a Council delegate to sit on their boards. The Council representative would have the option to report to Council under the Board and Committee reports and would be required to report to CAC each trimester. The delegate would be key to debriefing on the state of the respective FA should Council be making a decision that could potentially impact the FA.

C. Enhancing Collaboration between SC and International Students
It is recommended that the VPSL advocate for the ISA to request a Council representative to sit on its board. Council representation on the ISA would occur on the same basis as Council representation on FAs. The delegate would be strongly encouraged to give at least one presentation to the ISA on the SC, the SU, and the SU elections.

D. Defining Council Goals
It is recommended that Standing Committees and individual Councillors create annual Goal Documents. These documents would be uploaded onto the website. The intention behind the document upload is to enhance accountability of Councillors to their electorate and to provide a ground for augmented collaboration between Councillors with similar aspirations. Pre-determined goals will also improve the efficiency of collaborative Council goal planning sessions.

E. Enhancing collaboration between Councillors and Executives
It is recommended that Councillors with goals that fall under an Executive portfolio commence collaborative efforts with the respective Executive. It is also advised that all Executives host at least one job shadow day to allow Councillors a more intimate view of their areas of expertise.
F. Increasing SC Presence on Facebook
It is recommended that CAC work with the Speaker and the Administrative Assistant towards the establishment of the SC Facebook page. The intention behind the page is to provide students with quick updates on SC and to facilitate discussions between the students and their representatives.

G. Improving SC’s Presence on the SU website
In order to increase the students’ knowledge of their representatives, it is recommended that Councillor biographies and portraits be uploaded onto the SU website. Furthermore, it is advised that a Councillor job description be created and uploaded onto the website.

H. Ensuring SC’s Efficiency
It is recommended that SC administer intro and outro interviews for all Councillors. It is advised that the interviews occur via surveys. Survey results should be analyzed by DG and presented to Council in order to identify ways to consistently improve SC.

I. Enhancing Professional Development Opportunities for Councillors
It is recommended that professional development opportunities for Councilors be explored. Enhanced development opportunities might provide an additional incentive for students to contest a representative position on Council.
Summary of Recommended Steps

A. Connecting Councillors with their Electorate
1. Increase Council’s involvement in campus-wide events
   - Programming and Venues (PnV) – With the assistance of the VP Student Life, PnV will find ways to maximize SC’s presence in its various events and the VP Student Life will communicate these opportunities to CAC.
   - VP Student Life and VP Operations and Finance – With the assistance of the SU staff, create an SU Event Calendar.
   - VP Academic – With the assistance of Discover Governance (DG), through the Council of Faculty Associations (COFA), the VP Academic will encourage Faculty Associations (FA) to populate the SU Event Calendar.
   - VP Student Life – With the assistance of Student Group Services (SGS), the VP Student Life will encourage student groups to populate the SU Event Calendar.

2. Encourage Council’s involvement in Class Talk presentations
   - DG – With the assistance of the SU President and the Chief Returning Officer, DG will collect listing of classes from the Registrar’s Office, organize the list, and share it with CAC.
   - CAC – Will create a monthly PowerPoint based off the Students’ Union’s monthly Newsletter and share it with SC.

3. Enhance Council’s presence through visual means
   - CAC – Order SC clothes within the first six months of SC. Amend CAC’s Standing Orders by adding in a “Council Clothing” section and legislate that it must occur within the first six months of SC.
   - DG – With the assistance of the President and the SU’s Marketing Department, DG will arrange to display Councillor Portraits.

B. Enhancing collaboration between SC and Faculty Associations
   - CAC – Amend SC’s Standing Orders by amending Section 2(1) and including an Order of Business entitled “Trimester Councillor Reports”.
   - VP Academic – Work with SC members in advocating FAs to have at least one non-voting member seat on their Council.

C. Enhancing Collaboration between SC and International Students
   - VP Student Life – Ensure the ISA’s Bylaws allow for at least one member of SC to be a part of its structure.

D. Defining Council Goals
   - Standing Committees – Amend Standing Orders to include “Committee Plans” section with deadlines that are concurrent with the “Executive Plans”.
   - Councillors –Follow deadlines for Committee Plans while submitting Individual Goals Documents.
   - DG – Work with CAC and the SU’s Marketing Department in developing
templates for the documents and ensuring that Goals Documents are uploaded online.

