The proposal for the renewal of our Faculty Association Membership Fee (herein, “FAMF”) consists of two parts. The first component of the FAMF goes towards the Canadian Nursing Student Association Membership fee (herein, “CNSA Fee”), and the second goes towards the Nursing Undergraduate Association Membership Fee (herein, the “NUA Fee”) in which the Nursing Undergraduate Association (NUA) serves as the faculty association for the University of Alberta Faculty of Nursing (herein, “the Faculty of Nursing”).

**Purpose:** The membership fee is proposed based on the following rationale:

The NUA has exceedingly progressed as a faculty association in accordance with the Canadian Nursing Student Association as a devoted chapter member, offering significant academic support and growth opportunities as well as development in terms of personal leadership potential and social engagement within the Faculty of Nursing and through opportunities with the CNSA. Our current FAMF is divided into paying the CNSA Fee and the NUA Fee. The annual fee is described in the table below:

<table>
<thead>
<tr>
<th>Student Type</th>
<th>Canadian Nursing Student Association Membership Fee</th>
<th>Nursing Undergraduate Association Membership Fee</th>
<th>Total Fee Amount (Annually)</th>
</tr>

<tbody>
<tr>
<td>Part Time Student</td>

<td>$2.50</td>
<td>$8.50</td>
</tr>
<tr>
<td>Full Time Student</td>
<td>$10.00</td>
<td>$2.50</td>
<td>$12.50</td>
</tr>
</tbody>
</table>

We propose a $2.50 increase in our NUA fee resulting in an annual total of $5.00. Our CNSA membership will not change. This will result in an annual fee of $15.00 for full time students and $11.00 for part time students. We seek to increase the FAMF for the following purposes. Firstly, the NUA strives to provide nursing students with academic opportunities for student success through educational sessions and events such as our mentorship program. We see the importance in student involvement in nursing conferences including but not exclusive to CNSA in order to promote networking and broaden student learning, engagement, and collaboration. We value the importance of assisting our graduating students financially with temporary loans for graduation planning, as we understand the difficulty in fundraising during the fall semester and would be used to help venue booking with the requirement of being paid back in full, and hope to provide scholarship money for students displaying exceptional leadership capabilities. We hope to continue fostering a healthy relationship with the Graduate Nursing Student Association (herein, GNSA) through future mentorship opportunities. Finally, the NUA strives to positively represent the Faculty of Nursing in light of other nursing schools in the development of exceptional students, citizens, and future nurses.

**Amount and Timeline:** The ‘amount’ of the ‘fee’ shall be increased from $12.50 annually for all Nursing Undergraduate Association full time members to $15.00 and from $8.50 for part time students to $11.00 starting in Fall, 2017 and continuing for a maximum of 4 years.
Scope: A nursing student is anyone enrolled in the Faculty of Nursing and is a member of the NUA as per the NUA bylaws. The fee shall apply to all undergraduate students, both full time and part time in the ‘Faculty of Nursing’. This includes students’ fast tracking and those in their final preceptorship.

Allocation: The money received from the ‘fee’ will be prioritized for disbursement based on the following criteria (see pages 9-10 for breakdown):

1. Academically benefiting programs for students (See Appendix A)
2. Academically benefiting conference opportunities (See Appendix B)
3. Scholarships for demonstrated leadership in nursing (See Appendix C)
4. Donations to worthy philanthropic initiatives

Eligibility: Any member of the NUA as dictated by its bylaws, is eligible to attend the educational sessions, and apply for conferences and scholarships.

Refund mechanism: The ‘fee’ or any individuals’ portion of it may be refunded upon student request. Refunds will only be provided upon student request. The student will be required to complete a form stating that they have received a refund and all refunds will be tracked in order to ensure that double refunds are not granted. All forms will be maintained in a locked cabinet for a period of at least one year. Refunds may only be granted with signed approval of the Vice President Finance (herein, VP Finance) and the NUA President.

Management: All funds are to be managed by the VP Finance who will be responsible for tracking all disbursements, refunds, and requests for funds. The VP Finance, the NUA President, and the VP Academic will be the sole signatories on the funds bank account. Requests for funds will be handled by the VP Finance and all disbursements will require approval of the NUA Executive Committee.

The NUA membership opt out form can be found in our open access FAMF folder on your google drive.

The NUA extends our thanks and gratitude for your commitment regarding the NUA fee. If you require any additional information with regards to the NUA Faculty Association Membership Fee, please contact the writer and president, Marnie Colborne at (403) 604-6405 or mcolborn@ualberta.ca or NUA VP Finance Brandon McIntosh, bmcinto@ualberta.ca
Dear Nursing Students,

As some of you may be aware, there is a small Faculty Association Membership Fee that comes from your tuition and goes directly towards your Canadian Nursing Student Association (CNSA) membership and Nursing Undergraduate Association (NUA) membership. It is $10.00 annually for your CNSA membership as a full time student, $6.00 annually for a part time student, and $2.50 for your NUA membership, regardless if you are a full time or part time student. The fee is up for renewal and NUA proposes to increase the NUA fee up to $5.00 for both full time and part time students.

