Dear Council,

I hope you are all doing well in this cold and icy weather and that you are gearing up for final exams! Myself, I am preparing to write a large term paper over the next week, so I completely empathize with the academic stress of this time of year. I am always here to support you, as is the rest of the executive team, if there is anything we can do. I do hope that you are all looking forward to our holiday party, which will be a great way to relax and spend some social time together before we go into the grind of exams!

**Continued ETI advocacy**

Much of my time in the last few weeks has been consumed by our continued advocacy against the University’s exceptional tuition increase proposals. We will need to discuss this as a Council soon, as there are a number of serious issues that have come up in the second phase of consultations which I believe strengthen our case against the proposals. This week, our research team and I have prepared a letter and evidence package for Minister Nicolaides informing him of some of the more important aspects of the ETIs. We hope that he will do the right thing and turn the majority of the proposals down, but we remain prepared to take action regardless of his decision and continue our advocacy against these devastating increases.

**Continuing the fight against campus sexual violence**

VP Dixon has taken the lead in continuing our fight against campus sexual violence, and our press for improved reporting mechanisms, restorative justice practices, and more. I am sure most of you have seen our open letter, cosigned by every SRA and NASA, which is the basis for our advocacy moving forward. The ten points in the letter have been discussed with Administration, and while there are still significant challenges, I believe we are on the verge of a serious breakthrough in campus sexual violence advocacy-- one that has been years in the making.

**Residential School Deaths Memorial**

The Executive team was grateful for the opportunity to participate in Aboriginal Students’ Council and Council Administration Committee’s memorial for Indigenous children who died while at residential schools. The display in quad is a visceral reminder of the crimes committed by the Canadian government, and is an important reminder for students to not forget their role in reconciliation. Engaging in these kinds of acts is important to us as a team and an organization--not just on September 30th, but throughout the year and the rest of our lives. Thank you to Cllrs. Villosio and Beaulieu-Mercrcdi for their hard work in organizing the event, and to every councillor who took the time to join us.

**Trans Day of Remembrance and advocacy for Trans students**

Rowan Ley, Vice President External

2-900 SUB | 780 492 4241 | vp.external@su.ualberta.ca
The Executive team was honoured to participate in the Trans Day of Remembrance vigil organized by Cllr. Morris. Our team and organization were grateful for the opportunity to honour those who have lost their lives to transphobic violence, and to recommit to our advocacy goals to support Trans and non-binary students on our campus.

In that advocacy, I am pleased that we have discussed with the Registrar’s Office and Student Legal Services a new initiative which will allow students to change their legal name and name on university documents free of cost on campus. I look forward to sharing further details on Tuesday. VPs Dixon and Monteiro will have further information about our progress on advocacy for Trans students within their portfolios.

Have a wonderful weekend folks, and as always please feel free to get in touch any time!

Dear Council,

I hope all is well with everyone. The days are getting colder, the roads icy and more slippery, and the nights are becoming longer. I hope that despite the gloomy weather, the spirit of the holidays and the time spent with friends and family have been able to make your days a little brighter and warmer.

Advocacy Meeting with Minister Issik

Last Wednesday, Rachel Timmermans (CAUS chair and VP External of SAMRU), Holly Kletke (President of ULSU), and I met with the Associate Minister of the Status of Women, Whitney Issik. Our primary focus for this meeting was to discuss the role the GoA can play in addressing campus sexual violence (CSV). This was a very productive meeting with my fellow student leaders and I stressing the importance of creating a provincial framework that all PSIs in the province must follow. We also shared the need for more specific funding for training campus staff and the involvement of other Ministries such as: Labour, Health and Finance can play in addressing this topic. I shared how proper sexual violence prevention resources as well as well-funded resources for victims can help improve retention rates for survivors. The Minister said she believed that it was essential that we address CSV by addressing the culture and believed that any sort of framework or policy would have to address these cultural problems. They also expressed the belief that emphasis on supporting community organizations that provide training and support services that students could utilize seemed a more effective route than just general funding to Universities that wouldn’t have any accountability measures that such money was being spent properly.

