External Policy Committee

Hello Council:

The External Policy Committee held our first meeting on Tuesday, May 20. With all the members in attendance, we were able to get a good start on the year. Our summer meetings will be held on off-council Tuesdays at 7:30PM, after CAC. I’d encourage any councillors interested in external policy to attend.

Before our next meeting, committee members will be reading through EPC’s policies and starting to think about goals for the rest of the year. If you have any ideas for external policies, meet with Vice-President Eastham or attend an EPC meeting to discuss them.

We amended the EPC Standing Orders but made no substantial changes. The first was under Mandate with the addition of “d) can make editorial changes to all political policy under its purview.” This change was made in order for our Standing Orders to match Bylaw 100. Our second change was in the Responsibility of Members to reflect the removal of remuneration.

If you want to know in-depth information about our meeting, please review the minutes, and if you have any questions, feel free to ask them.

Bylaw Committee

Hello Council:

At our first meeting on May 6th, Ian Clarke was nominated and elected as chairman. The 2008 Bylaw Committee Standing orders were adopted.

At our second meeting, we discussed the difficulty of scheduling a meeting time that everyone could attend. Beverly Eastham suggested that we should split the Bylaws for review between the committee members. John Braga will begin to review the 8000 bylaws and Beverly will investigate as to how to eliminate council remunerations from the bylaws. It was decided that another meeting shall be scheduled before Council retreat.
Proposal of Changes to the Composition of Awards Committee:

This proposal is based on the recommendations of Brittney Bugler, 2007/2008 Associate VP Academic and Awards Chair.

Given the difficulty in filling positions on Awards Committee, we believe that the committee should tap into other pools of volunteers to ensure the smooth functioning of itself throughout the year. Last year’s committee often had difficulty meeting quorum, especially over the summer months.

The current composition of Awards Committee is set out in Bylaw 100, Section 12(5):

1 CHAIR: Vice President Academic (or designate)
7 Students-at-Large
8 TOTAL

We propose that the composition be changed to the following:

1 CHAIR: Vice President Academic (or designate)
1 Students’ Union Councillor
1 Undergraduate Member of the General Faculties Council
1 Undergraduate Member of the University Senate
4 Students-at-Large
8 TOTAL

This new composition is based on the following rationale:
- It is tradition that the VP Academic or designate serve as chair because Awards is in their portfolio and it is important that it remain there.
- Given that Awards Committee is a standing committee of Students’ Council, it was felt to be appropriate to have a Students’ Council member on the committee.
- The undergraduate representatives of the General Faculties Council can often undervalue their positions and may not feel that they connect to the student body. This would allow for more engagement from student members of this body.
- The mandate of the University Senate is to promote the University to the community at-large as well as bring interests of the community to the University. Student senators are knowledgeable of many different volunteer opportunities present at the U of A. Experience on this committee could help them to inspire prospective students to come to this University not just to receive a degree, but to enrich their lives and the lives of others.
- It is still essential that students-at-large be given a central role on the committee for several reasons. Namely, it is a good way to introduce students to volunteer opportunities within and outside of the Students’ Union.

Quorum for the committee would remain unchanged at 4 members plus the Chair. In the proposed composition, there would still need to be at least one student-at-large present to have enough to meet quorum.
This document is intended to serve as an outline of the fiscal priorities of the Students’ Union.

  - Undergraduate Student Representation (Advocacy)
  - Providing Student Services

Engaging Federal Lobbying

For the past six years, the University of Alberta Students’ Union has not been a member of any federal lobby group. During that time we have invested resources to build the strongest political advocacy department at any Canadian post-secondary institution. However, it is becoming readily apparent that our absence on the federal scene will come at a cost to the students we represent. Having now built our political machine and with federal issues being vastly more prominent than they have been in the past decade, it is advised that we re-enter the realm of federal lobbying.

As post-secondary education becomes an increasingly national priority (and not exclusively a regional one), we have found ourselves dealing with a larger volume of issues handled at the federal level. Issues such as the costs of textbooks, student loan reform and copyright legislation, among many, many others, are major issues for students at the University of Alberta. Currently, we have no outlet by which to effectively advocate on these issues, as the cost and logistics of performing our own federal lobbying are prohibitive.

In a manner that closely mirrors the approach of our own Advocacy Department, the Canadian Alliance of Student Associations will provide a professional face and the weight of a significant number of Canadian students to our federal lobbying efforts. They will be able to do this at a nominal cost and will provide for significant input from the membership regarding the direction of the organization.

