The University of Alberta and the University of Alberta Students’ Union occupy Indigenous land in amiskwacîswâskahikan (Beaver Hills House), on Treaty 6 territory. From time immemorial, the banks along the river valley have been known as the Pehonan, a meeting place for the nêhiyawak (Cree), the Niitsitapi (Blackfoot), Métis, Dënesųłiné (Dene), Ojibway/Saulteaux/Anishinaabe, Haudenosaunee and others. The University, the Students’ Union and much of the city are located on the unlawfully stolen land of the forcibly removed Papaschase Cree.

We acknowledge that sharing this land gives each of us the responsibility to research the historic contexts of Treaty 6, to reflect on our personal relationships to the land, the Nations we’ve named, and to our roles in upholding justice on this territory. Since they began, the Students’ Union and the University have benefited from historic and ongoing dispossession of land and resources from Indigenous Peoples. As a result, it is our responsibility to seek the restitution of this land and its resources. Finally, we seek to do better by working to make our learning, research, and governance align with the histories, languages, teachings, and cultures of First Nations, Métis, and Inuit Peoples in the land presently occupied by the Canadian state.

We encourage critical reflection by asking the following question. In relation to the territory on which you are situated, what role do you play in strengthening the resistance and resurgence of Indigenous students within your communities?

POLENCHUK (GATEWAY): Asks about Councilor FLAMAN'S stance on the appeal he made on the DIE Board's decision regarding Councilor ALI'S eligibility when according to DIE Board, Councilor FLAMAN is not a part of HA07 and he is neither an intervener nor a respondent to that hearing.

FLAMAN: States that the appeal he made was based on the standing that is outlined in the DIE Board's protocol and Bylaw.

TEELING (GATEWAY): Asks DUMOUCHEL about the estimated cost of honorariums.
DUMOUCHEL: States that honorariums can cost between $30,000 - $35,000 per year based on the time they were implemented.

TEELING (GATEWAY): Asks President MONTEIRO if the SU is planning to consider another Break the Record attempt.

MONTEIRO: States that Break the Record has been done year after year previously. Confirms plans of doing another one for next year.

POLENCHUK (GATEWAY): Asks President Monteiro how he will address student concerns towards money spent on events such as Break the Record when the intended purpose wasn't achieved and that money could have gone elsewhere.

MONTEIRO: States that the approach was to create community once again on campus, especially as the campus community is still in recovery from COVID disruptions.

Adds that the amount spent on the event was roughly half of the money spent on Week of Welcome. Most of the money went towards purchasing dodgeballs and t-shirts.

2022-12/7

QUESTION PERIOD

LIU: Asks VP Academic KAUR if there should be a report presented to Council in the future regarding practicums across different faculties.

KAUR: States that practicums are currently widely spread & diverse, thereby, no data is available to complete a report at the moment. Mentions that faculties will be reached out to and that a survey will be conducted to gather information, particularly on issues students face in participating in practicums. This survey will be widely available once completed.

ALI: Comments to Council to not linger on the issue regarding his eligibility to serve on Council and urges Council to focus on other topics concerning the students instead.

DHILLON: Asks Councilor ALI about the timeline suggested on the selection process for Nominating Committee and why candidates for committees were not selected on the typical May-June timeline.

ALI: States that there were not enough interested students that applied for the vacant positions at the time.
HUANG: Comments that the Bylaw review and restructure was a great initiative. Adds that plain language is needed to reach more students.

VILLOSO: Asks Councilor WATTAMANIUK if CAC is looking to get the executives to volunteer as mentors for the Council Mentorship Program.

WATTAMANIUK: States that the program was intended to only include councillors, but because of the lack of sign-ups for mentors, will gladly accept the offer from the Executives.

LIU: Mentions that there were issues advertising the Break the Record event as well as storage for participants’ belongings. Asks about President MONTEIRO’S future plans on improving the logistics, storage and advertisement for a future such event.

MONTEIRO: States that part of it was the ambitious timeline that was set for the event. Adds that because of the previous years without students on campus, it was a challenge to reach the new batch of students this year regarding the dodgeball culture of the U of A. Will be discussing these challenges and how to address them properly in the future.

WATTAMANIUK: Questions President MONTEIRO about the timeline for exploration credits and which faculties exploration credits would be implemented in.

MONTEIRO: States that they are yet to meet up with the Registrar’s Office and will be following up with them regarding this matter. The timeline has not been established. Adds that the goal is to have exploration credits ready for their previously proposed timeline, which would be having them implemented by next year.

ALI: Asks Councilor FLAMAN about his intention behind filing the appeal he made on the DIE Board’s decision regarding Councilor ALI’S eligibility.

