The University of Alberta and the University of Alberta Students’ Union occupy Indigenous land in amiskwacîwâskahikan (Beaver Hills House), on Treaty 6 territory. From time immemorial, the banks along the river valley have been known as the Pehonan, a meeting place for the nêhiyawak (Cree), the Niitsitapi (Blackfoot), Métis, Dënesųłíné (Dene), Ojibway/Saulteaux/Anishinaabe, Haudenosaunee and others. The University, the Students’ Union and much of the city are located on the unlawfully stolen land of the forcibly removed Papaschase Cree.

We acknowledge that sharing this land gives each of us the responsibility to research the historic contexts of Treaty 6, to reflect on our personal relationships to the land, the Nations we’ve named, and to our roles in upholding justice on this territory. Since they began, the Students’ Union and the University have benefited from historic and ongoing dispossession of land and resources from Indigenous Peoples. As a result, it is our responsibility to seek the restitution of this land and its resources. Finally, we seek to do better by working to make our learning, research, and governance align with the histories, languages, teachings, and cultures of First Nations, Métis, and Inuit Peoples in the land presently occupied by the Canadian state.

We encourage critical reflection by asking the following question. In relation to the territory on which you are situated, what role do you play in strengthening the resistance and resurgence of Indigenous students within your communities?

OASIS Student Council Presentation
Land Acknowledgement

As students of the University of Alberta Faculty of Arts, we respectfully acknowledge that the University of Alberta is situated on the traditional, ancestral territory of Treaty 6, as well Métis Region 4. This land has been and is home to a diverse range of Indigenous nations and people; who have, and continue to, steward this land that sustains all of us. We together stand on these ancestral territories, with a spirit of reconciliation and collaboration, to build a better, safer, healthier and stronger tomorrow.

The Proposal
Finances
Amount & Scope

- Raising the FAMF to $5.00 per academic term. Currently, the FAMF for Arts students is at $3.00 per term.
  - Remain at $0.00 for Spring/Summer terms.
- Applies to all part- and full-time students enrolled in an Arts undergraduate degree.
Inflation

According to the Bank of Canada our current $3.00 FAMF is barely worth more than our previous FAMF due to inflation. $3.00 in 2023 is equivalent to $2.60 in 2020, meaning our previous increase from $2.50 to $3.00 has almost been negated due to inflation. This increase is in part to offset inflation as well as to improve the services we offer and bring our FAMF in line with other faculty associations.

Refund Mechanism

- Discussion of implementing a refund mechanism
- **Refund process would entail:**
  - Filling out a form prior to fee deadlines for the corresponding semester
    - Form to include reasoning and basic identifying information of the student
    - Form would be made available via the OASIS website
  - Faculty of Arts will verify the student identification information to ensure they are valid Arts undergraduates
Fee Collection Beginning and Cessation

- Begin collection September 1st, 2024 until August 31st, 2028
  - 4 year term
Oversight & Financial Controls

- **OASIS Finance Committee**
  - Oversees budget and financial statements
  - Examines financial transactions (spendings and revenues) of OASIS

- **Publicly shared budget:**
  - Annual General Meeting

• Stands for International House Community Council.
• A student association representing the University of Alberta International House community.
• IHCC consist of various student committees that contribute to a cohesive and cooperative organization.
• Represented by a special committee, the Facilitation Team (FT), with the primary task of overseeing IHCC operations and support community members in their initiatives.
Goals and Objectives of IHCC

• Through initiatives, allow Canadian and International students an opportunity to gain a better understanding of the global community and international understanding.

• To advocate for and represent the multinational resident community of International House.

• To elevate the educational and career achievements of the residents.
Relationship to Global Education
Relationship to Global Education

• The Global Education Program of the University of Alberta International provides training, guidance, funding, and staff hours towards International House events and activities, in order to foster an atmosphere of connection and world community.

• These roles are facilitated by the Global Education Coordinator and International House Management Team.
Relationship to Global Education

• Global Education runs both their own independent events, as well as helps to facilitate and advise IHCC-planned events, but they have an entirely separate budget, structure, management, and process from the IHCC.

• UAI and the FT have a collaborative relationship. We can rely on them for support and guidance when needed.
IHCC FAMF Proposal
IHCC FAMF Proposal

IHCC Revenue Sources

• The IHCC is currently primarily operating on Surplus (55%) from previous years, primarily during COVID, when expenses associated with running events significantly decreased.

• Historically the FAMF has made up the majority of revenue for the IHCC, with the FAMF projected to be roughly three-quarters of the non-surplus available budget, while alternative revenue streams make up the remaining quarter.

• IHCC currently pursues alternative revenue primarily via ticket sales to our most expensive events.
Financial Oversight

• The IHCC successfully completed an Audit for the 2021-2022 Academic Year.
• The IHCC is currently undergoing an Audit for the Student Union Audit Committee for the current academic year.
• The IHCC also receives additional guidance from the Global Education Program to ensure that funds are utilized efficiently.
Past Financial History

• During and after COVID, financial documentation, including previous budgets were severely limited by the previous IHCC Facilitation Teams. This is partially due to the significant reduction in IHCC scope and event-planning during the pandemic.
  • For example, in the IHCC audit from September 2021-April 2022, total expenses for the year were only $306.87, with total revenue of $6,939.40.
Past Financial History

• Additionally, International House closed for several months over the summer due to renovations, which led to the IHCC disbanding for several months without a continuation plan in place for the incoming FT executive, which led to further loss of financial documentation.

• Steps and procedures are currently being put in place to ensure that all financial documents and budgets are properly stored online in the future, and continuation plans are in place for incoming IHCC executives, so that this loss of financial data does not occur again.
Overview of Consultation
Mechanism of Consultation

Mass Survey-Style Consultation through Google Form

IHCC Bimonthly Meeting.

FAMF Proposal
Consultation Results

- FAMF renewal consultation was done at the same time as the IHCC constitution consultation and renewal.
- In combination of both electronic and in-person voting, residents of International House shown overwhelm support for the renewal of IHCC’s 2023-2024 Constitution, which also included discussion of FAMF membership fees as laid out in Article 3.
Consultation results

• Participation from ~23% of all members.
• Overwhelming Support, with all respondents voting to ratify the constitution, including the FAMF Fee.

