NOTICE TO EMPLOYER
AND EMPLOYEES

On October 7, 2018, University of Alberta Non-Academic Staff Association applied under the Labour Relations Code to become the certified bargaining agent for a unit of employees of University of Alberta (Board of Governors) comprising:

All students employed in Residence Services at this University of Alberta.

Incidental but not limited to:
Residence Assistants, Senior Residence Assistants, Programmers, Residence Life Interns, Apartment Assistants, Ambassadors, Mall Coordinators.

The Board has scheduled this application to hearing on:

DATE: Monday, October 24, 2016
TIME: 9:00 a.m.
LOCATION: The Pugh Room
Fourth Floor, 10808 99 Avenue
Edmonton, Alberta

If the Board finds the application meets the Cede’s requirements, it will conduct a secret ballot representation vote. The ballot will ask employees if they want the Treats Union to represent them in collective bargaining with the Employer.

Employees who object to the application must file their objections with the Board in writing, providing full details to support their position. The Board must receive the objections at least 10 full business days before the hearing. If they are not received within that time frame, the Board may proceed without considering the objections and make its decision based on the materials before it.

Affected employees may have an agent or lawyer represent them at the hearing. People filing objections, or their spokesperson, must attend the hearing to give evidence and argument to support their position. If no one objects to the application, the Board may cancel the hearing.

If you have any questions regarding this application, please contact Dan Galdener, Labour Relations Officer, at (780) 427-0007 or by email to the Edmonton Office at LRB@ualberta.ca (2012).

If you have any questions relating to this notice, please contact [blank].

Bargaining and a Collective Agreement

If successfully certified...

- NASA will provide a Labour Relations Officer (LRO)
- LRO will select a bargaining team from interested staff members
- Bargaining team will consult all staff members on terms they wish to see in the collective agreement
- All members will have the opportunity to vote on ratification of the collective agreement

NASA’s role is to represent res staff's interests in the collective bargaining process.
Why does this matter to the SU?
Why does this matter to the SU?

- A new student representative group on campus
- RA union representatives could contribute to SU residence consultations
  - Union reps could play a similar role as Residence Association representatives on SU committees. They could also help solve problems and connect other associations with resources.
- Resolve student vs. student conflict
  - Many RAs have felt like they were placed in opposition to residence associations.
- Many students work for the university and are excluded from NASA
  - Students may come to SU representatives to discuss work-related concerns, NASA is a resource students can be referred to if they are interested.