Minister Issik committed to continuing to be a champion on this topic within the caucus and the government. She also said she would be working closely with the Ministry of Advanced Education to roll out a survey that will be given to all PSIs to get a better understanding of CSV in Alberta's post-secondaries.

We were glad to see that this issue was also later brought up in the chamber's of the legislature during question period in an exchange between Minister Issik and MLA Irwin.

From Camrose with Love (A UASU-ASA Day long meeting)

Early last Friday, the rest of the execs and I embarked on a trip to Camrose to visit Augustana campus and finally meet the Augustana Students' Association team in person. This was a fantastic day trip and President Robel was a great host. The day began with a tour of the campus, followed by lunch with the current executive team at ASA where we discussed their current priorities and pressing issues facing students in Augustana and where we as execs can lend support. We wrapped up our day with a meeting with faculty administrators, James Smith (General Manager) and Randal Nickel (Executive Director Student Life). Randall and James also explained their roles and outlined their priorities. Most importantly they provided us with further context of the situations raised to us by Robel and the other ASA execs and what limitations they are working with and where we can...
assist. We closed off the trip with some delicious supper and attended the Augustana Viking Basketball team who were triumphant over the NAIT Ooks. (Hoorah!)

**Shout out to Councillors**

I would like to thank and give a massive shout out to Councillors Villoso, Vaughn and Morris for their efforts and projects they accomplished this past weekend. Firstly to Councillor Morris who planned and organized Transgender Day of Remembrance this past Saturday. As well as. Councillor Villoso, Vaughn and the rest of the execs and volunteers from ASC and CAC who planned and brought to life the Residential School Memorial event on Sunday.

Despite the cold weather, you each provided the opportunity for our campus community to come out and be informed about very important issues. I know you did not create such events in search of praise, nevertheless, your dedication should be commended. Lastly, thank you to all those who were able to make it out and come show your support and volunteer your time to help set up.

On a more personal note. I am proud to announce that our Futsal team, G.F.C were crowned the champions of our Division!!

Yours Externally,

Re: Vice President Operations & Finance 2021/22 Report #17

Dear Council,

Hello there! We’re in the home stretch now. Only a few more weeks until this semester is over. I’m sending you all the positive vibes during final exam season. For this week’s Christmas song countdown, I present to you “Have Yourself A Merry Little Christmas” by Michael Bublé – it’s a classic. His Christmas album has been on repeat since the beginning of November.

Here’s what I’ve been up to:

UASU Executive Job Shadowing officially opened this week! If you’re thinking about running for an executive position or are just curious about what we do on a day-to-day basis, I encourage you to sign up. If you have any questions, please feel free to reach out :)

**U-Pass Update**
VP Dixon and I sit on the U-Pass Administrative Committee that continues to meet semi-regularly. Overall, things have been going well with the U-Pass and the new SmartFare system. Because SmartFare is such a new system, we’re looking to get as much student feedback as possible so that students can have the best transit experience possible.

**Period Equity**
VP Dixon and I took some time and brainstormed the next steps for the Period Equity initiative. The biggest thing that we’re working towards is securing a sustainable funding source. We hoped that we would have had some additional funding by now, but, unfortunately, that’s not been the case. Our next steps include an awareness campaign.
targeted at ending the stigma around periods and educating folks. We have a few ideas, but we're still in the initial stages of planning.

**Perks**
As I mentioned a while ago, back in September, we started to promote our current mental health and wellness services using UASU perks, a creative way to promote mental health using a popular platform to get the message out to students. This month, we have a “School Stress” up on Perks that reference the Peer Support Center, Empower Me, and a few other health and wellness services around campus. The survey went out at the beginning of November.

If you have any questions about anything in this report, please don't hesitate to reach out. As always, I'm always down to grab a coffee and chat.

