These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students’ Union we honour the nation-to-nation treaty relationship. We aspire for our learning, research, teaching, and governance to acknowledge and work towards the decolonization of Indigenous knowledges and traditions.

2019-15/7d  **DRAPER MOVES** to approve the Sustainability and Capital Fund question.

"The Students' Union Building (SUB) is a key asset for students at the University of Alberta. Beyond being a place on campus to meet with your friends, study, grab lunch, or catch a movie, SUB revenues provide more than $3 million in funding each year to support student services and initiatives, in addition to creating hundreds of job opportunities on campus.

As a non-academic space on campus, SUB is not eligible for direct government capital grants—yet still requires more than $25 million to address accumulating deferred maintenance costs. This maintenance needs to be addressed in order to ensure its sustainability and value to students—as both a social space and an important revenue source.

The University of Alberta Students’ Union (UASU) proposes to create a permanent Sustainability and Capital Fund to help provide funding that allows for the renovation and improvement of Students’ Union-controlled spaces on campus like SUB. The Capital and Sustainability Fund would:

- Provide funding for projects that improve the environmental, economic, and/or social sustainability of Students’ Union spaces;
- Provide up to $10,000 of funding for each approved student sustainability project that will positively impact the campus community.

Students’ Council would be responsible for approving all expenditures from the Fund. All Fund projects must demonstrate a clear contribution to environmental, economic, and/or social sustainability.

The Fund would be financed by a fee subject to the following rules:

- The fee will be initially set at $25/term;
- Students’ Council may reduce the fee if financial circumstances allow;
- The fee will be reviewed after five years; and
- The fee will be applied to students enrolled in Fall, Winter, and Intersession (Spring/Summer) terms;
- The fee can only increase according to the Alberta inflation rate;
- Augustana will be exempt from the fee."

2019-15/7e DRAPER MOVES to approve The Gateway DFU question.

- “The fee will increase from $3.54/semester to $5.50/semester per semester per student, to be assessed to students enrolled in the Fall and Winter semesters.
- Students enrolled in Spring/Summer semesters will pay a fee which will increase from $0.54/semester to $1.50/semester
- Off-campus students will pay the fee
- Part-time students will pay the full fee
- Students may opt-out of paying the fee.

Do you support these changes to The Gateway's fee?”

A case for increasing *The Gateway’s* DFU

Presented on behalf of the Gateway Student Journalism Society
Journalism is changing; *The Gateway* wants to change with it.
Journalism is changing

How?

- 62% of young Canadians get their news from social media, multiple times a day (Thom 2016, 86)
- 76% of Canadians get their news online (websites and social media) [Digital News Report Canada, 2017]
  - Print sits at 33%
- Print ad revenue is declining rapidly [ThinkTV, 2018]
  - In Canada, newspapers have gone from 34.2% of ad media share in 2008 to 13.1% in 2017
  - Meanwhile, internet ad media share has gone from 14.2% in 2008 to 49.8% in 2017
What we’re asking for:

- Increase our DFU from $3.54/semester (Fall/Winter) to $5.50/semester [indexed to CPI]
  - For Spring/Summer, $0.54/semester to $1.50/semester [indexed to CPI]
- Off-campus students would pay the fee
- Augustana students would **not** pay the fee
- Part-time students would pay the full fee
- The fee would be **opt-outable**

This is the first time *The Gateway* has ever asked for a fee increase — our DFU has stayed the same since its inception in 2002 (save for increases due to inflation).

What are 4 benefits students would see from a $4 increase to our DFU?
What are 4 benefits students would see from a $4 increase to our DFU?

- More investigative journalism and quality content
  - Increased magazine page count means more room for investigative journalism, more opportunities for students on campus to publish their work with us
  - Bigger FOIP budget means more access to documents and stories outside the eye of the public

- Moving The Gateway into a digital-first future to better suit students’ needs
  - Working to revamp our current website to offer a better reading experience
  - Purchasing camera equipment for more multimedia content (video stories, and the like)

- More professional development = better content
  - Subsidizing conferences for volunteers and staff (ie. NASH)
  - Stipends for professional speakers

- More connection to campus
  - Free of charge magazine launch events every month to help students connect with the publication (open to all students)
How is this fee increase sustainable?

- We have the chance to re-invest in failing equipment (one-time costs that don’t continue into future years)
- We keep and increase our relevance to students and campus as we move into the digital era
- Preserves The Gateway’s autonomy, helps us avoid bringing sponsored content onto our site
- We’re making the fee opt-outable to account for future political uncertainty, as well as give students a choice given the tough financial times we are in
A 5-year plan for the new DFU
What’s in the 5-year plan?

- 8-page increase to magazine
- Increased FOIP budget
- Multimedia editor
- Staff writer
- Stipends for professional journalism speakers
- NASH subsidies
- Outreach funding for launch events
- Equipment purchases
- Website revamp
Student consultation

  - For Spring/Summer, $0.54/semester to $1.50/semester [indexed to CPI]
- Off-campus students would pay the fee
- Augustana students would **not** pay the fee

A request for Council to waive the petition process for The Gateway

- Gateway staff spend a great deal of their time ensuring that UAlberta gets high-quality, relevant, and informative campus content. However:
  - They are also students on top of this work
  - By having to spend time getting nearly 4,800 signatures, the quality of our content comes into question, as does our mandate to campus
  - We unfortunately do not have the staff or volunteer resources to perform this work without compromising our mandate

- Given this information, as well as The Gateway being a long-standing institution on campus, we would request that Council votes to waive the petition process for the DFU increase as outlined in Bylaw 6100 and Bylaw 2200
Questions?
Bill 7 First Principles

- Council is committed to openness and accessibility
- Council believes all students should be able to have a representative on Students’ Council
- The process to achieve membership after a by-election passes and vacancies remain is enumerated in bylaw 100 section 20
- Council has discussed the difficulty of filling a vacancy petition, and have expressed concerns that the process is too inaccessible
- Bylaw committee believes the number of signatures required to fill a vacancy petition should be reduced
- Bylaw committee suggests reducing the number of signatures to be 1% of the undergraduate student population of the faculty with the vacancy (Capped at 60 individuals).

