We would like to respectfully acknowledge that our University and our Students’ Union are located on Treaty 6 Territory. We are grateful to be on Cree, Dene, Saulteaux, Métis, Blackfoot, and Nakota Sioux territory; specifically the ancestral space of the Papaschase Cree. These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students’ Union we honour the nation-to-nation treaty relationship. We aspire for our learning, research, teaching, and governance to acknowledge and work towards the decolonization of Indigenous knowledges and traditions.

Dear Council,

I hope you have all had a great week! The last two weeks have been very busy, but mostly with transition and DFU matters - this will probably not be a very exciting report.

**Capital Projects**

**Horowitz Theatre Renewal**

As you will see at this Council meeting, General Manager Dumouchel has been working with the Finance Committee to bring forward a financing strategy for the Myer Horowitz Theatre renewal project. As stated when the project was approved by Council, the loan for the project has yet to be acquired. This financing strategy outlines how we will go about securing a loan, and what the parameters on that are.

On a lighter note, we were also busy testing out several theatre seats that could fill the renewed Theatre. Achieving the right balance between arm comfort and leg comfort has proven more challenging than you might think.

**The Budget**

At this Council meeting, you will be able to enjoy a presentation on the SU’s 2021-22 Operating & Capital Budget. Council will hopefully be pleased to hear that we managed to be in the black for next year! (Black = net profit; red = net loss). Stay tuned at Council for more information. We will be voting on this at our special meeting on April 13th. Please see Students’ Council Standing Orders s.13 for the budget process.

As always, if you have any questions about the contents of this report, or just want to talk, feel free to reach out! Stay safe and healthy.

All the best,

Alana Krahn

Re: BoG Rep 2020/2021 Report 19 - Meetings and a Congress, Which is Also a Meeting

Dear Council,

Meetings
1. **Board of Governors (BoG), General Faculties Council (GFC) and Senate Joint Summit:** great opportunity to interface with administration and other university leaders! We listened to a presentation on UAlberta for Tomorrow and then went into breakout rooms where we discussed goals for UAlberta in 2030 and how to get there.

2. **Joint Meeting of the Board Governance Committee (BGC) and GFC Executive Committee:** I was glad to see this introduction to better communication between the Board and GFC. We discussed how the committee will function and issues that led to the need for the committee. More to come!

3. **International Students’ Association (ISA) Checkin:** first meeting with Lucas and Gurbani, VP Externals, was so good! We discussed communication overlap between ISA and equity-seeking student groups in my role and what they thought students would like to see from my Instagram account!

Alberta Student Congress
1. This 6 hour event was long but full, and I enjoyed meeting student leaders across Alberta. Besides some great breakout room discussions, the congress decided to meet semi-annually going forward which is exciting! We also voted to call on GoA to make funding to PSEs predictable, transparent and equitable and to mandate remote learning standards for post-secondary institutions.

Turnover Presentations
1. **ISA:** an enjoyable opportunity to present on my role and projects I’m working on to their newly elected Council. Additional conversation included the recent racism against Asian people and tuition rates.

Thanks for reading!

These individuals were selected by the hiring committee earlier in the year. Due to human error, their ratification did not make it onto the agenda for council.

On behalf of the hiring committee I am submitting their names now for ratification.

Horowitz Theatre Renovation and Expansion

Financing Strategy

Project cost

The overall budget of the project (see Appendix A) is estimated at $17,864,746.

The project will be financed through a combination of financing, retained reserve funds, and fundraising.

Financing

Financing will consist of either one or two financing arrangements.

Primary financing

Primary financing for the project will be provided by the University of Alberta, which in turn will source financing from the provincial government.

According to the rules governing financing provided to the University from the government, such financing for a project of this nature cannot account for more than 85% of the total project cost. For Students’ Union purposes, we will be seeking $15,165,000 from this source, or 84.9% of the cost.

We will be seeking this financing over a 25-year term at an interest rate of 3.5% or less. We do expect the rate to come in slightly lower than that, but will not know the exact rate until the loan issue date. The latest available information indicates a 25-year rate of 2.5%, so we have built in considerable flexibility on this point. The 25-year rate topped 3.5% (3.509%) only once in the past 6 years, and that was in November 2018. Rates have risen approximately 0.45% from their low point in March, 2020.
Financing scenarios and worksheets are attached as Appendix B.