**E. Enhancing collaboration between Councillors and Executives**
- *President* – With the assistance of DG and the cooperation of the Executive Committee, establish at least one job shadow day in all executive portfolios.

**F. Increasing SC Presence on Facebook**
- *CAC* – With the assistance of the President and the SU’s Marketing Department, create a Facebook page for SC.

**G. Improving SC’s Presence on the SU website**
- *Discover Governance* – Work with the President and the SU’s Marketing Department to ensure that Councillor photos, biographies, goals documents, and email addresses are online and up-to-date. Work with CAC to develop and publish a Councillor job description.

**H. Ensuring SC’s Efficiency**
- *Discover Governance* – With the assistance of the President and CAC, DG will develop the interview surveys and analyze the survey results. DG will present survey results to the newly elected SC.
- *CAC* – Amend CAC’s Standing Orders by adding in an “Intro and Exit Interviews” section.

**I. Enhance Professional Development Opportunities for Councillors**
- *Discover Governance* – With the assistance of GM, CAC, and the President, DG will explore professional development opportunities for Councillors.
Recommendations

A. Connecting Councillors with their Electorate

Problem:
Council’s presence is apparent primarily during elections. Candidates often connect with the students through posters, banners, class talks, and social media. Once the elections are over, Council’s presence on campus decreases dramatically. Minimized Councillor and student interaction is reflected in the decreased knowledge on SC’s business among the students. Although all information about SC is available online, this method of searching for SC updates is the most time consuming. One-to-one conversations or class presentations on SC require only a fraction of this time. Minimized knowledge on SC results in fewer students interested in attending SC meetings, running in elections, and voting in the SU elections. Therefore, increasing SC’s presence on campus may improve student interest in Council as seen through the number of students attending SC meetings and running or voting in the SU elections. There are three main recommendations for connecting Councillors with their electorate.

Solutions:
1. Increase Council’s involvement in campus-wide events. Although some Councillors already attend University events, they often attend these events as students, not as Council representatives. According to an informal poll during one of this year’s SC meetings, the main barriers preventing Councillors from attending University events are: keeping track of what’s going on, short notice, lack of interest, and lack of time. An Event Calendar, created by the SU staff, will help Councillors to stay up-to-date with upcoming events. Councillors will be able to access the calendar at any time during the year and incorporate the events into their schedules in advance.

2. Encourage Council’s involvement in Class Talk presentations. Class talks may take between 1-2 minutes and should occur right before commencement of a lecture. It is imperative that Councillors request permission from professors prior to conducting class talks. Creation of a Class Talk PowerPoint takes approximately 15-20 minutes, and can be based upon the monthly SU newsletters. It is recommended that a CAC member create the monthly PowerPoint. Should all of the CAC members lack the time to fulfill this responsibility, it is recommended that a SC volunteer creates the PowerPoint and distributes it to Council members. It is essential that Councillors conducting class talks sign up on a class list in order to avoid duplication of efforts.

3. Enhance Council’s presence through visual means. It is recommended that any Council-specific clothing items be ordered shortly after the elections, instead of towards the end of the term. When seeing individuals wearing SC clothing, students will be more likely to recognize their representatives and start a conversation. Furthermore, it is recommended for portraits of Councillors to be displayed in a
public place such as SUB in order to enhance recognition of representatives by their constituents.

**Recommended Steps:**
1. It is recommended that VPSL and VPOF, with the assistance of the SU staff, create the SU Event Calendar. It is advised that VPSL and VPA encourage student groups and Faculty Associations, respectively, to populate the SU Event Calendar. It is also recommended that VPSL collaborate with Programming and Venues (PnV) in order to further examine opportunities for Councillors to become involved in campus-wide events.
2. It is advised that Discover Governance (DG) collect class listing from the Registrar Office. Furthermore, it is recommended that DG organize the class listing by Faculty, or any other method that DG deems appropriate. Creation of the monthly PowerPoint should fall on a CAC volunteer. Should no CAC volunteers be able to take on these responsibilities, an opportunity to complete the described tasks should be opened up to all members of Council.
3. It is recommended that DG collaborate with the President and the SU’s Marketing Department to arrange display of Councillor photos in public places such as SUB. It is advised that CAC amend its Standing Orders by adding a section relevant to Council Clothing and legislate that clothing items must be ordered within the first six months of SC.