ARTICLE 25 (was 24) PAYMENT OF WAGES

PAY STRUCTURE

In the previous collective agreement, the UASU and CUPE Local 1368 adopted a pay structure which is based on a grid of Pay Grades and Steps. Each position is assigned to a Pay Grade based on the principle of equal pay for work of equal value. Employees are eligible for Step increases based on hours of service. The increase between each step is 4%. Employees earn each of these increases after working 975 hour increments but are limited to one step increase in per 12 month period.

LIST OF POSITIONS

Positions in the Conferencing and Events department were renamed. Housekeeper was added to the list as it was inadvertently missed in the previous agreement.

ANNUAL INCREASE

Pay Grade I – the wages for these positions were frozen at $15.00 per hour. The positions in this pay grade are Server and Bartender.

Pay Grade II – These are entry level positions primarily in the UASU’s businesses. Step 1 received a $0.15 increase effective November 1, 2019. Steps 2 and 3 still increase by 4% from the previous step. This pay grade will not receive any other increases during the term of the collective agreement.

Pay Grades III-IX – These pay grades receive a 1.3% increase effective November 1, 2019, a 1% increase effective May 1, 2020 and a 1% increase effective May 1, 2021.

In the previous collective agreement, we changed from having pay rates set for each individual position to the current pay structure. Changing to this new system resulted in a few positions that when moved to the wage grid would not receive an increase in either the first or second years and/or would receive less than 3% over the three year term of the agreement. In these situations, the incumbents in these positions received a 1% increase each year in the previous collective agreement. For the current agreement, these positions will receive the percentage increases outlined for Pay Grades III-IX. These pay rates only apply to the incumbents and not to the positions; therefore, when employees are hired in these positions at a future date, they will be hired to the rates on the wage grid. The positions included in this adjustment are the Administrative Assistant and Maintenance Chargehand.

Dear Council,

It’s been an insane few weeks, and I would say insane doesn’t even begin to scratch the surface. There has been a lot going in all in all the all the portfolios, and it has been keeping all of the team extremely busy. This is a long report, with important information, so thanks for reading it! I am happy to answer any questions for clarity!

1. Executive Committee
   - The number one item we have been working on as a team has been the Students Not Silent campaign. Phase 1 was the extremely successful rally on Nov 18th both on campus and at the Legislature. Thank you to the few Councillors who have been really engaged.

2. Internal University
   - University Budget
     - The 2019/20 cut is $79 million. After difficult conversations, the University is absorbing as much of the cut at the institutional level as possible, and applying the residual amount differentially between the faculties and units. At the institutional level, they have cancelled all possible maintenance and infrastructure projects, drawn upon limited financial reserves for investments and applied our small contingency fund. These actions total $34M. The remaining $45M shortfall will be handled through a one-time, in-year cut of 4.7% to the faculties and an average in-year cut of 8.0% to the central support units (applied differentially). While these cuts will be applied on a one-time basis for this year, the ongoing reductions to our funding will be rolled into the planning process for the 2020–21 budget. It’s not looking great and people are feeling the impacts very intensely already. More information from President Turpin [here](#).
   - GFC Secretary
     - I am on the hiring panel for the GFC Secretary and we are hoping to have someone start in January.
   - Board/GFC/Senate Summitt
     - I am on the planning committee for this summit and a topic we are hoping to focus on is key performance metrics! Interesting topic and very timely.
     - Katherine Husing, Andrew Sharman, GM Dumouchel, VP Statt and I met to discuss the relationship of the University to our proposed plan. They are very much in favour and really loved this solution. They too talked about how much they hate the elevators in SUB, so we are now looking into a potential solution!

Akanksha Bhatnagar, President
2-900 SUB | 780 492 4241 | president@su.ualberta.ca
- **Board of Governors Board Finance and Property Committee (BFPC)**
  - I called into this five-hour meeting while at CASA. We had a lot of strategic discussions about the different budget levers we are going to have to think about when the University is going through such difficult changes.
  - We had an presentation that spoke to our current finances. Highlights:
    - Forecasted unfavourable operating variance from the budget of $17.1M
    - Due to Campus Alberta Grant cut, partially offset by lower salary and benefit expense
    - The elimination of IMP funding will have an unfavourable impact to the consolidated annual surplus (deficit) of $20M
    - Residence Services are forecasting an annual deficit variance of $2.6M mainly due to lower occupancy rates (they were forecasting 88% occupancy but they’re at 85%)
    - Discussed the differential impacts of Campus Alberta Grant cuts and tuition revenue: a 1% cut to the CAG reduces revenues by $6.4M, while a 1% hike to tuition only raises revenues by $2M
    - As of December 2018, the deferred maintenance liability was $311M and the five-year projection was $888M. IMP was going to be the main funding source addressing this before the cuts
  - Above I talked about how the University was going pull from it's Non-endowed Investment Pool to help offset these budget impacts. We approved pulling $15M, which is the $15M appeared to be the maximum that can be spared without beginning to incur noticeably more risks with non-endowed investments
  - We discussed a new Ancillary Fees Framework.
    - Proposed rate increases:
      - 2.9% increase to meal plan rates for 2020/21 (this is basically at CPI for food products (3.1%))
        - Equates to an annual increase of $148 for Lister/PLH 7-day plans, $130 for Lister 5-day plans, and $132 for Augustana plans.
      - 5% increase to residence rental rates for 2020/21 and 2021/22
      - Creation of new 8-month leases for five East Campus residences
    - VP Larsen has been doing a lot of work on finding alternative solutions to these changes and has been pushing the University to look at other methods of revenue generation.
    - Something VP Larsen noticed and we have been trying to find answers on is that the University of Alberta website the proposed rent rates for Mackenzie Tower which over 100% higher than those for the other classic Lister towers. This was not a change we approved and once we get more updates, we will let you folks know. Residence Associations are already aware of this and are working to get answers.
- **Board of Governors, Board Learning, Research and Student Experience Committee (BLRSEC)**
  - We will be meeting tomorrow, and here is the biggest item.
  - Approving the Student Financial Support Policy Suite and Rescission of the Awards and Bursaries for Students Policy Suite
    - This was approved at all GFC levels and I was heavily involved in the creation of these policies. They are really amazing, let me know if you have questions. If you ask, I'll assume you’ve read my report till here!

