Executive Committee, Minutes.

**Loewen** expressed the concern that the Executive Committee minutes provided insufficient information on the daily activities of the Executive Committee, and that these minutes were not comprehensively complemented by the Executive reports.

**Loewen/Tobias** moved that the Executive Committee minutes be tabled until the next meeting of Council, at which time more detail would be provided.

**Loewen**: Council is poorly equipped to ascertain the details of activities and the context in which they were performed due to the vague documentation of said activities. Students’ Council has considerable responsibility, and it is reasonable to expect to be well-informed about the ongoings of the Executive Committee.

**Salyzyn**: The minutes are accurate representations of what transpires at the meetings, and specific questions should be addressed in Question Period. Rewriting the minutes would serve no purpose.

**Coles**: Council should have the right to ask questions regarding these minutes before it approves them. This portion of the agenda should be moved to the items following Question Period.

**Harlow**: This is how the Executive Committee minutes have always been presented to Council. Council was advised against holding the current Executive wholly accountable for a procedure that they inherited.

**Nychka/Kotovych** moved to call the question.

Carried

7/32/1 Failed

**2001-19/9 QUESTION PERIOD**
Tackaberry: Could the President comment on the fashion feature he participated in for SEE Magazine this past week?

Samuel: There was a Board of Governors meeting that day, and a suit was appropriate. It doesn’t necessarily cast negatively on students, because students come from a wide demographic. The position of President should not be prohibitive to particular sorts of clothing.

Agur: What recommendations is the SU making for cuts regarding the University’s eight-million-dollar shortfall?

Samuel: The University has a cost reduction task force, which was an SU recommendation. Cuts will likely take place in the areas of travel, professional fees and other such items.

Jones: The SU elections do not offer secret ballots. Why is this?

Samuel: Separate sheets with students’ identification numbers on them are required to ensure, through the Registrar’s Office, that only students vote, and that each votes only once. There are no plans to alter this procedure.

Adhihetty: When the petition for Gateway autonomy was presented to classrooms, it was remarked that the SU has placed undue pressure on The Gateway regarding its editorial content. Is this true?

Alexander: The Gateway has been told that it would be better treated materially if it weren’t so controversial, and other comments have been made.

Adhihetty: Who said this? And why has it not been raised in Council before?

Alexander: The Gateway routinely hears about matters that could jeopardize the positions of people within the organization, and much is said in confidence and ‘off the record’. The Gateway must make decisions regarding its moral imperative. It was Wanke who made the specific comment, and there are other ways in which The Gateway feels its editorial autonomy is being impinged.

Boutet (sponsored): Alexander once wrote an editorial that Samuel responded to; however, the response was potentially libelous, and thus it was not run in the newspaper. There was word from the Executive office that the SU page would be formatted to look identical to a page from The Gateway’s regular sections, with the letter run on it. That is an infringement of editorial autonomy.
Wanke/Salyzyn/Speer/Zwack/Jones moved to extend Question Period by a further fifteen minutes.

Alexander: Little of this is new information. The Gateway is in a uniquely difficult position, as it is expected to hold its government accountable while answering to them as well. Above all there is a constant attempt to keep matters detached and non-confrontational.

Wanke: The pressure alluded to was not as severe as might be imagined. No one is trying to create a conflict, but it is important that The Gateway perform appropriately.

Sharma: How will differential tuition be addressed by the SU? Samuel: The SU has a tuition task force with representation from all faculties. The province has revisited its tuition policy, and the SU is working with them. Both the province and the University have bleak revenue projections, but the SU continues to meet with MLAs to stress the importance of investing in post-secondary education. It is important to get the students' message out before the release of the budget.

Boutet (sponsored): Wanke's response to the notion that the Executive would usurp the editors' discretionary authority is insufficient. How does the issue recently raised not trump the editors' autonomy? Samuel: In that particular case, there was no infringement. Alternative viewpoints should not be considered libelous. A balanced approach should be taken to editorial content. Boutet objected to any insinuation that his decisions regarding what is and is not published correlate with his personal preferences.

Sharun: What is happening with food and beverage management, and what is being done about the poor reviews given to service at RATT and the Power Plant? Speer: Steve Derpack has recently been hired as the Senior Manager of Programming and Licensed Activities. Part of his role is to review management structures, and the SU is currently undergoing that process, and exploring the possibility of a night manager position, or a day floor manager.