Office/Committee Responsible: The Landing

Abstract:
The Landing's 2023/24 DFU proposal presentation
Written Questions
The Landing - DFU and Referendum Proposal
The Landing strives to support discussions and facilitate spaces that share knowledge and engage in collaborative learning and unlearning around colonization, white supremacy, and subsequent eradication and marginalization of the Indigenous communities who cultivate and nurture this land. In this training context, we recognize that The Landing is located in Treaty 6 territory, the stolen land of Metis, Cree, Salteaux, Blackfoot and Nakota Sioux peoples. More specifically, the University was built on stolen Papaschase Cree land which was unlawfully surrendered through Treaty 6, which the Papaschase Band is still fighting to this day. More than acknowledging the land, we want to recognize our part in the ongoing inequality and violence that are part of the complex realities of a settler colonial state. Colonialism is foundational in institutions of higher education and by being part of the university community, we are not immune to ideologies, legacies, and discourses that have subordinated Indigenous communities and continue to make the university a space dominated by white supremacy.
Overview

- History of The Landing
- Proposed Fee Increase
- Questions and Feedback
The Landing is a safe(r) space, located in the Students' Union Building, offering support and advocacy for gender and sexual diversity. We strive to promote gender equity on a broad scale and advocate for safety and equity for individuals of all genders and sexualities.
The Landing’s History

- 2SLGBTQ+ campus climate survey of 2013 as well as analysis of queer services at Canadian universities
- Consensus that queer student needs at the U of A were not being met
- UASU provided some seed funding and the space we have now in 2014 to start a drop-in centre
- 2014/2015 passed DFU referendum campaign in order to receive funding as part of student opt-outable DFU fees.
  - Have to pass DFU campaign in student elections every 5 years
  - We have never increased this fee beyond the cost of living annual adjustment
The Landing’s History

- From 2014/2015 to 2018/2019, The Landing was an independent non-profit managed by a board of directors with a paid director, programs manager, and programs/office coordinator.
- From 2014/2015 to 2018/2019 when the board dissolved and our non-profit status lapsed.
- Temporary agreement with the UASU to be absorbed into their organizational and management structure so we could meet the requirements for getting DFU funding.
- Em Matheson was hired as program lead in February 2020, pandemic halted in-person services starting March 2020.
- After in-person services resumed, up to 9x increase in service use.
Mission

The Landing’s mission is to affect meaningful change in the quality of life of students at the University of Alberta who are marginalized on the basis of gender and/or sexuality by providing support services that are available for all students and by promoting student-led initiatives to address the needs of 2SLGBTQ+ communities at the U of A.
The Landing’s vision is to promote gender equity on a broad scale and advocate for the safety and acceptance of all genders and sexualities in campus life.
**VALUES**

ISAF Proposal

INTERNATIONAL STUDENTS' ASSOCIATION FEE

Submission to the University of Alberta Students' Union (UASU)
We would like to begin with acknowledging that the lands we are currently situated on, have historically belonged to the First Nations, Métis, and Inuit nations.

We would further acknowledge that the University of Alberta, its buildings, labs, and research stations are primarily located on the traditional territories of Cree, Blackfoot, Métis, Nakota Sioux, Iroquois, Dene, and Ojibway/Saulteaux/Anishinaabe nations; lands that are now known as part of Treaties 6, 7, and 8 and the homeland of the Métis.

As international students hailing from diverse corners of the globe, it is paramount that we approach our educational journeys and interactions with the various communities that call Canada home with mindfulness and respect for the histories of the places we now collectively inhabit. Most notably, we must recognize that we are guests on Indigenous lands, and, as such, our words, intentions, and actions should reflect this understanding.

As international students, we all share the responsibility of collaboratively nurturing an environment characterized by mutual respect, one that promotes equity, diversity, and inclusion, and that honors the sovereignty, lands, histories, languages, knowledge systems, and cultures of Indigenous Peoples.
Advocacy
The ISA is a strong advocate of international students. This year, we advocated on Housing crisis, Ride Transit Program, frozen food issues on Augustana campus, etc.

Unified
ISA is proactively working on unifying the entire international students body at the University by creating platforms such as Committee on International Students Affairs (CoISA) for all regional group leaders to meet and discuss the challenges faced by their communities.

Programs and Services
ISA takes an active role in campus orientation to better prepare international students when they start university. We also run programs such as I-Card and organize events such as I-Day.
UAISA was first founded in 1961 and operated until 1991.

Later in 2013, the UofA Board of Governors suddenly decided to increase the international students' tuition fees.

100+ international students protested at the BoG meeting to stop the fee increase.

Due to the lack of any unified international student body to advocate on such matters, the Students’ Union Council initiated the process of forming the ISA.

Students' Union hosted a Town Hall in Telus Center in 2014. A few SU International Councillors along with SU VP SL made the ISA.

23 regional groups joined in making the first ISA Board.

In 2020, ISA was revived with a new and more sustainable structure consisting of councils and board. ISA became an SRA the same year.
Dear UASU Council,

I write this letter on behalf of the undergraduate Council of the University of Alberta International Students’ Association (UAISA) as its Chancellor and its representative.

Today, I would like to inform you that the ISA undergraduate Council has passed this referendum proposal unanimously, and thus we send this proposal for your final approval. While many of you might be concerned about the additional cost to international students, I would like to bring to your attention, that this proposal is itself being drafted and being proposed by the international students for solemnly one single purpose, i.e. to enable ISA to provide services to the international students and fulfil its mandate to better serve the international students.

On behalf of the undergraduate council, I would like to thank you all for reading this proposal and hope that you all will honor the will of international students’ representatives to hold this referendum and let the international undergraduate students make the final decision and vote on it in the next UASU Elections.

Best Regards,
Tahmid Al-Hafiz
Chancellor, ISA (2023-24)
Dear UASU Council,

I hope you all are doing well. I am writing this letter on behalf of the ISA to support our SRA Fee Proposal. The ISA and the SU have worked together for many decades. The history goes back to 1961 where together we have achieved many things. Our strong relationship has enabled us to jointly present student issues more boldly and help resolve the issues of thousands of students. Today, the ISA is requesting the UASU Council to approve the proposed SRA Fee and thus allow the international students to vote on the fee.