**B. Enhancing collaboration between SC and Faculty Associations**

**Problem:**
Currently, there are no systematic, direct communications between Council and Faculty Associations (FAs). During the decision making process, Council may not always be aware of the state of each FA.

**Solutions:**
Due to the large number of students associated with each FA, it is essential for Councillors to bear in mind the state of FAs while making decisions. It is recommended that each FA create a non-voting seat for a Council representative. The Council representative will have an option to give written or oral reports to Council, which will appear under the Board and Committee reports. Council delegates would also be responsible for debriefing on the state of their respective FA should Council be making a decision that may impact this FA. This representative structure is inspired by the Council of the Collective Body for Arts Students, which requests that a Council representative, who also is an Arts student, sit on its Council. Council representatives on FAs would be treated similar to SU Standing Committee Chairs in that they would be expected to formally report to CAC every trimester.

**Recommended Steps:**
It is recommended that the Vice President Academic (VPA) work with FAs towards creation of a non-voting seat for a Council representative on the various FA Councils
or their equivalent body, wherever possible. It is recommended that the FA request a SC representative instead of SC request a seat on a FA Council or equivalent. Once an FA requests a SC representative, representatives from respective faculties will be elected via the same process as for electing SC representatives to SU Boards and Committees. It is also recommended that CAC amend its Standing Orders by amending Section 2(1) and including an Order of Business pertaining to Trimester Councillor Reports.

C. Enhancing collaboration between SC and International Students

Problem:
As stated on the UAlberta website, over 6,000 international students study at the University of Alberta (University of Alberta, n.d., International Undergraduate Students section). Unfortunately, many international students are unaware of SC’s actions and mandates, and their right to vote or run in the elections. Current efforts to create an International Students’ Association (ISA) generate the opportunity for Council to reach out to international students in an organized and strategic manner.

Solutions:
The ISA’s developmental stage increases the possibility for a Council representative to sit on its board. It is recommended for the VPSL, who is engaged in the creation of the Association, to advocate that the ISA request a Council representative to become a member of ISA’s governing body. Council representation on the ISA would occur on the same basis as Council representation on FAs. The ISA is compared to an FA due to the exceptionally large number of its members. It will be strongly encouraged for the Council representative to give at least one presentation to the ISA on Council’s role at the University, the SU, and the SU elections. The information is then expected to trickle down to all international students. As with the Council representatives on FAs, the Council delegate will be able to give optional oral and written reports to Council and will be expected to report to CAC each trimester.

Recommended Steps:
It is recommended that the Executive overseeing the development of the ISA, the VPSL, encourage its founders to form the ISA’s Bylaws such that a Council representative is requested to sit on its board. It is recommended for the ISA to specify whether the Council representative should also be an international student and whether he or she would be a voting member. Selection of the delegate will occur through voting at Council.

D. Defining Council Goals

Problems:
Although Council often sets multiple goals during Council goal planning sessions at the retreats and throughout the year, there often is no sense of direct responsibility for these goals. Council sets goals as the collective, without specifying parties that would be responsible for pursuing particular initiatives. Furthermore, there is no
document specifying Council’s annual goals, which makes it more challenging for constituents to hold their representatives accountable. Reasons for the lack of a Council goals document includes lack of a person responsible to creating this document and no definite agreement on which goals will be pursued.

Solutions:
It is recommended that SC’s Standing Committees create annual Goal Documents. Councillors would have an opportunity to create Individual Goal Documents. These documents would be uploaded onto the SU website and made available to all students. Creation and publication of the goals documents opens a door for better collaboration between Councillors with similar aspirations. Once everyone’s goals are determined and clearly stated, Councillors may begin to team up in order to pursue certain initiatives. Creation of Committee and Individual goals will allow fellow Councillors and the students to question representatives about the progress of their intended actions. It is not recommended for the collaborative goal setting sessions to be eliminated. Pre-determined individual goals will contribute to more efficient Council goal planning sessions.

Recommended Steps:
It is recommended that each Committee amends its Standing Orders to include “Committee Plans” section with deadlines that are concurrent with the “Executive Plans” (specified in bylaw 4000, Sections 8-11). If an individual Councillor would like to publish his/her goals, the Committee Goal Documents submission deadlines should be followed. It is recommended that DG work with CAC and the SU’s Marketing Department in developing templates for the documents and ensuring that the Goal Documents are uploaded online.