Wanke: Has Mr. Boutet's job ever been explicitly threatened? Boutet: No.

Further extension of Question Period was rejected.
2001-19/10 LEGISLATION

2001-19/10a SAMUEL/SALYZYN MOVED THAT Students’ Council, upon the recommendation of the Executive Committee, approve the proposed changes to Bylaw 100 respecting the Students’ Council (SECOND Reading).

Jones moved that the clause in Section 11e be modified to read ‘academic year’ rather than ‘council year’ (Friendly).

26/3/2 Carried

2001-19/10b SPEER/ZWACK MOVED THAT Students’ Council, upon the recommendation of the Executive Committee, approve the proposed changes to Bylaw 5400 respecting the Nominating Committee of the Students’ Union (SECOND Reading).

28/3/4 Carried

2001-19/10c SHARUN/SAMUEL (Councilor) MOVED THAT Students’ Council, upon the recommendation of the Internal Review Board, approve the proposed changes to Bylaw 6600 respecting the Dedicated Fees Oversight Boards of the Students’ Union (FIRST Reading).

Speer outlined the proposed bylaw, before moving on to the proposed amendments placed before Council, which were available at the meeting. The amendments were detailed to Council, which then adopted them as friendly.

Wanke/Zwack moved to suspend Standing Orders regarding adjournment.

26/6/2 Carried
Speer/Hoffman moved that Section 6a be amended to add the words ‘no later than June 15’.
Carried

Loewen moved that the word ‘annum’ be exchanged for ‘year’ throughout the bylaw (Friendly).

McGraw: Which organizations specifically does the proposed bylaw concern?
Speer: The Golden Bears & Pandas’ Legacy Fund, CREFC, WUSC, the Eugene Brody Fund, the Access Fund, the Student Involvement Endowment Fund, and the APIRG.

At this point, a lengthy amendment to the bylaw was circulated for Council’s examination.

Jones/Loewen moved that the circulated amendments be adopted into the bylaw.

Harlow ruled the amendment out of order, stating that adopting it would be tantamount to rejecting the bylaw in its entirety.

Loewen challenged the Chair.
15/20 Failed
The Chair’s ruling was defeated.

Jones: The scheme proposed in the amendment is not radically different from that of the main motion. It is, however, different philosophically. The SU, in this construction, would function as an auditor.

Speer: The bylaw brought before Council is the product of months of consultation with a myriad of bodies; what consultation has been done for this amendment?
Jones: It has been discussed with representatives of APIRG and The Gateway. The Internal Review Board is not the sole mechanism for bringing matters to Council. In any case, there would be no objection to referring the amendment to IRB.
Samuel: This amendment appears to be well-thought out and representative of excellent intentions; however, few among members of Council will be able to render a valid opinion at this meeting, because it has only just been circulated.

Samuel/Davidson moved that the amendment be tabled and referred to the Internal Review Board, to be revisited at the next meeting.

Salyzyn: While the spirit of the amendment is good, Council cannot be entirely sure that it is completely appropriate to this situation, or that its contents are comprehensive, until it has been thoroughly examined. IRB should check it for conflicts and other errors; it is of such a quality that it should be dealt with properly.

McGraw: If it were referred to IRB, what mechanism would be in place to ensure that the affected groups are properly consulted? Samuel: All interested councilors, parties and organizations will be invited to IRB for a comprehensive discussion.

Kumar/Taher moved to call the question.
25/9/0 Carried
22/8/1 Carried

2001-19/12 NEW BUSINESS
2001-19/12a SPEER / ZWACK MOVED THAT Students’ Council, upon the recommendation of the Executive Committee, ratify Kim Emsley-Leik, Eva Ng and Queenie Widjaja as Deputy Returning Officers for the 2002 Students’ Union General Election.

27/5/1 Carried

2001-19/14 ANNOUNCEMENTS
Sharun: Thanks to the Executive and the fee boards for attending the dedicated fees meeting this past Friday.

Jess is no longer an Engineering student, and will be joining the faculty of Open Studies, where he intends to fill the long-absent Open Studies seat on Council.

