2017-07/7a Bill #2 - Joke Candidates - Second Reading

CHRISTENSEN/BROPHY MOVE to approve the second reading of Bill #2 - Joke Candidates, on the recommendation of Bylaw Committee, based on the following first principles.

First Principles

1. A joke candidates is currently defined as “any candidate who chooses not to use their given name or a reasonable derivative of their given name when appearing on the ballot.”

2. A joke candidate will be redefined as “any candidate who chooses not to use their given name, a reasonable derivative of their given name, or their preferred name, as defined in Bylaw 2200 and Bylaw 2300, when appearing on the ballot.”

3. In 2015, a protocol was created and entrenched in Bylaw 2200 and Bylaw 2300 which outlined a process for preferred names. The protocol will be updated to modernize the process further.

4. In the context of Bylaw 2400, it is unclear what happens if a joke candidate were to achieve more votes than a candidate in a race.

5. Bylaw 2400 shall be amended to clarify that, if a joke candidate does receive more votes than any other candidate, the joke candidate shall be dropped from the ballot and counting shall continue, with the joke candidates’ ballots being redistributed in accordance with normal conventions for SU elections.

6. In the context of Bylaw 2200 and 2300, a joke candidate may become a real candidate within 48 hours of being designated a joke candidate.

7. Bylaw does not currently stipulate when a person is designated a candidate.
8. Bylaw 2200 and Bylaw 2300 shall be amended to state that a person becomes a candidate at the nomination deadline.

9. Bylaw 2200 and Bylaw 2300 shall be amended to state a joke candidate may become a real candidate within 48 hours of the nomination deadline.

**2017-07/7b Bill #3 - Universal Materials - Second Reading**

**CHRISTENSEN/JONES MOVE** to approve the second reading of Bill #3, on the recommendation of Bylaw Committee, based on the following first principles.

**First Principles**

1. The regulation of Universal Materials for elections has been a point of confusion for a number of years.

2. In 2016, a new framework was created, which attempted to simplify the process of Universal Materials, although this process was largely unfollowed.

3. Universal Materials legislation shall be updated and simplified in the following ways:

   a. The Universal Materials budget for each candidate, as defined in bylaw, will be abolished. Each candidate will have one and only one “main” budget for their expenses totalling the amount prescribed in Bylaw 2200 and 2300 respectively.

   b. The C.R.O. shall provide only basic materials, herein “Universal Materials,” within the candidate workroom. The funding for these supplies shall be derived from the Elections Office budget. Candidates shall be permitted to use these supplies in the creation, dissemination, and/or distribution of their campaign materials. These supplies shall not be counted against the candidates’ budget.

   c. The C.R.O. shall purchase or supply whatever basic materials they deem appropriate.

   d. The C.R.O. shall provide a list of Universal Materials in the candidate nomination package.

   e. The elections staff shall replenish the Universal Materials as they become depleted during the elections period, where feasible.

   f. Excluding Universal Materials physically provided by the elections office, all other materials must be included in the candidate’s budget with costs, receipts and/or fair market assessment included.

4. Bylaw 2200 and 2300 shall be amended to implement these changes.
2017-07/7c  SCOTT/BROPHY MOVE  upon the recommendation of Policy Committee, to approve the renewal of the Student Financial Assistance Policy based on the following first principles:

1 Facts

1. Post-secondary education is must be viewed as a public good due to the benefits it brings to the social structure and tax system.

2. The cost of attaining a post-secondary education includes tuition, fees, the cost of educational materials, and living expenses.

3. The cost of a university education as well as student debt continues to increase.

4. The high costs associated with university education pose a barrier to accessing, and a disincentive to completing a university education.

5. Students who do not receive financial assistance for their education may be required to take on large amounts of debt.

6. Some students require part or full time employment in order to finance their education.

7. There exists an opportunity cost for individuals who choose to pursue an education rather than earnings from working.

8. Students partaking in part or full time employment do not have the same opportunity for academic achievements as those who do not require employment to finance their education.

9. The high cost associated with university education can be detrimental to academic and extracurricular student achievement by diverting student focus and effort to employment.