- **Augustana’s Got Talent, hosted by the Augustana Students’ Association**
  - VP Statt, Larsen, Agarwal and I went to Camrose for this event, and it was so incredible! There is truly some amazing talent at Augustana!

3. **External Advocacy**

- **Canadian Alliance of Student Associations (CASA)**
  - We just returned from the CASA Policy and Strategy Conference where we decided on our three major asks for our Advocacy Week in February.
    - (1) International Students, (2) Indigenous Students, and (3) Student Financial Aid. I will let you all know the details of the asks as soon as membership receives it.
  - I am also the Vice-Chair of the Governance Internal Review Committee (GIRC) for CASA, and some of the projects I am working on re-working CASA’s election procedures, and looking at updated membership fee structure to work with our Ontario schools and now also looking to create an Equity, Diversity and Inclusivity Director as a permanent member of CASA’s Board.

- **Council of Alberta University Students (CAUS)**
  - CAUS presented at the last Council meeting and had a specific meeting with Councillor Sunday and ASC President Belcourt. I will provide an update on closed with some strategic conversations.
  - During our Counterparts conference I met with:
    - MLA Shannon Phillips and the Minister of Advanced Education.
    - CAUS will no longer be taking photos with Members of the Legislative Assembly or their staff. Students are facing an uncertain time and we will not distract from the messages, concerns, and solutions that we are providing. We remain committed to transparency in our advocacy efforts and will continue to update students on our work with external stakeholders. This mandate is effective until further notice.
  - I had a really great time being on the Ryan Jesperson show talking about post-secondary. I was pretty candid, and it’s [here](#) if you want to listen!
4. Internal Students' Union
- I am hosting **Election Workshops** this year, open to the public!! I have a lot to say about the elections and candidates wanting to run, so please feel free to reach out. All the conversations I have with candidates is confidential and I will give all candidates honest answers if they reach out!
- At our **Communications Group** we discussed a topic I love - UASU swag! I promised something was going to come when I was VPA, and it sure is!

Thank you for reading my report and I look forward to any questions you may have either via email or during question period. My office hours will be by appointment, so please feel free to send me an email.

Cheers,

Akanksha

Hello Council,

Past few weeks have felt like more than a month. So much has happened in such a short period of time. Here are some of the updates:

1. **Budget Responses**
   As you’re all aware the provincial government has made substantial cuts to postsecondary education across the province. We hosted a Town Hall, and subsequently a protest which lead to the legislature building. Response to the announcement a few weeks ago has taken up many hours of time in planning a strategic approach. We are in the midst of a multiphase strategic plan to advocate for affordable post-secondary education.

2. **Brain Pop: Why You Should Do Undergraduate Research**
   I am so excited to say that the research event we hosted on November 21st, 2019 was a gleaming success with many great conversations, presentations, rapid-fire talks and engaging booths for students to interact with. A HUGE thank you to all the countless hours of support, planning and volunteering from those involved in the Research Event Planning Committee, as well as in the event itself. Shoutout to the following councillors for their help throughout the process: David Draper, Juan Vargas Alba, Adarsh Bedesha, Ian Gatiera, and a huge shout out to the Student Governance Officer, Jenna Mulji for all her help in making this event a success!

   If you were not able to make the event you can check out the [Gateway Article](#) about it, as well as an article I wrote on [The Flame](#). I was also aired on the [CJSR 88.5 FM](#) last Friday where I talked about the event itself, and why I believe undergraduate research and mentorship is so important for students.

3. **Council of Faculty Associations**
   During the last report, I mentioned that the Academic advising survey which was done last year has been put into a one page summary and submitted to the Vice-Provost (Programs) for further discussion. I’m excited to say that the report will be discussed with the associate deans by the Vice-Provost (Programs). We discussed the survey results at COFA Advocacy board where I am encouraging FAs to talk about the survey results with their administrative point of contacts.

   COFA Advocacy Board in conjunction with Senior Board will be working on a joint statement on the budget which we will put out in the next few weeks. It is important that all fourteen Faculty Associations are represented in a united voice advocating for student needs.

Joel Agarwal, Vice President Academic
2-900 SUB | 780 492 4241 | vp.academic@su.ualberta.ca
The COFA Collaboration fund terms of reference were looked at during Senior Board, and we are close to finishing this to promote more collaboration on campus. Senior Board has decided to give out two $500 awards to help promote collaboration between Faculty Associations. We are currently finalizing the Terms of Reference for the distribution, eligibility and usage of the funds.

4. CASA Counterparts Conference
From November 19th till the 21st the UASU hosted the CAUS Counterparts conference in Edmonton where we were able to meet with and collaborate with CAUS members from across Alberta. There were some great presentations and seminars on topics from Advocacy, Free Expression and Open Education.

5. Festival of Teaching and Learning Steering Committee
I was able to sit on this committee and discuss the 2020 Festival of Teaching and Learning which occurred last year with huge success. Going forward, the theme will most likely be centred around Equity, Diversity and Inclusion (EDI). I pushed for there to be sessions and topics on Open Education, and quality of teaching and education.

From now until the end of the semester, I am available to meet by appointment. Please let me know if you’re interested in chatting about anything above, or whatever else!

Cheers,

Dear Council,

It is safe to say that the last month has proved to be challenging in this position. We are halfway through the year, and I am reflecting now more than ever on what the last 6 months of my term will look like. For me, it is about ensuring the best possible outcome for students in what will be not just a difficult next 6 months, but likely a difficult next number of years for the post-secondary student experience in Alberta.

1. **CASA Executive Director**: It gives me great pleasure to announce the appointment of Kalin McCluskey as the new Executive Director of the Canadian Alliance of Student Associations, effective December 9. Kalin brings a wealth of policy, government, and academic experience to the role, and I look forward to the stability that having a permanent ED in our Ottawa office will provide for CASA and its membership. Additionally, CASA is in the process of hiring a Policy and Research Analyst, as our current Interim ED will be moving to the Government Relations Officer portfolio.

2. **Alumni Priorities Meeting**: On November 5, President Bhatnagar and I met with Heather Raymond, President of the UofA Alumni Association. We discussed the impact of the provincial budget on current students and alumni (in particular, measures such as the increase on provincial loan interest rates), and what programs and services the Alumni Association has to help those impacted. We also discussed the addition of fundraising to the Vice President (External) portfolio, to which there was mutual agreement that resources and insight could be offered from Alumni and University Advancement as the SU furthers its fundraising initiatives.

