 e. The largest Indigenous population lived in the Edmonton region.²

2. The barriers that Aboriginal Peoples continue to face is a result of the historic and ongoing project of colonialism.

   a. According to the Truth and Reconciliation Commission of Canada, the central goal of Canada's Aboriginal policy for over a century included:

      i. Eliminate Aboriginal governments;
      ii. Ignore Aboriginal rights;
      iii. Terminate the Treaties; and,
      iv. Through a process of assimilation, cause Aboriginal people to cease to exist as distinct legal, social, cultural, religious, and racial entities in Canada.

   b. In addition to Fact 2, the pass system, the historic and ongoing genocide of Indigenous women, girls, and LGBTQ2S+, the Sixties Scoop, and Indian Residential Schools were all part of what Prime Minister Stephen Harper said was a policy to, “kill the Indian in the child.”³

   a. According to the Assembly of First Nations, broad application of the Indigenous Accord is needed from elementary school through to postsecondary education to create a supportive learning environment for Canada’s Indigenous learners.

7. In 2019/2020, there were 1,293 Indigenous undergraduate students enrolled in the academic year, representing a 10% year-over-year increase.⁶

8. According to the 2015 Indigenous Student Success Survey⁷:

b. Even with increased degree completion in recent years, Indigenous students have consistently lower undergraduate retention and completion rates than that of the Canadian national average⁹

10. According to research conducted by the UASU Department of Research and Advocacy:
   a. Indigenous undergraduate students are much less likely to find work during the school year, but tended to work longer hours;
   b. Métis and First Nations students were much less likely than most other students to find work during the school year, but tended to work longer hours.
   c. 2SLGBTQQIA identity is highly diversified amongst Indigenous students;
   d. First Nations and Métis students are more likely to meet Health Canada's definition of severe food insecurity than non-Indigenous students (21% and 20% vs. 12.4%); and

3. The Numbered Treaties outline the Crown’s responsibility to First Nations, including, including the treaty right to education.

4. In an attempt to meet its obligation, the federal government funds ‘status Indians’ through the Post-Secondary Student Support Program (PSSSP). The principal funding mechanism of status Indians and Inuit students, the PSSSP has been capped at a program increase of 2% since 1996, forcing an already small pot to be spread thinly among an increasing number of students.

   a. While the population of status Indians continues to exponentially increase, funding for PSSSP has not increased enough to match. According to the AFN, 23,625 students received PSSSP funding in 2015. However, 32,690 First Nation students were enrolled, a difference of 9,065.\footnote{https://www.afn.ca/wp-content/uploads/2018/07/PSE_Interim_Report_ENG.pdf}

   c. Within the context of Treaty 6, where the University of Alberta is situated, the PSSSP cap violates First Nations’ treaty right to educational access.

   c. Support and recognize the community as its own best resource by acknowledging local knowledge and by developing community capacity to improve mental wellness;
d. Enhance the knowledge, skills, recruitment and retention of the range of service providers able to provide effective and culturally safe services, treatments and supports for First Nations mental wellness; and

**Métis**

11. According to the 2016 Supreme Court of Canada *Daniels Decision*, Métis and non-status Indians are ‘Indians’ under section 91(24) of the Constitution Act, 1867. This reaffirms the federal government’s fiduciary duty to Métis and non-status Indians.

12. Canada’s *Mental Health Strategy* includes the following Métis-specific mental wellness priorities:

   a. Consult and engage Métis people to develop a Métis-specific mental health and substance-use strategy;

   c. Develop, increase and sustain Métis mental health human resources;

15. In Canada, 45% of Inuit reported having a high school diploma, compared to 86% of the non-Indigenous population. Inuit outside of Inuit Nunangat were more likely than Inuit outside of the homeland to have completed high school.\textsuperscript{22}
16. The Inuit Post-Secondary Education Strategy includes student financial support beginning in 2020/2021. The purpose of the Strategy is to, “close the post-secondary education attainment gap between Inuit and non-Indigenous students in Canada through distinctions-based and regionally delivery strategic support.”\textsuperscript{23}
17. When accessing post-secondary education in the South, lack of access to sufficient and equitable funding is a significant barrier to Inuit.\textsuperscript{24}
18. Canada’s Mental Health Strategy includes the following Inuit-specific mental wellness priorities:
   a. Close critical gaps in the continuum of mental wellness services, treatments and supports for Inuit, including traditional, cultural, and clinical approaches;
   b. Support Inuit to respond to their mental health needs by drawing on the knowledge and strengths in their communities;
   c. Provide adequate, sustained funding and support to develop the mental health work-force and strengthen recruitment and retention of mental health workers;

Bylaw chair report

1. Activities of that committee during the trimester
   a. This trimester the bylaw committee was spent finishing up our ongoing projects and working to ensure that the next bylaw committee would have a strong start to the next semester.
   b. A few specific projects I would like to highlight from this semester are
      i. The bylaw committee created a subcommittee on bylaws with the mandate to comb through all SU bylaws to find any contradictions, incongruencies, or gaps. This subcommittee will most likely work into the term of the next bylaw committee and will publish a report to the chair of the next bylaw committee outlining its findings.
      ii. The Bylaw committee is in the process of creating a new bylaw. Bylaw 9000 was started due to the Covid-19 pandemic showcasing the necessity for emergency powers being present. Although we will hopefully never have to use this, we now have a dangerous gap in our bylaws being filled to ensure the safety and strength of the SU and its members in times of Crisis.

