Council Chambers, University Hall

We would like to acknowledge that our University and our Students’ Union are located on Treaty 6 Territory. We are grateful to be on Cree, Saulteaux, Métis, Blackfoot, and Nakota Sioux territory; specifically the ancestral space of the Papaschase Cree. These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students’ Union we honour the nation-to-nation treaty relationship. We aspire for our learning, research, teaching, and governance to acknowledge continuing colonial violence and respect Indigenous knowledges and traditions.

Executive summary

Finalizing the audit

As of the date of this report, we have completed the audit of the consolidated financial statements of the SU and the financial statements of SIEF for the year ended April 30, 2016, with the exception of certain remaining procedures, which include amongst others:

- Updating our subsequent event procedures to the date of our audit reports;
- Completing our discussions with the audit committee; and
- Obtaining evidence of the Students’ Council’s approval of the financial statements.

We will update the Audit Committee, and not solely the Chair (as required by professional standards), on significant matters, if any, arising from the completion of the audit, including the completion of the above procedures. Our auditors’ report will be dated upon the completion of any remaining procedures.

Control and other observations

We did not identify any control deficiencies that we determined to be significant deficiencies in ICFR.

We have identified other observations with respect to the reconciliation of investments and posting of journal entries.

See page 7.

Critical accounting estimates

Management describes their critical accounting estimates that are subject to uncertainty in Note 1(h) to the SU financial statements and Note 1(d) to the SIEF financial statements.

Overall, we are satisfied with the reasonability of critical accounting estimates.

Independence

We are independent with respect to the SU and SIEF, within the meaning of the relevant rules and related interpretations prescribed by the relevant professional bodies in Canada and any applicable legislation.

Significant accounting policies and practices

There have been no initial selections of, or changes to, significant accounting policies and practices to bring to your attention.

| Completeness and accuracy of inventory and cash sales. | We attended year-end inventory accounts for two locations and performed test counts of inventory as well as a full cash count.  
We performed an overall analysis of departmental revenue (other income).  
No errors were identified with respect to the completeness and accuracy of inventory and cash sales. |
| Completeness of accounts payable and accrued liabilities | We utilized our understanding of SU operations, our discussions with management, and our review of committee meeting minutes to ensure completeness of accruals has been achieved as at April 30, 2016.  
We completed a search for unrecorded liabilities (through review of unprocessed transactions and payments subsequent to year end) and work was performed over key accruals.  
No errors were identified with respect to the completeness of accounts payable and accrued liabilities. |
| University of Alberta loan  | We confirmed the balance of the loan with the University of Alberta, and calculated accrued interest on the loan based on the agreement.  
No errors were noted with respect to the balance of the loan or the interest accrual. |
| Investment income           | We obtained an investment confirmation and calculated unrealized and realized gains and losses, as well as investment income.  
Two errors were identified with respect to the income classification within SIEF, and subsequently corrected in the financial statements. Refer to the management representation letter for these audit misstatements. |

| Potential for management override of controls. | As this risk is not rebuttable, our audit methodology incorporated the required procedures in professional standards to address this risk. These procedures included testing of journal entries and other adjustments, performing a retrospective review of estimates and evaluating the business rationale of significant unusual transactions.  
We noted no significant findings as a result of these procedures. |

---

Inherent risk of material misstatement is the susceptibility of a balance or assertion to misstatement which could be material, individually or when aggregated with other misstatements, assuming that there are no related controls.

We highlight our significant findings in respect of significant financial reporting risks as identified in our discussion with you in the Audit Plan, as well as any additional significant risks identified.
Adjustments and differences

Corrected adjustments

The management representation letter includes all adjustments identified as a result of the audit, communicated to management and subsequently corrected in the financial statements.

Uncorrected differences

We did not identify differences that remain uncorrected.
Other observations

During the course of our audit, we identified a number of observations that we believe may be of interest to the Audit Committee.