3. **Chillin’ for Charity**: The Executives participated in the JDC West event on November 6th. Thanks to the group for the invitation and for the fundraising work they do to benefit The United Way. It was cold, that is all.

4. **Remembrance Day**: On November 11, VP Statt and I presented a wreath on behalf of the Students’ Union at the Butterdome Remembrance Day ceremony. It was a very moving ceremony, and I think it bears a constant importance to note our respect and thanks to all current and former students who serve and have served this country.

5. **Students Not Silent**: The demonstration, which saw approximately 500 UofA and MacEwan students and staff gather at the Legislature on November 18th, has generated the beginnings of the momentum we will need to continue pressing the government to consider the serious impacts this provincial budget will have on students. Certainly with the present of the
University budget and next provincial budget around March there will be more action to come, so please stay tuned or become a part of the planning process by talking to myself or President Bhatnagar.

6. CAUS Counterparts: From November 19-21, the Executives of the members of CAUS were hosted by UASU for strategy development and workshops. There were several discussions around the provincial budget, including the decision made by CAUS members to no longer take photos during meetings with provincial politicians so as not to lead to misinterpretations on the message we are presenting during this difficult time for students.

7. Federal Cabinet: The federal government has announced its new Cabinet, which includes some familiar and new faces for CASA advocacy. I look forward to seeing the published mandate letters, which will give us more insight into the goals the Prime Minister is assigning to the Ministers.

8. Student Choice Initiative ruling: I was pleased to see the Ontario Divisional Court rule against the Ontario government’s Student Choice Initiative. For those unfamiliar, the policy is voluntary student unionism (VSU), and was a direct government interference in the affairs of democratic not-for-profit student organizations. It is evident that there were certain political affairs at work in the implementation of the policy, which contributed to the court’s ruling. I have spoken to my CASA colleagues at Ontario students’ associations, who have told me they are waiting to hear for the government’s response to the ruling before figuring out how to move forward. It is my understanding that the Ontario government could appeal the decision, or legislate on VSU, but only time will tell.

9. CASA PoliStrat: I have just returned from Vancouver, where CASA conducted its Policy and Strategy Conference. This conference is normally in the summer, but was pushed back due to the federal election and Get Out The Vote campaign. The purpose of this conference is to gather the membership to work on various projects, as several committees have projects from governance, to policy, advocacy, and more. The membership also approves the proposed priority themes from the Board of Directors which guide the organization’s advocacy for the remainder of the year. The themes proposed by the Board this year which will be taken to Parliament Hill, in the form of more specific advocacy asks, are student financial aid, Indigenous student issues, and international student issues. There are certainly several other topics of importance, including but not limited to student employment, mental health and sexual violence prevention, that CASA is conducting work on in other ways than Advocacy Days. We were also consulted by Universities Canada on their new Outbound Mobility Program and how students who may not typically have the opportunity to study abroad might be able to because of this program. Finally, some of CASA’s new Indigenous Student Advisory Group attended the conference and provided extremely beneficial guidance and insight into how Canada as a country can better support Indigenous students, but also how CASA can become a more decolonized environment that can better support Indigenous student advocacy.

10. Coming up: On November 30th, I will be taking part in a full-day Alumni Council retreat where I will be leading a student panel. On December 5-6 I will be attending the UofA Senate plenary, where the provincial budget is sure to be a big topic. And on a more personal note, since November was a very heavy month I will be trying to find time for self-care in December to best recuperate for all the continuing excitement of the new year in January.

I equally hope that in this stressful time of year, that all students are finding time to take care of themselves between studying and work. It’s never a bad thing to reach out when you need it, and taking care of yourself only makes you stronger as a person.

Cheers,

University of Alberta Students’ Union Vice President (External)
Adam Brown
Dear Council,

I've been hard at work with Negotiations, sustainability efforts, Business enhancements, the protest, and a conference! Keep reading for this month’s dive into the specifics!

**The Businesses**

**Breakfast at The Daily Grind**
We’re bringing breakfast to The Daily Grind on December 9th! Don’t know if you recall la’ Express’s breakfast sandwiches, but it'll be almost identical to those. Breakfast sandwiches will come in at $2.99 for the sausage and egg and $5.50 for croissant sandwiches. We will be preparing them fresh for students every morning and keeping them in a warmer for up o two hours at the front after. I’ve heard from a lot of students that these sandwiches were a tasty and affordable breakfast option they missed having, so I’m excited to hear the feedback when they return this December!

**SUBprint is Getting a Better Online Platform for Submitting Orders**
Our wonderful business director has been hard at work on developing and beta testing a better website for students to submit an order request to SUBprint. The hope is that this improved site will enhance students’ experience with their printshop and reduce the hassle of waiting in line as long!

**SUTV Expansion**
Amazing news folks, our external relations director has been working with the NAIT Students’ Association to expand the SUTV network over to the campus. After a fair amount of work, it’s looking like we'll be adding 30 new SUTVs to our network over at NAIT! This is an incredibly exciting milestone as this will be the first separate school in Edmonton to begin utilizing the service and will hopefully give us a launchpad for further expansions in the future!

**A More Sustainable Food Court**
Given the significant focus on Sustainability by council this year, I have begun looking into further reducing the use of plastics in our food court. The building manager has, at my request, passed along an email asking tenants to further reduce the use of non-organic, non-recyclable materials in our food court in an effort to reduce waste. This is, of course, not a perfect long-term solution, but it seemed like a solid step in the right direction. I will be updating Council in the new year on the kind of success we can find in this new effort!

**A More Sustainable UASU C&E**

Luke Statt, Vice President Operations and Finance

In addition to the efforts being made to reduce waste in our food court I have, at the request of Council, also asked our Conferencing and Events department to begin taking steps to phase out plastics from our catering services. As it stands now, we often provide reusable or organic materials, but there are still times when plastics are used, and that’s what we are looking to change. I will also update Council on this piece in the new year!