All the best,

Emily

Re: Vice President Student Life 2021/22 Report #17  

Hi everyone,

I hope you are all doing well in the lead up to finals session. Finals are always so stressful. If you need to, you can learn more about the supports available on campus at UASU Cares, and if you ever want to take a break, I’d love to buy you a coffee and chat :)

I’d also like to give a BIG shout out to Rowan M, Vaughn and Julia for their events this weekend. The events were really successful, and I’m proud of y’alls continued work to make UofA a better place!

Here are some of the things I’ve been working on for the last two weeks:

Public Letter About Sexual Violence

I know y’all have heard a lot about this, so I will keep it short, but I wanted to update yall on what happened following that letter! On the 17th, we released a public letter calling on the University to meet 10 demands that we believe will help address sexual violence on campus. Since then, we have:

- Met with the provost’s office and discussed the university next steps. They will be working with other uni staff to see what they can commit to publicly. We will get another update on the 3rd about the process of this work
- Student reps in residence met about how to improve SV communications and response in residence
- There was a lot of media attention following the letter, and I did multiple interviews from the 17th to the 19th. This was important because it has helped us accomplish the goal of drawing public attention to the issue.
- We have planned future direct action efforts that we can use to put pressure on the university / AASUA

Despite this progress, we still have a long way to go! You can help by promoting SV resources, especially those found on Instagram at ibelieveyou_uofa and the Sexual Assault Centres website.

Sexual Violence Responder Training
On the 23rd and 24th, I attended the First Responder to Sexual Assault and Abuse Training. This training was intense, but it was also incredibly informative, and I know that it will help me support the survivors who come to me in the future. If you have any questions about this training or what I learned, please let me know! I’m obvi not a trainer, but I would love to pass on some of the information I learned.

**Campus Food Bank Strategic Planning**

On Saturday the 20th, I spent most of my day in the Campus Food Bank (CFB) Strat Planning meeting. The CFB board (which I sit on) is going through the long process of reevaluating our vision and mission, goals and objectives and creating an action plan to improve the CFB’s ability to serve our community. This process will take a couple of months, but so far, it’s been really exciting, and I can’t wait to see what our board decides to do with the CFB in the future!

**RTC Safety and Logistics Committee**

I haven’t given yall an update on the RTC committee in a while, so here it is: the committee continues to discuss how best to respond to COVID-19 on campus. We are currently chatting about what restrictions will look like for the winter semester to meet the provincial government’s requirements while allowing students to “return to normal”.

**Meeting with the Augustana Students Association**

On the 19th, we spent the day at Augustana. It was really fun, but it was also very informative! We committed to working on a few projects. Following these meetings, I am working with ASA to address SV on this campus, and we have set up meetings to see how we can provide more supports to Augustana students. We also talked about the importance of mental health and wellness supports, and I will chat with their representatives more about how we can improve these services.

**Policing on Campus**

We finally have a development! On the 19th, we met with the University and discussed the list of questions we have about UAPS. They were pretty apprehensive about the questions, but after chatting about them, we agreed that UAPS would send us a list of answers to our questions within the next two weeks. After that, we will be able to keep working on the policy and finalise it ASAP!

Best,
Talia Dixon

Students' can opt-out

Students would be able to opt-out if they do not see value in paying this fee.

Short-term fee

After 2 years, SU Council would get to review this fee and make a decision on its continuity. Thus, the SU Council will get an opportunity to re-evaluate the fee.

Should students get to vote?

It is very important to know that council is deciding on if students should get to vote on this fee or not. Once approved here, international students will get to vote if they want to pay the fee or not.

Advocacy

The ISA is a strong advocate of international students. Last year, we advocated on online learning issues, Ride Transit Program, frozen food issues on Augustana campus, etc.

Programs and Services

ISA takes an active role in campus orientation to better prepare international students when they start university. We also run programs such as I-Card and organize events such as I-Day.

Unified

ISA is proactively working on unifying the entire international students body at the University by creating platforms such as Committee on International Students Affairs (CoISA) for all regional group leaders to meet and discuss the challenges faced by their communities.
UAISA was first founded in 1961 and operated until 1991.