2. Closing remarks
   a. My time as bylaw chair has been the highlight of my term on council. I would like to sincerely thank every member of bylaw committee for their faith in me as chair and their dedication to the student body. Bylaws are often not seen as exciting, or captivating by most people and in my term I set out to try and change that the best I can. This year we built a strong passionate bylaw committee and a culture of excitement around our bylaws. I’m positive my jokes and excitement at the minutia of bylaw changes may have worn on a few of you but if they got anyone slightly more interested in our bylaws than they were at the start of the term, it was worth it.
   b. I wish the next chair of bylaw the best of luck in their term and sincerely hope they continue on the tradition of bringing excitement and love to this committee. Sadly, bylaws are not something many people find fun or interesting so it will become your job not just to chair bylaw but to continue fostering a culture of excitement and intrigue around them as well.
1. The transition document
   a. An outline of the committee structure and function
      1. Bylaw committee is made up of seven (7) members, one of whom is the chair. The mandate of bylaw is to go through and update the bylaws as the committee sees fit or to create new bylaws where the committee sees a gap.
      2. The process of updating or creating bylaws is as follows, someone writes the “first principles” otherwise known as the “Spirit of the bill” which is a general outline of what the changes you would like to see are as well as the intent and reasoning behind those changes. That is voted on in bylaw to be sent to council, then voted on in council
         1. If they vote against than the first principles are sent back to bylaw for revision
         2. If they vote in favour than bylaw starts drafting second principles
            1. Second principles are the actual changes that you would like to see. These are then voted on at bylaw and sent to council. If council votes in favor than the changes are made, if council votes against, then second principles are sent back to bylaw for revision
               1. The vote on second principles is meant to see if the changes which have been made are representative of the spirit proposed in first principles.
      b. The general responsibilities of the Chair
         1. The role of the chair is an important one. Your job is above and beyond purely chairing the meeting, you set the priorities and the agenda of the committee for the term.
         2. Another important aspect of being chair is being the representative of the bylaw committee and the bylaws. Part of this means you are in charge of perception of bylaws and often it is your job to foster excitement and engagement
   c. Future tasks or objectives that should be considered by the incoming committee
      1. I have left a variety of bylaws to pass along to you for discussion and completion during the start of your term. These are changes that the current bylaw committee wanted to finished but felt that we didn’t feel we had enough time to have as fulsome of a conversation about these changes as we would have liked.
      2. Another task that the bylaw committee for next year will have will by enacting the recommendations from the subcommittee on bylaws
3. One specific area that I feel like the new bylaw committee should look is the process for initiating a plebiscite and referenda, alongside this the specific requirements that organizations need to reach to have a question on the ballot.

   1. Some of these requirements may be a disproportionately hard barrier for organizations to cross.

d. Advice to the incoming chair.

   1. Set a plan for the year but don't be afraid if the plan changes. It's good to set goals but oftentimes changes to bylaws aren't always proactive but rather take place after something becomes self-evident.

   1. It's also important to not take all the work onto yourself. Make sure you write all the changes collaboratively with the rest of the committee. Sometimes I found that I would write a bylaw myself and just bring it to the committee for feedback prior to sending to council. Don't be afraid to delegate and let members take the lead on projects.

   2. I would also say, try and keep a level of optimism and enthusiasm whenever it's your turn to talk about bylaws and the job. This can seem tedious and sometimes maybe annoying, but it's important as chair to fight apathy around our bylaws make sure people are excited about them!
April 2, 2020
Dear Council,

Another year has come and gone! Who would’ve thought a year ago that we’d currently be in this type of situation. Regardless, whether it’s online or in person, I wanted to thank you all for making Council one of the most rewarding experiences I’ve ever had. None of it would be possible without all of you.

This year, we renewed six Students’ Union Political Policies, these were the:

- Mandatory Non-Instructional Fees Policy, led by Councillor Tse
- Public Transit and Active Transportation Policy (previously Public Transit Policy), led by VP Brown
- Scholarships & Bursaries Policy, led by VP Agarwal
- Sexual Violence Policy, led by VP Larsen
- Student Spaces Policy, led by Councillor Sayed
- Tuition Policy, led by VP Brown

If approved at the April 7 meeting, we will also have renewed the Indigenous Students Policy, previously known as the Truth and Reconciliation Policy.