**Secondary financing**

If required, secondary financing will be provided from the Student Involvement Endowment Fund (SIEF), based on a 25-year loan at 4%. The term may be adjusted downward, as feasible. This secondary financing will only be activated to fill any shortfall in fundraising and would not, under any circumstances, exceed $1.5 million.

SIEF’s mandate is to support awards programs and programs that enhance the student experience. SIEF is operated as a separate charitable organization, governed by the Executive of the Students’ Union.

Current returns from SIEF are in the 2-3% range, which is too low to support the endowed activities of the fund over the long term without degradation of core principal. SIEF is typically invested in low-risk investments, which are at historically low rates of returns. Borrowing from SIEF would actually increase the long-term viability of SIEF.

**Retained reserve funds**

Because financing is not yet in place, the Sustainability and Capital Fund has not been charged any loan repayment costs for the 2020-21 year, even though this was provided for in Fund planning. An amount slightly higher than the equivalent loan repayment requirements - $1.2 million - is being allocated to the Theatre project as part of the ‘own source’ financing of the project. The slightly higher amount is possible due to the reduction in expected SCF activity in 2020-21 due to the pandemic and the fact that repayment will not begin until 6 months after financing is completed.

**Fundraising**

The Students’ Union is looking to fundraise $1.5M for this project.

We have already received a federal accessibility grant of $100,000, and are actively pursuing additional grant programs. If successful, this alone could potentially meet the fundraising objectives for the project.

We are also developing fundraising programs targeted at the following groups:

- Former executive, council, and staff alumni
- Corporate partners
- The general public

These fundraising campaigns may or may not be directed specifically at the Theatre. Given the timing of the campaigns vs. construction, and the appeal of other elements of our SUB renewal plans, these campaigns may target the overall strategy for SUB renewal. Donors will be able to ‘reserve’ their contribution to specific programs.
Having said that, ‘general purpose’ or ‘theatre-specific’ contributions will be allocated first toward meeting the $1.5M fundraising goal of this project, less any grants received.

Should fundraising efforts fail to meet plans, the resulting ‘funding gap’ will be filled by the internal, secondary financing mentioned above.

**Recommended Motion**

- Moves to recommend that Students’ Council approve the financing strategy for the Horowitz Renovation and Expansion project and to authorize the Executive Committee to enter into such agreements as are required to execute such financing, subject to the following terms:

1. Primary financing from the University of $15.165M over a term of 25 years at a rate not to exceed 4%;
2. Use of SCF retained reserves in an amount of $1.2M;
3. Fundraising and grants will be pursued, with a goal amount of $1.5M or such amount as is required to complete the project;
4. Where fundraising and grants amount to less than $1.5M or are insufficient to complete the project, borrowing the remaining funds from the Student Involvement and Endowment Fund in an amount not to exceed $1.5M and at a term not to exceed 25 years and an interest rate not to exceed 4%;
5. All financing obligations to be funded from revenues from the Sustainability and Capital Fund levy; and,
6. Any deviations from these terms must be approved by Students’ Council by no less than a 75% majority vote.

**Impact of Approving the Motion**

This motion is a key element in assuring the Board of Governors and the government that the financing for the project is secure and that the Executive Committee is empowered to make agreements in that regard.

This motion does not preclude future reductions of the SCF levy, although it will require that the levy or a similarly-secure funding source be in place until financing obligations are met. Financing will cost a declining portion of the existing levy over time, from between 51-56% in 2021-22 to 39-43% in ten years and 31-34% at end of the financing term, given 1.5% inflation and the university’s expected enrolment increases. This provides ample room to reduce the levy in the future while still maintaining the Fund’s ability to meet financing obligations.

There are many academic support services available to students across campus.

Some assessment types are disproportionately difficult for select demographics on campus.

Many students work on the weekends in order to pay for education, mandatory in person weekend assessments often force students to miss time at their jobs.

Synchronous remote assessments disadvantage international students who may be taking the course from a different time zone.

Re: UAlberta Government Relations (GR) Plan Discussion

Context

UAlberta’s VP External Relations is looking to create a GR plan and I am on a sub-committee of the Board Reputation and Public Affairs committee (BRPAC) that is going to meet on April 9th to draft recommendations to bring to the subsequent April 30th BRPAC meeting for broader discussion. I would like to hear from you and your communities about what should be included in this plan.