Coles: The Education Students’ Association is hosting a Karaoke night at the Power Plant this coming Wednesday. Councilors are eligible to come for the member price of $2.00.

Agur: International Week is upcoming; Maude Barlow and David Schindler will be speaking on the theme of “Living As If the Planet Matters.”

Sharma: February 6 is the Canadian Federation of Students’ Day of Action. There will be action.

Hoffman: Business Week is next week; there will be pancake breakfasts, and a fashion show on Saturday. All proceeds will go to charity.

Jones: Thanks to Wanke for organizing the Engineering Week wrapup show. Chemical and Materials Engineering were this year’s winners.

Zwack: CASA Awareness Week is February 11-15.

Clyburn: The Faculte Saint-Jean will be making an appearance on the main campus to dispense FUN FUN CANDY.

Wanke, in having no announcements whatever for the first time this year, wished her pride noted for posterity.

PRESENTATION AND DISCUSSION

2001-18/6a

Chris Samuel – Students’ Council Survey (2 Minutes).

The results of the Students’ Council survey were provided in the agenda package. Council is now presented with the option to act on these results or not. Such action could take the form of a task force, who would generate recommendations according to the results.

Sharma: Council should get the chance to look at the review again. Renzi: Results should be referred to IRB, not a new task force. McGraw: Something should be done with the results in front of Council, because all members had a chance to submit their opinions and recommendations. Salyzyn: Input is always welcome, and the results should be dealt with as they stand, and other recommendations can be considered as they are ventured. Samuel: If Council waits to consider these results, any recommendations would be rendered moot, as the term will be coming to a close.

Discussion was terminated due to time constraints.

2001-18/6b

Chris Samuel – Organizational Review Mid-Term Report (2 Minutes).
This presentation covered four principal areas of the ongoing organizational review:

a. Cost apportionment. This is an effort to make the composition of the budget more complete, so that there are fewer expenditures that have to be considered late. This will involve knowing exactly how much each unit costs the Students’ Union.

b. Profitability. The level of negative profitability is being calculated.

c. Business plan. The SU will no longer be budgeting, but formulating business plans with preliminary budgets.

d. Quarterly reports, which will be made to the Financial Affairs Board.

2001-18/6c  Chris Samuel – Executive Top Three Goals (2 Minutes).

The Executive goals were provided in the agenda package.

2001-18/7  APPROVAL OF THE MINUTES

Samuel/Darling  moved that the minutes of the SC2001-17 meeting be approved.

Wanke: Dinwoodie is regularly booked, not solidly.

Speer: A combination of wired and wireless e-mail stations will be created in SUB.

Jones: Students who know about SUB expansion are supportive of it.

2001-18/9

**QUESTION PERIOD**

**Baxter:** When will there be reports on the Inner City Christmas Party, Freshheads, and Antifreeze?

**Wanke:** Not for some time. Sleep and a Senior Manager have both been wanting, and there are other matters to be dealt with first.

**Webb:** $260 per year for a bus pass is a better deal than the one students currently have – why is this not acceptable?

**Zwack:** It would be unfair to present such a proposal to students who don’t currently take the bus.

**Loewen:** A universal bus pass would reduce traffic and the demand on Parking Services, and such points should be used to sell the proposal.

**Zwack:** The point is well taken, but ETS had a flawed system for arriving at that particular price, and those flaws need to be addressed.
Samuel: Could the Gripe Table signup sheet be sent to the Faculte Saint-Jean to recruit volunteers?
Salyzyn: That is a good idea, although councilor outreach is preferable.

Jones: When will the SU introduce secret-ballot voting?
Samuel: There are no plans to revise the balloting system. Hopefully there will be online voting soon, and that will address some confidentiality concerns.

Sharma: What is the SU doing to combat differential tuition?
Samuel: There is currently a tuition model task force; differential tuition doesn’t seem to be beneficial, but the task force will be objective. The faculties like the idea because it combats arbitrary spending.

Jones: The SU currently has a political policy against differential tuition; does that still dictate the SU’s position?
Samuel: Both the University and the province want to revisit their old policies on differential tuition. This is an opportunity to mold tuition the way students would want it, rather than simply complaining about what students don’t want. If the task force recommends a differential, that political policy will have to be rescinded.
Jones: The policy binds the SU to oppose differential tuition, not to wait and see.