The Committees and Conferences
The Business Advisory Group (BAG)
As the last few weeks have been absolutely WILD, I have not had the opportunity to give this the level of attention I wanted to. However, as we enter December I’m hoping to kick this exciting committee off and get things rolling. So, for those of you who have applied, fear not, you should be hearing back very soon on this! Here’s a bit more about it if you’re curious:

(BAG) will advise the University of Alberta Students’ Union (UASU) in its effort to ensure that its business operations are meeting the needs of its undergraduate student membership. To do this, members will aid in the reviewing of operations and propose recommendations on how to improve operations to increase student satisfaction and overall profitability. Members will provide feedback and concerns based upon the students’ experience interacting with the UASU’s diverse business operations. Members will provide this advice and feedback to senior management in charge of the UASU business operations through the Executives and relevant managers as appropriate.

CAUS Counterparts Conference
I had an absolute blast attending the CAUS Counterparts conference in Edmonton a couple of weeks ago. It’s always interesting engaging with student leaders from other SUs. Is was a busy conference to be sure, but the highlight for me was having the opportunity to meeting with just my counterparts from the University of Lethbridge Students’ Union, University of Calgary Students’ Union, and the MacEwan University Students’ Union. I had the opportunity to take a few hours to walk them through our various business operations, building, and services, as well as discuss potential areas for collaboration moving forward. Overall, a very exciting time.

The Collaborations
The Protest
As I am sure you all were aware, we protested in November. On the whole, I felt it went quite well and I was thrilled to see a solid amount of councillors participating! We had close to 500 people show up and the letter-writing campaign proved to be a very meaningful way to communicate students’ worries.

Two Negotiations are Now Complete
I have completed the negotiations with the University over the Access Fund Agreement and the negotiations with CUPE over our collective bargaining agreement. Both agreements are not something I can summarize here, but with them out of the way I am hoping to free up more time for other exciting projects.

Sustainability and Capital Plan
Here we go, folks! You will have likely seen the Sustainability and Capital Fund this week as well as having seen some of the projects and the question itself in the surveys. If Council chooses to ratify Bylaw’s motion to approve the question, Marc, Akansha, and I will continue with further consultation and project development for the next few months!

Continued discussions with the Augustana Students Association
I have been having conversations with the Augustana Students Association (ASA) about how they can diversify revenues to become less fee reliant. I’m hoping the UASU will be able to support them in some of their rather innovative and expansive goals. Keep an eye out for updates on this piece in future reports as I think there are some very exciting things we can partner on here!

The Follow-Ups
Bar Burrito is Open!!
This is not a drill!! After literal months of waiting, Bar Burrito has opened its doors (or just removed those wood walls?) to the student body. As previously mentioned, they are continuing to redeem coupons from the handbook until later in December AND they have also been handing out additional coupons to students. Anecdotally, students seem to be very happy with the new tenant and I think they will fit well in our building!

If you ever want to meet to discuss ideas, concerns, or just talk, you can shoot me an email and I will do my best to find a time to meet!

Cheers,

University of Alberta Students’ Union Vice President Operations & Finance

Hey Everyone!

I hope that you’ve all been well lately as we gear up for finals and the holidays! We’ve all been working really hard and you are all very well deserving of a relaxing vacation. I’m quite excited for all of the policies being brought forward to Council today, lots of work has been done to create them and I look forward to hearing what you all have to say about them. This report gives a recap of November from the Student Life portfolio and if any of you have any questions, please feel free to ask in Council!

1. Student Caregiver Policy Draft engagement - Dean of Students
   As the Dean of Students’ office drafts the Student Caregiver Policy, they are actively engaging with their network of student caregivers to arrange luncheons while also performing consultations to gain a better understanding of the issues needing to be addressed in the policy. Last meeting, they addressed several topics covering both academic and non-academic matters including: maternity/lactation spaces, change tables in washrooms, children in classrooms, and parental care leave for students needing time away from classes.

   These luncheons have also been helpful in creating our own Students’ Union Students With Dependents policy. I’ve been invited, as well as the GSA, to come and partake in these luncheons and gather input for policy as well as general consultation.

2. Council of Residence Associations Strategic Plan
   The Council of Residence Associations consists of the VP Student Life and all of the Presidents of the residence associations. It functions as a committee both for advocacy and the sharing of best practices in engaging students and organizing large events. CORA also acts as a consultation body for residences.

   As Chair of CORA, I am leading the creation of the strategic plan to set the vision for the upcoming years in residence life. This plan seeks to embolden the longevity of residence associations and provide a framework for future executive years to continue the large advocacy goals for residences. Our timelines for finalizing the plan will be to have it completed by the beginning of February.

3. Installation of Indigenous Art Mural in HUB Main Entranceway
   As part of the Residence Improvement Fund that CORA proposed to Ancillary Services on November 15th, I am in the early stages of an initiative to have an indigenous art mural installed in the main entranceway to HUB Mall. The funding has been approved and I have
been meeting with administration from Ancillary Services as well as the Director of the First People’s House to help approve of the proposal as well as seek contacts for local indigenous artists and other FNMI mural artists.

The goal of this project is to have 5 panels, each about 5 feet wide by 20 feet tall, tell a story of the Indigenous land that we are settled on. Further consultations with ARRC, Aboriginal Students’ Council, and the First People’s House will help in capturing the full essence of what this mural should contain and I am very excited to continuing on with this initiative.

4. Residence Political Policy; Second Principles
As second principles for the residence political policy come to council today, I’ve been in several meetings over the course of the month with Residence Services, Ancillary Services, CORA, and the residence association executive committees to gather input and feedback for the policy. Its been very fulfilling getting to lead the revamping of this policy and expand the Students’ Union advocacy for residence.

5. Dean of Students, GSA, SU Retreat
Last week, the Dean of Students office, GSA, and the executive had a retreat to discuss several topics of interest surrounding mental health supports, the sexual violence prevention coordinator, and a quality assurance review of the student support services offered through the Dean of Students’ office.

Moving into the new year, I have been working to arrange meetings between several of the higher administrators to continue efforts on the sexual violence prevention coordinator. We need to continue to push this initiative with the Provost’s Office as we are seeking an action plan for the University to commit to hiring for this position.

If any of you would like to know more about anything mentioned above or have specific questions, please don’t hesitate to ask in council!