Later in 2013, the UofA Board of Governors suddenly decided to increase the international students' tuition fees.

100+ international students protested at the BoG meeting to stop the fee increase.

Due to the lack of any unified international student body to advocate on such matters, the Students’ Union Council initiated the process of forming the ISA.

Students' Union hosted a Town Hall in Telus Center and few SU International Councillors along with SU VP SL made the ISA in 2014.

23 regional groups joined in making the first ISA Board.

In 2020, ISA was revived with a new and more sustainable structure consisting of councils and board. ISA became an SRA the same year.
Dear UASU Council,

I write this letter on behalf of the Undergraduate Council of the University of Alberta International Students’ Association (UAISA) as its Chancellor and its representative. I would like to thank the UASU Council for working with the UAISA Undergraduate Council on the Student Representative Association (SRA) recognition last year and successfully delegating the representative authority of all undergraduate international students to the UAISA Undergraduate Council. Due to this historic decision, the ISA’s Undergraduate Council can represent students and help ISA to advocate for international students with more legitimacy.

Today, I would like to inform you that the ISA Undergraduate Council has passed this referendum proposal unanimously, and thus we send this proposal for your final approval. While many of you might be concerned about the additional cost to international students, I would like to bring to your attention, that this proposal is itself being drafted and being proposed by the international students for solemnly one singly purpose, i.e. to enable ISA to provide services to the international students and fulfill its mandate to better serve the international students.

On behalf of the undergraduate council, I would like to thank you all for reading this proposal and hope that you all will honour the will of international students’ representatives to hold this referendum and let the international students make the final decision and vote on it in the next UASU Executive Elections.

Best Regards,
Yintong Liu
Undergraduate Chancellor
Dear UASU Council,

I hope you all are doing well. I would like to write this letter on behalf of the ISA to support our SRA Fee Proposal. The ISA and the SU have worked together for many decades, the history goes back to 1961 and together we have achieved many things. Our strong relationship has enabled us to jointly present student issues more boldly and help resolve the issues of thousands of students. Today, the ISA is requesting the UASU Council to approve the proposed SRA Fee and thus allow the international students to vote on the fee.

The ISA has been preparing for this referendum for almost a year now, we have spent extensive time in consultation with the students and truly believe that this is the proposal that is supported by the will of the international students. Our community pays an enormous amount of money as tuition but still as international students we bring this proposal before you as we believe that these few additional dollars will give international students a strong voice, and association that could be with them in this country where they are alone and new. In true essence, the ISA is the voice of thousands of international students and this fee shall strengthen this voice and enable it to provide services to the international students.

This fee shall help ISA to provide international students with a family thousands of miles away from their homes and shall enable ISA to build programs and services that shall help international students be better prepared for the Canadian job market and ensure their overall success as young professionals. I look forward to the council meetings and your support to pass this proposal and allow the international students to vote on it and make their decision.

Best Regards,
Chanpreet Singh
ISA President
PURPOSE

The mission of the International Students’ Association (ISA) is to present a united voice and advocate for the entire international student community. This mission can only be carried forward if the ISA remains sustainable and not wholly dependent on its gracious sponsors. The ISA’s SRA Fee i.e ISAF will allow the ISA to sustainably continue supporting and offering its services to all international students at the University of Alberta. This fee shall support hundreds of students who are suffering due to language barriers, facing discrimination, loneliness, mental health challenges, etc and enable ISA to provide services that shall help international students to better succeed in their lives as young professionals.

SCOPE

The ISA SRA Fee will be implemented from the Fall 2022 term and up until and including the Spring/Summer 2024 Term. The Fee shall be charged to every full-time and part-time international student on all University of Alberta campuses. An international student is defined as a University of Alberta student who pays the international student’s tuition fee and/or is on a study permit in Canada.
1. Each full-time and part-time international student on all university campuses will be paying $3.50 per fall, winter, and spring/summer semester.
2. Off-campus (such as Co-op students) or special status international students will pay $0.00 per term.
FEE TIMELINE

The ISA SRA Fee will be implemented for a two-year period from the Fall 2022 Term and up until and including the Spring/Summer 2024 Term.

