VP BHATNAGAR to Governor FLAMAN: [on behalf of the Augustana Students’ Association Executive Team]:

“Given the recent publication following the 3% fee increase vote of BoG student representative Levi Flaman, the Augustana Students’ Association finds it necessary to clarify its position. As a student representative body, the Augustana Students’ Association is bound by the values of not only the organization but the perspective of the students that it solely exists to serve. This stance demands opposition to fee increases that unfairly charge students whether they relate to tuition, meal plans, residence, or gym memberships. While the ASA is often consulted on these matters, the organization does not support fee increases intended to match increased standards of living when students are not themselves able to live by the very standards that are being set. Without dormitories being improved and shown to be more efficient, the Students’ Association will not waver from this position and will consistently vote against these increases. It is no secret that Augustana residences have not been sufficiently upgraded over the past few years to account for increased standards of living and that many on-campus students have expressed their disapproval of both past and present meal plan options. It is for this reason that we do not see value in a residence and meal plan fee increase at the Augustana Campus and find that the student body has been unfairly represented at the BoG level.

We would like to ask the following of BoG student-elected representative Levi Flaman: (1) An explanation as to why he has voted in a manner that singles out Augustana, a campus where deferred maintenance has stalled residence improvements for over a decade, (2) Whether or not he spoke with Augustana students directly before voting in this way, and (3) What, if any, kind of research went into the decision-making process. We also call on Flaman to re-evaluate his position on the 3% Augustana fee increase and in so doing vote in the interest of the students that he is elected to represent.

I have also attached an information item below for the agenda.”

See SC-2018.24.08.

VP BHATNAGAR to Governor FLAMAN:

“In a recent Gateway News Article, found here, you were quoted stating "What’s interesting about my position here is even though I was elected by my peers, my fiduciary duty is not to the student body, but it’s to the university and to the board,”
[Governor Flaman] said”. As stated on the Students’ Union website, ”The Undergraduate Board of Governors Representative is elected directly by students to serve as a voice for the undergraduate body”, however, your quote in the Gateway directly contradicts this. Why do you believe your responsibility is not to students, when students directly elected you based on this job description?“

LEY: Clarified that the two reasons for putting the audit at the changeover in terms were (a) to allow experienced members of the Committee to set up the audit and (b) to allow new councillors to have access to competed bylaws and policies at the beginning of their terms. Suggested having a fixed time in which to complete the translations.
