**To:** Students' Union Council

**Re:** BoG Rep 2020/2021 Report #7 - **International/Aboriginal Concerns**

---

Dear Council,

### **Current Projects**

1. **Meeting with ISA:** Chanpreet Singh and Gurbani Baweja brought concerns about their relationship with UAlberta's International Department to me:
  - a. UAI concerned about duplicating resources. Aggressive interaction. I want to better understand the context there and see if UAI
  - b. ISA and ASC want to present to the board about representation. I am inquiring with the chairs of the board and the Learning, Research and Student Experience Committee. No response yet and will follow up.
  - c. The restructuring is an opportunity for ASC and ISA. I was made more aware of that and am looking for the right times to advocate.
2. **CSJ Issue:** talking with board members.
3. **Upcoming Meeting**
  - a. Board Retreat and Social: connection.

### **Professional Development**

1. **NS201 and GovCamp:** I have never been more aware of the historical injustice committed by colonizing Europeans. This doesn't solutions clearer to me, necessarily, but I do see there was a violation of respect and co-existence.

Thanks for reading!