About CASA

At a glance:

- Represents 22 schools, approximately 380,000 students
- Budget of $550,000
- 6 permanent head office staff, 3 governance officers
- CASA schedules over 200 meetings with MPs, Deputy Ministers and other bureaucrats throughout the year

The lobbying approach that CASA uses is described as pragmatic, focusing on policy development, face-to-face meetings with key decision makers and solid earned media strategies. As a result, they are a well-regarded lobby group, especially by Liberal and Conservative MPs. Additionally, they have ready access to key members of the federal civil service, which is an extremely important part of lobbying any government.

Recent Successes for CASA

For the past few years, CASA has been the only post-secondary education stakeholder to advocate for non-repayable student financial assistance, in the form of calls for renewal of the
Millennium Scholarship Foundation. While the MSF was not renewed (largely for partisan reasons, as the MSF was a highly-touted Liberal-era program), the Conservative government did commit $350 million annually (increasing to $430 million in 2012) to non-repayable student financial assistance, targeted at low income students, in the 2008 budget in the form of the Canada Student Granting Program. Further, CASA has been invited to work with the government to throughout the implementation of the program, which is significant due to the normally suspicious outlook the current government has with regards to lobby groups.

The 2008 Federal Budget also saw $123 million over four years dedicated to streamlining and modernizing the Canada Student Loans Program and an additional $74 million over four years for the program to be more responsive to the economic circumstances of borrowers. CASA had been pushing for changes such as these since approximately 2005.

CASA has long been a proponent of a pan-Canadian post-secondary strategy and has made this a cornerstone of their lobbying efforts. On 21 May 2008 Kelly Lamrock, the Chair of the Council of Ministers of Education Canada (CMEC), and Minister Solberg announced a federal-provincial/territorial partnership to provide students with “simple, easy-to-manage access to financial assistance.” This represents a huge step toward the pan-Canadian strategy and is a step that CASA played a large part in.

Current Initiatives CASA is Pursuing

• A continued push for the Canada Student Loans Program to reduce interest rates and ensure that appropriate flexibility mechanisms for loan repayment exist.

• Advocating for the federal government to provide $4 billion per year in the form of dedicated transfer payments for post-secondary education to the provinces and for accountability mechanisms to be put in place to ensure that these dollars are being spent on PSE in the most effective fashion.

• Increased Rural and Aboriginal student support in the Canada Student Grant Program. Rural and Aboriginal students are underrepresented in the Canadian post-secondary system (especially in Alberta),

Will Our Provincial Focus Suffer?

Addressing issues on a provincial level has been, and likely always will be, our top priority. The additional time dedicated to federal lobbying will be minimal. The staff of the Advocacy Department has always kept an eye on the comings and goings of the federal scene so, aside from the policy and strategy conference and the occasional phone call, there will be no additional staff time dedicated to federal lobbying on the staff side of things. In fact, since CASA monitors the federal Hansard and other sources, joining CASA will likely have the net effect of freeing up some staff time to apply to our provincial focus. Some executive time will be dedicated to the various conferences, but keep in mind that the 2007/08 year, a very successful year for our provincial lobby efforts, saw the President and the VPX attend the two major conferences, as well as the CASA Western transition and dedicate a reasonably significant amount of time to resolving the so-called “CASA question.”

Given our ease of access to the Legislature and our ability to effect change, our external efforts will continue to be squarely focused on our provincial objectives and our ongoing work with CAUS. In fact, given that the other members of CAUS are CASA members, it can be expected that communication and camaraderie will continue to develop among the CAUS members at
CASA events, as was the case throughout 2007/08 and into this year. CASA will also provide the Advocacy Director with a unique opportunity to meet with their peers at the policy and strategy conference. Since policy staff across the country have no official association and no dedicated conference to attend for professional development, CASA may facilitate important discussions between staff members on effective lobbying techniques and technology, as was the case at the 2008 CAUS conference.

Consideration by the Previous Council

Whether or not to join CASA was a major question for last year’s council and was given a great deal of consideration. Throughout the year, the 2007/08 council entertained a number of debates on the issue, heard the reflections of the President and the Vice-President (External) regarding their trips to the 2007 CASA Policy & Strategy Conference and the 2007 CASA Lobby Conference; and were given a presentation and Q&A session by CASA National Director Zach Churchill and CASA National Chair Jeff Friedrich. All-in-all, the decision to include CASA as a budget principle for the 2008/09 budget passed overwhelmingly, 22-2.
To Whom It May Concern:

As the Member of Parliament for Edmonton-Strathcona, I am writing to you today to lend my support to the goal of seeing the University of Alberta Students’ Union join the Canadian Alliance of Student Associations to help to further the awareness and importance of Post-Secondary Education funding.