Harriman: Do we have involvement on long range capital plan for university?
Salyzyn: we have involvement in 8-10 avenues of the plan – Sharun was in steering committees – president is on several – gfc got a presentation – went to open house – I can direct you to more information_www.ualberta.ca/consult

Sharun: what’s up with silent shopper program?
Speer: what a whizz-bang idea

Poon: what is the current AF surplus and how much has been disbursed?
Speer: ~$800,000 – approx $300,000 has been spent in the first term – same this term
Harriman: Does the SU have any involvement in the long-range capital plan for the University?
Salyzyn: The SU is involved in several avenues of the plan, including the steering and many other committees. For more information, visit www.ualberta.ca/consult

Poon: What is the current Access Fund surplus, and how much of it has been disbursed?
Speer: There is an approximate $800,000, $300,000 of which was disbursed this past term. The same amount will be distributed this coming term.

**2001-18/10**

**LEGISLATION**

2001-18/10a
SAMUEL/SALYZYN MOVED THAT Students’ Council, upon the recommendation of the Executive Committee, approve the proposed changes to Bylaw 100 respecting the Students’ Council (FIRST Reading).

Wanke: The President of Athletics position on Council must be changed, to state that any executive member can occupy the Athletics seat.
Lazin: The Gateway should have a similar change.
Wanke: The Editor-in-Chief of the Gateway is paid by the SU, and sitting on Council is a formal part of his contract.

32/2/1 Carried

2001-18/10b
SPEER/ZWACK MOVED THAT Students’ Council, upon the recommendation of the Executive Committee, approve the proposed changes to Bylaw 5400 respecting the Nominating Committee of the Students’ Union (FIRST Reading).

35/3/2 Carried

2001-18/10c
SHARUN/SAMUEL (Councilor) MOVED THAT Students’ Council, upon the recommendation of the Internal Review Board, approve the proposed changes to Bylaw 6600 respecting the Dedicated Fees Oversight Boards of the Students’ Union (FIRST Reading).
Sharun introduced the motion. This bylaw is based upon legal recommendations made to the SU regarding their governance of dedicated fees. This bylaw will get the APIRG started. The bylaw specifies oversight of the fees, not any new power over the boards. Information from these board meetings would be presented to Council, which body is responsible for all the actions of dedicated fees boards. IRB did not want to remove any autonomy from these boards, but rather simply deal with the legalities of the situation.

**Samuel (councillor):** Council has the power to withhold funding from student groups, and this bylaw does not alter or embellish that fact. It would create a ‘right hand’ for Council, which it needs, because if any of the boards take any questionable action, the SU is responsible for it. The oversight boards would simply make recommendations to Council.

**Loewen:** The proposed bylaw is vague and non-specific, and does not answer the ‘duty of care’ that the legal opinion speaks of. It would give power to boards that are ill-defined.

**Orono:** The bylaw is not entirely faithful to the legal opinion in any case, as it advised the SU to create bylaws in accordance to students’ wishes as articulated in the referenda. The power to withhold or remove monies rejects the spirit of the referenda, and furthermore, the bylaw is ineffective.

**Sharun:** The board is for risk-management purposes, and it is an attempt to represent and protect students, who assume that the money they pay is being well-spent.

**Speer:** Such a bylaw must be consistent with both the wording of the referenda and the Universities Act. The proposed board would only intervene if the dedicated fees boards were in breach of either of these.
Salyzyn: This is not the creation of any new power, as the SU has indicated its unique legal position on this matter. Because the monies filter through the SU, the SU itself has a particular responsibility. The oversight board would serve as something of a virus detector.

Taher: It is misleading to claim that there are no safeguards in this matter, as it is SU policy that Council can revisit and alter specific details of referenda after six years. Organizations should be required to bring reports forward to Council, as this is an appropriate level of accountability.