FLAMAN: States that the appeal was filed because they believed that the DIE Board’s decision wasn’t correct.

Is there anything else that you would like to include? Nope
Dear Council,

I hope all of you are doing well. Below is a report of what I have been up to over the past two weeks.

**Board of Governors**

**Board Development Session – University Strategic Plan**
The BoG has hired Alex Usher, with Higher Education Strategy Associates (HESA), to help lead the creation of the new University of Alberta Strategic Plan. During our retreat last week, we had a very fulsome discussion as a Board regarding four topics: Growth, Identity, Discovery, and Student Experience. Regarding the student experience, we discussed the pedagogical experience and the experience outside the classroom. I had an excellent opportunity to discuss the student experience in-depth and highlight many of the barriers that students face, which hinder them from having an optimal student experience at the University of Alberta. I also shared many stories that students and student leaders shared regarding their time here. Thank you to all of the Councillors who shared their views at council with me, it was invaluable information to share with the Board, and they were very engaged with reducing the barriers students face.

**Board Meeting**
At the BoG Meeting, we tabled the Sexual Gender-Based Violence (SGBV) Policy due to concerns that the UASU raised regarding additions made at the Board Human Resource and Compensation Committee (BHRCC). We felt that the tone of the policy changed in a way that would make students less likely to come forward in instances of SGBV. We successfully got this item tabled and are currently working on revisions with the BoG and Sexual Violence Response Coordinator (SVRC) to ensure the tone of the policy is survivor-centred and trauma-informed.

**Academic Planning Committee (APC)**
In APC, we received a presentation from the new Associate Vice President of Online and Continuing Education, Jessica Butts Scott, regarding her plans for developing an online and continuing education strategy for the University of Alberta. In her presentation, she touched on where some of the focus may be surrounding growth using online programming. In that meeting, I raised concerns regarding how we ensure that students are getting a high-quality online programming experience and ensuring that the structure for the course that is online and in-person is similar to ensure that students have an equitable experience across both modalities.
**Mandatory Non-Instructional Fee (MNIF) Joint Oversight Committee**

Joannie and I attended this year’s first MNIF Joint Oversight Committee meeting, where we approved the MNIF work plan for this year. Part of that work plan will include a discussion around MyCreds and how we remove the burden of students paying to access verification of enrollment.

**CBC RadioActive Interview about MyCreds**

Last Friday, CBC interviewed me regarding MyCreds and all of the students’ frustrations with the move to this new process. If you are interested in listening to the interview, you can check it out here: [https://www.cbc.ca/listen/live-radio/1-52-radio-active/clip/15941898-u-a-students-facing-fee-access-student-academic](https://www.cbc.ca/listen/live-radio/1-52-radio-active/clip/15941898-u-a-students-facing-fee-access-student-academic)

**College Associate Deans Education**

Gurleen and I talked with the College Associate Dean of Education in Social Sciences and Humanities to discuss our UASU priorities for the year. Our discussion focused on a few key areas, most prominently academic advising and the role that the colleges can play in improving advising in all faculties and ensuring that students have a consistent, accessible, and positive experience with advisors.

Cheers,

![Signature]

Dear Council,

These past couple weeks have been very eventful with the preparation and attendance for the Board development session and the board meeting that occurred this past Thursday and Friday.

Board Development Session

The board development session was a step towards helping build the strategic plan of the University. This meeting involved the themes of Growth, Identity, Discovery, and Student Experience. During this session, we discussed these aspects of the strategic vision to help guide the strategic planning process. Board members provided responses to questions asked of us to understand their perspectives and vision for this institution.

Board Meeting

The Board of Governors met on October 14 hence why I am providing this update late so that you could all hear what occurred in this meeting. From this meeting, there were two key items that I would like to highlight for council that I think would be of the greatest interest to everyone. Firstly, the “Sexual Violence Policy and new Student Conduct Policy Suite” was tabled. After being approved by GFC, the Board Human Resources and Compensation Committee made a couple of final changes to the document and sent it to the Board for approval. The changes made were within the intent of the new policy however the wording and placement of them made the policy changed the tone. Fortunately, we were able to share our concerns with this before the meeting, and the chair humbly agreed to table this motion to change the wording so that the spirit of the policy has the same intent.

A second highlight of the meeting was the hiring of an AVP for online education. Given that the exploration into online education was a theme of interest in students council I made sure to bring student perspectives into this conversation. I had the opportunity to ask about the future of hybrid learning from their office and I received the response from her that right now they are more looking to explore offering pure online courses for some of the larger undergrad 1st year courses as well as expanding into online Continuing Education courses. I plan to meet with here personally sometime in the future to further share some of the students vision for hybridizing learning.