The ISA has been preparing for this referendum for almost a year now, we have spent extensive time in consultation with the students and truly believe that this is the proposal that is supported by the will of the international students. Our community pays an enormous amount of money as tuition but still as international students we bring this proposal before you as we believe that these few additional dollars will give international students a strong voice, and an association that could be with them in this country where they are alone and new. In true essence, the ISA is the voice of thousands of international students. This fee shall strengthen this voice and enable it to provide services to international students.

This fee shall help ISA to provide international students programs and services. The latter shall students be better prepared for the Canadian job market and ensure their success as young professionals. I look forward to the council meetings and your support to pass this proposal and allow the international students to vote on it and make their decision.

Best Regards,
Aiman Saif and Amirali Bigleri
ISA Co-Presidents (2023-24)
PURPOSE

The International Students’ Association (ISA) is a voice of all international students at the University of Alberta and advocates on issues concerning international students exclusively, in order to enhance the living and learning experience. We advocate on issues like discrimination, language barriers, mental health and loneliness which are of serious concern to our community given that we are living in a foreign nation far away from home. We are a student led organization, consisting of both undergraduate and graduate students and are dependent on the support of our sponsors and the hard work of our volunteers. To carry our mission forward and remain sustainable in the long run we cannot rely on sponsorship alone. ISAF (International Students’ Association Fee) will allow ISA to sustainably continue supporting and offering its services to all international students at the University of Alberta. Consequentially, this will help international students to better succeed in their lives as professionals.

SCOPE

The ISA Fee will be implemented from the Fall 2024 Term for a three year period. The Fee shall be charged to every full-time and part-time undergraduate international student on University of Alberta campuses. An international student is defined as a University of Alberta student who pays the international student’s tuition fee and/or is on a study permit in Canada. The fee is charged differently according to the academic status, and term due to the availability of services to the students based on those parameters.
RATIONALE

The International Students’ Association (ISA) duly acknowledges the UASU’s enormous contribution and the magnitude of work executed by the UASU towards advocating on behalf all undergraduate Students. While the works of UASU are immeasurable, the ISA would like to provide a rationale for the introduction of this undergraduate fee proposal. The ISA has existed with a well-grounded vision and mission statement centered on International Students. While it should duly be acknowledged that the UASU made up of both domestic and international students with an executive board constituting a significant number of international students, the course of action is still central and structured to be inclusive of all undergraduate students regardless of their background. The ISA strives to be that voice of International Students. The course of action, structures are cognizant of the peculiar needs of International Students. We to identify the unique problems international Students are likely to encounter as they journey systems and environments that are sometimes alien to their own experiences. Primarily, the intersection of race, cultural background and internalized experiences presents the International student with problems that cannot easily be addressed through universal approaches. We are motivated to pursue this agenda of a fee proposal in order to be financially empowered to continue the needs of those within our jurisdiction. We have observed through engagements how culturally sensitive events and programs go a long way to support those in our jurisdiction. It is never just about providing support; it is about providing support that addresses challenges that have the potential of limiting or impacting the whole international schooling experience.

Highlights: International Students are less likely to share mental health issues with others. In most cases issues of mental health are multilayered and it intersect with other parts of their lives they might consider private. Cultural perspectives on mental health are deeply ingrained in the minds of immigrants of diverse backgrounds. International students are less likely to report issues harassment, sexual violence, and assaults. International Students encounter racism in the form microaggressions, microinvalidations and racialized offenses that has the potential of causing trauma.

Within the ISA’s structure and the events organized, international students find themselves in a safe space to voice out the issues they face. The micro levels of racism are often time oblivious to those who experience it. Open conversations help with identifying it when it happens. The identification process becomes the first stage of dealing with the potential trauma it can cause.

Our vision is founded upon these five pillars: openness, diversity, inclusion, representation and novelty engagement. With these five pillars in mind, ISAF will provide international students with a community that promotes a safe and inclusive environment which supports and augments the sense of belonging international students seek on our campuses – a home away from home.
1. Each full-time undergraduate international student on all university campuses will be paying $5.0 per fall and winter semester.

2. Part-time undergraduate international students will be paying $2.50 per fall and winter semester.

To receive reimbursement from ISA for the ISAF, a student must fill out the opt-out form on the ISA website (isa.ualberta.ca/opt-out).

A student is only eligible if they have paid the ISAF as part of their tuition fees, as collected by the Registrar’s Office and the Students’ Union. The SRA fee is a voluntary fee and filling out this form is the only way to opt-out of payment.

International students shall be able to fully opt-out of the fee within the first thirty (30) days of every trimester. The students shall not be eligible to access the services/programs funded by this fee upon opting out.

The ISA shall reimburse the student within thirty (30) days of receiving the opt-out form. This timeframe shall only change due to unpredictable or other reasonable circumstances.
The ISA undergraduate Council shall adjust any allocation(s) percentages by plus or minus 10% as per the student feedback, interests, and priorities to ensure that funds are utilized to provide maximum benefit to the students. Ability to make adjustments with a cap of 10% shall also enable more effective utilization of funds with Grad and Undergrad ISAF joint usage.

By the Students' Union

The fee shall be bound to financial reporting to the Students' Union as per the University of Alberta Students' Union Financial Reporting Guidelines.

This includes ongoing financial reporting by the ISA Vice President Finance; and a statement of the audit and budget to be submitted to the ISA undergraduate Council for full oversight and transparency.

The budget shall be available to international students on request and also be presented to the international students in the Annual General Meeting (AGM). Every transaction shall be approved jointly by the ISA President and the Vice President Finance along with an ongoing regular reporting to the Board.

ISA Financial Management policies are publicly available on our website and attached in the appendix to this proposal.
What does the ISAF provide?