10. Need-based aid, up-front grants, merit-based awards, and student loans are all integral parts of the student finance system.

11. The current need-based aid, tax credit system, and merit-based awards application process is inefficient and time consuming.

12. Need-based aid is an integral part of the student finance system, without which students in financial need could not afford a university education.

13. Merit-based awards target students who are less likely to have dire need of financial aid.

14. The University of Alberta should not only aim to attract talented students, but demonstrate a commitment to supporting
undergraduate students with financial needs and assist them in realizing their full potential.

2017-07/7d **SCOTT/BROPHY MOVE**, upon the recommendation of Policy Committee, to approve the renewal of the Deferred Maintenance Policy based on the following first principles:

1 **Facts**

1. Deferred maintenance is defined as an amount needed but not yet expended for repairs, restoration, or rehabilitation of an asset.

2. Funding for routine building and systems preventative maintenance has been significantly cut back, resulting in a substantial backlog of deferred maintenance.

3. The accumulation of significant deferred maintenance liability represents a failure of the government to adequately fund the operations of the University.

4. Deferred maintenance reduces the quality of the undergraduate learning experience, the University’s public image, and presents a potential health and safety hazard.

5. It is inappropriate for the University and the government to expect current and future undergraduates to fund the correction of historically deficient resource allocation.

2017-07/8 **GENERAL ORDERS**

Goals
Student Rights

Our department of Political Research and Advocacy has finished a summer research
project looking into student rights on campus and comparing the U of A to other
Universities. This is good news as it means we are one step closer to establishing a
committee to look at a Charter of Students Rights on campus.

University Business
Lunch with Government Relations

Most of my University meetings do not run in the months of July and August, so
there is not much to report on that front. VP Larsen and I did go for lunch with folks from
the University’s Government Relations office though. This was a valuable meeting because
it is beneficial for VP Larsen and I to know the conversations that the University is having
with government. That way our efforts can be coordinated instead of contradictory.

Internal SU Business
Internal Meetings

As I have been out of town for large portions of the past month, I have not been in
attendance at as many internal meetings. That being said, all our internal committees are
still productive and going well. Lots of people in the office are getting prepared for Week
of Welcome and Orientation!

External Business
CASA

VP Larsen and I could not be present at our last council meeting because we were at
the Canadian Alliance of Student Associations Policy and Strategy conference in
Kananaskis. This conference was very beneficial as all the committees got to decide on
their projects and priorities for the upcoming year. Since the conference I have had a conference call meeting with the Internal Review Committee, which I am on as a committee member. During this meeting we discussed reviewing operating policy for CASA and the upcoming strategic plan review. I was also elected Vice-Chair of this committee, which I am excited about.

Introduction to Government

VP Larsen, myself, as well as other student leaders in Alberta attended Introduction to Government. This was a two-day informational session where staff from the Ministry of Advanced Education briefed student leaders on how government interacts with post secondary education. At the mixer on the first day and during the morning of day two, we were able to speak directly with Minister Schmidt about issues affecting students in University.

Edmonton Student Alliance Meeting

VP Larsen and I attended an Edmonton Student Alliance meeting. This was a productive meeting where we discussed orientation and the upcoming municipal elections. At our next meeting we will be discussing municipal issues that affect our students, so when we talk with candidates we are familiar with each other’s issues. I am also happy to report that the University of Alberta Students’ Union will be participating in a citywide orientation event! This was a platform goal of mine, to better orient international and out of town students to Edmonton. The event is aimed at students who are new to Edmonton and showcasing all the wonderful things our city has to offer.

Meeting with MLAs and UCP

VP Larsen and I have been spending time meeting with different members of government. We had a productive meeting with NDP MLA Annie McKitrick where we discussed U of A specific issues. We also traveled down to Calgary with the Council of Alberta University Students (CAUS) to meet with the interim leader of the United Conservation Party (UCP), Nathan Cooper, as well as attend a UCP mixer. The meeting with Interim Leader Cooper went very well and we were able to explain all of the CAUS priorities for the upcoming year. The mixer also went well, as we were able to speak with many members of government and staff. The mixer was also the first and last event that MLA Fildebrandt attended as a member of the United Conservative Party.
Other Exciting Endeavors

FA Dinners
The exec is still making its way through all our meals with Faculty Association executive teams. Our last dinner was with the Engineering Students’ Society. At the dinner we learned about all the exciting things the ESS is doing in the upcoming year, it certainly seems like they are in for a great year!