Our observations may include comments on risks, and the entity’s approach to those risks, performance improvement observations, or other industry trends and developments.

These observations are based on, among other things, our understanding of the affairs and processes of the entity, as well as our understanding of many other companies in the same or other industries.

The following is a summary of our observations and insights as discussed with management:

<table>
<thead>
<tr>
<th>Item</th>
<th>Observation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reconciliation of Investments</td>
<td>Consistent with the prior year, we noted that within the investment reconciliation, the change in market value on bonds was treated as interest and dividend income instead of unrealized gains and losses. Furthermore, it was noted that the classification of certain investments (i.e. Canadian equities vs. US equities) did not agree to the confirmation provided by the investment manager. This was subsequently corrected by management. We recommend that management implement a review at year-end, including a comparison of investment income and investment classification per the investment spreadsheets to the RBC investment statements.</td>
</tr>
<tr>
<td>Posting of Journal Entries</td>
<td>Consistent with the prior year, we noted journal entries may be posted by 5 different staff of the SU, each with access to the accounting records. The Finance Manager, Human Resources Manager, Accounting Supervisor, AP clerk, and AR clerk, all have access and authorization to post entries into the GL. Each entry is required to be reviewed by a different employee with access to the records. We recommend that the review of the journal entries be specified to 1 individual, with a more senior person reviewing any entries that individual posts.</td>

Appendix 3: Audit Quality and Risk Management

KPMG maintains a system of quality control designed to reflect our drive and determination to deliver independent, unbiased advice and opinions, and also meet the requirements of Canadian professional standards.

Quality control is fundamental to our business and is the responsibility of every partner and employee. The following diagram summarises the six key elements of our quality control systems.

Visit our Audit Quality Resources page for more information including access to our audit quality report, Audit quality: Our hands-on process.

- Other controls include:
  - Before the firm issues its audit report, the Engagement Quality Control Reviewer reviews the appropriateness of key elements of publicly listed client audits.
  - Technical department and specialist resources provide real-time support to audit teams in the field.
  - We conduct regular reviews of engagements and partners. Review teams are independent and the work of every audit partner is reviewed at least once every three years.
  - We have policies and guidance to ensure that work performed by engagement personnel meets applicable professional standards, regulatory requirements and the firm’s standards of quality.
  - All KPMG partners and staff are required to act with integrity and objectivity and comply with applicable laws, regulations and professional standards at all times.
  - We do not offer services that would impair our independence.
  - The processes we employ to help retain and develop people include:
    - Assignment based on skills and experience;
    - Rotation of partners;
    - Performance evaluation;
    - Development and training; and
    - Appropriate supervision and coaching.
  - We have policies and procedures for deciding whether to accept or continue a client relationship or to perform a specific engagement for that client.
  - Existing audit relationships are reviewed annually and evaluated to identify instances where we should discontinue our professional association with the client.
Appendix 4: Background and professional standards

Internal control over financial reporting

As your auditors, we are required to obtain an understanding of internal control over financial reporting (ICFR) relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on internal control. Accordingly, we do not express an opinion on the effectiveness of internal control.

Our understanding of ICFR was for the limited purpose described above and was not designed to identify all control deficiencies that might be significant deficiencies and therefore, there can be no assurance that all significant deficiencies and other control deficiencies have been identified. Our awareness of control deficiencies varies with each audit and is influenced by the nature, timing, and extent of audit procedures performed, as well as other factors.

The control deficiencies communicated to you are limited to those control deficiencies that we identified during the audit.

Documents containing or referring to the audited financial statements

We are required by our professional standards to read only documents containing or referring to audited financial statements and our related auditors’ report that are available through to the date of our auditors’ report. The objective of reading these documents through to the date of our auditors’ report is to identify material inconsistencies, if any, between the audited financial statements and the other information. We also have certain responsibilities, if on reading the other information for the purpose of identifying material inconsistencies, we become aware of an apparent material misstatement of fact.