E. Enhancing Collaboration between Councillors and Executives

Problem:
Councillors often have ideas and projects, which they would like to implement. However, the primary role of a Councillor is to simply set a vision for the SU. It is then a role of the Executive to do the ‘leg work’ and to implement this vision into the SU’s actions. As a result, the Executives are often more informed of the nuances associated with leading a project.

Solution:
It is recommended that Councillors with goals that parallel Executive portfolios reach out the Executives in order to commence collaborative efforts. It is also recommended that each Executive host at least one job shadow day per year in order to allow Councillors a closer look at their areas of expertise. Once more Councillors have an intimate knowledge of the work done by the Executive, there may also be an increased number of candidates for the Executive positions.

Recommended Steps:
It is recommended that Councillors set their goals by mid-summer and commence
collaboration with the respective Executives. Furthermore, it is recommended that Executives plan and host at least one job shadow day per year.

**F. Increasing SC Presence on Facebook**

*Problem:*
In the face of increased dependence on technology, students are often searching for quick updates on events, issues, and news. Currently, the main resource where students can find out about SC updates is the SU website. Documents posted on the website are often lengthy and require a significant amount of time to examine. There is a need for a resource where students could receive quick updates on SC.

*Solution:*
SC Facebook (FB) page would allow students to see brief updates as well as links to Agendas and Minutes on their Newsfeed. The creation of a SC social network page gives rise to a number of questions, which will be addressed individually.

1. Who is able to post on the page?
   Only Councillors and the Administrative Assistant for SC would be able to post on the page. Students will be able to comment on the posts. This will minimize the possibility of inappropriate/irrelevant posts.

2. Will there be new accounts created for Councillors?
   Councillors would be using their personal accounts. Creation of a new account would lead to significant administrative work, which can easily be avoided. It is Councillors’ responsibility to be mindful of their privacy settings and the content on their FB profiles.

3. Who will ensure that there are posts on the page?
   The Administrative Assistant for SC will regularly post links to Agendas and Minutes.

4. Who will set up the FB page?
   The Speaker will do set up of the page, as long as the Speaker feels that his/her skills are sufficient for such a task. Set up of the page should include: rules of the page (which may be similar to the rules on the SU FB page), Administrator settings, and graphics. It is recommended that CAC reviews the rules and approves the FB page before it becomes public.

5. Who will oversee the FB page?
   It is recommended for the CAC Chair to coordinate the set up and maintenance of the page with the Speaker and the Administrative Assistant. The CAC Chair would also be expected to regularly examine the page for any inappropriate/irrelevant posts.

6. How can we ensure that questions/concerns from students are answered?
   It is recommended that Councillors visit the page regularly and address questions to the best of their abilities. If a Councillor is unable to accurately answer a given question, it is recommended for the Councillor to tag an Executive or a committee Chair under whose portfolio the question falls.

7. How will the page be promoted?
The SC FB page may be promoted via posts on the SU FB page and the SU website. Councillors and Executives may also promote the page on their personal social media accounts, through word of mouth, presentations, etc.

**Steps to be taken:**
It is recommended that the CAC Chair initiate the creation of the FB page with the assistance of the President, SU’s Marketing Department, the Speaker, and the Administrative Assistant. The CAC Chair should then inform Council members of the page activation date and any rules associated with using the page.

**G. Improving SC’s Presence on the SU website**

**Problem:**
The SU website offers minimum information about Councillors compared to the information offered about the Executives. Lack of information about Councillors contributes to the students’ scarce knowledge about their representatives.

**Solutions:**
It is recommended for Council biographies and pictures be uploaded onto the SU website. It is advised that a Councillor job explanation be created and published on the SU website. It is hoped that the job explanation will increase the students’ knowledge of the work done by their representatives.

**Recommended Steps:**
It is recommended that DG work with the President and the SU’s Marketing Department to ensure that Councillor photos and biographies are uploaded onto the website. It is advised that the CAC Chair encourage submission of the outlined files and send out remainders pertaining to these items. It is recommended that DG collaborate with CAC to create a Councillor job explanation and upload it onto the SU website.

**H. Ensuring SC’s Efficiency**

**Problem:**
The Students’ Council does not have a regulated feedback mechanism that would evaluate SC’s overall efficiency on regular basis.