The programs mentioned under each allocation unit shall be subject to change as per the student feedback and engagement. We shall always aim to provide the services and programs that are well received by the international students and positively contribute to their university experience. All excess or unutilized funds in each allocation unit shall be added to the Endowment Fund of the ISA to generate interest and use the fund when international students or the ISA deem necessary.
Awards

ISAF funds the following awards*:

- ISA Salute
- Student Governance Leader of the Year
- Community Welfare Volunteer Award
- International Community Welfare program/service/event of the year

The allocation shall also enable ISA to host an awards night that shall enable us to appreciate the awardees. Awards shall be managed by an independent committee i.e. CoISA, consisting of regional groups leaders and GFC/SC intn'l members.

*Names and award categories may be changed over time as per student feedback or need.
some EXAMPLES
International Students' Benefit Card (I-Card)

ISAF funds the International Students' Benefit Card (ICard) to connect with retail, food, and entertainment partners and offer discounts for international students. This program shall enable students to save money and potentially recover the fee amount itself. We are actively distributing ICards among undergrad international students through Info Link booths.

Current I-Card discounts and deals can be found on our website, isa.ualberta.ca/icard

We aim to keep expanding our I-Card flagship program as it gives direct financial returns to students paying ISAF.

The ISA plans to reach out to international students on all campuses, fund communication tools to strengthen advocacy effort, support information sessions, and/or produce welcome booklets for international students. Would you pay roughly $0.50 per semester to support this plan?

Events & Welcome Program

Events:
This allocation is aimed at providing students with events promoting intercultural friendship and inclusivity to help them make the most of their university student experience. These events aid ISA in regularly engaging and meeting student needs effectively.

This allocation shall help ISA to organize international students' days, winter masquerade ball and many other similar events that interest the students and keep them engaged.

ISA shall provide logistical and administrative support to individual student-initiated events to host cultural events alongside established groups, offering logistical and administrative support.

Check out this year's I-Day at https://isa.ualberta.ca/iday

Welcome Program:
The new student orientation is often the first point of contact for international students with the ISA and gives them a glimpse of the various services and programs offered by the ISA. To further facilitate the connection between ISA and international students, we organizes info sessions about campus services, by collaborating with UAI and sharing essential information with new students along with ice breakers/prizes for students to feel comfortable. Check out this year's welcome program, isa.ualberta.ca/new-students/welcome-program

The ISA plans to create new programs, events, and services for international students. (E.g. discount card for businesses around Edmonton, affordable food stall on north campus, events around the year) Would you pay roughly $1.50 per semester to support this plan?

Community Support Fund

We recognize the value of SU registered regional/cultural student groups at UofA who serve as a common ground for international students to practice and celebrate their culture. ISA also supports the presence of SU registered BIPOC student groups and associations on campus that are working towards providing support and promoting diversity through their events/programs.

To provide financial assistance and support to these student bodies, ISA has formulated a Community Support Fund Program. Under this program, student bodies will be able to apply for funding needed to undertake events and programs that promote diversity, community building, and counter loneliness. Many regional/cultural and BIPOC student groups have expressed the need for such a program to the ISA as it provides financial certainty to these groups.

ISA also provides various perks to regional groups, and this fund shall enable us to provide more support. Check out, isa.ualberta.ca/regional-groups/regional-group-perks

The ISA plans to fund regional and BIPOC student groups, promote diverse and cultural events, student initiated events, and host welcome activities. Would you pay roughly $0.75 per semester to support this plan?

The ISA presented the proposal to its Committee on International Students' Affairs (CoISA) on Aug 12, 2021 to consult and take feedback on all changes made to the proposal after the one-on-one stakeholder meetings. Committee members were requested to take the changes back to their association and provide feedback.

ISA also asked its members to reach out to all the individuals, stakeholders, or associations whom we ever consulted, to inform them about the changes made to the proposal after the meeting, and take final feedback.

ISA shared every update/change to the ISAF proposal with regional groups and SRA's multiple times, to ensure that we are in constant communication with individuals whom we consulted.
Professional Development Programs:

ISA encourages the ambitious zeal in our international student community and recognizes their extraordinary efforts to make a niche for themselves in Canada or elsewhere in the world. ISA aspires to give students the chance to learn from mentors that have been in the same shoes as them and successfully achieved their career objectives. ISA plans to organize Alumni Networking Nights that will allow international students to connect with UofA alumni so that they can get grassroots advice and gain insights regarding how to make the best out of their university experience and achieve all-round development. ISA will organize Road to Success Workshops for the academic and professional advancement of international students. ISA will invite experts who can guide students through the challenges of juggling goals and responsibilities as international students, without compromising their professional and academic performance. ISA also wants to take the initiative of connecting students to professionals in their desired career sectors.

Health Wellness Workshops:

A recent research demonstrated that a staggering “55 percent out of 1,000 international students worldwide were at risk of depression, while 50 percent were at risk of an anxiety disorder amid the COVID-19 pandemic, according to a survey conducted by researchers at Carlton University and published on The Conversation”. International students have always been at risk when the issue of mental health and wellness comes into the equation. We argue that the pandemic only brought it to the limelight.

The purpose of this fund is to allow ISA to organize workshops to support the international students while they are away from their family and home. ISA shall also use the International Students’ Hub to give international students a space on campus during exams to play some games, share wellness with academic tips, etc. International students, in general, are quite hesitant to discuss their mental health and such programs shall support students to open up and take mental health seriously.

Check out a few of our recent workshops that ISA conducted, isa.ualberta.ca/academic-resources/live-workshops.

Your ISA (Operations and Hub)

This allocation shall be used for covering various expenses that come along with running the largest student association on all five campuses. The money shall mostly be used for operational costs and administrative expenses associated with the ISA Office space. As there are 24 governance positions within the ISA Board and Councils, thus this allocation shall also cover the election expenses associated with it. ISA is huge with 130+ directors and coordinators, taking enormous hours of dedicated internal members' time, thus this allocation shall be used for the Volunteer Appreciation Programs, to keep people motivated and dedicated to executing all the tasks that this referendum shall stand for. The fund shall also be used to cover any election expenses, operational costs, provide administration and office support. The ISA shall use this allocation to make an “International Students' Hub” on the campus, where students could come and meet with ISA, learn more about our services and programs, play games and relax on campus. The fund shall also be used for general insurance of the ISA, and it is a requirement of the Dean of Students office. This allocation shall also fund ISA communications tools such as website, newsletter creating tools, and podcast RSS account; and financial software and independent audit costs.