We are also required by our professional standards when the financial statements are translated into another language to consider whether each version, available through to the date of our auditors’ report, contains the same information and carries the same meaning.

To: Students’ Council 2016 – 17  
From: Fahim Rahman, Students’ Union President 2016 – 17  
Re: Students’ Union Council Report #12

Hi Council,

Work at 2-900 has definitely shifted towards advocacy, on quite a few initiatives that are gathering steam quickly. As well, I’d like to have a warm welcome for our newly elected student representatives! Congratulations to Alex Kwan, Emil Yim, Hyejun Kim, Nathan Sunday and Rachel Wang.

Here is an update on my duties:

1. Residences

As VP Ghossein reported last week, we’re in the process of finalizing collection for residence association fees. This is something that should have been completed back in August or September, but now we are working with Residence Services to implement collection.

We are still waiting for responses to our Request for Proposal before moving forward with the review of residences at the U of A.

2. Podcast “The Voice of the Union”

I recorded my first podcast session with our Board of Governors Chair Michael Phair, who clearly was an expert and had done segments like this before. I’m hoping you enjoy the insight he was able to provide into the Board of Governors and his experience in Alberta to the extent I was able to!

3. Tuition & MNIFs

The Edmonton Journal had an interesting piece on tuition in Alberta, but this didn’t confirm any plans from the provincial government: http://edmontonjournal.com/news/local-news/alberta-tuition-freeze-announcement-expected-by-end-of-october. I would like to see a positive announcement for students sooner rather than later.

VPs Ghossein, Paches and I attended the second meeting of the MNIF Oversight committee. There were a few questions we raised about the current reporting structure, and we’ll be taking all of our questions into consideration to revise the report. I suspect the report on how student non-instructional fees are being used will be much clearer next academic year.
4. Alumni Council

Alumni Council met early last week, and had a thoughtful overview of their strategic plan and initiatives for this academic year. I am serving as a member of the Community Connections committee of Alumni Council, and am excited to see how that group will connect the U of A with our external community.

5. Scholarly Writing

The full executive had a consultation meeting with the Dean of Students and Deputy Provost around what writing services should look like at the U of A. I thought the consultation was a good starting point and a productive conversation, and we’re expecting future forums and town halls to give additional feedback on this semester.

6. Presence and Relevancy

Dinners with our Faculty Associations are starting to pick up again: we connected with the Nursing Undergraduate Association and Education Students’ Association, who have promising years ahead of them.

On the topic of Faculty Associations, I gave a presentation to the Interdepartmental Science Students’ Society about some of the history the organization has had, as they are heading into a referendum year for their Faculty Association Membership Fee.

Finally, I attended the Movies for Mental Health event organized in collaboration between the Dean of Students’, Students’ Union and Graduate Students’ Association in our Myer Horowitz Theatre.

That’s all from me folks! Looking forward to the next report,

Re: Report to Students’ Council

HEY COUNCIL,

I’m going to start running out of creative intros pretty soon, so please excuse any reuses that may surface. Especially considering that I’m writing this fairly quickly, this last week has been packed with meetings so it’s a wonder I found this time to sit down and write the report. I’ll try my best to type this out, even though my hands are shaking in excitement from the Kanye West concert being just around the corner. Yeah, if you haven’t caught on, I LOVE my hip-hop. Key to my heart? Rap an old school Drake or Kanye West verse to me perfectly and I’m all yours. Anyways, I’m going to summarize my meetings in this report, so here we go!

Access Fund
Last Friday our General Manager, Marc, our Director of Student Life, Sirina and I had a meeting with Student Financial Services to work out the upcoming Access Fund agreement for the year. Unfortunately, I can’t say a lot of details until the contract has been finalized but expect good things! The amendments include a focus on students that are in financial need due to non-educational induced costs, as well as a more defined appeals mechanism. I shall update once it is finalized.