Cheers,

Jared Larsen, Vice-President Student Life

2019-14/5 **OPEN FORUM**

GATEWAY: Inquired as to how the meeting which occurred with the Alberta Government prior to protesting their 2019 budget fit into the Students' Union’s advocacy strategy.

BROWN: Responded that the Students' Union met with the Alberta Government before protesting its budget to make clear students’ concerns and asks. Emphasised that advocacy is multifaceted. Determined, moving forward, not to post post-meeting photos with members of the current Provincial administration.

GATEWAY: Inquired into what portion of the funds raised from the Sustainability and Capital Plan Fund will be used to renovate Students' Union space as opposed to University property.

STATT: Responded that the funds raised from the Sustainability and Capital Plan Fund will be used exclusively to renovate Students’ Union spaces.

GATEWAY: Inquired into whether the Executive can provide an update on the proposed merger between the East Asian Studies and Modern Languages and Cultural
Studies departments.

AGARWAL: Responded that the decision to merge the East Asian Studies and Modern Languages and Cultural Studies departments has not been formally approved by General Faculties Council and that there remain to be consultations with students.

2019-14/6

**QUESTION PERIOD**

2019-14/6a

*Councillor Vargas Alba to Vice-president Larsen:*

“Hello VP Larsen,

Last week, a Private Members’ Bill in the Alberta Legislature brought forward the possibility for Alberta to give conscience-rights to physicians. This means that if a physician is morally opposed to a treatment, they can refuse to offer that treatment, and they can refuse to offer a referral to their patients. This may mean that physicians may reject treatment or referral for a patient seeking abortion care, birth control, and gender-affirming care for trans students, such as referrals for hormone replacement therapy and gender-affirming surgery.

Regardless of whether or not this bill passes, how can the University of Alberta and the Students’ Union ensure that students are receiving the proper care they need when seeking help from physicians at the University of Alberta Health Center?

Thank you,
Juan”

LARSEN: Responded that the Bill, whether it passes or fails, will not negatively impact the completeness of the service students receive at the University of Alberta Health Center.

DRAPER: Inquired, to the Vice President Student Life, as to whether he can update Council as to why HUB Mall was evacuated on November 19.

LARSEN: Responded that a lot of steam escaped from the building’s boiler room. Noted that this issue has since been resolved.

TSE: Inquired, to the President, as to the uses of the current $9.50 fee students pay for the SUB Renovation Fund.

BHATNAGAR: Responded that the whole of this fee is used to pay the mortgage for the construction of the SUB Atrium.

BOSE: Inquired, to the Vice President External, as to how much the Students’ Union pays for membership in the Canadian Alliance of Student Associations and Council of Alberta University Students and, moreover, whether he believes the Students’ Union gets good value for this money.
BROWN: Responded that the Students’ Union pays approximately $55,000 for membership in each organization. Suggested that the membership fees are worthwhile as these organizations allow the Students’ Union to have a strong and effective student voice when advocating government.

DIXON: Inquired, to the chair of the Nominating Committee, as to what measures she is taking to solicit greater student submissions to join Sustainability Committee.

CHEN: Responded that the Committee is considering simplifying the application requirements by removing the need to submit cover letters or resumes.

ESMAIL: Inquired, to the Vice President Academic, as to whether he can provide an update on the Alberta School of Business’ move to allow direct entry admissions.

AGARWAL: Responded that a new direct entry admissions scheme received approval at the faculty-level and will soon be considered by General Faculties Council.

KONRAD: Inquired, to the Board of Governors Representative, as to whether he believes that it is tokenistic to set aside a dedicated seat on the Board Learning, Research, & Student Experience Committee for an Indigenous student representative.

LEY: Responded in the negative. Considered that, for tokenism to exist, there must be an imbalance in power between the Indigenous student and other members of the Board Committee. Emphasised that the student representative will be a full and equal member of the Board Committee.

BOSE: Responded that the General Manager has been concerned with the maintenance of the Students’ Union Building since 1980 but that he has focused on following the direction of the elected decisionmakers. Inquired, to the Board of Governors Representative, as to whether he will sign a letter requesting that the Alberta Government fill the new vacant seat on the Board with an Indigenous member.

LEY: Responded in the affirmative. Considered that Aboriginal Relations and Reconciliation Committee may delay adding a new seat on the Board Learning, Research, & Student Experience Committee until the Alberta Government fills the new Board vacancy.

BEASLEY: Inquired, to the Vice President, as to whether he believes that the Faculty of Arts will suffer from the School of Business introducing of direct-entry admission.

AGARWAL: Noted that the Dean of the Faculty of Arts supports the School of Business introduction of direct-entry admission. Determined to keep Beasley’s question in mind.
DIXON: Inquired, to the chair of Nominating Committee, as to how the Committee, without meeting, rejected an applicant to Sustainability Committee on the basis that they were unqualified.

CHEN: Responded that the applicant was a graduate student and therefore automatically ineligible.

DRAPER: Inquired, to the chair of Nominating Committee, as to whether committee chairs can be involved in selecting applicants for their committees.

BHATNAGAR: Responded that Nominating Committee can invite chairs to be part of the nominating process but that the Committee is under no obligation to do so in bylaw. Inquired, to the chairs of Nominating Committee and Council Administration Committee, as to why passion projects initiated by councillors are not progressing forward.

CHEN: Noted that Nominating Committee has difficulty in reaching quorum.

BEASLEY: Expressed concern that there was no job posting on JobKin to solicit submissions to join the Task Force on Representation.

BHATNAGAR: Inquired, to the chair of Nominating Committee, as to whether the will either reach out to get additional support in running her Committee or, alternatively, if she will resign as chair.

CHEN: Responded that she will not resign as chair. Suggested that the Committee is ineffective due to its members rather than her leadership. Suggested that the Committee mandate is unclear.

DRAPER/BOSE MOVED to suspend Standing Orders to extend Question Period until all questions are exhausted.
CARRIED

DRAPER: Inquired, to the chair of NomCom, into whether she will come to the next Bylaw Committee to discuss how she wants to address the mandate of NomCom.

BHATNAGAR/DRAPER MOVED to commit that Nominating Committee meet with Bylaw Committee to discuss its mandate and that a report based on this meeting be issued to Council at its next meeting.
WITHDRAWN.