Dinner with 2016/2017 Exec
Before former President Rahman and former VP Ghossein move across the country for law school, we had a dinner as the 2016/2017 executive team. It was absolutely great to see all of them again and I was excited to hear about all the new adventures they have been going on.

Closing Remarks

As always my spring/summer office hours are Wednesday’s from 12:00PM-1:00PM in Students’ Union Building (SUB) Suite 2-900. Please feel free to drop by during this time if you ever want to chat.

Thank you for reading my report and happy to answer any questions you may have.

Re: Report to Students’ Council

Hi Council,

My office has been relatively busy this month, and I’ve been traveling fairly extensively. Right now I am again on the road and in Vancouver, so looking forward to seeing everyone on Tuesday. The summer has flown by, however, so has some projects and goals. I have crisscrossed Alberta, so many times now it is hard to count.

CASA Policy & Strategy

From Monday, July 24th - 27th I was at CASA Policy and Strategy in Kananaskis. Over that time I had to come back to Edmonton for the Funding Frameworks, but that will be another section. Overall the conference was very productive, we saw policy strategies put forward, and UASU was in favor of all motions presented. We continue to have a strong presence nationally, and it’s great to see Albertan student needs taken into account.

Funding Frameworks Consultation

On Wednesday the 26th, Conner Peta (CAUS Vice Chair), Josh Mckewon (CAUS ED) and I all attended a Funding Frameworks Consultation hosted by the Ministry of Advanced Education. It was an incredibly important meeting, as we discussed how universities would be funded in Alberta. We followed CAUS’s policy, which can be found online in full, but in short was to push for an accessible, sustainable, and affordable model for students.

Introduction to Government

[Image: Minister Marlin Schmidt with CAUS Members]

Reed Larsen, Vice President (External)  
2-900 SUB • 780 492 4236 • reed.larsen@su.ualberta.ca
On August 1st and 2nd I attended the Ministry of Advanced Educations Introduction to Government as the Chair of CAUS. This consultation is something that happens every year and it brings together all of the student leaders from across the province to give input to the Minister directly. Conner and I were there to give a presentation on behalf of CAUS and answer questions, which overall went very well. We were the only provincial group to have our priorities completed for the consultation, have a solid presentation, and all members on point, so I was thrilled with the advocacy done. My favorite part was a mixer that the Minister attended, where we were able to have some extra one-on-one time.

Edmonton Student Alliance

The Edmonton Student Alliance met briefly on August the 8th. We discussed topics such as the upcoming municipal election, the mandate of the group, and attendance at the International Student Orientation to Edmonton. We hope to see some increased cooperation on the election cycle and will primarily make sure that UASU interests are maintained.

Advocacy Meetings

This month while in Edmonton I was able to meet with MLA’s McKitrick and Woollard, both of which went very well. In Calgary, on August 9th I was fortunate enough to represent CAUS’s interests to Nathan Cooper, the new leader of the United Conservative Party (UCP), with members from all CAUS member institutions. It was a very productive meeting, as it was important to push for student centered policies with this new party. President Banister and I also attended the UCP mixer that afternoon, where we were able to speak with members of the entire caucus. We are doing our best to follow the updates from the UCP and all other provincial politics currently ongoing.

That's all for now! Any questions, please feel free to email me anytime!

Cheers,

Reed Larsen

Re: Report to Students’ Council

Hello Council!

The summer is almost wrapped up, it’s wild to think that first years will be moving in about a week, orientation will be in swing in no time, and before you know it fall classes will begin. I feel like this summer has flown by, but has also been extremely productive and rewarding. Here are some of the things I’ve been up to:

**UASU Cares**
The mental health website is well underway, we are still finishing up the data base and working out some marketing details but as soon as everything is complete I will be sharing links and asking for a lot of feedback. Throughout the year, I will be working to grow this website and ensure that it has all the resources students will need in order to succeed in their academic endeavors. Once it is live, I would love all the feedback I can get from all of you and your constituents.