Business Update
This week, our GM Marc and other staff returned from various vacations abroad. Due to sheer numbers, this Monday was the first Business Group meeting we have held in a few weeks. Things are looking VERY exciting for the upcoming year. Currently, Room at the Top, Dewey’s, SUBPrint, L’Express and Daily Grind are all above projected revenue. If you are curious on numbers, please let me know and we can meet and take a look.
Additionally, please expect a presentation from myself to council in the near future. I will be presenting on last year’s financial statements, and what it means for the upcoming year. Also also, Room at the Top rebranding continues to move forward! We installed new glass frosting this week and they look GREAT. We have menu backers on order as well. Its coming together folks!
Fundraising for the Myer Horowitz Theatre
Here’s where, I swear, 80% of my time has mainly been focused. With the madness of September dying down, I have been able to focus on my major project for the year, fundraising for the Myer Horowitz Theatre. My schedule has been packed with meetings regarding this. I have been sitting down with major stakeholders in the campus community, as well as passionate people in the Edmonton arts community. I have been soliciting advice, as well as asking for more direct help. We are currently finalizing the board for the Friends of the Myer Horowitz and you can expect a list of names by the next meeting!

Myer Horowitz Renovations
I’ll use this section for the more technical update. We had our steering committee meeting last week and mainly went over budgeting. Our consultants gathered as much information from us as possible to draft a more specific budget by the end of October. We touched a little bit on design, but the focus was on numbers. Please expect a presentation in the near future from our GM Marc and myself in regards to an update on the process.

Enjoy the snow,

Robyn Paches
Dear Council,

Please find a recap of my work in the past few weeks!

1. Projects

GovWeek
I am still working on the GovWeek final report. It is quite the task as it relies on gathering information from the many surveys we sent out. As promised the report will be ready for our November meeting, so stay tuned!

Interdisciplinary Learning
I continue to meet with University stakeholders as well as Students’ Union staff in the development of the Interdisciplinary Conference. We have confirmed that it will be held on February 4th from 9AM-5PM, so save the date!

2. Meetings & Committees

Vacancies
There are currently vacancies on both the EMP FEST committee, Chaired by Vice-President Sandare (link to apply here -> https://docs.google.com/a/su.ualberta.ca/forms/d/e/1FAIpQLSdPQC9ygUAgi7mWEpLWjC8GiQOj0UYXh3jK74KJdpjPhOv9A/viewform?c=0&w=1), as well as vacancies in the following faculties on GFC: ALES, Arts, Augustana, Education, Physical Education and Recreation, or Nursing. If you know of anyone who is interested in filling those seats please direct them to this application! https://www.jobkin.ca/search.htm?moreinfo=5019

GFC CLE
Last week, I had a meeting for GFC Committee on the Learning Environment. This committee big project is discussing and proposing changes to the way we do professor evaluation. This includes reviewing the USRI’s. The committee is doing some research with departments on how they feel the USRI’s are currently preforming.

UWC Consultation
The executive met with the Dean of Students and the Deputy Provost last week to go over how writing services on campus are offered. We were able to provide feedback in this venue as well as get a sense of how consultation will develop moving forward. If you have any thoughts on writing services at the UofA you can offer your feedback through this form! https://docs.google.com/a/ualberta.ca/forms/d/e/1FAIpQLSdx7hTcWU29HQV0eFZqLH44WMCViVS-0uXu-H7LA3RMZ2kmvA/viewform

PLLC Oversight Committee
I had my first PLLC oversight committee meeting. This is the first time they have allowed a student to sit on this committee since inception. At the meeting we discussed reviewing and potentially rewriting the committees terms of reference.
Standing Committee on Convocation

Exciting news! Now the University of Alberta will allow students who participate in the “On Campus” program (there is a similar program run by Augustana called “Inclusion Alberta”) walk across the stage at convocation. The On Campus group usually have about 5-7 students in the program at any given time and have been advocating for their students to be able to walk across the stage for quite some time. All other comparing institutions in Alberta allow these students to walk across stage, and although we lagged behind, I am pleased they will be able to now.