**Solutions:**
It is recommended that Students’ Council implement annual intro and exit interviews for all Councillors. It is advised for the interviews to occur in a form of a survey. Survey results from the outgoing Council and the results of the intro survey administered to the incoming Council should be analyzed in order to explore ways for the improvement of SC. Survey results and corresponding recommendations for improvement should be presented to SC.

**Recommended Steps:**
It is recommended that DG work with the President and CAC to develop the intro and outro surveys and to analyze the survey results. It is advised that DG present the annual survey results and recommendations for improvement to SC. In order to institutionalize this recommendation, it is advised that CAC amends its Standing Orders by adding in an “Intro and Exit Interviews” section.

I. Enhancing Professional Development Opportunities for Councillors

Problems:
Currently, there are limited incentives for students to contest a representative position on Council. Besides the two annual retreats, Councillors are not provided with significant professional development opportunities.

Solutions/Recommended Steps:
It is recommended that DG work with GM, CAC, and the President to explore professional development opportunities for Councillors.

Re: VPA Report

Hi Councilors,

I hope you’re all doing well and enjoying the (finally) nice weather. The past two weeks in office have been crazy and amazing. For the most part, my days consist of attending various committee meetings, for example, this past week I attended Academic Planning Committee, which is one of the larger standing committees of GFC, as well as another Leadership College Meeting, and another Presidential Search Committee meeting, to name a few.

Aside from representing undergraduates on university committees, the past two weeks have been all about the student representatives. Cory and I have begun work on ensuring that Faculty Associations have a designated financial reviewer. The principle behind this is based in my belief that student representative associations should be given the resources to complete a task before being asked to complete it. The Students’ Union requires financial reporting from faculty and campus associations, and getting a financial reviewer is the thing that the associations struggle with the most. Therefore, we should help them with it. As of now we have planned a timeline and a consultation structure. I am in the process of drafting a long-term visioning document as well as setting up meetings with individual Faculty Associations and Campus Associations to discuss their ideas, needs and concerns with the project.

Also concerning faculty associations is another project I’ve been hashing out these past two weeks. I hope to create another working group of Council of Faculty Associations (COFA); the Council of Campus Associations (COCA). The principle behind the formation of this new working group is to create a space to address concerns specific to campus associations, as well as identify the sources of success of a couple of the most consistently strong associations on campus, with the intention of sharing best practices with other associations. Thus far, I have worked with Discover Governance to draft terms of reference for COCA and I have sent those to the CAs for review in advance of the meetings I have set up with them. After meeting with the CAs and discussing the terms of reference, I will redraft the terms of reference to take their changes into account. I will check back with the CAs to make sure that my redraft adequately reflects what they told me, then I will bring it to COFA Senior Board for deliberation.

Student representative association executives are not the only representatives that I oversee. I also am tasked with chairing GFC Student Caucus. The purpose of GFC Student Caucus (GFC SC) as I see it, is to ensure that students who sit on GFC understand everything that is happening at the committee and understand how the processes work. In the past, attendance and engagement at GFC SC has been pretty low, so in collaboration with Discover Governance (again), I have begun the process of revamping GFC SC to make it more attractive and useful to student representatives, which will hopefully further reduce barriers to student attendance and participation in GFC. Student attendance and participation in GFC is important because it is a matter of good governance for a strong student
voice to be represented on GFC, and this is important because students are an important stakeholder of the university.

I am also in the process of assembling Academic Relations Group (ARG). ARG is a great opportunity for interested students to gain committee experience, learn more about topics they are interested in, and make meaningful contributions to university governance. It’s also a good access point into student governance, so it can be a great student engagement tool. Interviews are being conducted this week.

For councilors, the Govcamp schedule is finalized and online at [http://su.ualberta.ca/governance/discover/](http://su.ualberta.ca/governance/discover/). If you’ve missed the application deadline, have no fear, just shoot Rebecca Taylor and email (sga@su.ualberta.ca) asking if there are still spots available and if you can still register. Govcamp will run from May 23 until May 25, and I hope to see you there!

All the best,
Kathryn

Re: Report to Students’ Council

Hello Council,

Well the first two weeks in office have definitely been exciting. Everyday something new happens and I’ve had to learn a lot very quickly. I’ll be following the same format to reports that Josh had, as I found it useful as Councilor, but let me know if you have any feedback.