What’s a GR Plan?

1. A thought out approach to relationships with all three levels of government: municipal, federal and provincial. Goals are to advocate for proactive policy and reactive policy where necessary and further strengthen a working relationship for times of crisis or quick action. The plan’s structure will probably include 5-6 priorities and the VP External Relations portfolio will track their success.

2. **Policy**: principled writing put forward by a political/business body that recommends actions or states perspectives (e.g. SU policy for the organization or elements of the upcoming AB2030 McKinsey Report).

3. **Legislation**: writing put forward by an political/business body that mandates actions, with consequences for not following the mandate (e.g. SU bylaw and the DIE Board or the Post-Secondary Learning Act).

Questions for You

1. What do you and your communities want to see UAlberta put in a GR plan? Think short term (1-3 years), medium term (5-10 years) and long term (10+ years).
   a. What do you want to avoid?
   b. What pre-existing initiatives should be stopped?
   c. How can pre-existing initiatives be improved?

2. Narrow down your list of ideas: what are your top 3 priorities?
Example Content

1. **Budget deconsolidation**: the Government of Alberta (GoA) has asked UAlberta to expand its internal revenue sources and this is largely achieved by way of them allowing the university to deconsolidate its budget from theirs, so that our income and expenditures aren’t tracked on their books, allowing us to generate internal revenue or debt finance projects which makes us less reliant on student fees.

2. **AB2030 Recommendations**: topics UAlberta wants to see addressed in the recommendations coming out this summer.
   a. **Work-integrated learning structure**: one part of this priority could be developing accountability structures for student safety to work against sexual harassment and other issues.
   b. **Microcredentials**: as GoA is concerned about job-ready graduates and better university-industry partnership, they can help us further develop those industry connections and credentialing programs in line with their standard.
   c. **Grant/Loan allocations**: GoA needs to improve their need based, non-repayable student financial aid to match the Canadian average.
   d. **Having a seat at the table(s)**: we have some say in government decision making but it can be better.
   e. **Relationships with officials**: positive relationships generally means higher productivity.

3. **Municipal innovation**: we have to make sure that Edmonton knows we want to partner with local companies like Innovate Edmonton, a startup incubator, or Edmonton Global, a regional economic development business, so that we can commercialize our research and support student ventures.

4. **Climate Change (CC) collaboration**: can any of the three governments benefit from a research-based partnership in developing technologies, policies or social engagement solutions that respond to CC in short, medium or long terms? Can UAlberta be a model institution for governing bodies by leading initiatives?

5. **Indigenous Reconciliation and Decolonization**: like CC, this is a broad issue and has many solutions. What kind of pressure or ideas should UAlberta introduce or maintain?

First Principles

1. There exists a general lack of clarity around the powers and privileges of Student Representative Association Status
2. Substantive changes are required in order to create a stronger SRA system
   a. Time for this term is quite limited to make these substantive changes; however there are important and time sensitive changes that must be made.
3. Greater clarity on oversight is required
4. Greater clarity on the advocacy of SRAs to organizations outside of the University of Alberta is required
5. Clarity in terms of authority on overlapping constituencies is required
6. Additional oversight mechanisms must be present to ensure good governance
7. The inability of the UASU to delegate authority to individuals outside of the undergraduate student body at the university of alberta must be explicit.

Re: Budget Actions Debrief

The Story, In Brief

We lost at the March 12th Board Meeting at which UAlberta’s annual budget was approved. The Board did not show any willingness to compromise on any rate increases and the Students’ Union’s (SU) President’s recommendation to allocate 20% of excess tuition revenues to student financial aid was not seriously engaged with by anyone. This said, in our conversations with Board members leading up to the budget vote, they shared several good ideas for longer term advocacy.

My aim with this document is to give you the full picture of what your student advocates did, how the Board responded, and ask for your feedback regarding what should happen at next year’s budget vote.

Questions for You

1. What did we as advocates do well?
2. What did we do poorly?
3. How do I improve for next year’s budget advocacy season (months leading up to March 2022)?
4. What long term ideas do you have for advocacy/demonstrations?