LEY: Inquired into whether other councillors believe that Nominating Committee has an unclear mandate.

BHATNAGAR: Responded in the negative. Suggested that the Committee has a clear mandate and it is the chair’s interpretations of it that are problematic. Suggested that Bylaw Committee could reform Nominating Committee’s mandate to make it more
Bhatnagar/Bose moved to direct Nominating Committee to meet and provide Council with a plan of action for improving its operations by SC-2019-15. CARRIED

Beasley: Inquired into whether the Nominating Committee has filled its current vacancy.

Chen: Responded in the negative.

Draper: Inquired, to the chair of Sustainability Committee, as to whether she can provide an update on the status of the Committee.

Dixon: Responded that the Committee has not met as Nominating Committee has not supplied it with a sufficient number of members to achieve quorum. Determined that the Committee members will begin informal talks in preparation for a meeting.

Introduction & Context

Foundational History

Opened in 1950, University Hall was the original Student Union building. Within 15 years, however, the incredible post-war growth of the University led to the need for more and different space, and planning began for a new, much larger building.

The current Students’ Union Building was completed in 1967. With new facilities for food, entertainment, and recreation, it was immediately successful, realizing the vision in the planning documents that:

Most importantly, this whole building must both serve as a social centre for the whole university and as a constant symbol of the value of free, autonomous student government.

As the University continued to grow and change, so too did the new building. Over the last decades, SUB has undergone a series of major transformations:

- 1993: A new, modern food court was added to the building, along with renovated student service space.
- 1996: University Student Services - including the University Health Centre - relocated to SUB, helping to create a one-stop shop for most University and Students’ Union student services.
- 2003: The SUB courtyard was enclosed to create the SUBstage area and create new second-floor space for growing student services.
- 2015: The SUB atrium was created, opening up and reorganizing lower level space so that it was more accessible and usable.

It is a testament to the original design of the building that it has been able to grow and adapt to meet the needs of a changing campus. As the building passes 50 years in age, we recognize that its continued viability into the long future can best be ensured by adopting a new, long-term approach to planning and development.
Recent History

Student Event Initiative & Student Spaces Levy
In the 2018 General Election, the Student’s Union ran a referendum called the Student Events Initiative (SEI) whose main goal was to deal with the deteriorating Myer Horowitz Theatre (MHT). After failing 47.5% to 52.5%, we ran a post-referendum survey and analyzed the situation. We realized that by addressing only the MHT directly, we were treating a symptom rather than the core issue of not having a sustainable capital plan for our most important asset - our building.

We then considered the greater issue of deferred maintenance on campus, and saw a great opportunity to prioritize student voices on the matter. With the University of Alberta having a $1 billion dollar deferred maintenance debt, the University is forced to prioritize integral systems such as heating and plumbing and as a result cannot be focused on optimizing spaces for the betterment of the student experience. Based on that, in 2019 we proposed the Student Spaces Levy (SSL). SSL was pitched as a participatory fund where projects were selected by students proposing them to better student spaces across campus. This proposal was tabled indefinitely by Students’ Council for a variety of reasons, and the specific problem of how we maintain SUB and other SU spaces over the long term still exists.
The Current Problem

The Students’ Union Building is the Students’ Union’s most important asset. Governed by students, for students, it is the centre of student services, events, and student life on campus. SUB is the living room of campus.

SUB is now over 50 years old. While students have done an amazing job updating and adapting the building to meet changing needs, the need to continue refreshing the building is ongoing. SUB needs to be more sustainable, more accessible, and it needs to maintain its ability to serve its mission.

Climate change is a defining challenge facing students today. Buildings account for 40% of energy usage and a third of GHG emissions; if we cannot find ways to make older buildings more sustainable, we will not be able to address the climate challenge. The world’s buildings consume about 40 per cent of global energy production and are responsible for a third of total greenhouse gas emissions. This could double or triple by 2050 - particularly due to rapid urbanization and industrialization in developing nations - if nothing is done to mitigate emissions, says the United Nations Environment Programme. In upholding our promise to the Paris Climate Agreement, we have to strive to make our building carbon neutral by 2050. SUB can - should - be a laboratory for how to reduce the environmental impact of large, older building; it represents an opportunity for students on this campus to be leaders in a key front in the war to combat climate change.

Over the next five years, SUB’s deferred maintenance liability will grow to over $20 million for basic building functions, and millions more in needed updates to support student services and programs. This is a particularly acute problem, as SUB’s status as a non-academic building makes government funding for much of this work unlikely. (SUB does benefit from some infrastructure and energy management funding, but it competes with other University buildings for these funds.)

In the past, the University and the Students’ Union have worked together to maintain and improve SUB. This will continue; the University has certain obligations for portions of SUB’s maintenance and updating. But the previous approach - relatively ad hoc, per-project - is not the most cost-effective or sustainably-sound way to deal with what is a long-term issue. It is far better to be able to systematically plan for the maintenance and evolution of the building, and would allow us to think about and act on sustainability in a long-term way.

With all of this in mind, this proposal seeks to answer the question:

How can we ensure the long-term viability and sustainability of the building (and other SU-controlled spaces)?
Our Solution

We propose the creation of Sustainability and Capital Fund to:

- Support the long-term needs of SUB and other Students’ Union-controlled spaces;
- Ensure that all future development of SUB and other SU spaces are contribute to enhancing environmental, social, and economic sustainability; and
- Support student-initiated sustainability projects.

All projects supported by the fund will need to demonstrate adherence to the sustainability criteria of the fund, specifically:

- **Environmental**: How can we reduce and eventually eliminate any negative environmental impact of our activities, programs, and spaces?
- **Social**: What can we do to ensure the accessibility, inclusivity, and vibrancy of our building, services, and programs?
- **Economic**: How can we ensure that the Students’ Union is able to provide financial and other resources required to provide and maintain student services, space, and representation in perpetuity?

The Fund would be established and maintained by means of a fee levied on students.

This solution reflects the original vision for SUB, as laid out in the 1964 planning documents. In the planning brief, the student leaders behind the initiative said:

> Finally, it must be noted that the opportunity students have to control their own finances and affairs, both presently and in the new building, marks one of the greatest contributions being made to the University as a whole by the Students’ Union. In a society that desperately needs [people] of independent judgment and with the ability to lead other[s] with some degree of wisdom, an autonomous Students’ Union plays a vital part. It allows its members the opportunity to actually and with full authority (and full responsibility) carry on genuine activity, activity that amounts to something, that changes things.

