The University of Alberta and the University of Alberta Students’ Union occupy Indigenous land in amiskwaciwâskahikani (Beaver Hills House), on Treaty 6 territory. From time immemorial, the banks along the river valley have been known as the Pehonan, a meeting place for the nêhiyawak (Cree), the Niitsitapi (Blackfoot), Métis, Dënesųłíné (Dene), Ojibway/Saulteaux/Anishinaabe, Haudenosaunee and others. The University, the Students’ Union and much of the city are located on the unlawfully stolen land of the forcibly removed Papaschase Cree.

We acknowledge that sharing this land gives each of us the responsibility to research the historic contexts of Treaty 6, to reflect on our personal relationships to the land, the Nations we’ve named, and to our roles in upholding justice on this territory. Since they began, the Students’ Union and the University have benefited from historic and ongoing dispossession of land and resources from Indigenous Peoples. As a result, it is our responsibility to seek the restitution of this land and its resources. Finally, we seek to do better by working to make our learning, research, and governance align with the histories, languages, teachings, and cultures of First Nations, Métis, and Inuit Peoples in the land presently occupied by the Canadian state.

We encourage critical reflection by asking the following question. In relation to the territory on which you are situated, what role do you play in strengthening the resistance and resurgence of Indigenous students within your communities?

Bylaw 600 First Principles

Updating Bylaw 600: Students’ Union Bilingualism

1.) Bylaw 600 plays a vital role in acknowledging and protecting bilingualism on campus.
2.) Bylaw 600 contains outdated information concerning the process for translation due to the Council's Restructuring and the absence of Translation Committee.
3.) Bylaw 600 will be amended to ensure full compliance and will include new principles for translation.
4.) Bylaw 600 will be amended to include the specific mention of Bilingual Faculty Association such as AUFSJ to ensure proper consultation on how to provide UASU governing documents and services in French.
FIRST PRINCIPLES: Bylaw 110/120/130/140 Amendment

Abstract

Bylaws 110/120/130/140 are proposed to be amended to insert provisions related to meeting attendance by members of the Students' Union. The provisions generally provide the right for members of the Students' Union to attend various Students' Union meetings, subject to certain exceptions.

These additions are being made pre-emptively to cover potential amendments to Bylaw 500: Access to Students' Union Information. Bylaw 500 currently includes these provisions related to the “right to attend meetings.” However, the bylaw is focused on access to information/documents and not on access to meetings. For example, Bylaw 500 includes provisions pertaining to access to agendas, attachments, and minutes. This fits within the scope of the bylaw, which is focused on documentation. However, the “right to attend meetings” is a function of rules regarding the Committees/Council/DIE Board itself and therefore more reasonably fall under the scope Bylaws 110/120/130/140.

The proposed edits to Bylaw 500 are currently being worked through and are anticipated to come to Council later this term.

No engagement was completed on these amendments. Functionally, nothing will change regarding rules related to the “right to attend meetings,” so no engagement was required.
Bylaw 9000 Repeal - First Principles

Abstract:

Bylaw 9000, an emergency procedures bylaw currently in effect, was enacted during the onset of the COVID-19 pandemic. The goal of the bylaw was to increase flexibility during times of crisis.

The bylaw was reviewed by the Bylaw Committee during continuing efforts to streamline existing legislation. The review found that this bylaw adds no new powers to the existing powers of Council. Furthermore, it presents an unnecessary obstacle, contributing to procedural delays without enhancing the efficacy of any emergency response. Therefore, the Bylaw Committee recommends the repeal of Bylaw 9000, advocating for a leaner, more efficient legislative framework for Council's operations.

First Principles:

1. That Bylaw 9000 be repealed in its entirety.

Written Questions
Hello everyone!

This is a snapshot of what we have been up to over the last two weeks.

**CASA Policy and Strategy Conference (Christian & Chris)**

Christian and Chris were in Fredericton attending the Canadian Alliance of Student Associations (CASA) policy and strategy conference. The purpose of this conference is to vote on our federal priorities and the annual plan created by the Board of Directors for CASA. We actively participated in presentations from officials representing the Canada Student Financial Aid Program (CSFAP), a presentation on the copyright file from College and Institutes Canada, and a lot of time for committee work plans. In our closing plenary, members also approved 6 advocacy priority themes. The themes are separated by budgetary and regulatory priorities. For budgetary priorities, the themes include student financial aid, mental health, and student housing. The regulatory priorities include international students, student research, and copyright.