Approved Motions from the Board Meeting

Bad

1. 7% increase to domestic undergraduate tuition.
2. 4% increase to international undergraduate tuition prior to Fall 2020 (before cohort based funding model which dictates that students must given the same rate for their entire 4 year degree).
3. 5% increase to rates charged for UAlberta residences (final year of increase higher than CPI).
4. A 3 year Capital Plan that will be submitted to provincial and federal governments in applications for funding the included projects. It did not include Maskwa House of Learning.
5. Motions approved in a subsequent Board Finance and Property Committee meeting:
   a. 1.6% increase in mandatory non-instructional fees and the addition of a $1.50 per Fall and Winter terms to pay for the Sexual Violence Prevention Coordinator.
   b. 2% increase to all meal plan rates

Good (ish)

1. 15% of the 7% undergraduate domestic tuition will be used as needs-based financial aid.
2. 7.55% of all undergraduate international tuition (legacy and cohort models) will be used for approximately 30% needs based and 70% merit based financial aid for undergraduate international students. (This 30/70 split cannot be easily changed because the merit based aid is mostly committed to multiyear scholarships and incoming students.)
3. Motion approved in a subsequent Board Finance and Property Committee meeting: $300 flex plans removed from Lister and Peter Lougheed Hall meal plans.

Student Advocacy Regarding the Budget

Leading Up to the Board Meeting

Students on the Board include the Graduate Students’ Association President, the SU President and myself (referred to as the student caucus going forward).

1. SU put forward:
   a. Social media marketing raising the issue of rate increases and inviting students to the Board meeting.
   b. Perks surveys collecting student stories on how they’ll be impacted by rate increases and how likely they are to stay at UAlberta. (Statistics cited and student stories were shared in a document with Board members before the vote.)

2. SU Councillors, Executives and I made snow penguins with signs at the Legislature building as a demonstration against budget cuts to UAlberta (forcing tuition up).
3. Student caucus met with Board members to hear their positions on tuition and potential solutions they have.
4. I sent a Google Form to consult SU Councillors and Executives, Faculty Association Presidents, Aboriginal Students’ Council, and the International Students’ Association’s President to get detailed concerns and recommendations from student leaders.
In-Meeting Contributions

The student caucus voted against all increases and I voted against the Capital Plan because it did not include Maskwa House. Below are points we spoke to.

1. Rate increases impact student lives, especially in this pandemic year.
   a. Campus Food Bank use is at a record high and graduate students disproportionately rely on it. In some cases this includes students’ children.
   b. The financial burden on students is already heavy and intersects with the mental health crisis.
   c. Students are taking multiple jobs.
   d. Students are transferring to cheaper institutions.
   e. Current student aid allocation is not enough (see approved aid above).
   f. International students have compounding struggles with the combination of poor exchange rates and a 4% increase.

2. Education quality
   a. Being the second largest funder to the UAlberta budget, students should get high quality education.
   b. With high rates, our university should rank better globally.

3. Students are not having a high quality experience in residences which is marketed to them and is the justification for high rates.

4. Maskwa House needs to be in the Capital Plan.
   a. Answer: VP Facilities and Operations said he would look at putting it back on the Capital Plan.

5. Suggested solutions
   a. 20% of excess tuition revenues be allocated to student financial aid.
   b. Maskwa House: Board members with government relations need to make this project a priority with the government on the grounds of reconciliation with Indigenous students.
   c. Market residences to people other than students to enable external revenue and reduce student burden.
      i. Answer: already doing this; in summers (notwithstanding COVID) sports teams and other groups rent space. Admin has a revenue generation strategy. They see potential in their wraparound service.
   d. More transparency around where our tuition goes.
   e. Make sure Registrar’s Office always aims for 0% unmet need for international students when financially planning.

Long Term Advocacy

1. Telling the student story in Board meetings and through protests to the government that we do not willingly take increases and that they impact our communities negatively.
2. Telling the Board and SU executives to advocate to GoA for stronger non-repayable student financial aid, to get closer to the Canadian average.

3. Advocating to Board/GoA for budget deconsolidation from GoA financial books to allow UAlberta to debt finance their own initiatives and generate internal revenue to alleviate tuition pressure.