Lake (sponsored): It is recognized that the intent of the bylaw is good, but the execution brings cause for concern. The bylaw, as it stands, only increases the SU’s liability for the actions of dedicated fees boards, and only vaguely defines the powers of such a board. While it is said that the oversight board would only ensure that monies were being spent appropriately, the bylaw also specifies the board’s right to interpret and evaluate questions and requests. APIRG requested a dialogue regarding the legality of its own proposal, and instead was presented, very recently, with the fait accompli of the bylaw. This motion should be tabled, so that all organizations affected by it can speak to it, and Council itself can be more informed.

Agur/Melnyk moved to suspend Standing Orders regarding adjournment.
27/2 Carried

Speer moved to amend Section 2a to read “campus-wide referenda” rather than “referenda” (friendly).

Zeiban (sponsored): No one has objected to the intent of the bylaw, but there are many objections to the manner in which it is being executed, as it seems excessive. The bylaw should be tabled and reworked.
Samuel: The legal opinion stated that fees don’t exist outside of the SU. They fall under the purview of Council, and all fees are part of SU maintenance. This raises concern for liability, duty, and accountability: the bylaw cannot make the SU more accountable, because the accountability was present from the outset. The bylaw assigns no new powers to Council, but defines the ones already extant. It is deliberately vague, because each organization should be consulted about the composition of its unique sub-structure. The bylaw is the first step in a lengthy process.

Jess/Moore moved to limit debate to a further fifteen minutes. 
Wanke: This should be discussed now, and decided upon. 
Brechtel: For the purposes of being as informed as possible, debate should not be limited. 
Boutet: Parties have not had the time to prepare their arguments; thus limiting debate and tabling the motion is appropriate. 11/22/0 Failed

Lazin: The intent of the bylaw is couched in legal opinion, but the opinion is singular and preliminary. The SU does not have the powers that the Executive believes it to have. The legal opinion specifies that the SU would be sued if it suspended fees for organizations, so such a power as endowed in the bylaw is technically erroneous. The SU should be prepared to seek further legal opinions, as there is no expertise on Council concerning such matters.

Harris (sponsored): The motion should be tabled, as the bylaw does not represent the “30,000-foot” analogy promised earlier in the year. The bylaw puts this oversight board in absolute charge of all of these organizations, and it doesn’t make any sense.

At this point, Tackaberry was appointed interim Recording Secretary, as the Secretary was forced to leave the meeting prior to adjournment.

Woolsey (sponsored): The proposed board composition is inadequate in expertise where fiscal matters are concerned.

Harriman: The legal opinion does not address the possibility of a Memorandum of Understanding, and without a complete legal opinion, the motion should not be voted upon.
Samuel: Such a Memorandum could not sign away the SU’s responsibility for the monies involved. The legal opinion is to protect the SU’s interests, and its recommendations should be taken seriously.

Weppler: Time is required to figure out what Council wants to do.

Weppler/Jess moved that the motion be tabled to the January 22 meeting of Council.

Sharma/Jess moved that the motion be tabled to the February 5 meeting of Council.

McGraw: There is a tendency to avoid these issues, and they cannot simply be pushed further and further back. Those who brought the referendum, and students who voted on them, have a right to this decision being made expediently. The bylaw is not a surprise, and should be dealt with now.

Speer: This bylaw was brought to each concerned organization in a timely fashion.

Boutet (sponsored): Concerned parties need time to study the bylaw, and a week is not enough time.

Jones: Postponing for three weeks would be a luxury, and would make the bylaw irrelevant to any referenda passing in the upcoming elections. It should be revisited in one week’s time.

Sharun: This should be re-examined in one week, and in the meantime, a meeting of IRB will be called, to which concerned councilors and organizations will be invited. It should be passed for the moment.

Discussion ensued on whether the motion should be tabled for one or three weeks.

Salyzyn/Jess moved to call the question.

23/4/0 Carried

On the proposal to postpone the motion until February 5: 6/23/0 Failed
Discussion resumed on whether or not to table the motion until January 22.

**Samuel:** This would only be delaying the problem. Council will be swamped with, and confused by legal opinion. If it cannot be resolved on this first reading, it should be referred back to IRB.

**Wanke:** Postponing would be detrimental to discussion.

**Brechtel/Mendoza** moved to call the question.

23/6/1 **Carried**

16/11/2 **Carried**

The motion was postponed until the January 22 meeting of Council.

