MYER HOROWITZ THEATRE
RENOVATION AND EXPANSION PROJECT
The Myer Horowitz Theatre is unique on campus - there is no other facility like it on campus - and a historic venue for the Edmonton arts community.
1. Renew the Horowitz in a way that celebrates the history of the Theatre, respects the unique architectural legacy of SUB, and prepares it for the future.

2. Rebuild the Theatre’s capacity to serve both as a focal point of cultural and intellectual life on campus, and as a key link between the University and the larger community.

3. Act as a cornerstone in the SU’s efforts to bring students and the community together.