Additionally:
For any allocation unit of the fee that is not accessible to Augustana and Campus Saint-Jean students, the funds collected from these campuses' students shall be redirected to dedicated programming that shall be accessible to these students. ISA's Office of the President portfolio shall have campus rep positions for both campuses, so ISA campus reps could work with their counterparts in ASA and AUFSJ to create dedicated programming that shall support and provide value to international students on those campuses. As we have around 40 intn't students on Campus St-Jean and 169 on Augustana campus, the amount generated would not be very significant (approx $2,000), thus ISA would look into using its sponsorship money where needed to support the dedicated programming.

The ISA plans to cover its operational costs and provide international students with a hub on campus. Would you pay roughly $0.75 per semester to support this plan?

The University of Alberta and the University of Alberta Students’ Union occupy Indigenous land in amiskwacîswâskahikan (Beaver Hills House), on Treaty 6 territory. From time immemorial, the banks along the river valley have been known as the Pehonan, a meeting place for the nêhiyawak (Cree), the Niitsitapi (Blackfoot), Métis, Dënesųłiné (Dene), Ojibway/Saulteaux/Anishinaabe, Haudenosaunee and others. The University, the Students’ Union and much of the city are located on the unlawfully stolen land of the forcibly removed Papaschase Cree.

We acknowledge that sharing this land gives each of us the responsibility to research the historic contexts of Treaty 6, to reflect on our personal relationships to the land, the Nations we’ve named, and to our roles in upholding justice on this territory. Since they began, the Students’ Union and the University have benefited from historic and ongoing dispossession of land and resources from Indigenous Peoples. As a result, it is our responsibility to seek the restitution of this land and its resources. Finally, we seek to do better by working to make our learning, research, and governance align with the histories, languages, teachings, and cultures of First Nations, Métis, and Inuit Peoples in the land presently occupied by the Canadian state.

We encourage critical reflection by asking the following question. In relation to the territory on which you are situated, what role do you play in strengthening the resistance and resurgence of Indigenous students within your communities?

2023-15/6 **OPEN FORUM**  
MARIJA (Question): Received an email from VP Student Life, Michael Griffiths, in regards to their calls to the front office of the University of Alberta Students’ Union. Reads out a correspondence between themselves and Griffiths. Reads out an email correspondence between themselves and President Christian Fotang. Raises concern that student supports for Palestinian students are not as robust as previous supports for Ukrainian students. Further raises concern that President Fotang is not answering their emails and that Students’ Union phone lines are not accessible and that phone calls are not relayed to UASU Executives but, rather, that UASU Executives email them back in lieu of answering phone calls.

**GRIFFITHS:** States that the intention behind their email was not to discourage them from phoning the UASU Front Office; States that the front office cannot answer questions about the Israel/Palestine geopolitical conflict as fulsomely as the UASU Executives and that the executives are the best source to go to in regards to these questions and concerns. Concerns are passed on from the front desk to UASU Executives, which is why Griffiths reached out to Marija. The violence that is going on has affected UASU staff and it has been difficult for staff members, which is why they offered themselves as an outlet for student concerns.
FOTANG: Notes that they have replied to all email correspondence sent by Marija, answering in a matter of hours. Is happy to further discuss any concerns with Marija outside of this meeting and continue corresponding through email.

FARAH (Question): Last Friday, there were protests on campus. A petition was started this weekend, which calls for the Students’ Union to publish a statement calling for a ceasefire. This petition has already been signed by over a thousand students. Wonders what the UASU and the University’s plan to address these concerns are, with respect to the protests and the petition.

FOTANG: Expresses gratitude for the student engagement and activism that has been done on campus. In regards to the petition, the UASU is committed to ensuring that students feel safe and heard. Once a petition is received, it will come to Council for review. Council would hear directly about and discuss the concerns brought forward by students. From there, Council would ensure that the petition engages due process with the bylaws, political structures, Council, and committees of the UASU to ensure that proper deliberation and consultation is engaged with. Students have reached out about equity in regards to waiving of tuition for refugee students, which is an issue that has been raised by the UASU to the Registrar’s Office. Would also be happy to provide contact information for students wishing to reach out directly to the Registrar’s Office.

MARIJA (Question): Questions if Students’ Council supports the decision to fire the Director of the Sexual Assault Centre at the U of A.

FOTANG: Students’ Council or the Students’ Union has not made any comments regarding this.

MARIJA (Question): Questions if it is possible for them to share resources with Students’ Council.

ZUKOWSKI: Suggests emailing/sending these resources to themselves; they will then share these resources with members of Council.

QUESTION PERIOD

WATTAMANIUK (Question): Saw in the presentation that Melissa Padfield gave last week that there’s a discussion about Cohort 99, which is a group of international students paying course-based tuition. Wonders what the SU is doing to advocate for these students and ensure that they continue paying course based tuition rather than program based tuition.

ALMEIDA: The concerns around Cohort 99 have been brought up with the UASU Executives, previously. Melissa outlined different approaches for the students and their situations. There have been extensions provided for students whose degrees extend beyond the regular 4 years and they will maintain their current payment.
model. Some students are graduating and will not be experiencing these concerns. If there are any student concerns, the UASU will bring the concerns to the Office of the Provost and Vice Provost Academic of the University as well as the Registrar’s Office.

FOTANG: Cohort 99, because the majority of those students are well underway and will graduate by the timeline, do not need to worry about their payment plan changing. If students are experiencing a delayed graduation, there is an open line of discussion for supports.

GRIFFITHS (Statement): Expresses gratitude to the UASU Event Team and volunteers for their success with CAMPUS CUP and thanks them for all of their hard work.

FLAMAN: Thanks ESS for the extensive and detailed document package that followed the Bylaw requirements rigorously. Appreciates that the FAMF amount currently makes up only one-fifth of ESS revenue; believes that a FAMF should supplement existing revenue and get FAs across the finish line. States that the UASU often criticizes the University for not exploring non-student revenue sources. The last ESS plebiscite vote was 44% in favor and 48% against; asks what the ESS has learned since then.