**NEW BUSINESS**

**2001-18/12a**

ZWACK/WANKE MOVED THAT Students’ Council, upon the recommendation of the Executive Committee, approve the Xennex proposal for sponsorship restructuring at a cost not to exceed $12,500.00.

**Wanke:** The SU has gone from random to defined sponsorship. This proposal would be an investment that would pay for itself in the long run, although it is not specifically allotted in the budget.

**Sharma:** Is there not a conflict of interest owing to the fact that the group putting forth the proposal includes two former SU presidents?

**Speer:** This was considered a positive point, as each has a comprehensive understanding of the SU’s internal works.

**Samuel:** A 5:1 return is expected on this investment.

23/4/1 **Carried**

**2001-18/12b**

SAMUEL/SALYZYN MOVED THAT Students’ Council appoint seventeen (17) councilors to sit on the 2002 Nominating Committee.

Congratulations to the successful councilors.
2001-18/12c

SPEER/ZWACK MOVED THAT Students’ Council, upon recommendation from the Financial Affairs Board, approve an additional expenditure not to exceed $1,250.00 to send five (5) people to the Canadian University Press National Conference in Ottawa January 24-28, 2002. This additional money is to cover the non-member conference fees and per diems.

Tobias/Jess moved that the motion be amended to change the amount allotted to four thousand ($4,000.00) dollars, and that the motion be changed to read that Students’ Council approve an additional expenditure not to exceed $4,000.00 to send ten (10) people to the Canadian University Press National Conference in Ottawa, January 24-28, 2002. This additional money is to cover conference fees and per diems.

Alexander: This amount would be the maximum safety amount for all editors to attend.

Samuel: It seems that The Gateway specifically underbudgeted, and it makes this amendment uncomfortable.

Jones: It seems ironic for the Executive to suggest that budget results are final.

Wanke: The SU/Gateway is not a member of CUP, so non-member fees should be specified.

Samuel (councilor): If non-member fees are being offered, why should the SU reject them?

Salyzyn: ‘Contract by conduct’ suggests that accepting non-member fees indicates that one is acknowledging membership, which is against the SU’s interests at the moment.

Loewen: If, as has been indicated, it has been made clear to CUP that anything it gives the SU is of its own free will, as non-members, the member rates should be considered a gratuitous offer.

Lazin, Chairperson of the CUP board of directors, confirmed this assumption.

Brechtel: Where would this money come from?

Speer: Either the project or contingency reserve of the SU.
Taher: The Gateway should set a better example by budgeting for such things ahead of time.

Samuel: Of the ten people that The Gateway proposes should attend this conference, how many attended last year?
Alexander: Four.
Samuel: In which case, why should they be sent a second time?
Alexander: The point of the conference is that it’s different every year. There will be different workshops and speakers, and it will be an entirely different experience.

Renzi/Jess moved to call the question on the amendment.
29/7/5 Carried
11/27/2 Failed

2001-18/12d SPEER/ZWACK MOVED THAT Students’ Council, upon the recommendation of the Executive Committee, approve a short term cash flow loan to the Engineering Students Society not to exceed $2000.00 to be paid back by February 15, 2002.

Action Items

a) Bylaw 6600

Jamie reviewed suggested changes to bylaw 6600 that he feels will make the bylaw more positive. Tabled changes are included with the documentation for these minutes. The executive support the changes.

b) IVCF

Jamie tabled a request from IVCF for sponsorship. The total amount requested is $128.00. Discussion ensued regarding this request. Chris will undertake to complete a sponsorship policy that would require any group requesting sponsorship present a complete budget.

ZWACK/SPEER MOVED THAT the Executive Committee sponsor Inter Varsity Christian Fellowship an amount not to exceed $128.00 to cover two days technical staff costs relating to use of SUB stage.

VOTE ON MOTION 2/1/0 (1 abstention) CARRIED

Discussion Items
b) **Horowitz Theatre**

Jamie, Bill and Chris met with Doug Dawson to discuss an offer from the University regarding the use of the Horowitz theatre as a large classroom. The University is confident that they can obtain through one-time grants the funding to upgrade the Horowitz, however ownership of the theatre would have to be transferred to the University.