The great challenge of climate change simply cannot be addressed without developing effective solutions for reducing the carbon impact of older, larger buildings like SUB. The Sustainability and Capital Fund will allow the Students’ Union to continue to provide effective and valuable space for students, while also ensuring the resources are available to make a real difference in the environmental and social sustainability of SUB.
This proposal reflects how seriously this generation of students consider these challenges, an opportunity to turn SUB into a showcase and living laboratory for how these challenges can be met, and demonstration of what students are capable of. The Sustainability and Capital Fund can enable the Students’ Union to make a change that, in keeping with SUB’s original vision, “amounts to something, that changes things.”
Fund Overview

Preliminary Fund Structure

The Sustainability and Capital Fund is expected to be structured in such a way as to support short-, medium-, and long-term projects. As such, funds would initially be allocated as follows:

- **Major Redevelopment Projects** (52%) - Large-scale projects supported by long-term (15-30 year) financing. As an example, whatever is ultimately done with the Horowitz Theatre space would fit into this category.
- **Ongoing SUB Improvement** (26%) - Small- and medium-scale projects, paid for as we go or with medium-term (5-10yr financing). Examples would include things such as food court renewal, north entrance construction, or new seating purchases.
- **Additional Sustainability Investments** (15%) - This is a fund solely for investments in accessibility or environmental sustainability investments, with an initial preference for funding projects designed to reduce the carbon footprint of Students’ Union spaces. This fund may be used to support Major Redevelopment and Ongoing SUB Improvement projects by providing funds for any differential pricing created by pursuing more-sustainable solutions.
- **Sustainability Emerging Projects Fund** (5%) - This is a fund dedicated to supporting student-led sustainability projects. It is not limited to SUB or SU-controlled spaces.
- **Long-term reserve to manage interest rate and enrolment risk** (2%) - This reserve amount ensures that shifts in enrolment or interest rates are manageable; if those risks do not materialize, the long-term reserve provides a rainy-day fund to support unexpected events.

All projects, regardless of which ‘bucket’ they come out of, must contribute to the environmental, social, and/or economic sustainability of the Students’ Union.

Fund Governance Principles

The core principles governing how the fund will be managed include:

- The Fund will be set up as a ‘lockbox’. That is, the Fund will be managed separately from other Students’ Union funds, and have a separate set of rules governing disbursements. This ensures that the Fund cannot be ‘raided’ in the future for other purposes.
- Projects supported by the fund must be approved by a super-majority (⅔) of Students’ Council.
- The Students’ Union will fundraise to augment the fund. Preliminary market studies have been done, and donors have showed an interest. However, two factors limit this avenue currently: First, potential donors have noted a desire to see student support for the projects they are asked to support; second, the potential fundraising can support only a portion of what is required.
The Students’ Union will seek project partnerships with the University to leverage the funds available for enhancing SUB sustainability (for example, the University has a fund to reduce energy usage on campus, and would be willing to partner on some projects).

The Fund, and the uses to which it is put, will be managed so as to eliminate the need for any future capital fees in the future.

**Examples of Potential Projects**

These projects are potential ideas; they are not approved, but may come forward for approval in the first five years should the Fund is established.

**Carbon Reduction Program**
In coordination with the University, a series of initiatives to reduce the carbon footprint of SUB, including a major solar power installation, lighting and control system changes to reduce power usage, building envelope upgrades to reduce heat loss, and improvements to the heating and ventilation systems to reduce power usage.

**Horowitz Theatre Renewal**
Redevelopment of Horowitz Theatre space. Sustainability components include improving the economic viability of the space, expanding programming options, reducing water use, reducing energy use (especially in lighting), and adding solar panels to the exterior.

**Dinwoodie Renewal**
Renovating Dinwoodie to provide more natural light and enable use as a lounge when not being used for events; reducing energy usage

**Main Floor Renewal - North Entrance**
Construction of a north entrance to enhance safety and accessibility.

**Main Floor Renewal - Food Court**
Updating the food court with sustainable furnishing, improved queueing, better amenities like power outlets, and a more-accessible layout for those with physical impairments.

**Main Floor Renewal - Public Areas**
Renewal of furniture, expanded amenities, improved accessibility.

**Zero Waste Initiative**
A series of changes to reduce and eventually eliminate waste in SUB. Will address food court, commercial vendor, and office components.
Accessibility Program
Projects that ensure the accessibility of SU spaces. Examples include creation of an accessible washroom in RATT, creation of a breastfeeding room, and improvements to the speed and reliability of the main elevators.

The Proposed Question

The Students’ Union Building (SUB) is a key asset for students at the University of Alberta. Beyond being a place on campus to meet with your friends, study, grab lunch, or catch a movie, SUB revenues provide more than $3 million in funding each year to support student services and initiatives, in addition to creating hundreds of job opportunities on campus.

As a non-academic space on campus, SUB is not eligible for direct government capital grants—yet still requires more than $25 million to address accumulating deferred maintenance costs. This maintenance needs to be addressed in order to ensure its sustainability and value to students—as both a social space and an important revenue source.

The University of Alberta Students’ Union (UASU) proposes to create a permanent Sustainability and Capital Fund to help provide funding that allows for the renovation and improvement of Students’ Union-controlled spaces on campus like SUB. The Capital and Sustainability Fund would:

● Provide funding for projects that improve the environmental, economic, and/or social sustainability of Students’ Union spaces;
● Provide up to $10,000 of funding for each approved student sustainability project that will positively impact the campus community.

Students’ Council would be responsible for approving all expenditures from the Fund. All Fund projects must demonstrate a clear contribution to environmental, economic, and/or social sustainability.

The Fund would be financed by a fee subject to the following rules:

● The fee will be initially set at $25/term;
● Students’ Council may reduce the fee if financial circumstances allow;
● The fee will be reviewed after five years; and
● The fee will be applied to students enrolled in Fall, Winter, and Intersession (Spring/Summer) terms;
● The fee can only increase according to the Alberta inflation rate;
● Augustana will be exempt from the fee.