“If the international student body approves a fee like this, how often should they vote to renew it?”

- Every three years: 65%
- Every four years: 24%
- Every five years: 11%

To receive reimbursement from ISA for the ISAF, a student must fill out the opt-out form on the ISA website (isa.ualberta.ca/opt-out).

A student is only eligible if they have paid the ISAF as part of their tuition fees, as collected by the Registrar’s Office and the Students’ Union. The SRA fee is a voluntary fee and filling out this form is the only way to opt-out of payment.

International students shall be able to fully opt-out of the fee within the first thirty (30) days of every trimester. The students shall not be eligible to access the services/programs funded by this fee upon opting out.

The ISA shall reimburse the student within thirty (30) days of receiving the opt-out form. This timeframe shall only change due to unpredictable or other reasonable circumstances.
ISA Undergrad Council shall make changes up to a maximum of 5% (approx $1,850) to any allocation, to provide the flexibility to enable ISA to make changes to financial allocation as per the need and student engagement/feedback. Any change beyond 5% for any allocation shall be subject to the approval of the UASU council.
ISAF OVERSIGHT

By the Students' Union

The fee shall be bound to financial reporting to the Students' Union as per the University of Alberta Students' Union Financial Reporting Guidelines.

This includes ongoing financial reporting by the ISA Vice President Finance and a yearly independent audit; and a statement of the audit and budget to be submitted to the ISA Undergraduate Council for full oversight and transparency.

The budget and audit statements shall be available to international students on request and also be presented to the international students in the Annual General Meeting (AGM). Every transaction shall be approved jointly by the ISA President and the Vice President Finance along with an ongoing regular reporting to the Board.

ISA Financial Management policies are publicly available on our website and attached in the appendix to this proposal.
What does the ISAF provide?

The programs mentioned under each allocation unit shall be subject to change as per student feedback and engagement. We shall always aim to provide the services and programs that are well received by the international students and positively contribute to their university experience. All excess or unutilized funds in each allocation unit shall be added to the Unused Funds of the ISA, to generate interest and use the fund when the ISA deems necessary.
International Students' Benefit Card (I-Card)

ISAF shall fund the International Students' Benefit Card (ICard) to connect with retail, food, and entertainment partners and offer discounts for international students. This program shall enable students to save money and potentially recover the fee amount itself.

Current I-Card discounts and deals can be found on our website, isa.ualberta.ca/icard

We aim to keep expanding our I-Card flagship program as it gives direct financial returns to students paying ISAF.

“The ISA plans to create new programs, events, and services for international students. (E.g. discount card for businesses around Edmonton, affordable food stall on north campus, events around the year) Would you pay roughly $1.80 per semester to support this plan?”

Awards

*ISAF shall fund the following awards*:

- **ISA Salute**
- **Student Governance Leader of the Year**
- **Community Welfare Volunteer Award**
- **International Community Welfare program/service/event of the year**

The allocation shall also enable ISA to host an awards night that shall enable us to appreciate the awardees. Awards shall be managed by an independent committee i.e. **CoISA**, consisting of regional groups leaders and GFC/SC intn’l members.

*Names and award categories may be changed over time as per student feedback or need.*

“The ISA plans to create new financial aid programs for international students. (E.g. Community Engagement Recognition Awards, contest prizes, Last Resort Funding.) Would you pay roughly $1.20 per semester to support this plan?”

Events

Events:
This allocation is aimed at providing students with events to help them make the most of their university student experience. These events shall help ISA to engage with students on a regular basis and better cater to their needs. Our events shall in general promote intercultural friendship and inclusivity.

This allocation shall help ISA to organize fall bonfires, international students’ days, and many other similar events that interest the students and keep them engaged.

Check out this year’s I-Day at isa.ualberta.ca/iday

Apart from the established student groups, individual students interested in hosting culturally focused events shall also be empowered by ISA through this student-initiated events program. ISA shall provide logistical and administrative support to student-initiated events.