Ad Hoc Committee on GFC Delegated Authority

I had my second meeting on the “ad hoc committee on academic governance including delegated authority”, at the meeting we decided on the guiding principles the committee would be keeping in mind when making suggestions in the future, as well as the timeline of work, and how we will report to larger GFC.

4. Other Exciting Endeavours

Movies for Mental Health

In partnership with the University, we helped sponsor the Movies for Mental Health which took place on October 12. VP Ghossein was one of the opening speakers, who discussed mental health on campus. It was a great night and I certainly took a lot from the short films that were played.

ESA and NUA

The executive and I had dinner with the Education Students Association. I am pleased to say they have successful elected the rest of their team in their Fall By-Election. Both myself and Rebecca Taylor from Discover Governance were able to attend their AGM and meet many of their members. We are going to continue to reach out to the organization to help whenever we can. I also met with the Nursing Undergraduate Association VP Finance to discuss the steps the organization needs to take to renew their FAMF in the Winter Semester.

I had a lot to report, so I endeavoured to keep it brief! Thank you for reading this report and I would be happy to answer any questions you may have.

Re: Vice President Student Life Council Report

____________________________________________________________________________

Dear Council,

I hope you all had a great long weekend!!
For me, it was needed as I had been studying for a midterm the week before!

On October 12th, I attended and spoke at the “Movies for mental health” event, which the SU helped subsidize by covering the cost of the booking and staffing costs for the venue. The event was a great way to explore the topic of mental health through art. It consisted of a series of short films followed by a discussion on how the issues of mental health and mental illness are portrayed. To conclude the event, the audience had the pleasure of hearing from a panel of students, staff and community members, talking about personal experiences and sharing resources.

Apart from that, the rest of the executives and I went for dinner with the Education Students’ Association and shared our priorities and plans for the year.

ADVOCACY

Residence

Lister Meal Plan

Please encourage all students that live in lister to fill out the form below and provide feedback to the University:
https://docs.google.com/a/ualberta.ca/forms/d/e/1FAIpQLSdh-GiaaNelic2rj0WE0XDwlfJj-9p03b8iRno6XKDa3J98Omg/viewform
As of now, the feedback that we have received goes along the lines of: the meal plan is too expensive to begin with, the proposed amount for flex dollars (dollars that students can spend
on campus, outside of lister) is not enough to cover students’ needs, the quality has always been a great concern for students and they are not confident that the proposed changes are going to address that.

**Residence Association Fees**
President Rahman and I met with stakeholders in the fee collection issue. The collection is moving along and during that meeting, we discussed the logistics of the fee collection: how will the opt-outs happen? How will the fee be assessed? Will it be assessed in the Fall and Winter terms or just in the Fall? etc.

**Residence Life Task Force**
During our last meeting with the residence life Task Force, we provided an estimate on the number of student leaders over the years and the way we’re going to go about providing their contact information.

**Lister Representatives**
The Lister representatives have been great advocates on the meal plan issue and have been providing feedback to all parties as well as soliciting student feedback and directing them to the right feedback form. They are also planning a few events, one of them being a photo booth for Halloween.

**COMMITTEES AND BOARDS**

**Sexual Violence Policy committee**
This committee is the immediate group that gives feedback on what we think the sexual violence policy that the University is drafting should look like.
A final draft of the procedures should be presented to various university committees by the end of October, so with the committee, we have done our best to address all issues in a shorter timeline than expected.

**Board of Directors-The Landing**
We had a Board meeting as well as meetings of the two committees that I am on: Policy and Finance.

MISCELLANEOUS

A reminder that my office hours are 12 p.m to 1 p.m on Fridays so stop by if you want to chat or have any questions. If that doesn’t work for you, you can also e-mail me at vp.studentlife@su.ualberta.ca and we’ll find a time to meet and chat.