BROOKS: States that the ESS prides itself on keeping good connections with its previous Executive teams to learn from what they did. The ESS has learned to more effectively and consistently highlight how past ESS funding has enabled student groups' specific achievements. The ESS has a confident communications team.

SPEAKER: Reminds Council about their fiduciary duty and scope of action in relation to these proposals.

AISENSTAT: Has seen the positive effects of ESS in personal life. Asks for more information about the refund mechanism for students who opt out, and whether those students would be revoked services or be able to run in elections.

BROOKS: States that the ESS does not intend to revoke services to individuals in
connection with the refund mechanism. This is for practicality reasons and has been the case for the last twenty years. The reason they said they 'may' is that future ESS leadership teams may make a different decision in regards to the ESS's service availability for students who do not pay the ESS fee.

SPEAKER: Reminds Council that a motion will come back to approve the plebiscite question. Thanks the ESS team for their detailed presentation.

CARRIED 18/00/00

BEASLEY: FAMF proposals usually provide last year’s budget and next year’s proposed budget. Asks HCA to provide it.

KELVIN AU (VP Finance, HUB Community Association): Confirms he will send it to Council via the Speaker.

ATWOOD: Asks how many residents are in HUB.

AU (HCA): Around 700 spaces, but HCA is not given the current number of residents by Residence Services due to confidentiality.

SAIF: Asked if HCA has an action plan for how fees will be handled in the context of executive turnover and election vacancies.

AU (HCA): The fee is deposited into HCA's bank account, so even if some executive positions are not filled, HCA will have at least two executives to sign off on using the funds.

GRIFFITHS: Since HCA’s referendum did not pass last year, what lessons has HCA learned? States that it is hard for residents to get behind a fee that pays an executive honorarium when they have not seen executives’ work in past years.

AU (HCA): There was miscommunication and misguidance last year as to what HCA
executives could do. This year’s transition and by-elections were stronger, allowing HCA to get its name out earlier than last year. The referendum failed because turnout was low, not because students voted against it.

FLAMAN: Apart from bottle drives, have there been other revenue sources explored? In the ESS proposal, the fee made up less than 20% of their revenue, but the fee makes up the entirety of revenue in the HCA proposal. The honorarium makes up 49% of expenses, and there is 18% allocated for administrative expenses. Asks whether that is a hidden honorarium, creative accounting to make it look like a more appealing proposal than last year.

AU (HCA): Does not appreciate the term 'creative accounting.' States that it would be more accurate to compare HCA to another Residence Association rather than a Faculty Association. HCA has explored revenue streams, but RAs struggle to get things that FAs can get, such as sponsorships. The high admin cost is because of office equipment replacements.

ATWOOD: States that the HCA exists to sponsor events and so forth, but some of the plans (e.g. moving mailboxes) are maintenance issues that should be the University’s responsibility.

AU (HCA): The University takes care of the building, and HCA takes care of buying and maintaining gym equipment, furniture, etc. within specific spaces. Not many RAs do that.

THIESSEN: Raises the low turnout last year. Asks how HCA has improved outreach.

AU (HCA): States that HCA has created more events and hired a full executive team focusing on student engagement. Many HUB students are international, and four out of five HCA executives are international students.

AISENSTAT: States that many students may object to 49% of the fee going to executive honoraria, and asks how HCA would justify this.

AU (HCA): States that HCA is responsible for many things in the vaults, e.g. equipment, and spends a great deal of time meeting with residence staff. HCA desperately needs executives. International students are under financial pressure and the honorarium is an incentive. States that HUB Mall residents care about whether they are compensated for their time.

**BEASLEY/GRIFFITHS MOVE TO** extend the presentation by 10 minutes.
**CARRIED 11/04/03**

BEASLEY: Last year, 89% of the proposal was set to go to honorarium; in this year’s proposal, the amount has fallen to 49%. Why has this decreased, and why is 18% (~$4,000) going to admin costs under the new proposal?
AU (HCA): The HCA is not paying the honoraria right now because it does not have the fee this term. Affirms that the admin costs are for equipment, including replacing the office computer.

AAMIR MOHAMED: Extends his speaking turn to MIKAEL SCHMIDKE, an Engineering student and former HUB resident in the summer.

SCHMIDKE: Asks whether the HCA plans to provide events in the summer, as the ambience there is draining.

AU (HCA): That probably depends on the capacity of the next executive teams. Many executives and other students are away in the summer. The feedback will be brought to the executive team.

GRIFFITHS: Asked Au to confirm that, going forward, the proposal would pay executives honoraria next year and not pay this year's executives. Students will be more comfortable paying the fee based on their assessment of the work and advocacy done this year.

AU (HCA): It would not be possible to pay out the honorarium to the current executive team. Constitutional changes may be required.

2023-16/3c  GRIFFITHS/FOTANG MOVE TO allow the ISU to present on their 2023/24 DFU renewal.

See SC-2023.16.04

CARRIED 16/00/00

LAM: Asks whether the fee would be assessed to CSJ and Augustana students.

MALIJHA MOYAN (ISU President): Confirms Augustana students will pay the fee.

VICTOR OLSEN (ISU VP Consultation and Engagement): Confirms CSJ students will pay the fee.

GARBUTT: Asks for more information about planned renovations to ISU office.

OLSEN (ISU): Last year was a floor issue; this year there is a roof issue. In the long term, the ISU is exploring more artwork and a floor in the four colours of the medicine wheel, to make it a more specifically Indigenous space. The ISU is also looking at replacing their large banner that uses their old name.

BEASLEY: Because the ISU has had challenges with executive turnover, there have been challenges with spending the full amount of the fee revenue (around $91,000/year) in the past few years. Asks how much of the $91,000 has been spent.
OLSEN (ISU): Last year around $60,000 was spent due to repeated turnover in the VP Finance role. The ISU has taken steps (to make it a dual role and to create an honorarium) to ensure more continuity and stability.

MOYAN (ISU): Another way the ISU is spending this money is by increasing engagement, which suffered in past years due to COVID. For example, the ISU has been seeing more applications for its child care subsidy. Lounge renovations and increased grant applications are also expenses.