**Health and Dental Committee**
We had orientation for all the members of the Health and Dental Committee and have started conversations with StudentCare on how to best serve students in the upcoming year. We will likely be having a presentation in Council about the Health and Dental plan coming up within the next few meetings to get you guys informed on how the plan works and allow you to ask any questions you might have.

**First Responder to Sexual Assault and Abuse Training**
I took this training through Alberta Sexual Assault Services and found it quite valuable. I have been looking at different response training student leaders can take at the University of Alberta, and this one is up there in quality. It is really important that we support each other as students and that the students that want to be a resource to their peers have flexibility in obtaining this sort of training within their busy schedules.

**RATT on the Patio**
Our staff has done an incredible job putting on RATT on the Patio. It has been a pleasure to attend and see students, staff and alumni in presence coming together on the summer days enjoying the hot sun.

**Commitment to End Gender Based Violence**
Our school is a partner with the city to end gender-based violence, and I have been working with the city to continue to work in this area. I Believe You Campaign will be coming up in September and now that our sexual violence policy is written, it is quite important to ensure that our school

Ilya Ushakov, Vice President Student Life
2-900 SUB • 780 492 4236 • ilya.ushakov@su.ualberta.ca
continues to move in the right direction as together we can help educate our peers on the importance of taking a stand against gender based violence.

**Golden Bears and Pandas Legacy Fund**
Vice President Paches and I had an afternoon going through all the Legacy Fund applications and are thrilled to see the year that will come for all of our teams. It is exciting to see the teams getting more involved on campus and having a greater impact on our community.

**Residence Move In**
The executive and I will be volunteering for move-in day to greet the first years and returners coming back in Lister Centre and East Campus Village on September 28th. It’s going to an involved day and I cannot wait to see the campus full of motivated faces.

**The Landing Board**
Attended the Landing board meeting, we are currently looking for more staff for our services. You can find the job postings on http://thelandingualberta.ca/index.php/job-postings, feel free to give them a share as this is a great service that provides a lot of students support.

**Students Union Development Summit**
The executive and I will be attending the Students Union Development Summit this upcoming weekend. I am excited to reconnect with many student leaders across the country and meet plenty of new faces as well. The sessions look quite insightful and educational as well so I am excited to share the knowledge I will obtain throughout this weekend. It is always a worthwhile opportunity to share what our Students’ Union does and gain insight on what other schools do as well to see if there is opportunity for growth.

Overall it’s been a fantastic summer and I am really excited to see what the year will have to offer. Feel free to reach out and come visit me on office hours: Wednesdays 3:30 – 4:30PM. Shoot me an email too; I would love to chat just about anything, especially if I can help your goals in any way.

Thanks for reading, until next time.

\textbf{To:} Students’ Council  
\textbf{Re:} Report to Students’ Council

Dear Council,

As the summer comes to a close I am growing more and more excited for September, ready to welcome new and old students alike to campus. It is hard to believe that the nearly one third of my term as VP Academic has passed. I also look forward to the fall as that is when the governance cycle on campus resumes, with General Faculties Council and its various committees holding their first meetings of the academic year.

\textbf{GovWeek 2017}
GovWeek planning is in full swing – there are only 31 days from writing this till the GovWeek kickoff on September 18th. We had our applications up for nearly 4 weeks and in that time we received applications for events and sessions from faculty associations, department associations, labor groups and university representatives alike, among many more. While the schedule is still going through a few last steps before it is finalized, we will certainly have a full and exciting week on campus. There will be a few large events to note, including the opening and closing keynotes on the 18\textsuperscript{th} and 22\textsuperscript{nd} respectively, as well as a municipal debate in the Myer Horowitz theatre on Wednesday the 20\textsuperscript{th}.

The GovWeek Advisory Group (GWAG) has been very active in the planning process thusfar and will continue to be moving forward. GWAG has been instrumental in creating the vision for GovWeek 2017, promoting applications, selecting sessions and adjudicating grants for groups which requested financial assistance. GWAG will also act as ambassadors of the Students’ Union during GovWeek, attending sessions and promoting the scheduled activities.