4. Continued research into peer institution funding models and how they offset tuition increases.

5. Advocate that UAlberta prioritize investing in students through work-integrated learning opportunities, who may attract scholarship/research donors through their achievements.
2020-21 - Council Submissions

UASU Students' Council Agenda Submission

This form is intended to be used by members of Students’ Council to submit items for Council meetings.

Council Meeting Date: Tuesday, April 6, 2021

Mover: Dixon

Email: tmdixon@ualberta.ca

Action Requested: Presentation

Presentation

Motion: Dixon moves to allow a presentation from the Sustainability Committee on sustainability recommendations and work plan update

Abstract: The Sustainability Committee would like to give a presentation to update all council members on the work we have done as a committee this year. These recommendations are thoroughly researched drafts; we are still doing consultation and we would appreciate your feedback.

Attachments: Sustainability Committee Update.pdf
Sustainability Committee Update

A quick note: These recommendations are thoroughly researched drafts; we are still doing consultation.
Our Plan

- We divided sustainability into 3 topics
  - Environmental sustainability
  - Economic sustainability
  - Social sustainability
    - We also spent time creating an updated definition for sustainability based on current research
- Broke it down based on tasks we needed to do / who would do it / how long it would take us to complete these tasks
- We spent most of our time on enviro sustainability this year, next year we plan to do economic and social sustainability
Waste Reduction

1. The Students Union should strive to use alternative packaging/presentation solutions for its food and beverage vending operations that minimize single use plastics and eliminate unnecessary packaging/disposables.

2. The UASU should strive to eliminate paper waste within its operations and advocate that the university does the same within both its administrative and academic operations.
Waste Reduction

3. The UASU should undertake an energy audit of SUB.

4. The UASU should develop its own Natural Gas use reduction strategy.

5. The UASU should increase advocacy efforts towards the University’s Facilities and Operations Department, calling on them to honour their contractual obligation to maintain SUB’s base building systems.

6. The UASU should set incremental time sensitive goals in order to achieve net zero operations ahead of Canada’s 2050 targets.
Waste Reduction

7. The UASU should call upon the University to publish updates to the Energy Reduction Plan 2017-202 and the Sustainability Plan 2016-2020.
Making a Sustainable Food System on Campus

1. The Students Union (SU) should conduct more research in relation to food and sustainability and should advocate for the University of Alberta (UofA) to do the same.
2. The Students Union should create a volunteer unit focused on creating sustainable food systems
3. The Student Union should prioritize advocacy surrounding the University of Alberta’s contract with Aramark to push for its cancellation
Making a Sustainable Food System on Campus

4. The Students Union should work towards making our existing food system as sustainable as possible by eliminating single-use products from vendors in the students union.

5. The University of Alberta Students Union should invest in the creation of waste and carbon tracking systems.

6. The Students Union should advocate for the University of Alberta to become a fair trade campus.

7. The University of Alberta Students Union should work to provide food from local sources and invest in growing food on campus.
8. The Student Union should transition to sustainable cleaning products and should advocate for the University to do the same
Green Spaces

1. The Students Union should advocate for research on the level of biodiversity on campus and the amount of native species compared to introduced species, and the development of a plan to increase biodiversity on campus.

2. The Students Union should advocate for research on the level of biodiversity on campus and the amount of native species compared to introduced species, and the development of a plan to increase biodiversity on campus.
Green Spaces Cont’d

3. The Students Union should call on the University to monitor urban intensification, and where possible seek to mitigate it.

4. The Students Union should call upon the university to ensure snow removal processes are efficient and sustainable.
Green Transportation

1. The UASU should advocate for an increased amount of shared use, or multi use, pathways around the university in order to increase the use of sustainable transportation options.
2. The UASU should advocate for the expansion of public transit routes, such as busing and light rail transit to increase the ease of use for students.
3. The UASU should advocate for the UPass to be provided to students at no extra cost for the spring/summer semester.
4. The UASU should advocate for affordable transit for students.
Green Transportation

5. The UASU should advocate for the expansion of the campus pedway system to aid in the reduction of heat loss during the winter months.

6. The UASU should conduct a supply chain analysis of the various goods it sources to determine the full environmental impact of their procurement practices. The UASU should advocate that the University of Alberta do the same.