With a hard-working team, we were also able to renew existing policies early, as well as craft new ones, these were the:

- Students with Dependents Policy, led by VP Larsen
- Residence Policy, led by VP Larsen
- Quality Instruction Policy, led by Councillor Kidd
- Student Poverty Policy, led by Councillor Kidd

If approved at the April 7 meeting, we will also be able to add the Augustana Policy and the Experiential Learning Policy.

If all these policies pass, it will mean that in the 2019/2020 Council term, we will have passed 13 policies. Each of these policies meant hours of dedication and hard work, and I am so endlessly proud of Abigail, Adam, Amber, David, Jared, Joel, Katie, Phoebe, and Sam for what we accomplished this year. It has been a privilege to Chair this committee, and I thank you all for allowing me to be in this position.

The policies we passed this year have progressed the Students’ Union forward, and they have rightfully broadened the scope of what it means to fight for student rights.

Because of this year’s Policy Committee, we can proudly say that we are a student organization that pushes for recognition of a University that is built around the principle of
universal design, that prioritizes safe and healthy work-integrated learning opportunities for all students and rewards it appropriately.

We led Canadian institutions in creating policy that focused on the needs of student parents and students with dependents, as well as policy that affirmed mobility as a student right, and called for fare-free transit in Edmonton and the Capital Region.

We were a Policy committee that had large visions for what students deserve, and we helped cement many of those visions within the Students’ Union. Some of these, like policy on Voluntary Student Unionism, Open Education Resources, Freedom of Expression, and Climate Action were unfortunately not finished this year, but I know that the upcoming Council will be able to execute these ideas and more in ways we can’t even imagine now.

I know the SU is in good hands, and I know that we will continue building policy that challenges the status quo and that proves that we are not limited by our current political boundaries. Universities have always been a place where we generate some of the most revolutionary ideas around the lives we deserve, which is why I’ve always dreamt of policy that did the same. This year, we did just that, and I know it’s something we will continue to do.

Best,
Juan Vargas Alba
Chair of Policy Committee 2019/2020
Dear Council,

It's about week three of isolation for me, and it's definitely difficult. I'm finding that things are not wrapping up, but instead ramping up - not how I thought my term would end, but alas, here we are. My motivation is still very high, but not being around our staff and my team even while things are so hard, is quite draining. I hope you all are taking care of yourselves, and finding time to be grateful for the things in your life. Things are changing every single what you are able to

Things are changing very rapidly, so please stay up to date by visiting uasu.ca/covid19 or uab.ca/covid19 as frequently as possible.

1. Executive Committee
   - We continue to meet, less frequently, and online to discuss major operational changes.
   - We are still transitioning our incoings, despite all of this, and I really am so excited for their term and for them to continue to carry the SU Torch.

2. Internal Students’ Union
   - SU Building Hours
     - Monday to Friday - 7AM to 11PM
       - SUBMart and the Daily Grind are open.
     - Weekends: Closed.
   - The Sustainability & Capital Fund
     - VP Statt, VP Agarwal and VP Krahn-elect, have been working on the governance for this Fund so that next year's team will be launching everything ASAP.

3. Internal University
   - Amidst this pandemic, I am still working on several internal goals, but the biggest is that the Charter of Student Rights will be going for approval on April 20th! It's taken a lot of work to get this approved by our campus community, but we did it! I've attached it as an information item below.
     - This was phase one, the consolidation of all the University policies. We can see that there are holes in the policies the University has, and that is the point! Now that we can see the holes, the SU can work to propose some great listening.
   - The University Budget
     - The University Budget was brought back through governance to take into account the 11% additional cut from Government. It was approved through tight
timelines and while it was approved, I still voted no to all motions. While tuition is still going up 7% next year, there is a financial aid offset that will generate approx. $1.83M in new financial aid. The university financial aid figures from 2018-19 show over $4.5M in unmet need amongst bursary applicants alone, so students are still being negatively impacts as a combined result of large tuition hikes and a rollback of government support.
- Rental rates for the ECV residence moving from 11-month to 8-month leases, went up 10%. Ancillary services is projecting increased occupancy rates and revenue as part of its path back to balance. However, the COVID-19 pandemic will likely have a negative impact on these revenues, especially given the fact that close to half of the residence population are international students.
- These are the 72% (single) and 116% (double) increases to Mackenzie Hall, and future increases to Henday and Kelsey Halls. Important to highlight the negative impact that hikes of this magnitude will have on residence culture, residents’ mental health, etc.
- As well, at these prices, many students will be able to find housing with much more space and amenities off-campus at comparable price points. Lister tower rental rates have already increased by at least 30% over the last 10 years, which is double the rate of inflation
- 635 job losses expected in 2020-21; request to minister to restructure costs and save some jobs was rejected
- Deferred maintenance liability of $306M at end of 2019; 5 year projection is $865M

4. External Updates
- Both the Government of Canada and Government of Alberta announced six-month, interest-free moratoriums on student loan payments.
  - Government of Canada.
  - Government of Alberta.
- CAUS has been doing it’s advocacy week online, and it’s interesting. I’ve been MLA Eggen, MLA Neilson, MLA Jones and Minister Nicolaides.

