Dear Council,

I hope you all had a peaceful and joyful holiday season, despite probably being away from family and friends. I spent my first Christmas away from my parents, and it was very different. I am looking forward to these next four months of work, as they will be busy and exciting. I have chosen to make this report an overview of the budget process, about which you will be hearing from me quite a bit this semester.

**SU Capital & Operating Budget**

**Governance**
The budget process is governed by Students’ Council Standing Orders and Bylaws. If you are interested, you can check out Standing Orders s.13 and Bylaws 1100 and 3000.

**Process**
As mandated in Standing Orders, the first step is for the VP Ops-Fi to submit a proposed set of budget principles to Finance Committee. The budget principles set out the Students’ Union’s priorities and values for the budget, meaning that the money that gets set aside for certain projects, services, initiatives, reserves, etc. is determined by both need and priority. Budget principles are heavily influenced by the multi-year Strategic Plan, meaning that not all budget principles are new every year. Of course, Students’ Council has the authority to provide input and alterations to existing budget principles year over year. The Executive Committee and the SU’s Core Managers contribute to the creation of the proposed set of budget principles which will arrive at Students’ Council through Finance Committee.

After receiving budget principles from Finance Committee, Council reviews, discusses, and amends them as needed. This will ultimately result in an approval of a set of budget principles by mid-March.

The Executive Committee then submits a proposed Operating and Capital Budget, which is built to reflect the budget principles, to Finance Committee. Finance Committee then recommends a final Operating & Capital Budget to Students’ Council.

As seen in Standing Orders s.13(6), here is the process for Council’s approval of the final budget:

a. Students’ Council shall approve a final Operating and Capital Budget;

b. The Budget will be presented in a three-part document consisting of:
   i. The Budget Principles passed on first reading,
   ii. An estimated numerical breakdown of the budget, and
iii. Additional written instruction providing further direction on how money within budget categories is to be spent.

c. Debate is confined to the technical merits of whether the Finance Committee properly interpreted the principles passed in first reading.

Timeline

With some possible changes depending on the speed with which certain phases pass through Students’ Council, Executive Committee, and Finance Committee, this is the timeline which we will follow for the budget process. This timeline is based on Standing Orders and Bylaw, so we ought to stick to it as closely as possible.

January 15th: Deadline for submission of budget principles to Finance

February 15th: Deadline for Finance’s submission of budget principles to Council
- February 9th Council meeting at latest
- January 26th is also possible