Our consultations, which will be sent out shortly, will give you a chance to show your support or voice your concerns or any questions you may have in regards to the FAMF renewal.

**What will the increase fee funds be used for?**

The money generated will be allocated to more financial assistance with academic programs, to provide for funding for a conference that may or may not be a CNSA conference for a student that is not an NUA executive or NUA year representative assessed by NUA, in accordance with a pre-determined submission criterion, scholarships of up to $1000 dollars depending on applications submitted by students in that year demonstrating active leadership, service and scholarship in nursing, and finally an annual donation to a philanthropic initiative dependant on NUA’s partnerships and initiatives for that year. Please refer to our FAMF document which will also be sent to via email and is made available on our website/ facebook page.

**Does the NUA use the fee in their budget?**

The increase in funds will be allocated toward the above set of initiatives proposed by the NUA. The increased funds will not be used in the operating budget for the NUA unless an unforeseen crisis occurs that places the NUA in unfavourable financial circumstance.

**Why we need you!**

We need nursing students’ support in all nursing programs to renew and increase the fee. This increase is imperative to help support and develop NUA educational activities, support students’ academic growth through conference attendance, recognize and foster the importance of leadership, service and scholarship both in nursing and in the undergraduate level, and finally, to contribute to community services and need through an annual financial donation given to a charity as chosen by the undergraduate students. Without the increase, the NUA will not be able to improve our educational resources, send more students to conferences outside of CNSA conferences, contribute to student success by recognition with a financial award or contribute financial donations to community programs or initiatives that focus on service and development of our community.

Sincerely,

Marnie Colborne

*Currently NUA has $2500.00 in our budget for CNSA conference funding, however as per constitution, the CNSA Official Delegate and Associate Delegate receive these funds as they are required to attend Regional and National Conferences.

**Currently NUA assists with grad however it is based on the notion that grad will fundraise to cover ALL of the funds. NUA proposes that we assist in this matter going forward. This includes having $1000.00 in our budget to act as a LOAN for grad funding while we acknowledge that deposits for venues are costly and grad groups may need temporary assistance to secure a venue location.

*** The left-over amount will be used as a buffer space relating to uncertainty of student numbers in the upcoming year.

Academically Benefiting Programs

As a faculty association we believe it is important to support students academically in a variety of ways. As our mentorship program has become much larger we will need the necessary financial support to provide more opportunities for mentors and mentees to meet as well as to fund our annual kick off every year.

NUA hopes to have more funds to arrange for educational sessions with speakers in areas of nursing that students in that year wish to learn more of.
Appendix B

Conference Funding

We wish to have more funds for students to attend CNSA Regional and National Conferences as this is a great way to develop students outside of a classroom or clinical setting. Conferences provide students with the chance to build networking skills, present research, meet other inspirational student leaders and learn more about nursing! We propose $500.00 of funding to go to a student (who is not a part of the NUA) and demonstrates a strong commitment to nursing. All receipts for travel etc. would be necessary for reimbursement.

Leadership Scholarships

The Nursing Undergraduate Leadership Scholarships (totalling amount proposed, $1000.00 per academic year) would go towards nursing students who are active and instrumental in the campus and greater Edmonton community regarding nursing and leadership. The NUA Executive and Council Leadership Committee will determine how many scholarships are produced from the $1000.00. The application will follow a similar process as below:

Applicant must provide:
- CV or resume outlining their academic, leadership and service achievements
- A reference letter with contact information from a referee familiar with applicant's achievements
- A personal statement outlining the patient’s future aspirations and leadership achievements

Rachael Longridge Memorial Scholarship

On December 23rd, 2016 a recent fast-tracking 4th year nursing student, Rachael Longridge, tragically passed away. Rachael was an outstanding nursing student at the top of her class whose love and commitment to nursing shone as bright as her personality. Her enthusiasm and energy is very well known in the faculty. Rachael faced many challenges during her undergraduate degree, such as losing her father to cancer after a long battle during her third year. After this happened she showed up to clinical the next day- an excellent example of her commitment to serving, and caring for her patients. Many of Rachael’s colleagues would describe her as talented, intelligent, compassionate, energetic, hard working and inspiring. A scholarship of $500 is proposed to be given to a student emulating Rachael’s passion and commitment to nursing as to foster and reward committed, empathetic and motivated nursing students to achieve their goals and make a difference just as Rachael did in many of her patient’s lives. The award recipients will be acknowledged on a plaque placed in the NUA office to forever honor Rachael Longridge’s life in the Faculty of Nursing.

Applicant must provide:
- CV or resume outlining their academic, leadership and service achievements
- A reference letter from a referee with contact information, familiar with applicant's achievements and personality traits in regards to their commitment to serving others, their collegiality, love for nursing or caring for others
- A personal essay written outlining the student’s future aspirations in nursing leadership and what nursing means to them

A Scholarship Committee will review the previous documents to determine the award recipient.