Retreat
Retreat was fantastic and I learned a lot about a lot of different things. The days were jam packed with information and presentations. Who would have known we did so much?

Audit Transition
I had a great transition meeting with Councilor Farooq on May 8th.

The Gateway Student Journalism Society (GSJS)
The GSJS had their first board meeting of the year where we approved the contracts for their business unit.

North Power Plant
This has been my main focus my first two weeks and I’ve done a considerable amount of reading on it. I had a great meeting with Ben Louie on May 15 and have some individuals on campus to follow up with.

Student Involvement Endowment Fund (SIEF)
SIEF is the fund we use to fund the majority of the Students’ Union Awards and it’s actually a separate fully incorporated society. Our lawyers rewrote the bylaws for SIEF for some modernization and streamlining, as well as to allow SIEF to make loans at fair market rate to the SU. The meeting to change the bylaws will take place sometime next month, but I familiarized myself with the current bylaws and the proposed new ones.

Business Advisory Group
I plan to continue the Business Advisory Group, although in a different format and likely under a different name. I am currently in a consultation process with managers about what this group will look like and how it will work. I hope to have something more concrete soon.
DFU Task Force
I’ve emailed all the DFUs asking if they would like to propose a representative for the task force, and gave a deadline of May 16th to respond. I’ll be following up with each DFU individually as well to be sure they are aware of the process and exactly what the task force is trying to accomplish, should they have any concerns.

UPASS
I’ve attended a Joint UPASS Advisory Committee comprising of representatives from NAIT, Grant MacEwan, NorQuest, ETS and the U of A where we had a presentations on the new SmartFare proposal from ETS, which is still in it’s preliminary phases

I also attended an internal UPASS meeting with University where we discussed Spring/Summer uptake rates.

Operating Policy Review
I’ve been reading Operating Policy with long term goal of doing a review. This will be an ongoing process.

Cheers,

Cory Hodgson

Re: Vice President Student Life Council Report

“The world is your neighbourhood now. You’re in their hearts, you're in their brains.”

Welcome, Council!

It feels I’ve been going 12 hours a day since April 30th when we left on our Executive Retreat! It has been a wonderful experience settling into my role and getting the year off on the right foot.

VP Hodgson and I will not be available for our May 20th council meeting as we will be in Montréal for the annual StudentCare stakeholder conference, meeting with other student leaders to deliberate on healthcare issues, approaches, and tactics. Now, to let you know what I’ve been up to:

Executive Goals
Even with President Lau and VP Khinda’s time away at CAUS and CASA, and with VP Hodgson and I’s departure for this week, we have made great strides on refining our combined goals document. Through additional collaboration, we should be able to present this to council sometime in the near future.

Administrative
It took many long nights, and much help from our administrative staff, but the VP Student Life filing cabinet has been sorted after several years. It is amazing how satisfying organizing six years of filing into a beautiful, colour-coded system is. The office is looking pretty sharp, too!

Council Committees
GAC: At our last committee meeting, I made a motion to appoint two GAC members to the Student Group Granting Committee. Congratulations to Councilor Chen and Councilor Hwang.

Policy Committee: With Councilor Gruhlke as our chair, we jumped right to work. We have a list of policies that expire this year that we will need to revisit and bring to council throughout the year, a list of policies and that were worked on last year that we need to work through and decide on a course of action. I am very excited for the huge potential we have before us. Next council report, I expect to be able to inform council which policies I will be taking on.

Transportation
There are exciting developments in the works for our U-Pass. Fort Saskatchewan is running a pilot program until December 31, 2015, that lets you ride route 198 one-way to and from Fort Saskatchewan for $1.00, as well as ride in Fort Saskatchewan for free. We are also in conversations with all transit stakeholders about how a SmartFare fare implementation would look!
Gender and Sexuality Diversity Centre (GSDC)
We have now shortlisted, and chosen a candidate for a GSDC Program Coordinator. Over the summer months, they will: develop a governance model, programming schedule, and fund development strategy. I will be working on this in conjunction with our Senior Manager Student Services, the Gender Based Violence Prevention Project, and my fellow Project Lead that worked with me on the research that led to this hire. We hope to launch the centre in September.

International Students Association (ISA)
Thank you Councillor Chen for reaching out to the executive to participate in your ISA photoshoot!