\textbf{Academic Relations Group}
I have received a few applications for the Academic Relations Group and will be doing another call for applications going into the fall. Of those I have received I will be notifying the applicants of their application status over the next few weeks and we will hold a meeting to officially kick off the group for the 2017/18 academic year.

As you will remember from prior reports, the Academic Relations Group (ARG) is a group selected by the VP Academic that acts as both an advisory group and as delegates who represent the VPA on a variety of committees and boards as requested. ARG differentiates from the function of nominating committee as ARG members represent the VP Academic, whereas designates selected through nominating committee act as representatives of the Students’ Union. Likewise, when there is a call for Student Council representatives, Council does the selection from council members.
Student Representative Groups
The Council of Faculty Associations (COFA) boards will begin meeting over the end of the month and into September. Most of the COFA boards requested a more professional development centered meeting model, something which will look different at each board. COFA Senior Board – which is comprised of primarily FA presidents – will be holding a strategic planning meeting before receiving leadership training at their second meeting at the beginning of October. COFA Advocacy Board will be partaking in a session on advocacy strategies and governance training at their meeting. COFA Finance and Admin Board will have a session centered on accounting strategies and things to keep in mind for the new academic year.

Student members of General Faculties Council will once again be invited to attend the GFC Student Caucus. This is a meeting of student representatives on GFC to contextualize and better understand GFC issues and agenda items as they pertain to students. Of course, this meeting is optional but I strongly encourage as many members of GFC to come as possible. As it stands these meetings will take place Thursdays before each GFC meeting.

I have had the pleasure to meeting with representatives from both the Drama Student Association, the Alberta Anthropology Undergraduates Association and the VP Departmental Relations of OASIS. There are many great plans to strengthen, revitalize and support department associations in the Facutly of Arts this year that truly sound exciting and are a great step in student advocacy on campus. I also had a meeting with a member of the AUFSJ executive discussing some major priorities affecting Faculty St.Jean for the year including renovations to classroom space, Student Union involvement at Fac, and how we can jointly celebrate francophonie culture on campus. I look forward to working with representatives at the department, faculty and university levels throughout the year.

CTL New Instructor Orientation
Vice President Ushakov and myself had the pleasure of attending the Centre for Teaching and Learning’s New Professor orientation. This was a full day workshop bringing together a number of new professors from across campus to situate them in the university community. I was honored to partake in a panel of students, sharing our thought on what instructors are able to do in their classrooms to improve students learning experiences. It was nice to see so many new professors open to what students had to say and who were genuinely interested in bettering the experience that students will be having in their classrooms.

Research Projects
Another small update is around the Diversity in Student Governance Report. This will be finalized and released during GovWeek 2017, so stay tuned for the full report. Further, we are making good process in gaining important insights from the past Student Experience Survey, which will go on to influence our businesses and shape some of advocacy to the univeversity.
STRIDE
Since our last council meeting, the summer cohort of STRIDE has had two more meetings. The first centered on public speaking and navigating the gendered aspects of criticism, and the latter focused on campaining. After each session we have collected feedback from participants which has been used to continuously improve the program and will be used to inform the structure and content of the fall cohort as well. Applications will be going up soon, with the first cohort meeting in September.

My office hours are normally scheduled for Thursdays 3:30-4:30, but stay tuned as I will be posting new fall office hours and the exec and I will be setting office hours at CSJ and Augustana.

All my best,

Shane Scott

Re: Report to Students’ Council

Hello Council,

Summer is coming to an end, and that’s sad/exiting. Sad because summer is amazing on campus and summer is just great, but exciting because that means the school year is about to start! Things have been good with my projects. Personally, I’ll be moving into a new apartment soon, and I’m feeling old because I went to my first high school reunion. Other than that, stuffs great. I’ll provide an overview of some key meetings and projects in this report.