Discussion ensued regarding this proposal. Concerns were raised regarding the effort that has been made in the past to strengthen the Horowitz and that just recently the mortgage has been paid off on SUB. The SU has in the past tabled a proposal with the University to address the large classroom needs. Background of this is attached with the document of these minutes. The executive are unwilling to consider transfer of ownership but would like to enter into a dialogue with the University regarding SU’S earlier proposal.

b) **Faculty Associations**

Amy raised concerns regarding bylaw 8400. Engineering and Science Faculty Associations are interested in changing the bylaw so that fees can be collected for non-academic issues. Bylaw 8400 needs to be reviewed, however the original intent to collect fees for academic issues is very clear.

The executive believe that it is important to support faculty associations by providing other opportunities for them to raise money. Amy will raise this issue at COFA.

c) **Awards**

There is $20,000 to give out this year in Coca Cola awards.

d) **Reference Letters**

Concerns were raised regarding the policy on executive writing reference letters. Catherine will investigate this.

e) **SUB Expansion**

Jamie tabled ideas for outreach. They include table display, large display board display, VIDS information, and brochure and groundbreaking ceremony. Costing will be brought to a later executive meeting. The executive support these ideas.
f) Art Collection  Jamie expressed concern that the chaplains may not be aware that the stained glass panels are part of the SU’s art collection and may be used in a location outside of the chaplain’s space. This will be discussed at a later date.

g) CASA Week  CASA week is February 11-14. Displays will be set up in SUB, HUB, Fac. and Education

Action Items
a) IVCF Request
Graham Nelson from the IVCF club gave a brief presentation to the
executive regarding a request for the use of SUB stage January 21-23
for various activities. Information is attached with these minutes.
Other events will be taking place in V106, there should be minimal
impact on students in SUB as this is not exam time and the events will
only be from 12-1 each day.
Graham was thanked for his time.

The executive supports this initiative. Creating a sign that can be on
stage saying that an event will be happening at a certain time may be
beneficial to letting students know what is going on.
b) Contingency Policy

Jamie tabled a copy of the policy that he has been directed by FAB to develop. Concerns were raised that bylaw 3100 may supercede the proposed bylaw. Jamie will investigate further and take this policy back to FAB.

c) Project Reserve Policy

Jamie will review this policy in respect to how it relates to bylaw 3100. There may be the need to update bylaw 3100.

d) Student Group Granting Policy

Jamie tabled recommendation from FAB. Discussion ensued regarding the opportunities for student groups to raise their own money to purchase capital purchases. The Students’ Union supports student groups already by providing space and grants. The executive do not support the changes to this policy.

e) Table Application

Jamie tabled an application from the Marijuana party to have a table in SUB to recruit members. This application does not fit with the mandate for table use as outlined in policy 11.16. The application was denied. Jamie will speak with them regarding other table space that may be available on campus.

Discussion Items

a) Alumni Association

Ideas were reviewed regarding the request for ideas from the Alumni Association. The main ideas were:

- Faculty Competition Week
- Student Groups Symposium
- Year End Wrap Up Party
- Year Book

Discussion ensued regarding the merits of each of these ideas. The yearbook would be a long-term project that may be able to use the Alumni money as “seed money”.

Chris will present the Faculty Week Competition as a short-term project and the rest as long term. It will be important to draw up an operating agreement relating to the longer-term projects.

b) Casino

Letter from the Casino Association was tabled as information. The SU will await information regarding the dates that they will be providing assistance.

c) ETS Charter

Kory provided a brief verbal update relating to the charter. He will email all executives a copy and this will be discussed at External Affairs Board tonight. Kory will be meeting with councillors Batty and Phair on January 25 to discuss concerns. It is important to get the best deal for students.
d) Outreach

Chris tabled a tentative schedule for executive outreach. Once a month there would be a weeklong focus on outreach with:

g) Classroom speaking on Monday and Tuesday,
h) Gripe tables on Wednesday and Thursday
i) Sitting at info booths on Friday.
j) TGIF at Dewey’s on Friday afternoons.

Concerns were raised regarding the challenge of Dewey’s on Friday; this could be changed to a Wednesday

Discussion ensued regarding classroom speaking and the need to be cautious how this is used. Classroom speaking should be viewed as part of an overall communication strategy that should be done in October and February to discuss important issues.

e) In Camera Business

Meeting moved in camera

f) CSS Committee

Due to a prior commitment and very short notice from Fran Terhearn Jen is unable to attend. This is a very important meeting that needs a strong SU presence. Jen will try to change her flight plans so that she is able to attend the meeting. She will also email Fran asking why there was such short notice given for an important meeting.