OLSEN (ISU): Explains that the child care subsidy has struggled to get off the ground, but has opened for applications as of last year. Explains how serious the escalating cost of child care is for Indigenous students, who are more likely to be older and to be parents. Hopes for UASU support in making the subsidy more available.

SAIF: Point of clarification regarding what off-campus students are in this context.

GRIFFITHS: Clarifies what off-campus students are; this is a category commonly used in relation to Mandatory Non-Instructional Fees (MNIFs) and other student fees. These students are mostly taking classes online and would not be coming to campus often, if ever.

FLAMAN: Asks for more information about internal oversight processes. DFUs submit information to Finance Committee, which has sometimes been neglectful in its duties over the past few years. A DFU is supposed to register as a society in Alberta and submit audited financial statements, and Flaman can find no indication that this was done. Asks what ISU does internally before sending this information to Finance Committee.

OLSEN (ISU): Will not engage in finger-pointing at previous Finance Committees. The Alberta Societies Act does not allow the words Indigenous or Union, and has other constraints on naming, but the ISU has recently concluded governance processes that should allow it to register as a society in the near future. ISU financial information is available on request to anyone who asked. The ISU has two VPs Finances, and every cheque must be signed by both a VP Finance and the President. The ISU executive team has been doing in-depth transition documents.

FLAMAN: Asks for more information about external auditing.

OLSEN (ISU): The new VP Finance is working on this currently.

SAIF: Asks for more information about awards and scholarships. Asks whether there is a fixed percentage of the fee that will go to awards and scholarships, or a maximum value for individual awards.

OLSEN (ISU): Awards and scholarships are roughly one fifth of the expenses, but the ISU is reluctant to put hard limits or a fixed percentage on this because a lot can change in students' financial circumstances over the coming years.
GRIFFITHS: Has had the pleasure of working with the ISU on events and visiting the ISU lounge, which is used by many people. Affirms how impactful the ISU's efforts are and asks for more information about the connection between the fee and these efforts; what would be possible without the fee?

MOYAN (ISU): Gives examples, e.g. the ISU started a drop-in art event to provide access to costly supplies like beads and hide, and to share Indigenous art-related and cultural teachings with Indigenous and often non-Indigenous students.

OLSEN (ISU): The fee also makes programs possible through honoraria for those who share teachings.

MOYAN (ISU): We select directors who significantly increase our capacity to hold events like this, and director-led events are more expensive.

MOHAMED/THIENSEN MOVE TO extend the presentation by 10 minutes. CARRIED 15/01/00

FLAMAN: Asks for clarity around email exchanges on terminology regarding use of funds in connection with University facilities, as the ISU North Power Plant lounge is a University facility.

MOYAN (ISU): Misunderstood the email question and believed it was referring to rent; clarifies that a portion of this fee will be used for lounge renovations.

OLSEN (ISU): The ISU has been fortunate to work closely with the University to reduce the cost of renovations and secure free furniture.

AISENSTAT: Congratulates the ISU on its major developments and accomplishments. Asks for more clarity around the ISU's governance structure, specifically its directors.

MOYAN (ISU): The ISU has a committee of 5-10 directors who meet bi-weekly and engage with specific ISU Executives. Directors have portfolios like cultural events and social media. These are low-commitment positions for students who want to get involved.

OLSEN (ISU): Manpower is a major reason the DFU funds have not been fully spent, and the director model is a way of addressing that problem.

GRIFFITHS: Clarifies that these are not directors in the sense of a board of directors; notes that the ISU Executive team is closer to that role.

AISENSTAT: Asks for confirmation that the ISU Executives, not directors, oversee the DFU.

OLSEN (ISU): Confirms that the directors are essentially extended volunteers and do
not have voting power.

GRIFFITHS: Asks the ISU to explain its executive team in more detail for Council.

MOYAN (ISU): The ISU has eight executive seats, of which seven are currently filled. The roles are President, VP Consultation and Engagement, two VPs Finance, a VP Internal, a VP External, a VP Admin, and a VP Operations.

OLSEN (ISU): The ISU Executives oversee the DFU and do all voting on DFU-related matters.

GRIFFITHS: As a point of information, the UASU representative and the First Peoples' House representative also have seats.

FLAMAN: How much DFU funding in recent years has not been spent, i.e. how much funding is liquid right now?

OLSEN (ISU): States that the answer is complicated because the ISU is waiting on major invoices for renovations, the Residential School Memorial, and other matters. The current cash reserve is about $80,000, much of which is because of challenges having people in the VP Finance role to sign necessary cheques. Around 30% over the last four years has gone un-spent.

OPEN FORUM

APARAJITA RAHMAN (The Gateway): Asks BEASLEY to elaborate about lobbying he did about international students and the work limit.

BEASLEY: CASA had 80 meetings over the course of its Advocacy Week in Ottawa. The upcoming return of the 20-hour-per-week limit on work for international students was one of the advocacy issues discussed. Was able to personally raise
concerns with several MPs and the Minister of Employment, Workforce Development and Official Languages. The CASA ED and student representatives were also able to bring the issue directly to the Minister of Immigration, Refugees, and Citizenship, as this falls under IRCC’s file. It worries all of us that the federal government has not released what will happen after the 20-hour limit comes back into force after December 31st, especially for international students that are currently working more than 20 hours a week and want to continue doing so. Beasley is getting together with provincial counterparts and working with the ISA to see what else can be done. 70% of the students who come to the Campus Food Bank are international.

PROMETHEUS (Statement): Strongly believes that the UASU should get involved in international conflicts. States that the UASU stood in support of Ukrainian students, took stances on issues in Iran, and has made advocacy policies about the needs of Indigenous and Black students. States that students want equality, fairness, and justice. States that the UASU failing to take a position in support of Palestine enhances racism and conflict on campus. States that there are only two reasons the UASU would back out of an international conflict: racism and fear. States that the UASU represents all undergraduate students regardless of their nationality. Does not believe any students are asking the UASU to be silent on international conflicts. States that the only basis for not taking a site in this situation is cowardice and laziness.