Re: Report to Students' Council

**Council Report #12:**

Hello Council,

Welcome back to your bi-weekly edition of the Vice-President (External)’s Council Report. This Thursday is October 13th, a (almost) spooky reminder that October is almost halfway over! I hope many of you are counting the days till Halloween, because it really is creeping up much faster than you’d think. Almost like the beginning of this weeks updates, which are about to happen, now.

**Provincial**

**Advocacy Meeting with Ministry of Economic Development and Trade**

This is more of a primer for my oral update at next Tuesday’s council meeting. On Monday, October 17th, I will be meeting with the Chief of Staff for Minister Deron Bilous. I am looking forward to updating council on any interesting developments that may take place.

**Deferred Maintenance**

As many of you know, the University of Alberta currently has between $600-800 mil. in deferred maintenance needs between our campuses. The deteriorating state of our buildings affect the extent to which students are able to engage with their campus as well as the quality of their engagement. Many buildings such as our residences, heritage and arts buildings have very visible deferred maintence needs and not so visible plans to improve them. For this reason, I met with the UofA Vice-President Facilities and Operations to learn more about the steps the univeristy has taken to fill these needs through advocacy, as well as to collaborate on a messaging strategy to make sure deferred maintence needs are filled. During my meeting I was able to learn more about the way buildings are upkept, the reports the university submits, as well as upkeep initiatives such as combining experiential learning with deferred maintenance to offer students the chance gain real world experience. The meeting was very informative, and I am looking forward to my next one!

Art Committee

On the 12th the Art Committee had its first meeting, one that I think was especially productive. As a committee we decided that our mandate would be to Sustain, Discover and Inform - a trio of overarching ideas that our goals and initiatives would link back to. We decided that to Sustain meant to establish and formalize a structure through which we would be able to ensure that there are clear guidelines surrounding using and updating space, one that could be passed on year after year. To Discover meant to find the need that we would be able to fill, which in turn would help students discover a connection to the art in our space. To Inform meant to increase student interest and awareness to the art already existing and to be existing in our space, as well as to help students understand the art that is already there. We hope to meet again in the next couple of weeks or so, and begin work on a few projects that fall under the overarching categories.

These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students’ Union we honour the nation-to-nation treaty relationship. 2016-11/5  OPEN FORUM
COUNCILOR CHRISTENSEN TO VICE PRESIDENT BANISTER:
To Vice President Banister, could the Vice President please inform Students' Council of the final total of all financial capital and/or project allocation dollars, that were spent as a result of the motion approved by the Executive, in order to put on GovWeek this year, including areas such as promotional materials, advertising, food/beverages, and honoraria, if applicable?

VICE PRESIDENT BANISTER’S RESPONSE:
Thank you for the question Councillor Christensen. In an Executive Committee meeting held on September 1, 2016 the following motion was approved.

BANISTER/PACHES MOVED TO approve a project allocation not to exceed $5000.00 for GovWeek as presented.
4/0/0 CARRIED

Although most of the money was spent before GovWeek, there were a few last minute purchases made in the week itself. As a result I have to wait until October 12th to receive the total updated costs from our accounting department. I will provide the exact numbers of expenditure, including the breakdown of what it was spent on in the final report which will be available later this month. For now, I can confidently say that we finished the week under budget.

COUNCILOR FAROOQ TO VICE PRESIDENT SANDARE:
General question re M-Fest.

VICE PRESIDENT SANDARE’S RESPONSE:
M-fest is a week long festival during second week of February for 3 demographics of students for those early in the degree, middle of degree, and end of the degree. Different goals for each demographic:

1. Early in degree: help them find direction, how to use their degree to build their career
2. Mid-degree: manage workplace expectations, build marketable skills
3. End of degree: networking events

There will be applications for 5 student spots, some spots for University departments and external partners.

GOVERNOR CHAMPAGNE TO VICE PRESIDENT SANDARE:
What does “M” mean?