Community Support Fund

We recognize the value of SU registered regional/cultural student groups at UofA who serve as a common ground for international students to practice and celebrate their culture. ISA also supports the presence of SU registered BIPOC student groups and associations on campus that are working towards providing support and promoting diversity through their events/programs.

To provide financial assistance and support to these student bodies, ISA has formulated a Community Support Fund Program. Under this program, student bodies will be able to apply for funding needed to undertake events and programs that promote diversity, community building, and counter loneliness. Many regional/cultural and BIPOC student groups have expressed the need for such a program to the ISA as it provides financial certainty to these groups.

ISA also provides various perks to regional groups, and this fund shall enable us to provide more support. Check out, isa.ualberta.ca/regional-groups/regional-group-perks

Welcome Program

The new student orientation is often the first point of contact for international students with the ISA and gives them a glimpse of the various services and programs offered by the ISA. To further facilitate the connection between ISA and international students, we want to organize an annual ‘Welcome Program’. As part of this program, we will organize a 14-day welcome booth in Telus Center at Int’l students campus check-in along with UAI, where we share ISA resources for new students along with a welcome booklet that provides international students with important information when they first arrive in this new country. Check out this year’s welcome booklet, isa.ualberta.ca/new-students/welcome-guide.

At the end of campus check-in, the ISA organizes a regional group fair, where new international students get a chance to meet with UofA regional or internationally focused student groups. We also work with a few of our sponsors to organize info booths, which help international students to open a bank account, buy a sim card, etc on campus.

ISA also organizes info sessions about campus services, by collaborating with UAI and sharing essential information with new students along with ice breakers/prizes for students to feel comfortable. Check out this year’s welcome program, isa.ualberta.ca/new-students/welcome-program

Professional Development Programs:

ISA encourages the ambitious zeal in our international student community and recognizes their extraordinary efforts to make a niche for themselves in Canada or elsewhere in the world. ISA aspires to give students the chance to learn from mentors that have been in the same shoes as them and successfully achieved their career objectives. ISA plans to organize Alumni Networking Nights that will allow international students to connect with UofA alumni so that they can get grassroots advice and gain insights regarding how to make the best out of their university experience and achieve all-round development. ISA will organize Road to Success Workshops for the academic and professional advancement of international students. ISA will invite experts who can guide students through the challenges of juggling goals and responsibilities as international students, without compromising their professional and academic performance. ISA also wants to take the initiative of connecting students to professionals in their desired career sectors. These Career Series Workshops will be customized as per the demands of students interested in given careers. In addition to a general overview of the industry, students will have the opportunity to interact with the guests and gain clarifications on their queries.

Your ISA (Operations and Hub)

This allocation shall be used for covering various expenses that come along with running the largest student association on all five campuses. The money shall mostly be used for operational costs and administrative expenses associated with the ISA Office space. As there are 24 governance positions within the ISA Board and Councils, thus this allocation shall also cover the election expenses associated with it. ISA is huge with 130+ directors and coordinators, taking enormous hours of dedicated internal members’ time, thus this allocation shall be used for the Volunteer Appreciation Programs, to keep people motivated and dedicated to executing all the tasks that this referendum shall stand for. The fund shall also be used to cover any election expenses, operational costs, provide administration and office support. The ISA shall use this allocation to make an “International Students’ Hub” on the campus, where students could come and meet with ISA, learn more about our services and programs, play games and relax on campus. The fund shall also be used for general insurance of the ISA, and it is a requirement of the Dean of Students office. This allocation shall also fund ISA communications tools such as website, newsletter creating tools, and podcast RSS account; and financial software and independent audit costs.

Additionally:
For any allocation unit of the fee that is not accessible to Augustana and Campus Saint-Jean students, the funds collected from these campuses’ students shall be redirected to dedicated programming that shall be accessible to these students. ISA’s Office of the President portfolio shall have campus rep positions for both campuses, so ISA campus reps could work with their counterparts in ASA and AUFSJ to create dedicated programming that shall support and provide value to international students on those campuses. As we have around 40 intn’t students on Campus St-Jean and 169 on Augustana campus, the amount generated would not be very significant (approx $1,500), thus ISA would look into using its sponsorship money where needed to support the dedicated programming.

