We would like to respectfully acknowledge that our University and our Students' Union are located on Treaty 6 Territory. We are grateful to be on Cree, Dene, Saulteaux, Métis, Blackfoot, and Nakota Sioux territory; specifically the ancestral space of the Papaschase Cree. These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students' Union we honour the nation-to-nation treaty relationship. ## **Augustana Campus Political Policy**

VP Brown, Councillor Tse, Councillor Vargas Alba

### 1 Facts

1. The Augustana Campus of the University of Alberta is located in Camrose, Alberta, which means that most Augustana students do not have access to services and resources provided on North Campus.
  - a. While Augustana students receive their own study abroad opportunities, they also have access to opportunities offered on North Campus.
  - b. Many Augustana students seek summer employment outside of Camrose, particularly in Edmonton, but face barriers accessing information on this employment.
  - c. While Augustana students can access an Edmonton job registry, there is no Camrose-specific job registry.
  - d. For students who may seek research positions at Augustana, the opportunity for paid research is rare.
  - e. Students at Augustana should not have to choose between studying at Augustana and working in their research field.
2. In February 2020, the Augustana Students' Association created a proposal for the creation of a Multi-Use Space at Augustana Campus.
  - a. Students have very few student-oriented spaces on campus, which creates a barrier for both student socializing and growth of student groups.
3. Fees paid at Augustana does not include access to a fitness centre. Students in residence receive free access to the Camrose Recreation Center, whereas off-campus students pay for a pass with a student discount.
4. Students at Augustana campus do not have access to the UPass, nor does the City of Camrose offer its students a similar deal.
  - a. Intercity travel between Camrose and Edmonton exists, but can be unaffordable and timed inconveniently.
  - b. For many students, access to transit at Augustana may often make the difference between access to off-campus resources, including food, recreation, and health services.
5. As of March 2020, Augustana Campus has one mental health counsellor who works three out of five days per week.
  - a. Access to mental health counselling on Campus is also limited through scarcity in same-day access. Currently, students must book one hour in advance to access one of four 30-minute slots on days with walk-in service.
  - b. While student groups on campus exist to fill a group counselling gap, these offer little privacy and professional help.
  - c. While online mental health services such as "Wello" have been created to help Augustana students, students often struggle to navigate these pages.
  - d. Since fewer options for on-campus counselling exist, students, Residence Assistants, and instructors are often responsible for crisis intervention.
6. While the City of Camrose has food bank services, Augustana Campus does not have a campus food bank.
7. Students on campus receive access to a pastoral chaplaincy program. However, other multifaith services are less common, and those available in the city are less accessible.

- a. The Multifaith Centre on campus has a capacity of approximately 5 people.
- 8. The City of Camrose does not have any type of sexual violence support centre.
  - a. The closest sexual violence support centres are located in Red Deer and Edmonton.
  - b. The City of Camrose has little to no access to rape kits.
  - c. The Augustana Students' Association has assembled a Sexual Violence Awareness Committee which, amongst other things, hosts Sexual Violence Awareness Week.
  - d. While Camrose recently opened a branch office to the Association of Communities Against Abuse, students need to be more informed about it, as well as its location.
  - e. Students at Augustana would benefit greatly from access to Sexual Assault Centre services.
- 9. Augustana Campus lacks culturally-relevant spaces and supports for international students.
- 10. Despite Augustana Campus being a Faculty within the University of Alberta, certain courses are not recognized by North Campus faculties when Augustana students transfer to North Campus.
  - a. For students who transfer from North Campus to Augustana, certain North Campus courses are not recognized by Augustana faculties.
  - b. For students seeking to transfer to North Campus, access to transfer information may often be hard to understand, either from the University, or from their Faculty Associations.
- 11. While some students who start within the 3-11 system find the system beneficial, many struggle in classes where instructors' high expectations are not well-aligned with the goal of the 3-week class system.
- 12. Augustana Faculty has begun implementing a "concentration" program system, as opposed to majors and minors. For students in concentrations, their degrees would note an "Interdisciplinary Studies (IDS) degree".
  - a. Some students at Augustana fear that the implementation of concentrations may reduce their employability post graduation, as well as suitability for post-grad programs.
- 13. Intervarsity athletics play a large role in the Augustana and Camrose community, but have barriers to accessing funding.
  - a. The Athletic Review initiated in 2019 had little student representation.
  - b. In 2019-2020, approximately 17% of Augustana students were involved in an athletic program.
  - c. In March of 2020, decreased funding at Augustana resulted in the cutting of the Augustana hockey team, the men's soccer team, as well as the golf team.
- 14. While Augustana has 6 residence buildings, few are consistently filled, and students often worry about health and safety.
  - a. Not including special exemptions, such as physical inaccessibility, or already being Camrose residents, all first years on the Augustana Campus must stay in residence.