VICE PRESIDENT SANDARE’S RESPONSE:
“Employment” Festival
COUNCILOR MONDA TO GOVERNOR CHAMPAGNE:
Where is the next board meeting?

GOVERNOR CHAMPAGNE'S RESPONSE:
It will be Council Chambers, Room 2-100 in University Hall from 8-12.

COUNCILOR FAROOQ TO VICE PRESIDENT BANISTER:
Please expand on the GFC Task Force history.

VICE PRESIDENT BANISTER'S RESPONSE:
The last time a holistic overview of University Governance was conducted was in the 1970s. There’s GFC with Committees underneath it, there has been lots of conversation as to what power/responsibility are delegated to the committee and what should be brought back up to GFC for approval. Former VP Academic wrote a report on state of University Governance which is one of the factors that led to the creation of this task force. There has been lots of discussion to role of GFC, assessments. University wants recommendations by April 30, the purpose of that date is to make sure all the current student reps can see it too. The task force will look at the overall functions of the committee and make any adjustments. Please provide feedback on the way GFC works, majority of members are faculty members, 1 undergraduate student and 1 graduate student.

COUNCILOR PERSAD TO PRESIDENT RAHMAN:
Please expand on why there might be a strike and when it might be.

PRESIDENT RAHMAN'S RESPONSE:
Initially occurred in ON, a group of faculty members challenged the right to the University to NOT let faculty members go on strike. They said they’re not essential legislation, people won’t die at the end of the day if they’re not doing their job. Supreme court agreed, said in Canada across all jurisdictions at post-secondary institutions, they have the right to go on strike. They don’t say how it happens, just that they have that capacity. The deadline is by the end of the academic year, process needs to be sorted out and provincial govt needs to figure out guidelines for academic staff, graduate students, all universities in Alberta. There will be some impact that could transfer to undergrad students. There will be a feedback form.

VICE PRESIDENT BANISTER TO PROXY BONDARCHUK:
There has been lots of turnover in CAC, is there a plan/transition for this new chair for some stability?

PROXY BONDARCHUK DEFERRED RESPONSE TO COUNCILLOR FLAMAN:
He just joined the committee, there hasn’t been any plan yet but will take any suggestions.

COUNCILOR FAROOQ FOR VICE PRESIDENT BANISTER:
Please elaborate on the podcast and their duration.

**VICE PRESIDENT BANISTER’S RESPONSE:**
The first podcast was 45 minutes, only 40 listens, was not advertised in newsletters, facebook. The second episode was shared by all VP academics in schools across AB, will be in newsletter. She anticipates every segment will have increasing follows, speculates at least 100 if not more listeners.

**VICE PRESIDENT BANISTER TO PROXY BONDARCHUK:**
Did Councilor Angus temporarily/permanent resign his Chairmanship?

**PROXY BONDARCHUK’S RESPONSE:**
Councilor Angus did resign his chairmanship/seat permanently.

**COUNCILOR NAHID:**
You can resign seat on SC but not resign on committee?

Councilor Angus took a leave of absence.

**COUNCILOR MONDA FOR VICE PRESIDENT GHOSSEIN:**
Do you have any updates for hiring process for new associate dean of residence life?

**VICE PRESIDENT GHOSSEIN’S RESPONSE:**
Offer has been made but potential candidate would have to move here from another province with their family. Arrangements have been made to accommodate the family. It will take approx. a month

**COUNCILOR MONDA FOR VICE PRESIDENT BANISTER:**
What is the general vibe for the Academic Governance Review Committee? Will there be a reinvention of academic governance or sticking to status quo?

**VICE PRESIDENT BANISTER’S RESPONSE:**
There has only been one intro meeting so have not really discussed specific actions. President Turpin says the impact have this committee can have lasting changes for the next 20-30 years. She anticipates any changes will be well-founded and consultative with people on the committee. She does know the degree of the changes but will update council in the future. There is a document that outlines history of why we’re at this point with this committee. If interested, she will forward it. The general vibe of this committee is people are speaking candidly about their perspective/state of governance.