Referendum proposal Drafting Process:

The ISA Board made a Task Force for the Referendum Proposal, consisting of President, VP Finance, VP Coms, VP Internal, VP External and three student-at-large from within the ISA. This Task Force met weekly to draft the proposal, engage in consultation, and directly report to the ISA Councils and the Board. The Task Force made a publicly accessible web page for transparency (meeting minutes) and open consultation,
The ISA conducted an initial survey in February 2021, before starting the work on this proposal to understand the needs and priorities of our community. This initial survey had approx 80 students as participants. The key results are:
The ISA made initial general allocations and shared a jamboard with our Councils and Community/Public to learn more about the programs that interest the students.
ISA also used the Student Group Services (SGS) Newsletter, to invite all campus student groups to meet with ISA for the ISAF Proposal Consultation.

We also made a news announcement on BearsDen to invite all student group leaders for consultation.

The ISA hosted a Public Town Hall on May 25, 5-6pm. The proposal was publicly presented to international students and we engaged in direct/public consultation with the students. The Town Hall was live-streamed on the ISA Social Media. The Gateway also wrote regarding our Town Hall.

During the Town Hall, ISA asked all the participants to fill our survey to better understand the opinions of the participants at the Town Hall. The ISA ensured that the questions asked during the Town Hall were answered, thus we sent the response document to all participants to answer the questions. While the anonymous nature of engagement tools used in the Town Hall was great for consultation but they led to their own challenges, such as few individuals trying to shape or present their personal opinion as public opinions, thus our survey data collected during the Town Hall adequately demonstrates the opinion of the students present in the Town Hall.

Townhall video is available on our ISAF website page, isa.ualberta.ca/isaf
The ISA sent a final Survey to the students in June, this survey has 248 students as participants. The ISA conducted the survey over a period of a month, to give adequate time to students to fill the survey. The Survey was also emailed to all international students on June 11, to ensure that survey reached our entire constituency. The ISA Referendum Task Force also made a 2 min video to encourage students to fill the survey. The survey has an ISA Branded Jacket and Gift Cards as rewards for students to fill it.

As approx 61% of international students are from China, thus the ISA worked with the Chinese Students and Scholars Association (CSSA), the UofA’s largest Chinese student group, to ensure that survey was translated into Mandarin and shared with students from China over WeChat. We did everything possible to make our Survey reach our constituency.

Most Faculty Associations were also contacted to share the survey with their membership via newsletters. Survey Data was released by ISA on its Website and is also used in this proposal to demonstrate strong student support for ISAF.
Due to a few concerns regarding the ISA's second survey mainly regarding the wording of the questions, the ISA conducted a third survey. This time, the survey questions were drafted by the UASU Research and Advocacy Team, ISA publicized the survey by sending out a mass email to all 4,800 undergraduate students, and having an active social media campaign. We also made a new ISAF video to increase the participation rate. The University of Alberta International also shared our survey to support us. Finally, the survey got 335+ responses. The survey responses were shared with the UASU Research and Advocacy Team to process the result and the graphs used in this submission were prepared by the UASU R&A Team.

The survey results are publicly available on our website and attached to this submission in the appendix.
The ISA presented the proposal to its Committee on International Students' Affairs (CoISA) on Aug 12, 2021 to consult and take feedback on all changes made to the proposal after the one-on-one stakeholder meetings. Committee members were requested to take the changes back to their association and provide feedback.

ISA also asked its members to reach out to all the individuals, stakeholders, or associations whom we ever consulted, to inform them about the changes made to the proposal after the meeting, and take final feedback.

ISA shared every update/change to the ISAF proposal with regional groups and SRA's multiple times, to ensure that we are in constant communication with individuals whom we consulted.
Thank you