7. The UASU should advocate for consistently available public transportation connecting the Augustana and Northern Campuses of the University.
Next Steps

- We’re currently working to update our environmental recommendations with the feedback we get from the consultation process.
- This will allow us to get a more comprehensive record of changes we should be making to make the university more sustainable.
- Feedback from the consultation process will be worked into recommendations.
- Next years committee will be working on recommendations for economic and social sustainability.
Thank you for your time!

We would like to respectfully acknowledge that our University and our Students’ Union are located on Treaty 6 Territory. We are grateful to be on Cree, Dene, Saulteaux, Métis, Blackfoot, and Nakota Sioux territory; specifically the ancestral space of the Papaschase Cree. These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students’ Union we honour the nation-to-nation treaty relationship. We aspire for our learning, research, teaching, and governance to acknowledge and work towards the decolonization of Indigenous knowledges and traditions.

2020-24/5 OPEN FORUM

2020-24/6 QUESTION PERIOD

CARBAJAL: Inquired as to whether there will be a requirement that the Sexual Violence Prevention Coordinator be bilingual (English and French) in order that they are able to best serve Campus Saint Jean.

KIDD: Responded that the University is hiring the Coordinator and that the SU cannot dictate how they run the hiring process. Clarified that the Coordinator will not be working with students directly.

BATYCKI: Inquired as to the scope of the rollout for zero-textbook cost course signifiers.

DRAPER: Responded that the rollout will be opt-in for professors. Noted that there is an established community of practice with professors having courses with no textbook costs. Anticipated that the popularity of ZTCs will grow as more students begin to choose courses with no textbook costs.

2020-24/7 BOARD AND COMMITTEE BUSINESS

2020-24/7a DRAPER/MONTEIRO MOVED to approve the First Principles of the Assessment and Grading Policy.
See SC-2020-24.15
DRAPER: Noted that the Policy is up for renewal. Noted that there have been small changes to the Facts and Council can expect to receive the Resolutions next meeting.

24/0/2

2020-24/7b  **YABUT/DE GRANO MOVED** to discuss the rise of Asian Hate Crimes across North America and within our communities.
See SC-2020-24.16

DE GRANO: Expressed concern that COVID-19 has led to a rise in Asian hate crimes.

YABUT: Expressed concern that Canada has more instances of Asian hate crimes per capita than the United States. Urged Council to condemn all forms of Asian hate via a statement and tangible action.

VILLOSO: Invited Council to post on social media a list of resources for supporting students facing hate crimes.

KONRAD: Inquired as to what the SU does for anti-racism and anti-oppression.

KIDD: Responded that the SU is committed to ensuring it represents students and meets their needs and has an Equity, Inclusivity, and Diversity Task Force. Noted that the SU intends to hire a student advocate which would support students struggling with racism with students and staff.

AGARWAL: Agreed that there needs to be tangible action to prevent Asian hate crimes. Noted that the incoming SU Executive will be able to address this issue.

DHILLON: Inquired as to how EDIT is engaging students in protecting their safety on Campus.

KIDD: Determined to follow-up with an answer.

YABUT: Proposed that Council and the SU post information and support resources that students can access.

KRAHN: Agreed with Yabut. Proposed that the SU use its Perks platform to disseminate information for support services.

YABUT: Proposed that support resources be put onto eClass.

DRAPER: Determined to address the issue with the University.
KIDD: Proposed that Council release a statement on behalf of the SU in addition to one being released by the Executive. Offered her support in reviewing statements.

DEGRANO: Clarified that councillors can post prepared statements in their feed or story as provided.

CARBAJAL: Expressed concern that there are systemic barriers for preventing discrimination and supporting students.

KIDD: Clarified that the University Code of Student Behavior offers students protection against racism. Offered her support to students in navigating this process.

DRAPER: Invited any student with concerns about the unfair application of University Policy to contact him for support.

FOTANG: Proposed meeting and working with the Edmonton Anti-Racism Committee.

VILLOSO: Proposed that the SU add a banner to its website providing visitors with resources to prevent Asian racism. Invited Council to send her resources to add to the list for posting.

DEGRANO: Inquired as to whether it is possible to create a crash course of the relevant anti-racism University policies for students.

DRAPER: Responded that he is willing to connect with the Office of Student Ombuds to determine if they have or are willing to create this content.

AGARWAL: Determined to come back to Council with a list of action items for the next Council meeting.