Lastly, On March 21st, Alberta Health Services (AHS) confirmed that a University of Alberta member on North Campus has tested positive for COVID-19 and is recovering in isolation. At the rate COVID-19 is quickly spreading through our communities, potentially impacting our loved ones, and interfering with our normal day to day lives, it’s okay to feel scared or uncertain right now. But, I want to reassure you that we are all in this together. At this point in time, taking actions to minimize the risk of spreading COVID-19 are no longer optional—they are necessary. Right now, if all of us take this pandemic seriously, and follow the guidelines Alberta Health Services has provided, we can minimize the damage that will be done in our communities. We need to do everything we can now.

Akanksha Bhatnagar, President
2-900 SUB | 780 492 4241 | president@su.ualberta.ca
To minimize the spread of any respiratory virus (including things like the flu/influenza and COVID-19), Alberta Health Services recommends the following:

- Wash your hands with soap and water often. If soap and water are not readily available, you can use alcohol-based hand sanitizer, if hands are not visibly dirty.
- Avoid touching your face with unwashed hands.
- Use a tissue when you cough or sneeze and throw it in a garbage bin lined with a plastic bag.
- If you don’t have a tissue, sneeze or cough into your sleeve.
- Wash your hands immediately after coughing and/or sneezing.
- Stay home if you’re sick.
- Clean and disinfect surfaces that are shared and used often.

I know things feel uncertain right now, and that is okay. Just know that we are always here to support you, if you need someone to chat with, please reach out. I’m happy to co-work together over video if other extroverts like me need the support. In a time like this, tell your loved ones how much you love them, and let's all act with unbridled compassion.

This is also my last Council report! Thank you so much for a great year. It was challenging, and there was a lot of learning to do, and while everyone had a lot of feedback for us, we continued to push through and make incredible changes for the student body.

Much love from myself,

University of Alberta Students’ Union President
Akanksha Bhatnagar
Preamble

This document serves as a guide to navigating student rights and responsibilities at the University of Alberta.

A positive, engaged student experience often depends on students being fully informed about their rights and responsibilities. Clear expectations and standards can protect students and help them avoid mistakes, misunderstandings, and serious problems during their time at the University of Alberta.

This document aims to create clarity for undergraduate and graduate students about the authoritative resources that explain their rights and responsibilities. Within the scope of the University of Alberta’s authority, diverse policies and procedures are the authoritative resources. As students’ rights and responsibilities are spread throughout many policy documents, this document will serve as a proactive resource to help students avoid problems, and a reactive resource to help them navigate appeals and disciplinary processes in ways that produce the fairest possible results.

Students should also find valuable insights into University policy through the Office of the Student Ombuds. In addition, faculty-specific standards and procedures can affect students’ rights and responsibilities.

Procedural Fairness

- Procedural fairness encompasses a broad envelope of standards and best practices, including but not limited to accessibility, clear notice of rights and options, presumption of innocence, protection against intimidation, the right to prepare a full defense, the right to know what is at stake or what potential consequences might be, and lack of bias on the part of the decision-maker. Principles of procedural fairness apply to many decision-making processes that students encounter.

- Many principles of procedural fairness are outlined in section 30.1.1 of the Code of Student Behaviour. The University also affirms the right to procedural fairness in the Sexual Violence Policy and the Ethical Conduct and Safe Disclosure Procedure.

- The Office of the Student Ombuds is a key resource on how procedural and substantive fairness applies to the rights and responsibilities in this document and promotes relational and equitable fairness in the application of University policy and procedure.
Academic Rights and Responsibilities

- The right to appeal marks, grades, and decisions affecting academic standing is found in the University Calendar Academic Regulations, under ‘Academic Appeals’ and ‘Grievances Concerning Grades.’

- Rights involving the structure of courses and grading expectations can be found in the University Calendar Academic Regulations under ‘Course Requirements, Evaluation Procedures and Grading.’ The Assessment and Grading Policy and its procedures lay out binding principles for fair, consistent assessment and grading.

- Section 30.3.2 of the Code of Student Behaviour outlines standards around plagiarism and cheating.

- The Discrimination, Harassment and Duty to Accommodate Policy and the Research Policy extend the right to free expression and freedom of inquiry to all members of the University community, including students.

- The Student Concerns and Complaints Policy addresses the extent and limits of a student’s right to privacy when submitting a complaint against a staff member or instructor.

Individual Rights and Responsibilities

- The Code of Student Behaviour both protects students and outlines the University’s binding behavioural standards.