Winter Programming
Conversations have been started regarding potential collaboration with Alumni Affairs for their centennial celebration in 2016.

Student Life Working Group
I am hoping to find time soon to discuss with you all about your interest in VP Student Life issues. I am looking to convene a Student Life Working Group (name pending), consisting of councilors and constituents alike, wherein we can work collaboratively towards common goals.

Here ends my first written council report. Hope you have a wonderful day, and I’ll see you soon!

Re: Report to Students’ Council (for May 20th, Meeting)

Hello Council!

I hope all of you are enjoying the lovely Spring weather that has been long overdue. For those of you on campus throughout the day, feel free to stop by SUB 2-900 and ask me to take a break to play some Frisbee in quad.

Time always flies by, and it seems like the past two weeks have been carried with the wind. I experienced my first Board of Governors Meeting on May 9th, where we voted in favour of the Athletics and Recreation Fee brought forward by the Faculty of Physical Education and Recreation as directed by last year’s Council after extensive discussion. With its approval, promoting free varsity games will be something on our radar and our team will soon connect with the Department of Athletics to have this conversation. We also approved the 2014-2015 fees for both the Students’ Union and the Graduate Students’ Association. The Board of Governors meeting started with an elaborate 1.5 hour report from President Samarasekera on the progress of her team of Vice Presidents. Throughout the board meeting, the board’s vision is constantly projected on the wall to ensure that discussion and decisions align with the board’s goal to build the University of Alberta as one of the best post-secondary institutions. I strongly suggest all of you to attend a board meeting sometime in the future to see how they are run.

Immediately after the board meeting, I left to Ottawa to participate in transitions with our federal lobby group, the Canadian Alliance of Student Associations (CASA). The four-day transition was a great way to converse with 21 other student unions/associations across Canada. Not only did VP Khinda and I learn about CASA as an organization, but also learned about the responsibilities of the federal government relevant to post-secondary education. From here, we also had a variety of speakers help us through advocacy strategies, media encounters, and writing policy. If you have an interest in any of these areas, I
would love to share my notes with you. The top three “wins” over the past year for CASA were multi-entry visas for international students, exempting vehicles in federal student loan calculations, and ensuring that research funded by the government would be available as “open resources”, aka free.

Our executive team has been putting a lot of effort into writing our goals this year, but we are interested in trying something totally different, which may require us to stretch our timeline. Rather than writing our goals document within the executive committee, we are making it a priority to consult our staff. Your first exposure to our goals will be at Govcamp this coming weekend, where we will present to you our principles and concerns. After that, the executive will present them to our Senior Managers for feedback, and work with them to write up “means” to meet out “ends”, or possible next steps. We hope that this will allow us to better use the SU’s resources in achieving executive goals, and also build on the relationship between the executives and the rest of our organization.

By the time you read this council report, I will be in Canmore participating in transitions with our provincial lobby group, the Council of Alberta University Students (CAUS), but will hopefully be back for the next Council meeting!

P.S. The next board meeting is on Friday, June 20th at 8AM! Let me know if you want to observe!

William Lau

Re: Report to Council (for May 20th meeting)

Introduction

Hello Council!

As the final remnants of winter leave us, I hope you’re all taking time to enjoy what is hopefully the start of summer. Similarly, I hope you’re settling in well to your role as Students’ Union Councilor!

It’s been well over two weeks since my official start as Vice President External, and I must say – it’s been a whirlwind! For the VPX and the President, much of May is spent out of town, and for good reason! I write this to you on my second day actually sitting in my office!

Most of my time this month will be spent out of town with various transitions and retreats. William and I just returned from the Canadian Alliance of Student Associations (CASA) Foundations Conference in Ottawa. On Friday morning, we will be leaving to attend the changeover for the Council of Alberta University Students (CAUS) in Canmore. Below you can read about what happened in Ottawa, but first, I thought I’d give you an overview of the context regarding post-secondary education (PSE) and the various levels of government.

Government and PSE

Not everyone knows the ins and outs of Canadian federalism and how PSE is regulated in Canada, which is why I’ll give you a cursory overview here.

There’s really interesting history behind this, but essentially, there is a constitutional division of powers in Canada between the federal and provincial governments. The division of powers defines the scope of power of each level of government – they have responsibilities that are either exclusive to their jurisdiction or shared between both. For example, the national government has the power to regulate trade and commerce\textsuperscript{1} as well as criminal law.\textsuperscript{2} The provincial governments have legislative control over property and civil rights\textsuperscript{3} as well as matters of a local or private nature within the province (such as traffic, littering, etc.).