In previous discussions with Mr. Dollansky, I had indicated that I felt it was important that those who advocate for increased Post Secondary Education support, to become more active in forming relationships at the Federal level.

Let me be clear in stating that the Federal Government is fully committed to the funding of a high quality post-secondary education system. This has already been demonstrated by the Federal government, through their commitment of significant dollars in the Federal budget to PSE, since 2006. However, there is still more that can be done.

Knowledge is power and Education is the critical tool that students must use to access that knowledge. It is with this in mind that I write this letter of support to the UofA Students’ Union, in their efforts to work closely with the Canadian Alliance of Student Associations to help further the awareness and importance of Post-Secondary Education funding.

Sincerely,

Rahim Jaffer, MP
Edmonton-Strathcona
National Conservative Caucus Chair

To the members of the University of Alberta Students’ Council:

I have had the privilege of serving as the Executive Director of the Council of Alberta University Students (CAUS) for the past three years, and in that time I believe students in Alberta have made big strides in our province in securing more funding and reducing some of the financial barriers facing students in our province. We have made this progress together, with full participation and input from students from all three major universities as well as Alberta’s colleges and technical institutes. In particular, I want to single out your organization, the University of Alberta Students’ Union, in being a large part of that success. Of course, the job is not finished – students still face significant financial and other barriers to academic success, and we need to make further improvements to the quality and accessibility of our post-secondary system.

Rather than resting on our laurels and toasting our past success, CAUS is planning on how to advocate for a better post-secondary system in Alberta – a large campaign aimed at parents in Alberta is being planned for the next provincial election, as well we have been bringing our message directly to decision-makers throughout the summer and fall, and a lobby conference will be held immediately following the provincial election. How can we help ensure these efforts yield the maximum benefit to our students?

Advocacy, government relations, lobbying – whatever you choose to call it – is inherently about people and relationships. In this case, that naturally means with government and decision-makers, but as well internally among ourselves and with our allies at other institutions in the province and across Canada. I believe that if the University of Alberta Students’ Union joined the Canadian Alliance of Student Associations (CASA) it would be of direct benefit to our efforts in advocating to the Government of Alberta and stakeholders here.

Post-secondary education, while being within provincial jurisdiction, is a national issue. At the same time we are pressing our students’ case here in Alberta there is real need to press for action by the federal government as well, something which our provincial government continually challenges CAUS on. When we press for reform of the remission system for debt relief, we are invariably asked why when 30% of all Alberta student loans are forgiven are we not pressing the Government of Canada for a similar program limiting debt from the Canada Student Loan Program. When we ask for more needs-based bursaries, we are invariably asked why we are not pressing the Government of Canada to renew the Canada Millennium Scholarship Foundation (CMSF), the largest provider of needs-based bursaries in Canada which is set to expire in 2009.
Given that two of three members of CAUS are also active members of CASA we do have an answer, with those two members able to confidently say that they have been pressing for those reforms and more federally but it does not change the fact that the Government of Alberta needs to do more. The strength of showing that these concerns are being taken to Parliament Hill by all members of CAUS would go a long way in showing the Government of Alberta that we understand the intricacies of the issue and are having our voice heard in all of the necessary areas. That builds credibility and that is a key to our success.

The world of post-secondary education policy does not occur in a vacuum either at the federal or provincial levels – the Canada Student Loan Program and the variety of provincial programs that compliment it are a perfect example. Key decisions on the future of this program are being made, right now, but not exclusively in Ottawa and certainly not exclusively here in Edmonton. Within these federal-provincial discussions, students need to ensure their voice is being heard on both sides of that conversation. With CAUS bringing this up with the provincial government on one side, and CASA bringing up student issues with the federal government – particularly the bureaucracy – on the other, we can ensure Alberta students are not going unrepresented.

The internal dynamic of CAUS is unique – we only have three members and operate by consensus. Leaving the University of Alberta outside of CASA threatens their ability to get their issues heard and understood at the CAUS table, and more importantly from my perspective threatens unity of purpose and policy when we talk to the provincial government. When CAUS members cannot agree on what needs to be done provincially we simply do not do anything – that is the nature of consensus. However, when unified, we get it done – witness the agreement last year that increasing living allowances was a priority followed by a 14% increase. The two years previous saw a united focus on tuition and a two-year tuition rebate and then a policy limiting increases to the consumer price index. With the University of Alberta Students’ Union at the table in both CASA and CAUS, along with the Universities of Calgary and Lethbridge, the likelihood of consensus and action by CAUS is better – and not just on federal/provincial issues, but on all issues of concern.