- The Discrimination, Harassment and Duty to Accommodate Policy explains students’ rights to a dignified, respectful learning and working environment; their options for reporting and recourse; and their right to accommodation based on protected grounds (e.g. race, religion, gender expression, disability, or political beliefs). It also provides thorough guidance on what constitutes discrimination or harassment.

- Students’ rights of free speech and expression, in keeping with all applicable Canadian and provincial laws, including human rights laws, are explained in the Principles on Free Expression.

- The Posting Announcements, Notices and Banners Procedure further affirms students’ right of free expression: “Where a posting is lawful and compliant with University policies and procedures, content will not be a factor in determining approval of posting announcements, notices, and banners.” Students who wish to post these materials are responsible for complying with the Procedure and associated guidelines.

- While not a legal right, the Registrar’s Office affirms that students have the option to use their preferred name and change their gender designation.
The Alcohol Policy and its procedures deal with safe alcohol consumption, event safety, and alcohol consumption at student group events. Students and groups are responsible for safe consumption practices. The Student Groups Procedure details responsibility around prohibited or risky conduct in the context of student groups and events.

All students involved in non-academic misconduct complaints, either as complainants or accused, have a right to due process. The University enshrines the right to due process in, among other places, the Ethical Conduct and Safe Disclosure Procedure. This procedure also protects and guides students who need to report misconduct.

The Access to Information and Privacy Policy and its procedures outline how the University will protect and use students' personal information, and how students can access information about themselves.

The Canvassing and Solicitation Policy, sections 30.3.4-5 of the Code of Student Behaviour, and the Student Groups Procedure explain students’ ability to campaign and approach others on campus. They also detail the rules that students can rely on when facing unwanted solicitation.

Rights Specific to Graduate Students

Academic Supervisory Rights for Students

Graduate students have specific rights related to academic supervision and supervisory committees. These are outlined in the University Calendar under the Graduate Policy and Regulations and in the Graduate Student Program Manual, sections 1 and 8.

Intellectual Property Rights

Graduate students’ ownership of their work and intellectual property rights are discussed in multiple University policies, a list of which is available in the Intellectual Property Guidelines document. Section 10 of the Graduate Student Program Manual also discusses this topic.

Rights when Academically Employed

Students employed as Graduate Teaching Assistants or Graduate Research Assistants, or holders of Graduate Research Assistant Fellowships have rights as outlined in the Graduate Student Assistantship Collective Agreement.

Additional rights related to graduate student employment are outlined in provincial legislation, including the Occupational Health and Safety Act and the Employment Standards Code.

Re: Vice President Academic 2019/20 Report #15

Dear Council,

Things have changed rapidly over the past few weeks, and each day we receive new information about the worldwide COVID-19 pandemic. I know it has been challenging for many students studying here at the University of Alberta, and that is something we are taking quite seriously ensuring we uphold our values. I want to remind everyone of the values which guide the Students’ Union in our efforts to prepare and react to these changes:

1. *Do what’s right, not what’s easy*
2. *Inspire change for the world*
3. *Act with unbridled compassion*
4. *Always keep moving*
5. *Learn from the past, to plan for tomorrow*

The past few weeks have been incredibly challenging. If you ever need to talk, or are having a difficult time, please know that I am always a phone call, or email away.

1. **COVID-19**
I’ve been deeply involved in the UASU COVID Emergency Response Working Group developing our response as an organization, while ensuring student safety is a priority. Academically there have been unprecedented changes in the way education is being delivered. Moving to online delivery at such a mass scale within such short timelines has and will continue to pose challenges to faculty, staff and students, here and abroad. I’ve been working around the clock to bring the student perspective to administration as we shift online, though concern grows as we will need to think long term.

Many of you probably read Alex Usher’s blog on post-secondary education, [one](#) of which talks about the long term impact of COVID-19 on post-secondary institutions around the world. We know at the UofA, courses will most likely be completed online for intersession (spring/summer semesters), though according to Alex, we need to consider what our institution will do for the fall semester. I believe that if we are to continue with online delivery, we will need to fine tune our approach, and seriously consider the ramifications of the inability to move all aspects of learning online (i.e. labs, practicums, studio etc).
Here are some of the academic updates for the UofA:

- no in person final exams
- grading structure from letter-based to “credit,” “no-credit,” and “incomplete”
- deadline to withdraw from classes extended to April 8, 2020
- all Winter 2020 course outlines will be updated by March 27, 2020 to outline all changes
- transcripts will state that your grades were either a Credit (CR) / Non-Credit (NC) due to the global pandemic - COVID-19, and that this was not optional
- USRI ratings have been on pause for the Winter 2020 semester
- if you need to continue your research past March 20, 2020 - you must register your research activities here

Apart from the academic impacts of COVID-19, there have been changes to residences, building hours/permissions and many other impacts. In these times, I urge everyone to act truly with unbridled compassion in making decisions that are long term, recognizing the nuanced approach many of these decisions require.