What does this have to do with post-secondary education?

Section 93 of The Constitution Act grants the provinces exclusive jurisdiction over education, allowing provincial governments to structure and manage their own education systems.

Before the 1960s, much of the funding for PSE came from the federal government. However, 1959 signaled a shift. Rather than increasing funding directly to PSE institutions, grants would go to the provincial treasuries instead.\textsuperscript{4} The years after World War Two up until the 1960s showed an increase in federal involvement due to

\textsuperscript{1} The Constitution Act, 1867, s 91(2), \url{http://www.canlii.org/en/ca/laws/stat/30--31-vict-c-3/#sec91}.

\textsuperscript{2} The Constitution Act, 1867, s 91(27) \url{http://www.canlii.org/en/ca/laws/stat/30--31-vict-c-3/#sec91}.

the influence of external political events and internal changes. The 1960s, in general, marked the start of provincial coordination in higher education, which meant greater balancing between federal and provincial governments to maintain their respective jurisdictions.

A major paradox is as follows: on one hand, provinces have the constitutionally derived responsibility for social welfare, health, and education. On the other, federal responsibility is concerned with the national interest, economic development, and Aboriginal affairs. This paradox has led to a major line of tension in federal-provincial relations as each jurisdiction attempts to fulfill these responsibilities. Therefore, federal support and involvement in the PSE sector is a result of historical events, politics, and the spirit of federalism.

Even though authority over education is exclusively the purview of the provinces, it doesn’t mean the federal government can’t play a role. In fact, they have a very large indirect role to play:

- Raising money through taxation, nationally;
  - Taxation and spending powers – the Canada Health Transfer and the Canada Social Transfer are administered through the Department of Finance. A portion of that money goes to PSE.
- Regulation of trade and commerce;
- The Census and statistics;
- Intellectual property;
- First Nations issues;
- Immigration;
  - International students! Citizenship and immigration issues regarding visas allowing study, work, and travel in Canada.
- Research and Granting Agencies
  - CIHR
  - NSERC
  - SSHRC

Federally, indirectly and directly, they provide about $20 billion in support for PSE. You may be familiar with programs such as the Canada Student Loans Program (CSLP), Canada Student Grant Program (CSGP), and the various Education tax credits.

The Alberta Provincial Government has a direct role to play in our PSE institutions. They:

- Regulate tuition and fees;
- Provide core operating funding for PSE institutions;
- Provide student financial aid in the form of loans, grants, scholarships;
- Can be responsible for the creation of internships and work programs;
- Control legislation regarding residences.

Because both levels of government have an impact on post-secondary institutions and students, Students’ Unions across the country advocate to our respective provincial governments and the national government. We do this through our lobby groups. UASU does this through CASA and CAUS!

CASA:

The CASA Foundations conference (May 9th-13th) was an excellent opportunity to interact with other SU executives from across the country and it was also a great learning experience when it comes to policy and advocacy. Though I had a good understanding of our federal lobby organization before, this conference really strengthened my knowledge of the organization and the potential we have if used well. The purpose of this conference was not to set any policy or advocacy goals (that comes later, during our July conference). Rather, this was to provide us with a foundation of how we can excel at federal advocacy. On the final day, the new Board Chair and Board Members were elected, as well as members to various committees.

There are a few key issues that I personally want to focus on federally, which you’ll hear more about later. I’m very interested in developing strong research-based policies. A few of the issues I want to work on include creating a policy on the federal Education and Textbook Tax Credits. Simply put, they are an inefficient use of public funding and can be better allocated towards other means of student financial assistance. I’m also interested in discussing international students and their concerns as well as looking at programs to strengthen assistance for Aboriginal students, such as the Post-Secondary Student Support Program (PSSSP). As such, I was elected to sit on CASA’s policy committee!

In short, Ottawa was awesome!

CAUS

As you read this report, I will have returned from our changeover retreat! Please ask me questions in Council for updates regarding CAUS.

Conclusion

That’s it for now folks! If you went through this entire report, congrats and thanks for reading! I’ll try and keep them shorter in the future, but don’t mind if I add some external knowledge here and there.