Report to Students’ Council

Jamie Speer  
Vice-President Operations & Finance  
Tuesday, February 5, 2002

1) **ESA Breakfast** – On the morning of January 23\textsuperscript{rd} I attended a breakfast hosted by the ESA. Minister Oberg was present at this breakfast, providing Chris and I the opportunity to strengthen our relations with this most important minister.

2) **SUB Expansion Management Meeting** – On January 23\textsuperscript{rd} I attended a SUB expansion meeting called by our project managers. They wanted to bring the design group up to speed on the financial standing for the project, the progress made on the design process for the University’s spaces, and the timetable for construction. As we stand right now, we expect groundbreaking to occur within the month.

3) **Student Groups Granting Session** – On the evening of the 23\textsuperscript{rd} I attended a Student Groups Granting Session. In this session we granted $500-$1500 to a number of worthy student groups.

4) **Organizational Review** – The Organizational Review Steering Committee had a chance to meet on January 24\textsuperscript{th}. In this meeting we discussed the process for completing the Organizational Review in consideration of Anita Kuper’s decision to leave the Students’ Union. At this point, it appears that we will be pushing ahead with this vital project.

5) **Outreach**– On January 24\textsuperscript{th} I had the delightful opportunity to participate in the S.U. Gripe Tables. This was followed with a guest appearance at the CAB Info. Booth on the 25\textsuperscript{th}.

6) **Meeting with Councilor Jones** – Councilor Jones and I had the opportunity to meet in order to discuss Bylaw 6600. In this meeting we discussed potential revisions to the bylaw that could work to improve it. Following this meeting, Councilor Jones and I have been in contact with one another as we have worked to refine the bylaw.

7) **FACRA** – FACRA has approved, in principle, an Operating Agreement between the Students’ Union and CJSR. Representatives from CJSR have requested that the final
approval of FACRA be held until a lawyer can review the agreement. As such, I will bring the Operating Agreement to Council for approval once this has occurred.

8) **SUB Design Meetings** – I have attended a number of meetings relating to the design component of SUB expansion. These meetings have focused on areas including the multipurpose space, flooring materials, technology spaces, the Chaplain’s space, and the Gateway space.

9) **Customer Service** – A number of positive developments have occurred in regards to the customer service at our bar operations. First, comment cards are now readily available at all tables in both of our bar operations. Colleen Edwards, the manager of both bars, has reported to me that it took her 4 hours to compile the first week’s worth of feedback. Second, all staff will soon have name tags so that customers are aware of the name of their server should they need to get their attention, or should they have a reason for complaint. Third, we are in the process of reviewing our management structure for our bar operations and will be making management changes in order to strengthen our customer service and programming abilities.

10) **RAC/CREFC meeting** – On January 28th I attended a meeting of RAC/CREFC in which I brought the committee up to speed on the situation regarding Bylaw 6600. I also handed over a really big cheque.

11) **Meeting with Dr. Connor** – Chris, Bill (GM), and I met with the Dean of Students on January 29. In this meeting we discussed a number of exciting possibilities surrounding the future of our Orientation and SFAIC services.

12) **EcoHouse Tour** – On January 30th Councilor Harriman and I went for a tour of the EcoHouse. During this tour we had an opportunity to discuss various energy efficient possibilities that we could potentially integrate into the expanded SUB with Dr. Peter Tang of the University of Calgary. I will be working with Councilor Harriman to set up a meeting between Dr. Tang and the SUB Design Group.

13) **Senior Manager shortlisting** – Bill (GM), Anita (former Senior Manager Finance and Administration), Val (Personnel Manager), and myself have completed the process of shortlisting for the Manager of Finance and Administration position. We will be conducting interviews shortly.
14) CCBC – I have been working with the Chair of CCBC to develop an appropriate action plan to bring a vote on the future of this organization to the membership. Although we had agreed on an action plan at a CCBC meeting in November, the Chair no longer believes that this action plan is appropriate.