2. Executive Transition

Much of my time has been spent in transitioning the incoming Vice President Academic, David Draper, while myself transitioning into the role of President done by none other than the respected and fantastic current President, Akanksha Bhatnagar. I am honoured and thrilled to enter into this role being transitioned by a President who has been in one of the most challenging terms for a UASU President. I am also very optimistic about transitioning David into the role of VPA, where I have no doubt he will carry on the torch.

3. Students’ Union Policy

I’ve been working along with the policy committee on some noteworthy policy updates, particularly the Experiential Learning Policy (which I am very excited about!). I’m excited to have collaborated with Councillors Kidd, Draper, and VP Brown in ensuring this policy represents students in all aspects of campus life.

If you need to reach me, please let me know via email, WhatsApp, or call me.

Cheers,

University of Alberta Students’ Union Vice President Academic
Joel Agarwal
Dear Council,

I now have less than one month left in my position with the Students’ Union, which seems hard to believe after almost 2 years. And what an unusual way to end this time, amid a pandemic that has changed so much in our world so quickly.

1. Federal advocacy regarding COVID-19: The Canadian Alliance of Student Associations has been active in communicating student concerns with the federal government, including on the loan repayment pause and international student visa matters. We are now shifting our focus to further examining the Canadian Emergency Response Benefit (CERB) to ensure that students do not slip through the cracks and are taken care of. Many students will struggle to find employment over the summer that would normally finance things like tuition and rent while they are studying. It is important that all students are taken into account during these times. CASA has also decided to run its Foundations conference in May online, as travel to Ottawa is unlikely, if not impossible. I wanted to note as well that as per CASA’s bylaws, I will remain Chair of the Board until the election of my successor which will take place in May.

2. CASA e-Plenary: On March 31, CASA held an online plenary of its members to pass next year’s budget and governance changes. Notably, the creation of the National Indigenous Advisory Committee, and set the scope of the College and Polytechnic, and Graduate Advisory Groups. It is our hope that moving forward with these three pieces of our governance will allow CASA to even more holistically represent students across Canada.

3. CAUS Advocacy Week: Due to the pandemic, CAUS has elected to conduct our spring Advocacy Week electronically. Recognizing that it is more difficult to get a hold of MLAs who are very busy, the CAUS office was still able to organize 10 meetings with MLAs from both parties. I met with MLAs Sweet and Ganley, as well as Minister Nicolaides. We highlighted the importance of providing funding to students during the pandemic who will not find summer employment, among other topics of campus sexual violence, mental health and institutional funding. VP External-elect Ley also participated in some of these meetings as part of his transition. Additionally, CAUS has elected to move its Changeover conference online in May.

4. CSJ academic advising meeting: On March 28, VP Agarwal and I spoke with Denis Fontaine, Associate Dean of Campus Saint-Jean, regarding now CSJ can improve academic advising for its students. Mr. Fontaine informed us of several measures they have put in place over the last few months, including improved and more frequent surveys of students, and
greater communication between CSJ advisors and those on North Campus. I am very pleased with this direction, and hope it will lead to improved advising experiences for CSJ students.

As this is my last written report to Council, I want to take this opportunity to thank all members of Council for your service to students. The SU only works when people like yourselves put in the passion and energy you have. It has been an honour and pleasure to have served as the Vice President (External) for the last two years. They have certainly been unpredictable times, including provincial and federal elections, one federal budget (plus spending on COVID-19), three provincial budgets, two different Premiers, protests, and more. But I would not have traded it for anything. I have learned so much, grown and changed, worked with incredible people both at the University and outside of it, and hopefully made a difference to improve someone’s student experience.

The opportunity I was given through this position to also chair the Canadian Alliance of Student Associations for the last two years was an experience unlike any other. I travelled the country, met with the Prime Minister, presented to parliamentary committees, worked with amazing staff in a time of operational difficulty, and so much more. National leadership has opened my eyes to so much, and I have been so inspired by the different leaders I have worked with from coast to coast.

Finally, thank you to the students for having bestowed your power in me in exchange for a promise. I have full confidence in next year’s Executive, and look forward to watching their work as I return to full-time studies.

All the best,

[signature]

University of Alberta Students’ Union Vice President (External)

Adam Brown
Hey Council!

I hope you’ve all been well as we brace through these difficult times. Experiencing the last few weeks Zoom by has been quite the adventure. For my last Council report, I was hoping to be able to make a few joke updates, but there are several important updates to make you all aware of.

1. COVID-19 Residence Update
Residents will be moving out of all shared washroom buildings (Lister Classic + Chalifoux, Residence Saint-Jean, and Peter Lougheed Hall) into Schaffer and the East Campus Community over the next week.

This will mean that although there are less students in residence, the population is going to be more highly dense than usual. To respond to the concerns brought up from students and to ensure the health of our residents, Residence Services have taken the following steps:

- Dining Hall take-out only options, closure of dining seating spaces
- Delivery options for meals to rooms for those in self-isolation
- Online programming for students to stay connected
- Relocational supports for students needing to move

I have ensured to keep our residence associations kept in the loop with consistent updates as received from Residence Services. We are also working out logistics with Ancillary Services and the Campus Food Bank for the opportunity to have mobile grocery units outside of the residences from Fresh Routes.