**COUNCILOR FLAMAN FOR VICE PRESIDENT PACHES:**
Please provide update about SU Business Revenue and will it be in Council reports in the future.

**VICE PRESIDENT PACHES’ RESPONSE:**
He can certain bring that information if interested as he does not currently possess a laptop.

COUNCILOR FAROOQ TO VICE PRESIDENT BANISTER:
Interested about the Science Student Representatives and Deans’ Committees.

VICE PRESIDENT BANISTER’S RESPONSE:
There are 5 deans coming up for renewal in different faculties. There are student representatives from Faculty of Science in that committee.

Please contact ISSS for more info.

GOVERNOR CHAMPAGNE TO VP BANISTER:
What are other avenues to share the podcast? He was wondering if it would be on android-compatible devices, not just limited to mobiles to be able to share it.

VP BANISTER’S RESPONSE:
The “Podcasts” app on the iPhone and iTunes. There are links regardless of your device. She will post the link into the Council’s WhatsApp every time it is live. It will also be posted to the website that can be posted to any social media. Please let her know if you’re interested in being part of the podcast.

COUNCILOR MONDA TO VICE PRESIDENT GHOSSEIN:
What are the changes to the Lister Meal Plan and what are some concerns?

VICE PRESIDENT GHOSSEIN’S RESPONSE:
The consultation for the meal plan is not done. Students in lister are welcome to submit feedback on form that Dining Services put out. There has not yet been a formal proposal or a summary of feedback. We have received some concerns from Lister reps via email. They fall under 2 categories: fundamental concern where disagreements with cost and not about quality/logistics. Some students find it expensive to be affordable/accessible. The 2nd concern is about how much money do we have to spend outside of lister, hours of operations, cafeteria space and if it can fit 500 new students. The proposal brought forward this year is the same as last year. What changed was that students were consulted. If Dining Services receives enough complaints about the meal plan and its cost, it will be taken into consideration and student feedback is not just seen as an accessory.

2016-11/7 BOARD AND COMMITTEE BUSINESS

2016-11/7a Bill #6 - C.R.O. Responsibilities - Second Reading
**LARSEN/CHRISTENSEN MOVE** to approve the second reading of Bill #6, on the recommendation of Bylaw Committee, to clarify and outline C.R.O. Responsibilities according to these first principles.

First Principles (Approved August 9, 2016)

1. The Chief Returning Officer (C.R.O.) responsibilities shall be updated to reflect the growing scale of elections and value of office. As such, the following amendments shall be made to bylaw to ensure a stronger role throughout the academic year and during SU elections.

2. Advertisement responsibilities of the C.R.O. shall be amended to ensure the position has larger and long term responsibilities to properly advertise elections.

3. Timelines for reporting the activities of the C.R.O.’s office, both during elections and throughout academic year, shall be amended or introduced.

4. Timelines for nomination packages shall be amended to ensure timely release.

5. The C.R.O.’s responsibilities regarding proper classroom talk procedure shall be outlined.

6. The C.R.O.’s office shall ensure timely release of rulings as well as fair and due process for candidates during elections.

7. The C.R.O.’s responsibilities regarding the review of campaign materials content shall be amended to focus on ensuring campaigns do not go over budget.

8. The elections bylaws, specifically but not limited to 2100(8) Duties of Elections Staff, shall be amended to fully include responsibilities of the elections staff to ensure clear understanding of office.

Please see SC 16-11.01

**VICE PRESIDENT PACHES** will be voting in favour of these changes for this because this bylaw forms a box in which the organization/employees operate within and sets a very defined box in which the CRO can operate and defines CRO’s role and allows flexibility for CRO to manage portfolio as the CRO fit. We were able to accommodate the changes.

**COUNCILLOR CHRISTENSEN:**
He is happy that everything worked out. He still believes there should be 2 DROs.
