The Students’ Union

Everything you wanted to know (even if you didn’t) in 30 minutes.
What is the Students’ Union?

The Four Pillars

- Advocacy and Representation
- Services and Programming
- Student Space and SUB
- Businesses that expand resources
## Mission and Mandate

The Students' Union has just redeveloped its Strategic Plan.

The Post Secondary Learning Act mandates that the SU:

... shall provide for the administration of student affairs..., including the development and management of student committees, the development and enforcement of rules relating to student affairs and the promotion of the general welfare of the students consistent with the purposes of the public post-secondary institution.
Size and Scale

- Operating budget of $10 million.
- Staff: 170 hourly (mostly p/t); 95 salaried (f/t and term); up to 750 volunteers
  - Most hourly and all term employees are students
  - Numbers of hourly and volunteer staff vary through the year
- Operates 10 service units, 9 businesses, and 3 venues, as well as the Students’ Union building
- Administers a further $5.5 million in student-approved dedicated fees
  - Health and Dental Plan, Access Fund, etc.
Student Union Organizational Chart
June 2010

Copy of this chart is senior management and departmental.
Divisional and departmental organizational charts not included in this overview.
Divisional staff and budget are approximate based on 2010-2011 budget.
That looks a little complicated.
Break it down for me, Rory!
Students’ Council: the ultimate authority

Students’ Council sets overall operational priorities for the year via the annual budget. The budget proposal is the result of a multi-month planning process by Executive and management.

The President: the chief executive

In May, the new Executive determines its priorities.

The budget and the Executive priorities guide how the President (and the Executive) direct the General Manager and Director of Research and Political Affairs.
General Manager

- Reports to the President
- The most senior management member and a non-voting Executive/Students’ Council member
- Advises on operational matters and strategy and is the pivot between the governance side and the operational side
- Reports to the President and works closely with entire Executive, esp. the VPOF and VPSL
- 7 direct reports, each with multiple staff or departments reporting to them
Senior Manager
Facilities and Operations

- Responsible for
  - Students’ Union Building
  - SUBtitles
  - SUBmart and Post Office
  - SUBprint

- Staff are unionized (CUPE)

- 28 f/t and 27-35 p/t

- Revenue: $3.65M

- Expenditures: $3M

- SUB was built in 1967 and renovated in stages - 1992, 1996, and 2002. SUB was featured in TIME Magazine when it was built; originally had an art gallery, curling rink, and bowling lanes!
Senior Manager

- 5 f/t, 1-5 p/t
- Revenue: 135K
- Expenses: 715K
- Budget includes governance activities – the cost of Students’ Council, committees, special projects, and salaries for Executives, etc.
Director
Research and Political Affairs

- Works with the entire Executive on advocacy and political communications; provides issue research and tracking services
- U of A SU’s department generally regarded as the best in the country
What is Advocacy?

- Also known as Research & Political Affairs

- Areas of specific influence:
  - Students’ Union Internal Governance
  - University Governance
  - Municipal Government
  - Provincial Government
  - Federal Government
Running for Office

- Before you do anything, you have to run for office
  - Talk to the electorate
  - Let them know what your priorities are
  - Tell them how you will be accountable to them

- If you win, you begin the process of carefully implementing the mandate you have been given
Students’ Union Internal Governance

- **Students’ Council**
  - Main body and subcommittees deal with all major business of the organization
    - Including political policies and bylaws the organization must follow
    - Provides all major direction to the organization
- **Executive Committee**
  - Deals with the day-to-day business of the organization
    - Acts as a forum for discussion between the members of the Executive Committee
  - Composition:
    - President
    - Vice-President (Operations & Finance)
    - Vice-President (External)
    - Vice-President (Academic)
    - Vice-President (Student Life)
    - General Manager (non-voting)
Students’ Union Internal Governance (cont.)

- Council of Faculty Associations
  - Advisory group to the Vice-President (Academic) (VPA)
  - Composed of all student faculty associations across campus
    - Sometimes are themselves composed of departmental associations
University Governance

- University has dozens of committees that deal with every aspect of academic life at the University of Alberta
  - Main bodies
    - Board of Governors (3 student seats out of 21)
    - General Faculties Council (~42 student seats out of ~145)
  - SU has a seat on virtually every committee within this system
    - The President and VPSL also sit on select committees
    - Some examples: General Faculties Council Executive Committee, Campus Law Review Committee, Academic Planning Committee
  - Last Years Major issues in this area:
    - The Academic Plan
    - Student and Professor Mental Health
    - Grading and Assessment
    - Residence Behavioral Standards
University Governance (cont.)

- The Students’ Union also runs several University-level committees. An example of a few are:
  - Health Centre Advisory Group
  - Bookstore Advisory Group
  - Athletics & Rec Advisory Group
  - ONEcard Advisory Group

- As well, last year, the Students’ Union started the “Discovering Governance” program
  - This is designed to allow all the hundreds of students sitting on any University-level body access to support in their role as a committee member
    - Support is designed to be impartial
    - Dedicated staff support for this comes from the Student Governance Advisor
Municipal Government

- Any initiatives that involve housing and transportation are worked on here
- This order of government is primarily the responsibility of the Vice-President (External) (VPX) and the Vice-President (Student Life) (VPSL)
  - Traditionally, the order of government we work with the least, but have the most success with
  - We are often invited to speak to individual city councilors and to city council as a whole

- Major Issues at this order of government:
  - Developing Secondary Suite Legislation
  - U-Pass
Provincial Government

- This is the order of government that is constitutionally tasked with dealing with Post-Secondary Education
- We deal with the Provincial gov’t primarily through the Council of Alberta University Students (CAUS), an alliance we have with the U of C SU and the U of L SU
  - We develop our priorities in conjunction with these two groups and present them jointly to the government
- The VPX and the President spend a great deal of their time on this, meeting with ministers, bureaucrats and other stakeholders (ASEC, AGC)

- Major Issues at this order of government:
  - Tying maximum tuition increases to CPI
  - Developing regulations around non-instructional mandatory fees
  - Increasing student aid for university students
Federal Government

- The Federal government is not as directly tied into the funding of post-secondary education, but they have responsibility over many areas that directly affect students.
- The Students’ Union, particularly the President and the VPX, work on these initiatives by lobbying MP’s at home and by working through our federal lobby group, CASA.
  - CASA is a lobby group made up of 23 schools all across Canada, representing 300,000 students.
- Our ability to help U of A students on a federal level has increased dramatically since joining CASA.
- Major Issues at this order of government:
  - Copyright legislation and book importation regulations
  - Student loan interest rates
  - Visas for international students
  - Provincial transfer grants
Last Years Agenda - Operations