Ultimately, the University of Alberta Students’ Union has a duty to represent their students – it is not optional, it is provided for in the Post Secondary Learning Act of Alberta. CASA represents a method to meet that mandate federally, but in addition it offers the ability to do that job better provincially as well.

As always, I am here to serve you and your students, so please do not hesitate to give me a call at 780-437-4531 or drop me a line at duncan@caus.net if you have any questions about CASA, CAUS and everything in between.

Yours truly,

Duncan Wojtaszek,
Executive Director

Subject:  Students’ Council Appointment

Date:  May 16, 2008

In accordance with Students’ Union Bylaw 100, empty seats on Students’ Council shall be filled by the next-highest ranked candidate from the previous election.

In response to the recent vacancy of two Arts Councillor seats, I am pleased to announce the appointment of Mr. Petros Kusmu and Mr. Jon Mastel to Students’ Council as Arts Councillors.

If you require any other information regarding this appointment, or regarding the Councillor replenishment process, please contact me directly.
Setting the Stage for the Year
I have been in committee meetings and one-on-one conversations that are laying the groundwork for the year ahead. Some of the goals submitted to the May 13th meeting of council are still having their action plans developed while others are well underway already.

Canadian Roundtable on Academic Materials (CRAM)
CRAM momentum is building. I will be giving a presentation to Council (hopefully in July) about the June CRAM Conference and the Academic Materials Campaign that we are holding on campus this fall. The campaign will be targeting instructors as its primary focus; while also ensuring students are involved in our messaging.

General Faculties Council – Student Caucus (GFC SC)
GFC SC had their first meeting of the year at 6:00pm on Thursday, May 22nd. The first meeting of GFC was Monday, May 26th. Details will be given in an oral report if anything of consequence arises at those two meetings.

Council of Faculty Associations (CoFA)
Each Friday following Students’ Council a report has been submitted to CoFA updating them on the activities of the Students’ Union. These reports have been very well received so far and have initiated several meetings between the VP Academic and Faculty Associations.
Two CoFA highlights are;
CBAS (Collective Body for Arts Students) is trying to bring Avi Lewis to the Myer Horowitz on September 10th. We are exploring a collaboration with them as part of the Revolutionary Speakers Serries.
FNSSA (Faculty of Native Studies Students’ Association) has applied for Faculty Association status. The Faculty of Native Studies is currently the only undergraduate Faculty without a Faculty Association. They have been granted observational status at CoFA with discussion underway on extending that to full status.

Errata
In the May 13th Report to Students’ Council under the heading General Faculties Council – Student Caucus (GFC SC) the sentence;
There are currently twenty-nine (29) vacancies on Students’ Council (as referenced in Question Period at the May 6th meeting of Students’ Council).
Should have read;
There are currently twenty-nine (29) vacancies on GFC Student Caucus (as referenced in Question Period at the May 6th meeting of Students’ Council).
Hello Council,

If you have any questions, please let me know.

**Student Life Committees** – We had our first meeting last week, and I am pleased to announce that both committees are full. We have a very enthusiastic team and I look forward to discussing some of our projects at next week’s meeting.

**Residence Halls Association** – I attended an RHA meeting on May 22nd and mentioned the request by Governor Janz for a presentation on the Residence Masterplan. They are interested in presenting to council and will get back to me with a date. I will have had a meeting with their acting President, Peter Ochs, on Monday the 26th, so feel free to ask me questions about the results of that meeting.

**Graduate Students’ Association** – The SU Exec met with the GSA last week, where we had the chance to speak about some of our goals and opportunities for collaboration. There are some areas where we see a definite alignment of goals, and look forward to working together on those.

**U-Pass Advisory Committee** – Last week I met with the U-Pass Advisory Committee, where we talked about the popularity of the Post-secondary Pass. The pass has sold more than ETS or the SU had anticipated and we may have to implement checks for the eligibility of the students purchasing them.

**Composting Meeting** – I met with Ray Dumochel and George Thomlison from the University to discuss the possibility of implementing composting in SUB. The project is feasible and once we receive estimated costs from them we will be able to evaluate implementing a composting program.

**Environmental Coordination Office of Students** – ECOS recently received funding from the University to hire a bike mechanic, as well as increase the hours for the Associate Director. We are very pleased to be able to expand the service, especially as the bike library is in very high demand.

**Student Group Services** – We have been in contact with the Office of the Dean of Students in regards to the problems with student group registration, and they are working on repairing it. There currently is no estimated time for the database to be up and running, but we have assurances that it will be available as soon as possible.

Please let me know if you have any questions. Ask during council, stop by the office, or send me an email at vp.studentlife@su.ualberta.ca.
