2010-21/6  BOARD AND COMMITTEE BUSINESS

2010-21/6b  MURPHY/LEPAGE FORTIN MOVE THAT upon the recommendation of the Policy Committee, Students’ Council approve Bill #28, that Students’ Council adopt the political policy, Tuition, in first reading based on the following principles:

- that the University of Alberta Students Union advocate for a tuition policy that:
  a) provides long-term, sustained base operating funding for our universities that will be protected from negative changes in our government’s financial situation;
  b) protects tuition from increasing due to fluctuations in funding grants to the university from the government;
  c) ensures tuition levels are predictable;
  d) has as its primary indicator of affordability the ability of students to pay without having to accrue the burden of debt;
  e) provides for the fact that tuition is only one of the costs of pursuing a postsecondary education;
  f) ensures that no student will ever be denied the opportunity to pursue postsecondary education because of their inability to pay

2. that the University of Alberta Students’ Union advocate that the Government of Alberta legislate a policy on tuition fees that:
   a) provides strict guidance to an institution’s ability to set tuition, including annual and ultimate limits on the maximum amount of tuition fees that can be levied on students;
   b) requires post-secondary institutions to provide to the Board of Governors of the institution, the Auditor General of Alberta and the Minister of Advanced Education & Technology a detailed and verifiably transparent public plan on how additional tuition revenues will be spent; and
3. that the Students' Union shall not support the Board of Governors increasing tuition.

2010-21/6bc COX/ROSS MOVE THAT upon the recommendation of the Elections Review Committee, Students' Council approve Bill #29, in first reading based on the following principle:

1. that Students' Council adopt the ballot counting mechanism, UASU-STV, as outlined in the November 2010 Elections Review Committee Report.

Previously on the P.C.:

1. The P.C. discussed the effectiveness of the new method of exec reporting. The P.C. changed the process for exec reports at its last meeting thus this was the first meeting that followed the new process. Concerns have been raised over this change, although the P.C. is in agreement that the prior status quo was not acceptable.
2. The P.C. prepared a first reading of the Mandatory Non-Instructional Fees Policy (see late additions).
3. The P.C. retired the Income Contingent Loans Policy.
4. The P.C. has moved its meeting time to Off-Council Wednesdays at 7:30am in room 606SUB. No, that is not a typo. Ante Meridian, folks.

Next time on the P.C.:

1. The P.C. will look at the Student Loans, Tuition, and Tuition – Position at the Board of Governors policies.
2. The P.C. will begin discussions on the effectiveness of the new exec reporting and the best way to fulfil its mandate as per Bylaw 100 18(8)c. The P.C. shall receive reports from the Students’ Union Executive Committee on advocacy activities and evaluate their effectiveness.

“Students’ Council, here we come!”
Good evening Council, here is my report.

The past two weeks have predominantly been spent dealing with issues regarding student representation in University Governance. These have now been resolved.

The Council of Faculty Associations met two weeks ago, they heard a presentation from the ISSS about how the ISSS has met the conditions set out in their probation. This was the first presentation that the ISSS has to make, they will be presenting to council in the near future. We also discussed the proposed changes to bylaw 8100

The NSSA signed new conditions of probation bringing them back into compliance with Bylaw 8100, they will be working with the SGA on constitutional reform in the coming weeks.

I attended the first meeting of the Dedicated Fee Unit Task Force, the Task Force reviewed previous legal advice the SU has received on DFU’s. We will be meeting to discuss a preliminary report in the coming weeks.

The Academic Plan continued through governance, and has two notable new additions. They are the specific mention of an Undergraduate Research Office, and the inclusion of curriculum reform. These two initiatives address what we felt were the largest shortcomings of the document.

If you have any questions about this or anything else in the world of academics feel free to ask me.

Re: Report to Council

Given the weekly council meetings, and the events coming up, this report will inevitably be rather brief. As always if you have any questions about what I’ve been up to, feel free to ask at any time.

**PAW Centre Planning Committee**
Thank you to all who came to the Open House on February 1, 2011. We’re in the final stages of the agreement—expect to see this at Students’ Council in the near future.

**Grant Allocation Committee & Students’ Union Awards**
The Grant Allocation Committee met to select awards adjudication committee members on Tuesday, January 25, 2011. A second meeting to complete this process was scheduled today at 5:40pm.

**Budget and Finance Committee**
The Budget & Finance Committee will be meeting Wednesday, February 9, 2011 @ 5:00pm in 6-06 SUB. We will continue with our discussion of budget principles and recommend a draft set of principles to Students’ Council.

**Health and Dental Plan Committee Meeting**
The Health and Dental Plan Committee will be meeting in the evening of Monday, January 24, 2011. We will receive an update on usage statistics.

**CFB Space Meeting**
On Monday, February 7, 2011 there was a joint meeting between representatives from the SU, Dean of Students and CFB to review the latest draft renovation proposal for the Student Financial Aid and Information Centre. It’s very close and we’ll be getting estimates most likely after the next draft from the university’s planning office comes back and the stakeholders agree to pursue it.

**Health Centre Advisory Group**
The HCAG met Thursday, February 3, 2011 and received updates on counseling usage, a nurse-in-residence program, hiring of a social worker, NCHA survey being launched, and a UHC patient survey that was conducted (results were generally positive). We also briefly discussed looking into bilingual or francophone community resources and alternatives since the clinic across the street from CSJ no longer has a French speaking doctor.

**Dedicated Fee Unit Task Force**
The Dedicated Fee Unit Task Force met to discuss its proposed workplan to present a report to Students’ Council in March. The group reviewed past legal opinions the SU has requested regarding DFUs and is largely intending to base its recommendations off of this material.

Yours,
Zach

Programming
The dodgeball event on Friday went exceptionally well. We broke the record and had it certified on the spot by a Guinness World Record Judge. We also reached our goal of 2012 and in fact had to turn away many people. We had lot’s of media attention and I think everyone had a really good time.

Residences
The Residence Halls’ Association will be voting on a structural change that we proposed. Myself and our advocacy department have been working very closely with the RHA President for the last few weeks to make some progress on this. Myself and the President will also be attending a Residence Budget Advisory Committee this week where we will be discussing the Lister Hall Meal Plan.

Health & Dental Plan
We will conducting a survey to gauge satisfaction of the Health & Dental Plan in a week. We hope to decide whether or not to change any of the benefits of the plan. Myself, VP Operations & Finance and the General Manager will be working out the premium costs over the next month and will bring it to council in March for approval.

Student Services
I have been working with the Director of ECOS and the Assistant Manager Student Services to look at the ECOS review over the past couple of weeks. We are also putting the final touches on the Infolink proposal.

U-Pass
I have submitted statistics of the number of students enrolled in Spring & Summer classes to ETS and am waiting to hear back of the feasibility of creating an undergrad spring/summer pass. I will also be creating a presentation to deliver to the municipalities for April 3 outlining students concerns and why they should join the U-Pass program.

Alcohol Policy
I am sitting on a committee to discuss the Alcohol Policy on campus and we had our first meeting this week. I will be attempting a town hall later this semester to hear students concerns on the subject.

As always, please let me know if you have any questions. Ask during council, stop by the office, or send me an email at vp.studentlife@su.ualberta.ca