MAKSEN (Statement): Echoes Prometheus’ statement. On this issue, the University has let students down. When the University lets students down, the UASU should have students’ backs. States that he has a limited individual voice, and that the UASU should make students’ voices and calls to action heard. The UASU can still put out a more committing statement on Palestine and the ongoing genocide.

MATIN KOOHKAN (Statement): States that, as addressed in the last meeting, the UASU took the right approach by ensuring support for both Palestinian and Israeli students. States that many requests that are being made are ignoring the needs of Jewish students. The UASU should not abandon Israeli and Jewish students due to intimidation tactics.

LUIS (Statement): Attended the presentation on the tuition hike for international students. Was disappointed and felt that the presentation did not sufficiently engage with what the tuition hike meant for students. Wished the presentation could have been as thorough as the ISA presentation in this meeting. Referring to the previous statement, affirms that denouncing genocide does not leave Jewish voices out, as Jewish people have led protests against genocide and ethnic cleansing in Palestine, a situation that Canada is contributing to.

NISRIN: Asks if there are any planned actions in response to the statements made by students at Students’ Council in regards to the worsening situation in Palestine. Affirms that nothing has happened.

FOTANG: Council will be holding a closed session tonight to discuss student petitions, emails, and statements regarding student impacts.
GRIFFITHS: States that work is still taking place in between Council meetings. As mentioned in his report, has been meeting with the Office of the Dean of Students to urge them to expand student supports.

ALMEIDA: Discussions with DoS have included expanded academic flexibility for impacted students, as well as supports and communications that have been made available, highlighting the differences in the University's responses to geopolitical crises. Has been working to ensure the University prioritizes consistency in communication and access in ways that may not have been done to this point. Has been working with the ISA and other student groups to push for the supports that impacted students currently need.

ALI ANSARI (Statement): States that the UASU's response to Palestine is insufficient. Hundreds of students do not feel safe because of the alienating treatment that the University is giving the Palestinian community. States that if the UASU wants to make the student body feel a bit more comfortable and safe, it needs to publicly express support for them. Without public support, it does not matter what is being done behind closed doors. There was recently a letter to the UAlberta President's office signed by 15 political science professors about the University's lacklustre response to the Palestinian genocide. Asks why the UASU keeps choosing neutrality.

COUNCIL requests a 15 minute extension of Open Forum. CARRIED UNANIMOUSLY.

KATIA NASRI: Echoes Ali's statement. The fact that no public statement has been made is hurting students. A week after the war in Ukraine started, the University sent out an email condemning Russia's actions. Almost two months into this genocide, Palestinian students have lost family members and homes. Arab students, Muslim students, and many students who are supporting Palestine are getting doxed and harassed online. Wonders why it is taking this long when usually the UASU's actions seem to be so swift.

FOTANG: Can't speak on behalf of the University or the rationale for why they have not put out a statement. The UASU's focus has been on supporting impacted students, responding to student concerns, and urging the University to provide increased supports to students, echoing calls that the UASU has heard for the University to provide these supports more equitably.

APARAJITA: Asks whether there is an amount proposed for Augustana and CSJ for the ISA FAMF.

SAIF: The fees for Augustana and CSJ would be the same as for all international students. Questions can be directed to UAI.

NISRIN (Statement): Objects to the UASU working with the University behind closed doors rather than making a public statement. In regards to advocacy on academic
accommodations, hundreds of students are struggling because it is hard to balance life and school while traumatic things are happening to families, friends, and friends' families. Students are not seeing what these accommodations are, so the UASU needs to be more clear and show people that there are supports in place. The UASU's statement was not helpful.

LUIS CIFUENTES: Asked if he were to email Council on a sensitive subject, and the email was leaked to an external party who posted it on Twitter with his name and email address, would that constitute doxxing and, if so, what steps could he take to denounce this?

SPEAKER: Affirms that is a fair concern and appreciates it being brought forward. Is not an expert on what exactly constitute doxxing, but regardless of terminology, the unauthorized sharing of contact information and public identifiers is something that we take seriously. We are aware of an instance of this and have taken steps to clarify expectations around the sharing of personal information. In terms of steps taken, the situation has been communicated with the Executives, and we are taking steps to ensure this kind of thing does not included. As a general rule, we do not investigate students who hold positions within the Students' Union; broader student conduct concerns are the University's issue, but is not an expert on their conduct resources.

PROMETHEUS (Statement): Points out that Council has the option of a motion to censure. Suggests this would be an appropriate response to a doxxing. Is in contact with the University, who is indicating that the doxxing situation may be more within the UASU's jurisdiction, so will put more pressure on the UASU.

SPEAKER: Explains the motion to censure, as found in Standing Orders, to all present.

APARAJITA: Asks for more information about discussions ongoing at BFPC or TBAC about tuition hikes.

FOTANG: The University's proposal is a 2% increase for domestic tuition in 2024 as mandated by the provincial government. There is a proposed 5% increase for international students who start in Fall 2025, 6.5% for Science, which is concerning. We welcome that there is a set-aside increase of 7.55% to 8.55%, generating an additional $1.6 million for international student support. International tuition has skyrocketed in recent years and should not increase at all. The UASU expects more detailed budgets from the University regarding how this money is spent. A series of town halls will begin on December 8th.

MAKSEN (Statement): Would like the UASU to make a more forceful statement on Palestine. Students are often told they are the leaders of tomorrow. Students' Council has a responsibility to stand up for students. There is fear to speak on this issue, including fear for careers and life after university. Urges Council to consider how they will answer if asked in the future what they did in this situation.
QUESTION PERIOD

GARBU TT: Regarding advocacy on ONEcard access, will there be access to ECHA/KATZ/Medical Sciences pedway?

ALMEIDA: The University's web page on building hours, under 'Facilities + Building Hours,' has a subtitle labeled 'Notices' that will lead to more information about this update, including a map. The information is in a post labeled "Ensuring access to study spaces and access between buildings after hours." ECHA will have access; the pedway is not currently being explored, partially due to security concerns around lab work.

GRIFFITHS: This is going to be an ongoing project throughout next semester and hopefully in future years. While we have made significant gains to ONEcard access, there will be more work and more opportunities for students to engage.