2. COVID-19 SU Early Learning Centre Update
After the announcement from the Provincial Government regarding the closure of schools and day care spaces, the SU Early Learning Centre was forced to close.

What followed was an emergency board meeting to discuss communications with Alberta Health Services, and lead to the centre opening again to intake children of those working on the front lines. The centre is being operated near capacity now and is receiving support from the government to cover the costs of caring for the children.
3. COVID-19 Campus Food Bank Update
Over the past week, we’ve kept in close communications with the Campus Food Bank to keep in the know about how their situation is going.

At the beginning, they saw a larger uptake in usage that they had not fully expected, but have since become steadier. The Food Bank is well stocked, and it’s important during these times we need to support one another. Students are facing many unique pressures and financial stressors on top of everything with the pandemic, and the Food Bank is an excellent campus resource designed to serve students in need.

4. COVID-19 Counselling and Clinical Services Update
Last week, Counselling and Clinical Services shifted the model of their current service offerings. Having previously shifted to offering TeleHealth services over the phone, they have only shifted the way in which they schedule students. Psychologists are made available on an as-needed basis, and students can book appointments by calling the centre.

This change has allowed to centre to intake new students, and see students at a more responsive rate. Average wait times have not been posted anywhere yet, but students have typically been able to speak with a counsellor within 2 days.

5. Executive Transition
Well. Sadly this is my last executive report, but I am very proud that Councillor Kidd will be taking over my position on May 1st. Over the past few weeks, we have been meeting consistently to gain a wholesome understanding of the role, build action plans to pursue the goals laid out in her platform, and had her join in many committee meetings.

I am very excited to welcome the new executive team and wish them the best of luck with the year ahead of us.

It was a pleasure to serve as your VP Student Life. A year that I will forever look fondly upon, and a year that I will miss dearly. You have been a wonderful Students’ Council, and I am so proud of the work we have accomplished together. Thank you for your hard work, your dedication to the student movement, and your endless tenacity. Your hard work has not gone unnoticed, and I wish you all the best with your future endeavours.

BHATNAGAR: Responded in the negative. Noted that the Students’ Union is working with affected students to ensure they can access supports and loans.

BOSE: Inquired as to when applications for the Students’ Union appointed University of Alberta Senate positions will open.

BROWN: Determined to immediately begin planning for the release of the Senate applications.

KONRAD: Inquired as to what other updates he has for Council which were not included as part of his report.

STATT: Responded that he is discussing the possibility of creating a three tier plan with Students’ Union healthcare provider Student Care.

BOSE: Inquired, to Vice-President Larsen, as to what information he can provide concerning the large dodgeball game which is in the process of being planned.
LARSEN: Responded that he is in discussions with the Edmonton Eskimos Events and Marketing Coordination Team to break the world record for largest dodgeball game. Noted that the Team is hoping to get 6300 students to attend.

CHEN: Expressed concern that international students cannot access masks from the University Pharmacy.

BHATNAGAR: Determined to check with the Pharmacy to learn if there will be a new supply of masks offered to students soon. Suggested that students should not use masks unless it is necessary as there is a shortage of personal protection equipment.

BEASLEY: Inquired into whether the Council of Alberta University Students and the Canadian Alliance of Student Associations are advocating governments to offer rent protection and direct assistance payments in light of COVID-19.

BROWN: Responded that Members of Parliament are not taking in-person meetings. Noted, however, that CASA has nine online meetings scheduled with parliamentarians. Confirmed that financial support is one issue under discussion.

KONRAD: Inquired as to how the University is funding its staff severance packages as part of its layoffs.

LEY: Responded that the University has laid-off 256 additional individuals to fund its severance packages. Noted that the Alberta Government is not permitting the University to draw on its invested funds for funding severance.

BADESHA: Inquired, to the Chair of Audit Committee, as to whether it will be difficult for faculty associations to reach their offices for the purposes of preparing their audit documentation.

TSE: Responded that faculty associations can access their offices via OneCards. Noted that many student representative associations, however, have international

BHATNAGAR: Responded that the University cannot confirm or deny that cheating is occurring.

BADESHA: Inquired as to how University Residence Services is policing its new regulations created for COVID-19, such as reducing the total number of people permitted in a gathering.

2019-22/7

BOARD AND COMMITTEE BUSINESS

2019-22/7i

STATT/BADESHA MOVED, on behalf of Bylaw Committee, to approve the First Principles of Bill 11.
See SC-2019-22.01.

STATT: Outlined that the Bylaw allows Council to act with new emergency powers in periods of crisis.

VARGAS ALBA: Inquired as to in what scenarios emergency powers would be useful to Council and why these scenarios justify suspending bylaws.

