Gender Based Violence Prevention Project

- Two year Students’ Union project funded by Status of Women Canada
- Education, Awareness, Institutional Change
- High Profile Speakers, Community Theatre, Residence Training, SU Anti-o Training, Feminist Self Defence, Memorial March for MM Aboriginal Women, Dec 6 Ice Vigil, Trans Day of Remembrance, Accountability Action Project, etc.
All-Gender/Gender Inclusive Washrooms

- All-gender washrooms can be used by anyone regardless of gender identification.
- Also be called family, gender neutral or unisex washrooms. All-gender washrooms typically have a self contained toilet and sink and may have other useful features.
  - People who identify as, or are perceived to be lesbian, gay, bisexual or gender queer also experience harassment and report feeling less safe in gendered washrooms.
  - People who have children or provide care to people of a different gender deserve to use washrooms with comfort, safety, and ease.

- Traditional gender-segregated washrooms are potentially unsafe and intimidating places for a variety of people.
- Research indicates that many trans-identified individuals are frequently subjected to victimization, intimidation, and violence when using male/female.

All gender washroom map
University of British Columbia

List of all gender washrooms

The brochure is part of a campaign to raise awareness about gender washrooms and to ensure that all University of British Columbia washrooms are accessible and inclusive. It provides a list of all gender washrooms on campus, each of which is designated with one of the following accessibility codes:

- G = Gender inclusive signage on the washroom.
- U = Unisex signage on the washroom.
- D = Disabled and Wheelchair Accessible signage on the washroom.
- W = Wheelchair Accessible signage only, no gender signage.
* = Washrooms that are virtually always available. For the purposes of some non-binary feature and/or a heavy item.