Golden Bears & Pandas Legacy Fund
Two weeks ago, on August 2nd, VP Ushakov, Councilor Thibaudeau and I spent an afternoon with representatives from Athletics, Varsity and the University of Athletics Board to discuss the disbursement of the Golden Bears & Pandas Legacy fund for this year. This fund goes towards various elements of varsity sports to support their success. The amount of money they receive is dependent on the reasonableness of their application, recommendations from Athletics, and the teams volunteer participation. We worked through all applications, and now the find disbursement will go through Finance Committee for verification.

GALD Summer Cohort Presentation
On July 28th, VP Scott and I made a presentation about the Students’ Union to the summer cohort of the Global Academic Leadership Development (GALD) program. This program is run by UAlberta International, and invites leadership from foreign universities, mainly Chinese universities, to share experiences and styles of running institutions. This is the second time I have presented to this program, and it is always a highlight. The discussions are always interesting and productive.

Room at the Top Facelift
One of my ongoing projects over the summer has been coordinating a facelift of Room at the Top. Well, it’s finally coming together! We commissioned a student mural, and the artists are hard at work as I type this! The space has new furniture, the space will be painted soon, and new lighting is expected in the first few weeks of September. Please go check it out!

Alberta Party Mixer
On Wednesday the 9th, I attended an Alberta Party mixer/info night on behalf of UASU. VP Larsen and President Banister were down south attending a UCP mixer, so we split up to hit each! I met many staff members, talked with Greg Clark about PSE, and discussed UASU and CAUS priorities with many prominent community members. Overall, it was a good event and I am happy to have attended.

Student Union Development Summit 2017
This coming weekend, the executive team is attending the 2017 Student Union Development Summit (SUDS). Here, we will have the chance to meet other executives from across the country to learn, share, and attend productive sessions on numerous issues facing Student Unions. I will be hosting a session this year. The topic is a workshop on Student Union businesses, trends, and talking about how SUs can make money while staying true to their mission of serving students. I am excited to present, and happy I’m able to lend my experience to others!

Myer Horowitz Theatre Renovation Project
As with previous reports, we have still for the most part hit pause on this project. We are gearing up for the fall where we will conduct extensive student consultation. Keep your eye out for it!

Cheers,

Subject: BC-Report #1

Dear Students’ Council:

The following written report has been submitted in compliance with Bylaw 100, Section 16.

1) Activities of the Committee
Bylaw Committee has had a relatively quiet summer compared to 2015 and 2016. That said, the committee has, to date, met all requirements under Bylaw 100.

A) Bill #1 - Elections Forums (Complete)
This bill addressed the concerns of the the Discipline, Interpretation and Enforcement Board during the 2017 election cycle regarding forum interference and heckling (See DIE Ruling 2016-01). Bill #1 addressed these concerns and also updated the regulations surrounding the requirement of forums across the Executive and Students’ Council elections.

B) Students’ Council Standing Orders (Complete)
Bylaw Committee played an instrumental role in updating Students’ Council standing orders, including multiple changes and recommendations to ensure Students’ Council runs efficiently and fairly.

C) Bill #2 - Joke Candidates (In progress)
This bill addresses a perceived error in bylaw surrounding what would happen if a joke candidate were to ‘win.’ The bill also addresses how joke candidates are defined in bylaw and the process for a joke candidate to become a real candidate.

D) Bill #3 - Universal Materials (In progress)
This bill addresses an ongoing point of confusion for Students’ Union elections, Universal Materials. The goal if this bill is to simplify the elections processes and ensure there are explicit provisions regarding said materials.

E) General Bylaw Review (In progress)
The committee is currently undergoing its annual review of all 19 Students’ Union bylaws. The committee goes through each bylaw looking for possible editorial changes (punctuation, syntax, grammar errors, or other changes that do not affect the substantive meeting of the Bylaw).

F) Fall semester (To be started)
In the fall semester, the committee’s business will include drafting referendum questions for Dedicated Fee Unit (DFU) and Student Representative Association Membership Fees (SRAMF) due for renewal in the coming year. In addition, once the Aboriginal Relations and Reconciliation ad hoc Committee completes the recommended framework, Bylaw Committee will begin any process necessary for appropriate implementation.

G) Students’ Council Referendum Questions (To be started)
Should Students’ Council initiate a referenda or plebescite, Bylaw Committee will be prepared to draft the final question.