**Moderate Standard of Living Working Group (MSOL) - Michael**

Christian, Levi, and I have been working diligently, with wonderful support from our staff, to fight for students in the MSOL working group. This group was formed after the tuition increases last year, and tasked with reviewing the university's MSOL calculation and student bursary process. Your executives have been fighting for the university to increase this threshold, recognizing that the cost of living has risen dramatically in recent years and that the MSOL threshold should reflect a dignified
standard of living for students. Going forward, we will also be working with the university to improve the communications plan for student bursaries, helping to ensure students are aware of the funding available to them and how to access it.

**Mental Health (Michael)**

Over the past two weeks, I have been in several spaces discussing mental health and related student concerns on campus. I attended the National Standard on Mental Health Committee, a group that is overseeing the implementation of a system of nationwide standards of practice. I also met with Kevin, the Assistant Dean of Health and Wellness in the Dean of Students’ office. We spoke about the state of mental health support at Augustana and the cooperation between DoS supports and our UASU supports. Additionally, we have been meeting with staff from our support services like the Peer Support Centre and the Landing to better understand the landscape of these services. Finally, we have been helping with the planning for World Mental Health Day, an event that will take place on campus in the fall.

**Council of Faculty Associations Joint Board (Pedro)**

The CoFA Joint Board met for the first time this term. This group is made up of all members from all three working groups and the Senior Board of CoFA. Meetings for the Joint Board are not held on a regular basis, but instead called whenever there is a need to address and engage several members from each association. The reason for calling this meeting was to introduce the associations to the Academic Materials Program. The meeting consisted of around twenty minutes of the Bookstore Manager's presentation followed by around thirty minutes of general questions from association members. Moving forward associations will have another opportunity through CoFA to ask questions about AMP, at our upcoming CoFA Advocacy Working Group meeting in August. The Senior Board will also meet in August to discuss goals for the year with each association's president.

**Zero Textbook Cost Promotion (Pedro)**

Following a previous meeting with the Provost, Christian, and I began planning around an idea that may help promote the ZTC program to different faculties across our campuses. I have put a lot of focus into planning this initiative, and there are a few details still to figure out, but I hope to fully introduce it to Council soon. This initiative would serve as recognition for faculties that offer a lot of ZTC courses. Feel free to ask any questions about this project or reach out if you have any thoughts about OERs and ZTC promotion!
**Edmonton Student Association Picnic (Levi)**

Last Tuesday, Levi attended a picnic alongside Craig, Ellen, and Marc in Victoria Park for the Edmonton Student Associations. This was an opportunity to network and get to know better our counterpart staff and student leaders in the City. Going forward, we hope these introductions can turn into fruitful conversations about learning best practices, or group purchasing to help reduce the cost of shared goods.

*This is a summarized list of some of the more significant items we have focused on this week. As always, feel free to reach out if there are any questions or if you would like to chat about any of these items further.*

Greetings UASU Council, welcome to my third regular report.

July has been a pretty tame month due to the limited number of BOG/UASU meetings. I have focused on creating social media content about the NDP’s appointment of the Critic of Advanced Education, and UCP mandate letters for Advanced Education. I also did a small collab with another organization I work with regarding sidewalk infrastructure around our downtown campus. More here. I continued reaching out to FAs/SRAs and as well as BOG members to do introductory meetings and discuss common ground for this year.

The primary accomplishment of this month was working with the UASU Executive to strike the Exceptional Tuition Increase (ETI) Task Force, which will be focused on working with faculties impacted by ETIs in recent years to advocate for greater accountability and transparency. We are scheduling our first meeting later this summer and I will provide additional updates as they arise.

Below is my Calendar of official BOG and BOG Committee meetings.

Over August, I will ramp up content regarding the various strategic plans the University is working on, and will do some back-to-school related content. Again, I am also pretty responsive to any recent trends/updates. I may cover different content and am open to potential collaborations.

Okay, that's all! BE GOOD AND CALL IF YOU NEED ANYTHING!

SCHMIDTKE: Points out how it is important for councillors to have accountability towards Council and not overwork themselves. Thinks it would be nice to have this included somewhere in the Charter, if applicable.

RAITZ: Thinks that this idea can be included in the Commitment & Participation section.

FOTANG: States that the Council Goals document includes pointers from all the discussions that took place in the Gov Camp weekend, which were then refined into specific sections.

RAITZ: Suggests giving all Councillors a week's timeline to consider additional suggestions and feedback.

AISENSTAT: Suggests adding a similar point in the Engage section regarding consultations for Faculté Saint-Jean.

THIESSEN: Suggests adding a sub-point under expanding student spaces that talks about advocating for capital investment into building student spaces & renovation and addressing deferred maintenance of existing spaces.