LEY: Proposed that Bylaw Committee integrate a test as part of Bylaw 9000 which will allow the Discipline, Interpretation, and Enforcement Board to review uses of emergency powers for their proportionality and proper use.

BEASLEY MOVED to amend Bill 11 (Bylaw 9000) Section 9(A) to read ‘It cannot be used to extend or shorten the term of the executive committee or Students’ Council.’ Carried as friendly.

STATT: Considered that crisis situations where the Bylaw would be useful to Council include natural disasters and global pandemics.

VARGAS ALBA: Expressed concern that the Bylaw is overbroad in providing for the total suspension of Students’ Union bylaw, political policy, and operating policy. Proposed that, instead of creating a complete Bylaw, inserting emergency provisions providing for suspending the bylaw into individual bylaws.
BEASLEY: Inquired into the rationale for having a two month emergency power period. Suggested that a one month emergency power period is more reasonable as it allows greater Council control and accountability.

STATT: Agreed that certain bylaws must be exempt from being suspended via the use of emergency powers.

LEY: Emphasised the need to create standing legal tests to ensure that Bylaw 9000 is used only when needed and that its scope is limited to addressing the issues related to the crisis at hand.

CARRIED

2019-22/7a DRAPER/KIDD MOVED to approve the First Principles of Bill 10 on behalf of Bylaw Committee. See SC-2019-22.01.

DRAPER: Outlined that Bill 10 implements a set of recommendations proposed by the Chief Returning Officer.

CARRIED

LARSEN: Outlined that there have been changes to the Policy’s resolutions to ensure they have a stronger connection to the Policy’s facts.

CARRIED

2019-22/7c KIDD/DRAPER MOVED to pass the First Principles of the Experiential Learning Policy. See SC-2019-22.03.

KIDD: Outlined that the Policy has been updated to address the needs of practicum students.

BROWN: Emphasised the importance of work integrated learning as an objective of the federal government and CASA’s advocacy.

CARRIED

BHATNAGAR: Noted that the Policy was written by Augustana for Augustana.
BROWN: Noted that a pillar of the Students’ Union’s Augustana advocacy will be addressing the lack of sexual assault supports available in the City of Camrose, improving recreation services, and addressing Augustana’s 3/1 semester system.

CARRIED

2019-22/7e ISAAC/KIDD MOVED to pass the First Principles of the Indigenous Students Policy.

- NOTE: The Indigenous Students Policy is not a new policy, it is the renewal of the Truth and Reconciliation Policy, and its renewal/rewriting process was begun last year. The text is almost entirely new. You can find the Truth and Reconciliation Policy here:

See SC-2019-22.05.

VARGAS ALBA: Outlined that the Policy is an update of the preexisting Truth and Reconciliation Commission Policy. Commended Councillor Sunday for writing the Policy.

CARRIED

2019-22/7f BEASLEY/BROWN MOVED, on behalf of the Council Administration Committee, to amend the Attendance Standing Orders.

See SC-2019-22.06.

BEASLEY: Outlined that these changes require councillors attending meetings on live-streams to positively indicate their presence for the purposes of attendance tracking.

CARRIED

2019-22/7g BEASLEY/BOSE MOVED, on behalf of the Council Administration Committee, to amend the Open Forum and Question Period Standing Orders.

BEASLEY: Suggested that these changes will improve Students’ Council’s accountability by increasing the duration of speaking time for asking questions and allowing speakers to make comments.

BOSE: Anticipated that students will make comments to voice their constructive criticisms.

DRAPER: Expressed concern that Open Forum may become politicized if comments are permitted.
BEASLEY: Suggested that Open Forum will not become an environment for political grandstanding as Council does not operate in a hyper-polarised environment.

KONRAD: Proposed that the Standing Orders set out what are permissible and respectful comments.

BEASLEY: Considered that Council must assume good faith on behalf of students.

BOSE: Noted that the Speaker has the ability to regulate student commenting.

CARRIED

2019-22/7h **BEASLEY/KONRAD MOVED**, on behalf of the Council Administration Committee, to amend the Reports Standing Orders.
See SC-2019-22.08.

BEASLEY: Outlined that changes include removing a copy and paste error and allowing for all members of Council to make reports under two minutes concerning general Council business and opportunities.

BHATNAGAR: Expressed concern that the Standing Orders use the unclear term ‘Executive Officer’. Proposed clarifying how often executives should submit a report, whether biweekly or monthly. Expressed concern that the Standing Orders are not ready for approval as they require further grammar edits.

DRAPER: Expressed concern that the phrase ‘information relevant to Council’ is unclear. Proposed using the phrase ‘business or information a Councillor would like to bring to Council’. Outlined that Bylaw 100 Section 16 defines the content to be provided in reports to Council.

**BROWN/TSE MOVED** to commit 2019-22/7h to Council Administration Committee.
